TERMS IN ADVANCE.

## Local and Other Matters.

FROM TUESDAY'S DAILY, DEC. 16:

**In Chambers.**—Judge P. H. Emerson sat in chambers, to-day, and heard arguments in several cases, among them Wells, Fargo's and Broughton's cases against the Chicago S. M. Company.

**Heavy Lumber Importation.**—The Sierra Nevada Lumber Company have received, within the last two or three days about 40 car loads of lumber; 20 one day, 8 the next, and 10 on the following day. Such heavy shipments of lumber into our Territory are unprecedented.

**Likely to Recover.**—Mr. Wilford Hinchcliffe, the Union Pacific employe who was so badly injured at the transfer on Saturday, is reported by his physician to-day as being in a much more hopeful condition than he appeared to be in yesterday morning, the day following the accident, and that he is now in a fair way to recover.—Dispatch.

**Amputation.**—Yesterday, Dr. H. J. Powers, assisted by Drs. Anderson and Wardleigh, amputated three fingers of the left hand of Mr. Smith, a brick mason on Main Street. Mr. Smith was leading a cow with the rope hitched around his hand, when the animal ran away and got him about of a tree, the result being that his fingers were so badly lacerated as to necessitate the operation.

**A Live Superintendent.**—We had a pleasant call this morning from Brother James Dunn, the genial and efficient superintendent of the Provo Factory, who is up to this city on business. He reports the institution over which he presides, in a flourishing condition, and if unceasing efforts will accomplish it, hopes to yet make it among the leading industries of the West, as it is now of Utah Territory. Some time, between the 1st and 10th of next month, he anticipates making a trip to the East, for the purpose of transacting business for the Company, visiting the principal manufacturing cities of the nation, and collecting general useful information to assist him in his vocation. We wish him a pleasant journey, a profitable stay, and a safe return home.

**Woman's Exponent.**—The Exponent for December 15th, is before us. Its prosal contents are as follows: "Christmas Thoughts," by Kate; "Good Manners," (a useful series) by Blanche Beechwood; "The Theatre and the Temple," (a very interesting article) by Hannah T. King; "President Hayes Message," editorial; "Christmas Again," by Aunt Em.; "Archbishop of Canterbury—Views about Women," "Emigration for Female Prisoners," "Discovery of Ancient Ornaments," "Jacob Bright on Women Colleges," selected; "Birthday Celebration," "Literary Work," and "R. S. Reports," correspondence. Also the obituaries of President A. P. Rockwood and Elder William Clayton, &c. Home Affairs and other local notes appear as usual. The poetic pieces are "Pleasures of Life," by Hope, and "Vanished Toys," by Mrs. Croche-

FROM WEDNESDAY'S DAILY, DEC. 17.

**In Chambers.**—Judge P. H. Emerson sat in chambers to-day, and heard arguments on the motion for a new trial, in the case of the People, etc., vs. James Moray, convicted last term of murder in the second degree.

Richards FD 52011

**Snow Slides in Big Cottonwood.**—Mr. J. B. Wright, who carries the U. S. mail from Salt Lake to Argenta, Big Cottonwood Cañon, informs us that no less than five large snow slides occurred in that cañon, between Mill "B" and Argenta, some time between Saturday and Monday last. On the latter named day, he went on his regular trip up the cañon, but on reaching Mill "B," found the road beyond completely blocked for teams. He was compelled, therefore, to leave his vehicle at that point, and shouldering the mail sack, walked over the snow to Argenta, a distance of three miles. Mr. Wright knows of no accidents resulting from the avalanches, but it is not impossible that some have occurred.

**Dennis Kearney.**—Dennis Kearney, the Irish American Cicero, passed through Ogden yesterday, on his way from San Francisco to Boston, to spend the holidays with his mother and friends in that city. He travels as a second class passenger. The Junction says: "Concerning the 'Mormon' question, he expressed a desire to see more of the people of Utah before expressing an unfavorable opinion. He was, however, very earnest in recommending a crusade against the 'thieving' Congressmen, who have three or four mistresses in every city they visit." He did not declare himself in favor of polygamy, but said that the chief immorality of the country existed in high places, and that American society should first purge itself before it lifted up its arm to strike at polygamy in Utah."

FROM THURSDAY'S DAILY, DEC. 18.

**Granted a New Trial.**—In chambers of the Third District Court, yesterday, after the arguments on the motion for a new trial in the case of James Moray, convicted of murder, Judge Emerson granted the prayer of the motion, and informed the attorneys that the Court would issue an order to that effect, next Monday, in Ogden.

**Welcome Home.**—Elder W. H. Seegmiller, of Richfield, Sevier County, returned home last evening from his mission to Canada, whither he went on the 30th of April last. He has had a splendid time, and though meeting with some opposition, made many friends, allayed much prejudice, baptized nine new members, re-baptized six, and organized two new branches. He returns in good health and spirits, and is glad to be home again.

**Appointments.**—The *Millennial Star*, of Dec. 1, contains the following appointments of missionaries recently arrived:

Henry A. Dixon, in the Liverpool conference, to labor under the direction of Elder James L. Bunting.

Joseph W. Vickers, in the Liverpool conference, under Elder Jas. L. Bunting.

William H. Coray, in the Glasgow conference, under Elder Hugh Findlay.

John Lee Jones, in the Bristol Conference, under Elder John South.

John M. Moody (now in Manchester conference) in the Norwich conference, under Elder Henry Walsh.

James A. Reece (now in the Norwich conference), in the Manchester conference, under Elder John Rider.

**"Enquirer" Items.**—The annual meeting of the Utah County Stock Association, takes place on Saturday.

The collection of toll at the mouth of Provo Cañon has been suspended for the winter.

The "Octoroon" will be played in Provo, by the home company, during the holidays.

A party went on the Provo bench, Saturday, on horseback, armed only with long clubs, and killed upward of 200 jack rabbits. The snow was too deep for the animals to get out of the way of the foe.

Also quite a number of large fat deer have been killed in Provo Cañon this week, the heavy snows

having driven them down on the low hills.

The Utah and Pleasant Valley Railway Company started two engines with snow plows attached, up Spanish Fork Cañon on Monday. It will probably take a couple of days to clear the track from snow, after which coal will be supplied equal to the demand.

**"Cappers" Caught.**—About 1 o'clock this morning two young men from the country complained to the police that they had been enticed into a gambling saloon last night and swindled out of about \$38. They stated that one Jim Sewel had met them on the street and had persuaded them to enter the den over the bowling alley, kept by John Wright, where in a short time their money found its way into the possession of the proprietors of the "bank." On being informed of the fact Police-men Phillips and Smith started to arrest the gamblers, the former officer going up the front stairs and the latter going in at the rear entrance. The door was locked in the officers' face, and they were told that they could not come in, but they forced an entrance and arrested Wright, Sewel and Edward Newton, securing also a gambling board, till, checks, etc. A hearing was had before Justice Pyper this afternoon, when testimony was given on both sides and an order was made that each of the three arrested parties pay a fine of \$25. The money found in the till only amounted to \$73 50, which, it appeared, was all the gamblers had won from their victims. This was returned to its owners, who probably will profit by the lesson they have had.

**THE scarcity of Diamonds, Gold and Silver, and the difficulties met with in securing them, is a sure indication of their value.**

Thus it is with a valuable medicine: Dr. Aug. Kaiser's Celebrated German Pulmonic Elixir, through the jealousy of rivals, has met with the most bitter opposition, and apparently almost insurmountable obstacles have been thrown in its way; but its opponents might as well try to change the course of the sun, sweep back the ocean with a broom or put out a prairie fire with a tear.

For the cure of Throat and Lung diseases, such as Coughs, Colds, Consumption and Bronchial Affections, it is unequalled. Its cures are truly magical. Ask your Druggist for it. The genuine bears the Prussian Coat of Arms, the facsimile signature of Dr. Aug. Kaiser, and has his name blown on every 75 cent bottle. Trial bottle, 25 cents.
