

## N. C. DOUGHERTY ONLY A TEACHER

Declares He Is Not a Banker, but  
The Grand Jury Finds 84 In-  
dicements Against Him.

### LAYS IT TO 'WAVE OF REFORM'

"Don't Call It Shortage, No, Rather  
Say That Errors May Be Found in  
The School Fund."

Phoenix, Ariz., Oct. 9.—With the shadow of jail within sight, N. C. Dougherty, principal of the school superintendent, today showed the first signs of collapse. His former friends have refused to go on his bond, and it was stated today that as soon as the grand jury should finish its work he would be placed in jail. For the first time since the home-coming Dougherty remained at his home today. It is said on good authority that he will not confess, but will plead guilty and put up as a defense insanity, caused by a fall from a horse several years ago.

This afternoon the grand jury reported 84 indictments against N. C. Dougherty, in addition to the 14 already found. Forty-five of these are for forgery, each containing eight counts. Thirty-nine are for embezzlement, each containing six counts. His total bond was placed at \$50,000.

Joseph Teal, Dougherty's attorney, announced that he would appear in court of his own accord. "I have done any wrong," Dougherty said today to the correspondent of the Chicago News, "I suppose I ought to be punished for it."

"Do you ascribe your present position to any political influence?" he was asked. "No, I do not," he answered. "It can be ascribed to the wave of reform which is sweeping over the country. It is shown in the investigation of the insurance companies, in the Milwaukee graft investigation and similar investigations in other cities, and in some instances those investigations have accomplished a great deal of good."

Referring to his dealings with the Peoria National bank, Dougherty declared that he had no personal knowledge of the bank's affairs.

Dougherty, it would appear, was perfectly a "dummy" president. As the head of the banking institution he received a nominal salary, less than \$1,000 a year. He merely attended the directors' meetings and concurred in anything his fellow officers placed before him for approval.

"I am a teacher and not a banker," was the way he expressed his position. "I left the management of the bank in the hands of experienced men."

It may be said that the experience as a banker of one of the other officials was limited to the management of a petty store before his connection with the bank.

"I took the position of president under protest," declared Dougherty, "just because there was no one else to take it. I did not want it."

It is said that the \$150,000 in securities which you have put up to cover the shortage in the school fund will not move worth their face value, Mr. Dougherty.

"Don't call it shortage. No, rather say errors that may be found in the school funds. That is what I put the securities up for, and they will find it right," he said.

Dougherty was asked to make an explanation of the charges made by the grand jury, involving the school fund transactions.

"Oh, I suppose there are errors. I am not a bookkeeper, but a teacher, and know nothing of bookkeeping. It is possible that many errors will be found."

"Did not the school board keep a regular set of books, seeing the expenditures were \$300,000 to \$450,000 a year?"

"No, it had no need for books. It received money from three sources—taxes, state appropriations and rents. These moneys were divided about equally between the Central National bank and the Peoria National. The various boards passed and approved bills and they were paid from these funds. The Peoria National paid all the checks and drew on the Central National whenever it needed more money. That is all the bookkeeping there was to the school fund."

It is estimated now that the shortage in the school fund is \$150,000.

Senator Files Answer to the  
Lady's Action for Damages.

Omaha, Neb., Oct. 9.—T. J. Mahoney, counsel for United States Senator Thomas C. Platt of New York and for the United States Express company, defendants in a civil suit recently brought by Miss G. Wood for \$50,000, which she alleged was due her for services rendered today filed answer to the petition. The answer is made as a motion that Miss Wood be required to give more detailed information as to the services she rendered to the senator. E. P. Fitzwilliams, local manager of the United States Express company, testified that Senator Platt owned none of the express company's property in Omaha. This was in reply to a motion that the express company be required to produce information from the postoffice department and how secured a modification of Postmaster General Payne's recent report with regard to the establishment of a

## HAD TO HIDE IT

A mother wrote us recently that she had to keep Scott's Emulsion under lock and key—her children used to drink it whenever her back was turned. Strange that children should like something that is so good for them. It's usually the other way. Scott's Emulsion makes children comfortable, makes them fat and rosy-cheeked. Perhaps that's why they like it so much—they know it makes them feel good.

## A GRUESOME PACKAGE.

Ear Cut Off an Englishman Sent To English Consul.

Salonica, European Turkey, Oct. 9.—The British consulate at Monastir has received a package containing a human ear which, a letter accompanying the package, declares, was cut from an Englishman named Willis, recently employed by the Turkish tobacco revenue department. Willis was captured by brigades some months ago, and the letter threatens that he will be murdered unless a ransom of \$5,000 be paid by Oct. 14.

## REV. ISAAC HENRY DEAD.

Was One Of Best Known Divines On Island of Papete.

(Correspondence of the Associated Press.)

Papeete, Tahiti, Sept. 27, via San Francisco, Oct. 9.—Rev. Isaac Henry, one of the best known divines on this island, died on Sept. 8. He was the son of a pioneer missionary of French Oceania, who reached Tahiti from England in 1787. Among his surviving sons is the Hon. Henry of French Oceania, who was present at his death and made a few remarks at the funeral.

## HAWAIIAN LANDS.

A Complete Survey of the Public Ones is Made.

(Correspondence of the Associated Press.)

Honolulu, Oct. 2, via San Francisco, Oct. 10.—A complete survey of the public lands of the territory has just been finished by the survey department and the land office has made a list of the lands showing that in all the islands there are 1,139,160 acres of government lands. Of this the nearly all are under cultivation, mostly to sugar plantations. The lands which are not under lease aggregate 400,809 acres.

Orders have been received from Washington for the establishment of three branch postoffices in Honolulu. There has been only one general office up to this time.

A. W. Pearson, manager of the Hawaiian Gazette company, publisher of the Daily Advertiser, is dead, after a long illness. He was a native of Milwaukee, born in 1858, and had been prominent in local business and public affairs for many years.

Louis Anderson, attorney general of the territory, has sailed for Shanghai and will probably settle there. His resignation is in the hands of Gov. Carter. E. C. Peters, first deputy of the department, is in charge of the office.

## A STAGE ROBBERY.

Lone Highwayman Holds It Up, Shooting Messenger.

Redding, Cal., Oct. 9.—A single highwayman held up the Redding-Lamar stage today at 11 o'clock and shot and perhaps fatally wounded Wells Fargo & Co. messenger, D. N. Hootch. The stage was conveying money from this city to pay the employees of the Bully Hill mine.

The messenger occupied the second seat. At a point three miles west of the Pit river bridge a masked man halted the stage, when Hootch leveled his shotgun at the robber the latter fired. One bullet pierced Hootch's abdomen and the other hit him on the head.

The sheriff and his posse are now out. The wife of the messenger, with Dr. White and Express Agent Dunn, have gone to the scene. Hootch is one of the most popular messengers in the employ of the company, and the robber may be lynched if caught.

Stage Driver Durfor outran the robber and the specie was saved.

## HALL OF FAME.

Names of Whittier and Lowell Will be Inscribed There.

New York, Oct. 9.—The names of John Greenleaf Whittier and James Russell Lowell have been chosen to be inscribed in the hall of fame of the New York university. Official announcement was made today that Whittier's name had been chosen by a vote of 52 of 55 of the board of electors, and that Mr. Lowell had received 34 votes. Fifty-one votes or a majority of the full board of electors of 50, are necessary for election.

Those named who failed of election to the hall of fame, having received less than 51 votes were: Wendell Holmes and James Fenimore Cooper, 48 votes each; William Cullen Bryant, John Lubbock Motley and Francis Parkman, 46 each; Edgar Allan Poe, 37; George Bancroft, 35; Horace Greeley, 34; Noah Webster, 32; William H. Prescott, 31; William Lloyd Garrison, 30.

Teachers—Mark Hopkins, 28; Matthew Simpson, 25.

## DUNNE'S CONTRACT PLAN.

Placed Before Chicago City Council and Defeated.

Chicago, Oct. 9.—Mayor E. P. Dunne placed his "contract plan" for municipal ownership before the city council tonight, and it was defeated by a vote of 11 to 13. The plan provided for the organization of a corporation and the issuance of certificates under what is known as the Muller law.

Out of the sale of these certificates the first 20 miles of street railway was to be constructed paralleling existing lines. It is claimed that the money will now abandon this plan and bring in the plan of reclamation of "city plan." This contemplated the acquisition by purchase or condemnation of all the lines of the existing street car companies.

## Battle Saloon Robbed.

Butte, Mont., Oct. 9.—The Audubon saloon on East Mercury street was held up this morning by two masked men, and \$25 in jewelry and money was taken from the property and was taken in the place, and from the safe.

Audubon recognized both men, and one of them, Arthur Cummings, was arrested shortly after, while the police moved to run down the second man before he could escape.

## Government Crop Report.

Washington, Oct. 10.—The monthly report of the department of agriculture gives the average condition of spring wheat at 89; corn 82; oats, 82; barley, 82; rye, 82; buckwheat, 75.5; flax, 81.5; tobacco, 83.4; potatoes, 74.3; rice, 82.7.

## Cashier Commits Suicide.

Houston, Tex., Oct. 10.—P. B. Gray, cashier of the Commercial National bank of this city, shot himself twice with a revolver today, dying almost instantly. He was about 40 years of age, and rated high in Texas banking circles. There is no plausible reason for the act. The Commercial National bank is one of the strongest institutions in Texas.

## New Office for Roosevelt.

New York, Oct. 10.—Because of the interest he has taken in the work of the Daily Athletic league, President Roosevelt was yesterday elected to the office of the president of the organization at a meeting of the executive committee. The league is one of the largest organizations devoted to sports and athletic games in the world.

## Saved His Life.

J. W. Davenport, Wingo Ky., writes, June 14, 1902: "I want to tell you I believe Ballard's Snow Liniment saved my life. I was under the treatment of two doctors, and they told me one of my lungs was entirely gone, and the other badly affected. I also had a lump in my chest. I thought that I could have lived over two months longer. I was induced by a friend to try Ballard's Snow Liniment. The first application gave me great relief. Two fifty cent bottles cured me sound and well. It is a wonderful medicine and I recommend it to suffering humanity." See Sec. 10. Sold by C. C. M. I. Drug Dept. B

The Ills to Which Army

## HE FAVORS YOUNGER OFFICERS

He Would Have No Captain Over Forty  
Years of Age—For Compulsory  
Retirement.

Washington, Oct. 9.—In his annual report to the secretary of war, Brig.-Gen. Constant Williams, commanding the department of the Columbia, expresses decided views about the inexperience of retaining in the military service officers, who, by reason of age, mental condition or physical ailments, are unable to endure the hardest field service and intelligently direct their troops.

He would have no captain over the age of 40 years, and he suggests a rigid physical, mental and technical examination for every officer before he shall be placed in command of a regiment. A corollary of this project is a plan for the compulsory retirement of officers to insure the accession to high commands of men young enough for active field work.

Gen. Williams also urges more liberal treatment of officers in the matter of expenses. He thinks they should not be obliged to pay for the heating and lighting of headquarters, and that they should be furnished their mounts at government expense.

He also suggests an improved form of officers' mess and the strengthening of the assistant formations of the north Pacific coast. In Alaska he believes Fort Davis, near Nome, might be profitably abandoned, and Fort Michael reservation should be considerably reduced in size, retelling the money so much land as is necessary for military service.

Like every one of the general officers of the army commanding the great military divisions and departments, who have yet been heard from on the subject, and only one remains to report this year, Gen. Williams urges the restoration of the army cantons, and he says:

"This is a most unusual and interesting question, for in it we find the union of the two most antagonistic elements in American society working hand in hand against the best interests of the soldier. On the one hand, we have the great temperance societies, whose general impulse for good and noble work can be no too highly commended, but which in this particular case, by the best possible intentions, are making a serious mistake, and joined with them in the agitation against the army cantons are the producers of whiskey and their creatures, the salaried keepers, who make a livelihood by the sale of alcoholic drinks, often of a most unwholesome and villainous character."

"The whiskey guild argues quite correctly that if the soldier is prevented from getting beer and light wines in the cantons he will be virtually forced to patronize the saloons and doggeries, which under this system have sprung up like mushrooms at the very gates of all army garrisons."

"As an example, in Vancouver, with a population of about 4,000, there are 22 saloons, all situated as near the garrison as practicable. Some of them, in addition to selling poor quality of whiskey, also furnish facilities for gambling and prostitution."

"To these immoral dens of infamy the law is a big dividend-paying charter, secure for the future, and to degrade, demoralize and rob the American soldier."
