Charlie Hammer Sent to the County Jail for 125 Days.

Charlie Hammer, the "faucet" thief, who was arrested by Officer Shannon yesterday, was arraigned in the police court today and pleaded guilty to stealing "faucet" wires from the Salt Lake Rapid Transit company.

Mr. Frank McKenna, assistant superintendent of the company was placed on the stand and testified that within the last three months the company had been robbed at between 300 and 400 of its "faucet" wires, which cost about 25 cents apiece. The loss of the wires was ascertained by the result of the tests on the machinery at the power house. The wires were used for connecting the rails so as to complete a metallic circuit.

Charlie announced himself ready for sentence and Justice Wenger made the penalty $50 and 25 days in the county jail, which means that young Hammer will have prison bars for a period of 125 days.

TWO MEN BADLY HURT.

Accidents in the Union Pacific Mines—Other Items.

PARK CITY, Oct. 23, 1896.—On Monday last James Russell, the foreman in the U. P. mines, was seriously hurt. He was in a sleeping position when a piece of rock fell from the roof, striking him above him, striking him on the face and breaking three of his ribs. Dr. J. W. Smith dressed the wound and made the patient as comfortable as possible.

On Wednesday, Riser Davis, a miner, had a piece of coal fall on his head while at work, cutting and bruising it considerably. It will take him some weeks to recover.

Mr. Walter Clark, with five of her children, arrived at Winter Quarters Tuesday from Coalville to join her husband and four other children, one of whom, a boy of 15, is quite sick with typhoid fever. There are several cases of the disease in the camp.

The mines are not working steady, notwithstanding the closing down for two weeks of the Ontario mine, the coal orders being few and far between.

The Strang family have bought a home on the west side of town and are about to leave the U. P. town.

NEW MUSICAL TALENT.

Salt Lake People Welcome Miss E. F. Brown, a Noted Boston Musician.

The Salt Lake City is fortunate in its music and musical celebrities at times and more evident. The latest prominent arrival from a musical standpoint is Miss E. F. Brown, who has just come from Boston, Mass., where she has been engaged for some years teaching piano music and harmony, having come to this city to enjoy our salubrious climate and solicited the Utah Conservatory of Music, which when all improvements are completed, will be the largest and best equipped of any in the West. To a reporter at the Knutsford Miss Brown said in substance as follows: I have been a pupil of the Boston Academy, and shall open a Conservatory of Music on the plan of the Conservatory of Stuttgart, Germany, from which Conservatory I have been graduated. I am, also, an alumni of the normal department of the Boston College of Music. From that College I received the degree of Master of Music.

All departments of the Conservatory will open January 5th, 1897. Until that time I shall be busy arranging for the work, but I shall take a few private pupils in Piano and Harmony.

When the Conservatory opens, I shall bring on teachers of high culture and of experience, for each department. However, I do not wish to overburden my pupils, and shall be pleased to have any learners of thorough musical education, who may wish to work, unite with me in the work.

The Conservatory will be open to pupils of all grades. Special care will be taken with beginners.

That I may know just how many teachers will be needed, it is desirable that those wishing instruction register soon. They can register at my room—No. 211 Brook's house, any afternoon from 2 to 5.

That I may build up a prosperous Conservatory, that will be a credit to your beautiful city and to your grand new State, I ask the liberal patronage of the good citizens, guaranteeing to all patrons the very best instruction obtainable in large eastern cities.
