Last Night's Dispatches.

Failures

NEW YORK, 1.—A dispatch from London says that E. C. Hinger and Feman, iron masters at Vienna, are reported suspended, also H. Knesler & Co., bankers of Leipsig.

W. T. McFelton, formerly of Johnson, Hirsh & Co., announces his failure to-day; it grows out of the failure of his firm, the members having given their individual notes for the debts due by the firm.

Socialism in Russia.

A letter from Russia states that the government is engaged in a vigorous raid amongst the "Socialist" agitators: arrests have been made in numerous places, among others at Moscow, Fulla, Odessa, Riazan, and St. Petersburg. In one village near Moscow thirty working men were seized by the police; some of the prisoners resisted the arrest, and one, M. Rogatcheff, believed to be a leader of the socialist movement, defended himself so desperately that he had to be killed. The police are reported under the impression that they have struck a blow at the stronghold and centre of the movement, which will put an effective stop to its further spread.

Sankey Sang "Go Bury."

There was another large gathering at the revival meeting at the Brooklyn Rink this evening. Sankey sang—"Go Bury."

Contemptible Intolerance.

The *Evening Post's* Washington special says that President Grant has ordered the removal of the postmaster at Ogden, Utah, who is a Mormon, but not a polygamist. This is the first step towards the removal of all Mormons holding federal offices in Utah; the removal was opposed by Senator Sargent of California, on the ground that the incumbent had a right to his religious belief so long as he did not practise polygamy, and thereby break the laws of his country.

A Schooner Stranded.

BALTIMORE, 1.—It is reported, to-night, that the schooner *Brata*, of Norfolk, foundered in Chesapeake Bay, yesterday afternoon; Captain Jerry and Wm. Burns, the mate, are said to have been lost, and two of the crew saved.

Fire.

GALVESTON, Texas, 1.—A fire at Sherman, Texas, to-night, destroyed ... At nine o'clock the telegraph manager reported that the fire had nearly reached his office, and he was preparing to move. The wires are now down each side, and it is supposed that the office is burned.

Trouble at the Osage Agency.

ST. LOUIS, 1.—The *Republican's* Kansas city special says that news from the Osage Indian agency is to the effect that agent Gibson has sent to the Cheyenne agency for one hundred cavalry, and with this support he expects to force the Indians into submission. Those Indians who are opposed to Gibson's late actions have ordered him to remove all his goods off the reservation. Superintendent Hoag has been sent for and he will probably quiet the disturbance and settle the matter in dispute on his arrival.

Damage by High Waters.

MANCHESTER, N. H., 1.—The Merrimac rose several feet yesterday and to-day, on account of the severe storm on Saturday night, and serious fears are entertained for the safety of the river wall, built by the Amoskeog company to straighten the river. The wall is built of solid masonry, fifteen feet high and nearly half a mile long. On account of the narrowness of the river channel and the great pressure of sand on the inside, about fifty feet of the wall shows signs, to-day, of giving way. The damage is already estimated at five thousand dollars. Other rivers in New Hampshire and Maine show a heavy rise. Several bridges and a dam and one mill have been swept away on Barret Creek and the Little Ossippee river in Maine.

The Peace Policy to be Continued.

WASHINGTON, 1.—Several pastors in this city, of different denominations, who were apprehensive that the government was about to abandon its peace policy towards the Indians, called on the President to-day, to express their conviction that such a course would greatly disappoint Christian people all over the country, and be a blow to the cause of Christianity throughout the world. The President, with great promptness and precision, replied that he did not regard the peace policy as a failure, and that it not only would not be abandoned while he occupied that place, but that it was his hope that during his administration it would be so firmly established as to become the necessary policy of his successors, but in that he might possibly be mistaken.

A New Cable Laid.

KEY WEST, 1.—A new cable between this place and Punta Rassa has been laid, and the second cable repaired and restored, making duplicate communication with the West Indies and South America.

CANADA.

No Dividend.

TORONTO, 1.—A special to the *Globe* from London, England, says that the report of the Great Western Railway of Canada, for the half year, announces that there will be no dividend; the deficiency in the reserve is £141,000.

Loss by Fire.

BELLEVILLE, Ont., 1.—W. Campbell & Co's elevator, containing forty thousand bushels of grain, was burnt yesterday morning. The grain was owned by local dealers. The loss is heavy.

Schooner Stranded.

PORT BURWELL, Ont., 1.—The schooner *Gibson*, laden with wheat, from Darron, came ashore last night, and is full of water; the crew are safe.

Convicted of Murder.

SARNIA, Ont., 1.—The trial of W. Smith, for the murder of Mr. Finlay, was closed to-day; the jury returned a verdict of guilty.

WESTERN.

Bank Closed.

SAN FRANCISCO, 1.—The National Gold Bank and Trust Company did not open this morning. A crowd assembled before the opening hour, with every indication of a continuance of the rush, and the officers, as a measure of safety, refused to pay checks. The officers vouchsafe but little information, but claim that the bank can pay everybody in full, and will resume as soon as possible, intimating no date, but the bank has been considered weak since the failure of the Bank of California, paying small deposits only in full, and obtaining an extension on larger ones. No excitement is apparent at the other banks.

Funeral of Mayor Otis, &c.

The funeral of Mayor Otis to-day was largely attended by citizens and public bodies.

J. W. A. Wright, grand lecturer of the State Grange, has been appointed by Governor Pacheco, delegate for California, to the National Railroad Convention at St. Louis, November 23.

FOREIGN.

GREAT BRITAIN.

The Eastern Question.

LONDON, 1.—The *Times*, this morning, has a leader, on the utterances of the *Official Gazette* of St. Petersburg, to the effect that steps must be taken by foreign cabinets to strengthen confidence, so as to enable the Porte to fulfil his promises. The *Times* says: "We presume Russia thinks that a conference of the great powers sho uld review the treaty of Paris, and examine into the state of the Turkish Empire. If a merely verbal pressure is all she has in view it can be more safely applied by dispatches than by a conference; if she aims at a more serious intervention it must go so far in order to be effectual that it would raise the eastern question in a peculiarly formidable shape, and England is not prepared to take so immense a responsibility in the present unsettled state of Europe.

Denounced.

The *Times*, this morning, in its financial column, denounces the scheme for floating 500,000 pounds sterling worth of the bonds of the Keokuk and Kansas City railway.

The Grain Trade.

The *Mark Lane Express*, in its review of the corn trade for the week, says the weather has been more moderate, but there is little ... yet. Samples are in good condition, but the cautiousness of millers has kept the prices at previous rates. At Paris flour was a franc cheaper, while wheat was unchanged. In ... wheat is sixpence to ... In Belgium, Holland, Germany, Dantzic and Vienna prices were firm, and in the latter market rather dearer. At Odessa there has been scarcely any business because of the pretensions of holders.

GREECE.

Dead.

ATHENS, 1.—Lycurgus, the archbishop of the Syrian Greek Church, is dead.

FRANCE.

A Total Wreck.

PARIS, 1.—The iron-clad *Magenta*, which took fire at Toulon the day before yesterday, is a total wreck. The explosion set fire to the *Victorine* and *Eclaireur*, but the flames were promptly extinguished. A few persons were slightly wounded by the explosion.
