COFFEE DISEASES.

Minister and Young Lady Affected.

Ministers sometimes find they suffer from the effects of bad habits as well as ordinary people. Rev. Mr. — of Athens, N. Y., had become greatly emaclated from coffee drinking, which produced stomach trouble and all of the effects of overwork or poor nourishment.

He quit the coffee and began drink-ing Postum Cereal Food Coffee. His health began to improve and he now weighs 151 pounds, an increase of 15 pounds over his former weight. This improvement in health and strength is shown to be due to the use of Pos-tum Food Coffee, by the fact that when he stops drinking Postum—he begins to lose flesh and get back into his old condition old condition,

A young lady who writes about the case says that she was formerly suffering greatly from "those twin diseases." ing greatly from "inose twin diseases," dyspepsia and nervousness. "I knew that both of the diseases had their ori-gin in the use of coffee, and while I was fully aware of its injurious effects upon my system. I was not willing to give it up, for I did not know of any-thing to take its place. Tea, I knew, was also injurious, and, as for cocca, it lacked the 'snap and go' which can alone satisfy a coffee drink.

as for cocca, it lacked the 'snap and go' which can alone satisfy a coffee drink-er's taste. About two years ago I pur-chased my first box of Postum Food Coffee and guit the use of coffee. I made Postum according to directions and found I had a drink not only equal to coffee, but far superior to it in many ways. Since that time I have used it constantly and find my general health very much improved, and the health very much improved, and the twin digeases' gone. I also send you the names of Rev. and Mrs. — of Athens, N. T., who have been greatly

helped by the use of Postum Food Cof-fee in the place of ordinary coffee."

Berlin, Sept. 13 .- Herr Kaufmann has been re-elected second burgomaster of Berlin by a small majority. Emperor William once refused to confirm Herr Kaufmann's election because of his dismissal from the army for political rea-sons thirty years ago.
