AT NEW YORK.National Circuit Meet at Madison  
Square Garden.

IVER LAWSON WILL RIDE.

Bryon, Kramer, Cooper, Feen, Fisher  
and Freeman Are the Men  
He Will Go Against.

New York, Aug. 15.—The national circuit meet has been added to the program for the bicycle races at Madison Square next Monday. By this arrangement "Major" Taylor, Frank Kramer, Iver Lawson, Tom Cooper, W. E. Feen, Fisher, Freeman, and other crack professional and amateurs will compete. The main event will be the motor paced race for fifteen miles between Jimmy Michael and Floyd McFarland.

IVER GOT SECOND.  
He is Not Familiar with the Loaf and Sprint Game.

Buffalo, N. Y., Aug. 15.—Fifteen thousand persons witnessed the international grand circuit races of the National Cycling association in the Pan-American auditorium today.

The contest between Harry Elkes, Edward Taylor and Ray Duer, for the one-hour exposition invitation middle distance championship and a purse of \$1,000, became a procession after the fifth lap, for Elkes held both men at a safe distance, having lapped the Frenchman four times and Duer once. Elkes broke the records for every mile from the second lap up to and including the ninth. Elkes then let up and at the end of the hour he had recovered 33 miles 1,680 yards, which is about one mile behind the record.

The final of the one-mile championship professional between Kramer and Lawson created keen interest. Kramer caught Lawson napping in the last lap and caught the leaders in the first quarter. On the lower turn of the last lap, Bowler of Chicago crossed in front of the major, causing him to slacken speed and run up on the bank. The colored rider made a bid for first money and caught the leaders in the first quarter. ## Team Off for Canada.

New York, Aug. 15.—Commenting upon the condition of the University Athletic team, which sailed on the Dominion liner Commonwealth for Canada and the United States, the London correspondent of the Tribune says: The team is considered to be thorough representative and includes the strongest men in recent interuniversity sports. The runners include Hind, Corbett, Workman, Cleve and Cockshott, who are all in fine form. Garner is the best man for the hurdles and the jumpers are among the best in recent university contests. May is the best boxer man for the hammer. Every effort has been made to secure the best athletes available for the contest with the Montreal and Toronto students and subsequently with Harvard and Yale.

## LOCAL EVENTS.

## SALT LAKES VS. OGDEN.

## Big Fight On at Walker's Field This Afternoon.

This afternoon the Ogden lobsters will endeavor to put a stop to all this talk about "the pennant has not been won," etc.

They have a little affair on with Dr. Webster and his crew and they will make a hard fight for the game. While they are doing this the White Wings will also be doing something on their own account—it is said.

Elmer Meredith is feeling better now and has concluded it is time for him to show up the lobsters in good shape. He realizes that the pennant is a goner if Ogden wins. So do the others and they will make a hard fight.

It is likely that George Borchers will rest today and the new man, Roy Evans, will do the slab work for Gimlin. Great things are expected of Evans. He has pitched for St. Louis, Washington and Philadelphia. He is a husky fellow, has speed to throw away and possesses a curve or two.

## LAGOON DEFEATS OGDEN.

## Exhibition Game at Bamberger's Resort Yesterday Afternoon.

Yesterday afternoon the Lagoon farmers and Ogden lobsters met in another exhibition game and the farmers won by a score of four to one.

The contest only lasted seven innings and part of it was played in a drizzling rain. The game was one of those mild easy affairs not calculated to create a riot nor yet cause one to lapse into unconsciousness.

Little Kotal started to pitch for Lagoon, but while at the bat was hit on the arm and had to drop out. Newmeyer then relieved him. The score shows that the farmers got seven hits, while the lobsters got but two. The details follow:

Last evening's program was postponed until this evening. The races arranged for tonight will be run next Tuesday. In the event of more rain, there will be no races until next week.

## Butte Track Dead.

The Butte track which was "going to close the local saucer by the middle of July," is a thing of the past so far as bicycle racing is concerned. Yesterday afternoon the riders down at the saucer were surprised when C. E. May and Jack Staver walked in on them. They stated that the Butte saucer was closed for the season. They say the sport was overdone and the people became tired of it and quit. The riders are beginning to realize their bread and butter is here, and one by one they are coming back.

## AFTER JORDAN WATER.

U. S. Mining Company Now Comes Forward for a Slice.

The United States Mining company has filed a notice of appropriation of unclaimed water in Jordan river of seventy second feet, which will be diverted by a duplex pump near Bingham Junction and carried 1,400 feet to the company's smelter now being built. The company already owns a share in the river flow which comes through Galena ditch and makes its appropriation as a precaution against dry seasons. The Brighton and North Point canals are the only ditches diverted from the river below the point at which the United States mining company will make its appropriation, and the unused flow down the river exceeds the amount of water which the company has appropriated.

## A HANDSOME ISSUE.

## Souvenir History of the Police and Fire Departments.

Easily the handsomest piece of typographical work from a Salt Lake printing shop is the "Souvenir History of the Police and Fire Departments," just off the press of the Deseret News job printing department. Men competent to speak have expressed their conviction that the typography could not be equaled west of Chicago, and it is not considered a rash statement. The book is handsomely bound in red and gold, is done on the best grade of glazed book paper and contains some 250 half tones that are beautifully printed.

But not alone is the book a credit to the printers, but the compiler, Mr. A. G. Conklin, and the author, Mr. George E. Carpenter, have combined in making a souvenir that will find a permanent place on many a library shelf in this city. Mr. Carpenter's history is written in a lively style, with the most careful attention to the facts as gleaned from the official records of the two departments.

The book is just out and has been the source of many admiring comments.

## VACATION FOR JUDGE HALL.

Adjoins Court Until the 30th—Various Calendar Cases.

Judge Hall has commenced his summer vacation, adjourning his court till the 30th, on which date Judge Stewart will sit on the probate bench. He and Judge Morse will dispose of all equity matters until Judge Hall's return, who has gone to southwestern Nevada to look into some mining property, and will be absent till about the middle of September.

## UNSAVORY DIVORCE CASE.

Nina Smith was yesterday granted a divorce from Samuel C. Smith on the ground of adultery, in accordance with the report of Referee Timmony, who took the testimony of Maude Hicks and Ada Wilson in corroboration of the plaintiff's statement.

Smith, who is a railroad man, left his wife on June 29th, when she discovered his illicit relations with Dollie Florence, an inmate of Ada Wilson's Commercial street resort. Mrs. Smith, hearing of her husband's infidelity, paid a visit to the Commercial street house, where she found him drunk in the Florence woman's room. Mrs. Smith said that Dollie Florence was so infatuated with her husband that she supplied him with all the money he desired. Miss Wilson's testimony was

## JUDGMENT BY DEFAULT.

In the case of John H. Horr, who was suing the American Bridge company for \$10,000 damages as the result of an accident at Murray on June 3rd, when he fell from a scaffolding, default was yesterday entered. Unless this is set aside plaintiff will obtain the full amount of his suit.

## DESERTION THE CAUSE.

James T. Myers yesterday obtained a divorce from Wilma L. Myers, on the ground of desertion. The decree was recommended by Referee Eldredge, who took the testimony which showed that Mrs. Myers in Oct., 1899, left for Iowa with her two children. Arthur E. Burnham corroborated the testimony.

## ANOTHER MISFIT MARRIAGE.

Annie Sherwood has commenced suit for divorce from Lynnan Sherwood on the ground of desertion and non-support. The parties were married in Salt Lake on March 7, 1892, and the desertion is said to have occurred on Dec. 24, 1896. Plaintiff asks for the custody of her two children.
