MAKES REPORT.

Democratic Council Members Reply to the Majority Statement.

WHAT THEIR FIGURES SHOW

Recommend That a Policy be Outlined So as to Permit the City to Live Within Its Income.

one week ago the Republican memers of the city council committee on pance, constituting a majority of the annittee, submitted a three column tatement purporting to show the conmen of the city's financial affairs. The emocratic members, Messrs, Fernrom and Hartenstein, of the cornittee who knew nothing of the conents of the report prior to its submison, on hearing it read challenged its suracy and declared that they would sent a minority report a week hence, did so last night. The report is as

Salt Lake City, Utah, Oct. 30, 1900 .the minority of your committee finance, beg leave to report as fol-

in response to the resolution introced by Councilman Hartenstein reesting a financial statement from the mmittee on finance the majority has in compliance with the resolution or a financial statement, for the inty's present financial condition, but ding the main question. They take

We the minority of the committee on finance have been compelled to make his report for several reasons. First, e have not been invited and were not riies to the report until last Tuesy evening, as the council will rememthat we adjourned our regular seeting for the purpose of hearing the agency report, that being the first we iot show the city's financial standing, or are the figures correct as will be

the minority, of the committee on finance, believe that such reports are undignified and unbecoming to any now locked in the city jail charged with city government. In the first place, an the crime, Late yesterday afternoon attempt is made to be mirch the forner city administration by making and misleading comparisons, harging said administration with "wild extravagance," while the facts are that as actual comparison between hire months of last year and nine months of this year shows the following: This year's expenditures to September 30th, the date of this report, are \$473,142.86. ast year's expenditures were \$328. 7109, a difference of \$144,970.77. This September 30th, was \$225,000. Last year's overdraft was \$223,000. Last year's overdraft was \$67,749.61. The overdraft in the banks is tolay \$219.808.89. Last year on the same date it was \$68,478.42, a difference of \$153.30.47. Of this \$70,000 to \$80,000 years expenses for water improve-ments although a great deal of money was expended last year for the same strpose, such as uncovering the pipe in Creek, buying land in Parley's on, and a large portion of the enering work was paid out of the general fund, so if the former administraion was extravagent, what shall this

ther attempt is made to show that this administration has paid some expenses. The records of the city show that there were less unpaid bills and claims against the city when this ad-ministration assumed its control than there has been for the last eight years. The majority report failed to state that the last Republican administration ur years ago, which was termed by "Salt Lake Daily Tribune" as cratte administration nearly \$100,000 of judgments and unpaid claims for that

step and when he put his foot out ex-pecting to step onto the platform he claim that the latter part of the last administration was "widly extrava-gant" is nothing but a fulsehood. will show where that extravagance comes in. Eight thousand, nine hundren dollars were paid to G. H. Griffin for sprinkling; Mrs. Sarah Radcliffe and Nellie B. Erickson received \$1,200 and \$1.00 respectively for damage suits

enough to state these facts in justice to all concerned, because that money the minority, believe that the

has made will not in any degree inform e guidance. To the contrary, in ou reports whose whole object to answer what it terms ow journals" and that the ma has sunk down to the t level of the "yellow journal" published, for its twisted, false, ading and deliberately untrue

ty of the committee on firing misstatements: In th he report referring to has pended, while the truth of which the auditor's books \$18,961.53 has been spent the same class of work and vouchers of this de ey show a most extraordi-agance. Men are paid as \$7.50 to \$10 per day and an ex-ary expensive board besides. men's the following remarkable figuring occurs:

Expenses for 1899 .. 35,591.04 Add expense of land and water for 1960 ssioner's department

Total expense for 1900 .... \$43,518.99 Aver se expense per month for Average expense per month for

er month for the year 1899 o the average expense per month year of 1990 we find to be \$4.-Whether the "juggling" of the fleures has been done through stence or to wilfully de-we will leave to the maabov of the committee on finance to Nevertheless, it shows that explain th t department alone \$1,058.53 more en expended per month than in undoubtedly this is largely by the creation of the land commissioner's department. extensions, the expenses of which should be defrayed by the property

wners residing along the line of extension, which the ordinances plainly show. The engineer is called on to estimate the approximate cost of this, which he does; but his estimates are so inaccurate and so far below the actual cost that the deficiency in some cases amounts to from 20 to 70 per cent, which the city has to pay out of

the general taxation.

To repeat past history will not relieve the city from its present financial condition. We wish to call your attention to the fact that for the first time in many years there is no check. ime in many years there is no check r limit placed on any department as to its expenditures, and those in charge of the departments feel no longer bound by the rules of the previous, Council, and the administration has failed to adopt any rules whatever with regard to limiting the expenditure of the several departments, and in our opinion it is this that has caused the deplorable ondition of this city's finances more

than anything else.

Another thing that doesn't seem right is that very often on the semimonthly payrolls appear the names of those who receive payment for from eighteen to twenty days for two weeks'

To alleviate this we urgently recommend that steps immediately be taken to inaugurate a system that will keep our expenses within the boundary of our income, which it certainly does not do today, for which an overdraft in the banks of \$219,808.89, this speaks for Another important matter is that ac-

ording to law the treasurer must dicording to law the treasurer must di-vide the money collected into different funds, which will make a very serious question arise as to how to meet the expenses, and particularly those of the general fund. As the auditor is in-structed to report this evening on that particular fund and its condition, we defer further compent upon the same defer further comment upon the same, One thing is evident, and that is that expenses must be cut down and our income, if possible, increased, and we ear that the increasing of our income to a great extent hampered by officials whose duty it should be to aid and uphold those who are placed in charge of the collection of our revenues. In conclusion we wish to say that while the president of this Council and the chairman of the committee on finance boldly stated at the first meet-ing held by this Council that the majority assumed all the responsibility of this administration, we, the minority, in justice to the already overburdened taxpayers, do urgently demand that a more business-like method be inaugurated than has characterized this Council in the past.

REPORT NOT READY.

Prior to the presentation of the report a communication was read from Auditor Reiser stating that he had not had time to prepare the special financial report required at his hands and asking an extension of time. He was granted until Friday night.

EIGHT HOUR ORDINANCE.

On motion of Councilman Thomas the eight-hour ordinance action on which has been long deferred, was taken up and passed. The ordinance provides that no contractor upon public works within the city shall employ labor long-er than eight hours per day for any one man, and places the penalty for violating the ordinance a fine of \$100 or imprisonment of not less than 100 days.
Upon roll call the ordinance passed,
Edgar Howe and Councilman Tuddenham voting "No."

WATER METER TAXES.

A communication was read from the city treasurer asking that he be empowered to employ another man in his office. He pointed out that the change from the old plan to the meter system of collecting water rates entailed a great amount of additional labor, and od be deducted in favor of this \$3,300 in water meter bills outstanding and uncollected, and that the force in his office was so small that none of them could be spared to do this work. The communication was referred to the appropriate committee.

VALVE HOUSES.

The contracts with Andrew Grundfor for the construction of a valve house at the distributing reservoir on the corner of First South and Thirteenth streets was approved by the Council. The contract price being \$559. The contract was also approved which was awarded to the same party for the construction of three valve houses on the Parley's Canyon viaduct, one on Sec-ond South, one on Fifth South and one on Ninth South, the three to cost \$1,227. CITY LIGHTING.

Councilm an Whittemore offered the following resolution, which was referred to the committee on lights in connection with the city attorney: ract between the city and the Light and Power company expired on the 15th day of September, 1900, and Whereas it is necessary to make some arrangement for the future light-

ing of the city.

Resolved, that the City Council take the necessary steps to renew the con-tract with the company to light the city. APPROPRIATION LIST.

The appropriation list, amounting to \$5,000, was passed, excepting certain items which are payable from the sale of the bonds recently issued,

TO MEET EARLIER.

A resolution was passed making the hour of meeting to be 7:30 instead of 8:00 p. m. After which the Council ad-journed until Friday evening.

ENGAGEMENT ANNOUNCED. Miss Arvilla Clark and Mr. Hugh Dougall to Wed.

An announcement in which many will be interested is the engagement of Miss Arvilla Clark, formerly of Provo, and Mr. Hugh Dougall of this city. Both the young people are gifted with musical talents of high order, and are very popular in the circles with which they are connected.

Miss Clark went from her home in Provo some time ago to complete her musical education and returned to Salt Lake last spring to create something like a furore with her exceptional vocal accomplishment. Mr. Dougall spent two years in New York and Chicago studying with Max Blendheim in the studying with Max Biendneim in the former place and with B. B. Young in Chicago, His voice is a baritone of fine quality, which together with his personal characteristics, has made him a great favorite both in musical and social circles. The engagement is a most basic as the way friends of the man friends of the man friends of the man friends. happy one, and the many friends of the young couple will extend hearty congratulations. The date of the marriage has not yet been decided upon.

# COL. TRUMBO DENIES IT.

Says He is Not Here for the Purpose of Getting Married.

It was reported to the "News" a few days ago from what appeared to be authoritative sources that Colonel Isaac Trumbo was coming to Salt Lake for the purpose of wedding the young daughter of a prominent local business man. When the colonel arrived, however, he denied the accuracy of the report and gave his views as to how this story originated. The colonel declares that his chief object in coming to Utah was to register and vote. He says he cannot permit an election, particularly a presidential election, to go out casting his ballot, and as he still claims Utah as his home he found it necessary to return for the purpose

FOR THE CHILDREN.

To Keep Their Digestion Perfect Nothing Is So Safe and Pleasant as Stuart's Dyspepsia Tablets.

Thousands of men and women have found Stuart's Dyspepsia Tablets the safest and most reliable preparation for any form of indigestion or stomach

Thousands of people who are not sick, but are well and wish to keep well take Stuart's Tablets after every meal to insure perfect digestion and avoid trouble. But it is not generally known that the Tablets are just as good and wholesome for little folks as for their elders.
Little children who are pale, thin and have no appetite, or do not grow of thrive, should use the tablets after eat-

them.

Mrs. G. H. Crotsley, 538 Washington St., Hoboken, New Jersey, writes: Stuart's Dyspepsia Tablets just fill the bill for children as well as for older folks. I've had the best of luck with them. My three-year-old girl takes them as readily as candy, I have only to say "tablets" and she drops everything else and runs for them.

A Barglo reather a short time ago.

ing and will derive great benefit from

A Buffalo mether a short time ago who despaired of the life of her babe was so delighted with the results from giving the child these tablets that she went before the notary public of Erle Co. N. Y., and made the following affidavit:

Gentlemen: Stuart's Dyspepsia Tablets were recommended to me for my two-months'-old baby, which was sick and puny and the doctors said was suf-fering from indigestion. I took the child to the hospital, but there found no re-Tablets and I procured a box from my druggist and used only the large sweet lozenges in the box and was delighted to find they were just the thing for my baby. I feel justified in saying that Stuart's Dyspepsia Tablets saved my child's life.
