Providence has allotted us each at least seventy years in which to fulfill our mission in life, and it is generally our own fault if we die prematurely.

When everything becomes a burden and you cannot walk a few blocks with out excessive fatigue, and you break out into perspiration easily, and your face flushes, and you grow excited and shaky at the least provocation, and you cannot bear to be crossed in anything, you are in danger: your nerves have given out; you need building up at once! To build up woman's nerv-ous system and during the period of change of life we know of no better medicine than Lodia E. Pinkham's Vermedicine than Lydia E. Pinkham's Vegetable Compound. If we win at the polis we will ask the companies for a valua-tion of their properties. We will de-mand a quick reply, and if we get 2 we can proceed at once toward taking over their lines. If we are given no satisfac-tion we will have to contract for a sys-tem. We could throw a large force of men into the work and, under a com-petent contractor whose plans had been agreed upon by the city, the system could be started." For the first few miles to be operat-ed by the city, the purchase of power-houses was suggested. The mayor said Parrius.
