

BURTON LAYS DOWN THE LAW

Outlines Platform on Which He is
Willing to Accept Nomination
For Mayor of Cleveland.

HE MUST HAVE A FREE HAND.

No Alliance With Any Public Service
Corporation—Must Have Good
Representative Ticket.

Cleveland, O., Sept. 3.—Congressman Theodore E. Burton, chairman of the committee on rivers and harbors in the lower house of Congress, this evening issued a statement outlining a platform upon which he is willing to accept the Republican nomination for mayor of Cleveland. His statement followed:

"I will accept the nomination for mayor of the city of Cleveland, provided assurance is given, first, that the platform of the party and those who urge to be its candidates will clearly show its absence of any alliance or affiliation with any public service corporation, street railway or other, and that the problems of the relations of the municipality to the companies can, under my leadership, be settled by the officials elected with supreme regard for the interests of the people.

"Second, that the delegates in the convention next Saturday will cooperate with me in nominating a good representative ticket.

"It is my understanding that others whose names have been mentioned for the mayoralty nomination have kindly consented to waive their claims in case my name is presented to the Republican convention.

"I make this statement with a feeling that the step which I am taking is a duty.

"I have received letters from President Roosevelt and Secy. Taft, and have talked with Secy. Garfield, whose opinions have aided me in coming to a decision. At an early date the views of each of them may be made public."

MASHED THE MASHER.

St. Louis Woman Beats a Man Till He
Cries for Mercy.

St. Louis, Sept. 3.—While a crowd of men looked on and offered her no aid, Mrs. D. G. Hows, wife of the manager of a local manufacturing company, today choked and beat a masher so severely that he begged for mercy. By the time she got through with him he was in such a pitiable condition that she felt sorry for him and refused to prefer charges when a policeman arrived to arrest him. The woman was in the shopping district when the masher caught her skirt and winked at her. Without a moment's hesitation she dealt him a blow in the face which felled him, and followed up her attack vigorously, while bystanders jeered the fellow.

PHYSICIAN SHOTS TRAMP WHO HAD SHOT MARSHAL

Pacific, Mo., Sept. 3.—Great excitement was caused here today by the shooting of Acting Marshal A. L. Kopf, when he was attempting to arrest Charles Anderson, a tramp, and the shooting of Anderson by Dr. A. L. McNay.

Anderson and three companions got into a quarrel. Acting Marshal Kopf approached the tramp to stop the disturbance, when Anderson suddenly snatched the officer and shot him. Dr. McNay was hurriedly summoned to attend Kopf, who was probably mortally wounded.

While driving to the spot Dr. McNay was intercepted by Anderson, who ordered him to give up his rig. Dr. McNay shot him and he will probably die.

GENERAL ROBERT E. LEE.

Was the greatest General the world has ever known. He was a true patriot and a true soldier. He was a true leader and a true commander. He was a true hero and a true martyr.

A BANK ROBBERY.

A Seattle Institution Loses Five Thousand Two Hundred Dollars.

Seattle, Wash., Sept. 3.—The Bank of Auburn, a co-partnership conducted by the firm of Christopher, Knickerbocker & Howard, was robbed some time between Saturday night and this morning of \$5,200. The bank building was entered by some one possessing a pass-key and the safe was opened by some one either in the possession of or the combination of an expert knowledge of opening safes, for no violence was attempted. Bank officials believe Asst. Cashier Harry Boyd forgot to set the time lock on Saturday night and this facilitated the robbery. None of the valuable papers of the bank were disturbed, and after getting money in the vault this morning the bank opened for business as usual. The bank carries a deposit of \$50,000 and is a member of the Washington State Bankers' Protective association.

MOTHER AND CHILDREN DEAD.

Albuquerque, N. M., Sept. 3.—News has just reached here that Mrs. Louisa Hill Carabahal, wife of a farmer, and seven children, were drowned in a flood, resulting from heavy rains, in Alamo creek, Sierra county, last Friday night. The flood caused damage estimated at \$40,000.

CANT PAY TROOPS.

Berlin, Sept. 3.—Official reports from Fez say that Sultan Abdul Aziz has not left the capital for Rabat, owing to his inability to pay the troops, who refuse to march without an assurance that their pay will be forthcoming.

LIPTON HUMORS QUIETED.

London, Sept. 3.—Sir Thomas Lipton and a party of guests have arrived at Southampton on the steam yacht Erin. Lipton left Belfast last Thursday for Dublin and his non-arrival at the latter port had given rise to rumors that he had steamed for the United States.

GREEKS HELD ON SUSPICION.

Philadelphia, Sept. 3.—Twenty Greeks who arrived here Sunday from Jamaica, en route to Chicago and St. Louis, are being detained on suspicion that they have been brought here in violation of the contract labor law. The Greeks had previously been in Chile.

GEN. PORREER SCORES AGAIN

Committee on Examination
Unanimously Approves His
Contractual Debt Plan.

IS AN IMPORTANT PRINCIPLE.

All Objections Met With Ready Argument—Switzerland the Sole Country Not Won Over.

The Hague, Sept. 3.—Gen. Horace Porter of the American delegation to the peace conference, led his proposal for the collection of contractual debts to practically unanimous approval today by the committee of examination, and at the conclusion of the meeting he was the recipient of many congratulations upon the success of his efforts.

The importance of this American proposal, it is pointed out, lies in the principle which it establishes rather than in its application, which may vary widely. Gen. Porter met all the objections raised with ready argument and finally brought all the countries represented, as well as creditor countries, into line with the single exception of Switzerland, which is neither a debtor nor a creditor country. There is reason to believe, however, that even the Swiss government will sign the convention with reserve regarding the matter of jurisdiction.

Dr. Drago, while he cast Argentina's vote in favor of Gen. Porter's proposal for the reason that it establishes obligatory arbitration in matters relating to contractual debts, declared Argentina maintained her original position on the subject. Only 13 countries, including Brazil, Mexico and Argentina, were represented on the committee of examination and Gen. Porter's proposition, as it has been modified, must be submitted for approval to a plenary sitting of the committee of arbitration, upon which all the nations are represented. The Austro-Hungarian proposal in the matter of obligatory arbitration was practically wrecked by today's vote as the majority in favor thereof was only 13 to 12. The British proposition on the same subject. There probably will be plenary sittings of the conference on Sept. 7.

GERMAN INDUSTRY.

American Agent Impressed With Its
Extraordinary Prosperity.

Berlin, Sept. 3.—Lieut. Godfrey L. Cardon of the United States revenue cutter service, who has been investigating the principal industrial centers of Belgium, Switzerland and Germany with a party of American manufacturers and professors, proceeded by Magdeburg today. The principal conclusions reached are the extraordinary prosperity and extreme industrial advancement of Germany. All of the 30 works were crowded, some had orders for years ahead. At Mulhausen the Americans found great gas engines being constructed up to 300-horse power.

The feeling among the manufacturers of the party was that the United States will experience difficulty in beating Germany, and that the American system of taxation and machinery of a few years ago has well-nigh been overcome.

MISSIONARIES WERE REGARDED AS SPIES.

Tangier, Sept. 3.—On hearing of the determination of American missionaries, Messrs. Clinton, Reed and Evert, to remain at Fez, while all the other Christians, some 70 in number, were leaving the city, the French authorities of Fez were convinced that they must not be genuine Americans, but French spies. In consequence of the hostility at Fez to everything French, these brave pioneers of Christianity in Morocco were eventually compelled to abandon their work in that city and are now traveling across the country, bound for Tangier. They are entertained at their own expense by the French authorities, and they may have reached Alcazar Seguer in safety on Saturday, but all communication with the interior being suspended, tidings of the Americans are awaited with anxiety. The exodus of Europeans and Jews from Tangier continues.

PROMINENT MOORS SAID TO HAVE BEEN ASSASSINATED.

Casa Blanca, Sept. 3.—Letters received here from Fez declare that the Tazal brothers, Abdel Krim Ben Sliman, the Moroccan foreign minister, and his son, the sultan's second representative at Tangier, have been assassinated by persons of the clan of Mechaie, the official who introduced ambassadors to the court of the sultan. The Tazal brothers exercised complete domination over the sultan and to them is attributed the ruin of the empire. It is alleged that they sought only their personal aggrandizement. Their fortune is counted by millions, and it is said to be sufficient to pay the entire debt of Morocco.

Abdel Krim Ben Sliman was a perfect type of the cunning diplomatic Moor. He recently sent his condolences to the French chargé d'affaires at Tangier regarding the massacre of Europeans at Casa Blanca. Gahan was intensely anti-European. He recently was accused of complicity in an illegal sale of government lands at Tangier.

BLOW TO BLACK HUNDREDS.

Odessa, Sept. 3.—The Black Hundreds today suffering a severe blow by the closing of the grain bourse and the threat of the bankers to suspend further transactions as a protest against the anti-Semitic outrages of Sept. 2, when three men were killed and 50 or 60 wounded. The disorders of last February were followed by similar steps and financial transactions were then practically suspended.

RIOTING IN ANTWERP.

Antwerp, Sept. 3.—The violence of locked-out dock laborers and rioters who went out in sympathy, increased today in great proportion when at least a dozen persons, including strike breakers and members of the crowd, were killed and many others wounded. The police charged repeatedly, firing their revolvers at the rioters, who dispersed only to reassemble. The disorders are ordered to prohibit tomorrow and gatherings of more than five persons are forbidden.

O'BRIEN OFF FOR JAPAN.

Grand Rapids, Mich., Sept. 3.—Thomas J. O'Brien, new ambassador to Japan, departed today for Seattle, where he will sail for Tokyo. At Seattle he will join the party of Secy. of War Taft.

CEBRANS WANT U. S. MONEY.

Havana, Sept. 3.—Building contractors in the capital are at a standstill because of a strike of masons, who have demanded the payment of wages in American money. The strike may be the beginning of a general move for American money expected since the cigar makers' strike.

PROUD OF ARMY AND THOSE IN IT

Secretary Taft Points Out Good
Points and Poor in Na-
tion's Fighters.

ENLISTED MEN ARE NEEDED.

Number Now Below That Fixed by
Law—General Indications in
Favor of Canteen.

Special Correspondence.
Washington, D. C., Aug. 31.—"Officers of our army are better equipped in all respects and are more efficient than army officers ever were in the history of the country. In military skill and ability they are superior to any officers of the armies of the world."

Secy. Taft before starting on his tour of the world took pardonable pride in making this statement. It was made in no boastful way, but was uttered merely as a statement of fact which careful inquiry and comparison have made evident.

The secretary went on to say that American army officers now knew more about their business than they ever knew before; that they are more thoroughly trained than any officers have heretofore been; and he ventured the assertion that American officers "are better equipped in intelligence and efficiency than the officers of any other army in the world."

RANKS NOT FILLED.

Secy. Taft made it clear that the real embarrassment under which the American army labors at present is a lack of experienced enlisted men. "At present," he said, "we have an army of only 55,000 men. We ought to have 65,000 as provided by law. Of course, I understand the argument that is used in support of a small army. We have no need at the moment for a large army and it is urged that it should be broken out, we could raise quickly an immense volunteer force. The Civil war is indicated as an example of what we may do with a volunteer army."

NEED OF REGULAR ARMY.

"Mind you, I am not looking for war. It may be a long time before this country again becomes involved in war; but we ought to be prepared for eventualities. We cannot raise, equip and discipline an army in a few hours or a few weeks. The army which we have constituted the best volunteer fighting force ever assembled on earth; but it required months, even years, for it to become trained to the trials and hardships and the fire of real war. Of course, we could raise a volunteer army, in an emergency, but that would take time. Meanwhile we ought to keep the regular army up to its maximum strength, under the law. To do this, it will be necessary to make the service attractive. Conditions must be made such in the service as to bring into the military service the highest standard of men in any army. In order to bring about this result perhaps some changes will have to be made in the laws, providing for more pay for enlisted men and other changes in conditions."

FOR THE CANTEEN.

No secret is made of the fact that a vigorous effort is to be made in the near future to induce Congress to authorize the re-establishment of the canteen in the army. It is maintained by army officers who have studied the situation that the abolition of the canteen has done more to render army life unattractive to the enlisted man than any other one thing. From Secy. Taft down, practically every official of the war department and every officer of the army favors the restoration of the canteen. They know from practical experience what the situation is and there is not a department or post commander in the service who has not declared that the present conditions in the army are demoralizing and intolerable. By the re-establishment of the canteen, those conditions substantially would be eliminated, discipline in the service would be improved; and the service itself made more attractive.

GOOD SENSE IN THE USE OF MEDICINE

How Prepared Household Rem-
edies May Be Intelligently
Employed and Proof of
What One of Them
Has Accomplished.

There are some who will not employ a doctor under any circumstances and others who argue that we should not so much as take a simple cough medicine without calling on a medical practitioner to prescribe it.

As usual the truth lies between the two extremes and common sense is all that is required to find it. Safe family remedies, tried by time and proved valuable by experience will always have their place in the household and there are constantly occurring instances in which they may be properly and intelligently used. A good tonic, safe for use without a doctor's prescription, with complete directions for taking, such as Dr. Williams' Pink Pills, will often save money, time and suffering.

If you feel run down, either through over-work, worry, or some great strain on the bodily forces, you cannot do better than to use Dr. Williams' Pink Pills. Mrs. Nellie Mead, of 361 Bedford street, Johnstown, Pa., says:

"After the birth of my baby I did not get very strong, but grew weaker, if anything, as time went on. Little excitement or work, even going up stairs, made me tired out and short of breath. My digestion was poor and I didn't get hungry. If I forced myself to eat, the gas on my stomach distressed me terribly. I was pale and nervous and was often troubled with dizzy headaches and palpitation of the heart.

"I lost interest in life and became melancholy. The medicines I took for over a year didn't help me, so I began to use Dr. Williams' Pink Pills. Sooner than I had hoped, I noticed a little benefit and continued the treatment until well. My complexion became healthy and blood pure. My appetite came back, digestion was good and gradually my nerves grew strong. I felt better and stronger in every way."

Dr. Williams' Pink Pills are sold by all druggists, or sent, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50, by the Dr. Williams' Medicine company, Schenectady, N. Y.

Mr. Wm. E. Bassett, Provo, Utah:
Dear Sir:
I am thirty-one years of age, and from my early childhood had been severely afflicted with stammering to the extent that it was very difficult for me to make myself understood. I entered your school Oct. 20, 1906, nearly one year ago, and remained there for about three weeks. Since that time and up to the present I can speak and read fluently. I cheerfully recommend your school to all who are thus afflicted.

Yours respectfully, WALTER HAMILTON.

MOTHERHOOD

MRS. DANIEL SULLIVAN

Unquestionably preparation for healthy maternity is accomplished by Lydia E. Pinkham's Vegetable Compound more successfully than by any other medicine, because it gives tone and strength to the entire feminine organism and renders it perfectly normal.

A woman in good physical condition transmits to her children the blessings of a good constitution. Read what Lydia E. Pinkham's Vegetable Compound did for Mrs. Sullivan, 559 E. 7th Street, Pittsburgh, Pa.

"What a blessing Lydia E. Pinkham's Vegetable Compound is to motherhood. I send you a picture of my three-month-old baby and myself, and the photo shows the splendid condition of my baby. That I am so well and the baby so healthy and happy is entirely due to your excellent remedy, Lydia E. Pinkham's Vegetable Compound. I took it for five months before my baby came and it brought me an easy confinement and kept me strong, whereas I was weak and in perfectly miserable health all the time when my first three children were born."

Mrs. Geo. Walters of Woodlawn, Ill., also writes:

"I feel it my duty to tell of the good Lydia E. Pinkham's Vegetable Compound has done me and to recommend it to all preg-

nant mothers to insure a healthy child and easy birth. I had lost three children and was discouraged when a friend advised me to try Lydia E. Pinkham's Vegetable Compound. I did so and it not only kept me well and strong but I have a healthy child as you will find anywhere. I hope other discouraged women may read this letter and take Lydia E. Pinkham's Vegetable Compound and be benefited by it as I have been."

Women should remember that for more than thirty years Lydia E. Pinkham's Vegetable Compound has been without a rival in sustaining woman's health and curing all those painful ailments peculiar to her sex. Its record shows that it has cured almost every form of female complaint, organic troubles, inflammation and ulceration, falling and displacements and consequent spinal weakness, and is peculiarly adapted to the life. It cures backache and all those bleeding down sensations.

If there is anything about your case you do not understand write to Mrs. Pinkham, Lynn, Mass., for advice. It is absolutely free. Thousands of women have done so and have received help.
