Too Great a Risk.

In almost every neighborhood someone has died from an attack of cholera or cholera morbus, often before medicine could be procured or a physician summoned. A reliable remedy for these diseases should be kept at hand. The risk is too great for anyone to take Chamberlain's Colic, Cholera and Diarrhoea Remedy has undoubtedly saved the lives of more people and relieved more pain and suffering than any other medicine in use. It can always be depended upon. For sale by all druggists.

I want it in the house all the time for it cured me.'" For sale by all druggists.

UPWARD TENDENCY OF TAXES.

Want Cache County Represented at President's Reception.

Special Correspondence.

Logan, Cache Co., April 30.—An old blaze took place at the old time Peacock residence on Center street Thursday morning, which might have resulted in a disastrous conflagration. The fire was caused by a defective fuse and was put out by a bucket brigade before the fire department arrived.

TAXES GOING UP.

The state equalization board was in Logan the past day or two looking over the tax lists and investigating taxation conditions generally. The board announced to Assessor Richardson that a general advance was required by the increased expense in the state, and that Cache county would of course be called upon to bear its proportion.

We regret to announce that City Street Supervisor Samuel Holt is lying very ill at his home in this city with pleurisy. His many friends will unite in the hope that he may soon recover.

HYRUM KARRER FINED \$150.

Hyrum Karrer, who was found guilty of simple assault in the First district court Wednesday evening, was today sentenced by Judge Childster to pay a fine of \$150. Some surprise was expressed at the severity of the sentence. The court evidently made the fine higher than ordinary because of the fact that the state had been put to considerable expense in the matter.

The ward is in good condition and the people are striving to do their duty. The people have met with heavy losses in their sheep this spring. It is estimated at about \$15,000 for that ward alone.

The weather has been quite cold and stormy the last few days. The farmers are quite busy putting in grain. The largest shipment of fruit trees that was ever received into the county was delivered to W. J. Wright last week. Mr. Wright has been acting as agent for the people in buying trees, as he has been very successful in raising fruit in this county.

The May term of the Third district court will open on Monday, May 4, in this city. We expect the new judge will be in attendance. There are quite a number of cases to be tried this term.

MOUNT PLEASANT.

WEEK OF FUNERALS.

Old Citizens Laid to Rest—A Sad Bereavement.

Special Correspondence.

Mt. Pleasant, Sanpete Co., May 1.—This has been a week of so grain funerals in Mt. Pleasant. On Wednesday all that was mortal of Sister C. A. De Graff was consigned to mother earth. Deceased had lived in this place for a number of years and was honored by a large circle of friends. Sister De Graff joined the Church in Holland about 25 years ago, and died, as she has lived, a true and faithful churchwoman. Deceased leaves five children, all grown, two daughters and three sons.

Yesterday the remains of Jens Larsen were received from Salt Lake, and laid away in the city of the dead. Deceased leaves a wife and five children. What makes this most doubly sad is the fact that the mother who is left with the children is totally blind. Mr. Larsen was away working at the time of his death and was stricken down with pneumonia, from the effects of which he died.

Another old timer passed away yesterday in the person of Mrs. Caroline Loggren. She was an old resident of this city, having lived here since her early settlement. She has been ailing for a long time, and at last yielded to the inevitable. She leaves an invalid husband and two children, who are grown, besides a large circle of friends to mourn her departure.

Sheriff Jensen returned yesterday from a trip to Colorado.

Sheepmen are now returning to their summer range. Losses have been heavy, in some cases at least about one-third have died from the effects of the cold and hard winter.

EUREKA.

SCHOOL TAX LEVY.

Depot and Roundhouse at Tintic Junction.

Special Correspondence.

SCHOOL TAX LEVY.

The Eureka school board this week levied a tax of 5 mills for general expenses and two mills for special.

which will be used to pay an outstanding warrant, and the refund of money collected illegally from the mines about three years ago.

A large force of men are at work at Tintic Junction, about three miles from Eureka, grading and making preparations for the erection of a depot and round house soon to be erected. Track is being rapidly laid from the north and of the line, making about a mile and a half a day.

A son and heir was born to Mr. and Mrs. Charles Potts at their home in Silver City on Thursday, April 30.

BENSON.

ORCHARD PLANTING.

W. W. Roundy Makes Big Cattle Sale—Wants to Make the Sale.

Special Correspondence.

Benson, April 29.—Benson is a thriving little town and steadily growing. Our people still live at "magnificent distances" from each other, but this does not prevent them from getting together and holding meetings, Sunday school and organization meetings.

Our enterprising townsman, Mr. Peter Frost, has just planted 500 pear and apple trees on his farm here, and expects to supply the state in the years to come.

W. W. Roundy, another of our esteemed townsmen, has just made a sale of 300 head of fine cattle at a good figure. Mr. Roundy is one of the foremost and most successful cattlemen in the state, and knows when to buy and sell and how to care for the stock when in his possession.

Two of our citizens, who shall be nameless, except that one is of the book of Nephi, and the other of the book of John, recently engaged in a vigorous discussion. So emphatic did their language become that it ended in the book of John being suddenly submerged in the cooling waters of a neighboring ditch. So cooling were the effects of this procedure that a great coolness has since existed between the gentlemen.

Our young friend, John G. Hicks, has martial aspirations, and will be satisfied with nothing short of a Queen in name and nature, if rumor is correct. This, of course, may or may not have anything to do with the fact that we have an excellent school, taught by a charming and intelligent teacher, Miss Queen.

SCHOOL COMMENCEMENT.

Names of Graduates—Paying Off School Bonds.

Special Correspondence.

Monroe, Sevier Co., April 29.—The husbandman is putting in crops, with much brighter prospects of a successful harvest than last year. The Otter creek reservoir, from which the greater portion of this county draws water, has about 14 feet of water in it at present, with a likelihood of 25 feet before it is tapped for irrigation purposes. This will be more than double the amount it has ever contained.
