

## JEROME TELLS SOME TRUTHS

National Elections Have Become Little More Than a Scramble for Office.

PEOPLE ARE INDIFFERENT.

Have Practically no Choice in the Selection of Candidates—Parties Boss Ruled.

Albany, N. Y., Sept. 5.—Events of importance in preparation for the Democratic state campaign took place here today, and the city is buzzing tonight with political interest. First and seemingly most important was the conference of Democrats from many counties of the state, called to discuss the situation in the party, the central figure of which conference was Dist. Atty. Jerome of New York.

It is conceded that this meeting was aimed chiefly at preventing, if possible, the nomination or endorsement by the state convention at Buffalo of William R. Hearst. Several allusions in the speeches were interpreted as having no other possible meaning.

### CONFERENCE ANTI-HEARST.

The other incident was a conference of representatives of several radical Democratic organizations, from which tonight emanated a statement criticizing Mr. Hearst and declaring in favor of the nomination of Congressman William Sulzer of New York. At this conference was present Albert S. Dulin of New Jersey, declared to be a close personal and political friend of William J. Bryan. In an interview Mr. Dulin spoke in favor of Mr. Sulzer.

The Democratic conference was presided over by Edward M. Shepard of Brooklyn, and was addressed by Mr. Jerome and others. Adjournment was taken to Sept. 25, Buffalo, the day and place of the state convention, and resolutions were adopted setting forth the views of the conference and providing for the appointment of a committee to lay before the Democrats of the state the principles touched by the conference. These resolutions are as follows:

### THE RESOLUTIONS.

"Resolved, That Democrats should recognize and repudiate boss rule in every form, and exert every effort to any direction to obtain control of the party organization by purchase, by intimidation or by hired agents.

"That the principles of the party require unflinching opposition to protectionism, socialism, and imperialism. We recognize the right and the ability of the people to regulate and control public interests in the state, but we resent any effort to commit the party to a socialist position or to dictate the policy of the Democratic party.

"That policy should be the outcome of a full, free and untrammelled expression of the opinion of the party in open convention assembled."

The speeches, especially that of Dist. Atty. Jerome, were received with marked enthusiasm.

### HEARST INIMICAL TO BRYAN.

By what they declare was "really an accidental coincidence" a group of men representing radical Democratic organizations also held a conference today in the Tenney hotel, a room within a short distance of Mr. Jerome's. They gave out tonight a statement declaring that the Hearst movement was inimical to that of Mr. Bryan; that Mr. Hearst is persona non grata to the Bryan Democrats, and including an endorsement of Congressman Wm. Sulzer of New York.

This action was given importance by the presence at this radical conference of Albert S. Dulin of New Jersey, for years editor of the Democratic national congressional committee and known as a close personal and political friend of Wm. J. Bryan. Replying to an inquiry as to the significance of his visit here, Mr. Dulin dictated the following statement:

"I am here to confer with the representatives of the various Democratic organizations as to a united policy in the political campaign, our purpose being to assist in the nomination of some candidate who is the embodiment of the principles enunciated by William J. Bryan."

He said also that the adherents of Mr. Hearst resented the alleged efforts of Mr. Hearst's friends to secure for him the Democratic presidential nomination in 1908.

"Mr. Hearst," added Mr. Dulin, "has rendered personal service to the Democratic party in the past, but when he attempts to back the Democracy and make it his personal asset at the expense of the personal supporters of Wm. J. Bryan, it seems to me he is making a serious political blunder."

Dist. Atty. William T. Jerome addressed the conference. Mr. Jerome mentioned no names in his address. He dealt with the general purpose, general principle and possibilities of the Democratic party. He declared it was his understanding that the conference was in the interest of no particular candidate, "least of all to dictate to or threaten the convention of our party soon to assemble at Buffalo."

He took direct issue with the opinion recently expressed by Gov. Polk of Missouri and others, though he named no one.

"Real leadership is now here in sight," said he, "and with passion for leadership seems to consist of denunciations of existing conditions and the advocating of vague schemes of socialism and paternalism which are essentially revolutionary in character."

"We are not on the threshold of the greatest political awakening this nation has ever known, making the beginning

## Head Ache Sometimes?

If so, it will interest you to know that it can be stopped with Dr. Miles' Anti-Pain Pills; and without any bad after-effects, and this without danger of forming a drug habit or having your stomach disarranged. They positively contain no opium, morphine, cocaine, chloral, ether or chloroform in any form. Dr. Miles' Anti-Pain Pills relieve pain, and leave only a sense of relief. The reason for this is explained by the fact that headache comes from tired, irritable, turbulent, over-taxed brain nerves. Anti-Pain Pills soothe and strengthen these nerves, thus removing the cause. They are harmless when taken as directed.

"We use Dr. Miles' Anti-Pain Pills for the cure of headache, and we think that there is nothing that will cure headache so quickly and so safely as these pills. I am a nervous, irritable, and over-taxed man, and I have been cured of my headache by using these pills. I am now a healthy, happy man, and I can do my work without any pain or suffering."

of a new age, but we are, I believe, about to return to our senses and then earnestly address ourselves to the solution of the difficult problems confronting us by the methods which the past has shown to be entirely adequate to meet the greatest emergencies."

"The so-called 'muck-rakers' have had a great vogue, and on the whole, have done a good work. But in mere exposure and denunciation English-speaking people cannot rest."

"The 'octopodism' and 'trust buster' is vociferous and much in evidence, but he offers no issue upon which political parties can divide. Our elections where political parties are involved, have become little more than a scramble for office, in which each candidate declares how good he will be if elected to office, and vies with his opponent in claiming trust busting and anti-trust policies, not forgetting to emphasize how warmly his heart beats for organized labor."

"In the midst of all this, 'plain people' go about their business. Seeing no real issues of present interest in dividing the national parties, they stand indifferent to each, ready and free to choose when an issue arises that interests them."

The Republican party, he continued, has always been conservative to change and innovation, until today half consciously it voices its character by declaring itself to be the party of the "standpaters."

"On the other hand, the Democratic party has been the party of the liberal. Only recently, he said, had efforts been made to drag the party from the path of progress to that of reaction."

"The leader has disappeared," said Mr. Jerome. "The boss who has succeeded him is only apparently a boss, and in reality is but the hired man of the capitalist whose sinister influence lies back of the party machinery and controls it for his own selfish and corrupt ends. The people have practically no choice in the selection of candidates for office, and at the polls have only a choice between men whom they too often consider as unfit for the office for which they are running."

"The men responsible for the present demoralized condition of the party machinery should be driven out."

"From a great vote-getting organization they have made it simply a delegate-getting machine."

Does these conditions were remedied," Mr. Jerome declared, "by the encouragement of more independent thought and action by conventions made open rather than subservient to a central clique, the thousands of self-respecting voters in the state who are Democratic in principle, but vote the Republican ticket, will continue where they are, and young men who could be brought into our ranks in numbers will remain indifferent to political affairs or join our political opponents."

"The people of the Democratic party, disgraced and humiliated by years of mismanagement, to give it no harsher name, would array themselves behind their party candidates if they are men of character, standing on a platform of real Democracy."

"And in that platform," he said, in closing, "they want no crazy socialism nor revolutionary paternalism. What they want is men and not measures. They have little faith in new laws while there is not honesty and capacity enough in public servants to work the old."

### FRYE BIGAMY CASE.

Set Free on Bonds Signed by His South Dakota Wife.

Chicago, Sept. 5.—C. H. Frye, who was arrested on a charge of bigamy upon his return to Chicago recently after an absence of 31 years, was released from custody today on bond furnished by Mrs. Clara A. Goddard, whom Frye married in South Dakota under the name of Goddard. A suit for divorce, filed by Mrs. Frye, the legal wife, is pending in the circuit court, and it was upon the promise of Frye to marry Mrs. Goddard as soon as he was freed from his liberty. Mrs. Goddard, accompanied by her 19-year-old daughter, Jessie, came to Chicago from California and revealed the dual life of Frye since he met her in Spencer, Ia., in 1877.

## SKIN DISEASES FIERY ACIDS IN THE BLOOD

All skin diseases are due to the same cause—an excess of acid in the blood caused by faulty assimilation of food and poor bowel action; this fiery acid matter is forced to the surface through the pores and glands. Pus-tules are formed, discharging a sticky fluid which dries and makes a crust, causing intense itching. When the crusts or scabs are scratched off the skin is left raw and bleeding. Sometimes skin diseases are in the dry form, and bran-like scales come on the flesh, or the skin becomes hard and dry, often cracking, and the painful itching causes acute suffering. It does not matter how the trouble is manifested, the cause is the same—an excess of acid in the blood. Salves, powders, cooling washes, etc., while they relieve the itching and give the sufferer temporary comfort, cannot cure the trouble because they do not reach the acid laden blood. The best treatment for all skin diseases is S. S. S., a remedy that is purely vegetable and one which acts directly on the blood with a cleansing, healing effect. S. S. S. neutralizes the acids, and purifies the blood so that the skin instead of being blistered and burned by the fiery fluids, is nourished by a supply of cooling, healthy blood. Special and any medical advice desired will be furnished without charge.

## SAN FRANCISCO STRIKE AT AN END

Officially Called Off and the Men Immediately Report for Duty.

THOUSANDS CHEERED THEM.

Many Strike-Breakers Will Remain in Company's Employ and All Will be Utilized.

San Francisco, Sept. 5.—The strike of the street carmen on the United railroads, incidentally also that of the line-men, electricians, foremen and construction workers, came to an end tonight, when the strike committee of these unions officially declared the strike off. The carmen immediately reported for duty at the various car barns, and soon cars began leaving the barns. As the first cars proceeded on the various lines through the city, they were greeted with tumultuous cheering by thousands of people who lined the streets and to whom the appearance of cars was the first notice that the strike was off.

The calling off of the carmen's strike followed the action of the union in mass meeting last night voting to return to work and arbitrate afterwards, the only way in which President Calhoun of the United railroads declared that he would treat with his former employees. Despite the action of the carmen last night, several times during the day the dove of peace hovered uncertain over the scene. For a time the question of peace or continued strife hung in the balance, and once all negotiations were declared off when Calhoun refused to receive a committee of the union until the men had returned to work.

The temper of the strike board became decidedly belligerent when this committee made its report and some members were for fighting it out to the bitter end, but the conservative element prevailed, and a majority voted to return to work, upon Calhoun's promise that he would then consider the merits of the demands made by the different unions. This promise was made by President Calhoun in a letter sent to Edward J. Liverbaugh, representing W. D. Mahon, president of the Amalgamated Association of Street and Electric Railway Employees. In which he stated that when the members of the different unions returned to work he would receive the officers of their respective organizations and immediately proceed to arbitrate the questions at issue. Each union is to be considered separately. Upon receipt of this letter the joint strike board declared the strike off.

Late tonight President Calhoun held the first meeting of the joint committee of five, representing the unions, and the first steps were taken toward the prompt arbitration agreed upon.

Calhoun stated after the conference that there is a strong probability that there will be no need of arbitration and believes that the schedule of wages which he is prepared to submit to the unions will be acceptable. The carmen demanded \$3 a day for eight hours and their return to work upon the conditions laid down by the United railroads, is practically a defeat for the union. Much feeling it is said, was manifested by members because of the way in which the strike was conducted, and according to report, 30 motormen and conductors gave up their union cards today.

The strike of the carmen was declared on Aug. 24, and the entire system of the United railroads was so effectively tied up that not a wheel has turned since then, and business in general in the city was seriously affected by the suspension of car service.

The strike of the line-men, electricians, firemen and construction workers, has been on from four weeks to three months, and reconstruction and rehabilitation of the street car lines was completely at a standstill.

Of the 2,000 strike-breakers imported by the United railroads, President Calhoun said that many of them would remain in the company's employ and that it could use them as well as the former employees in the building and operation of projected lines.

### POLITICAL CONFERENCE AT SAGAMORE HILL.

Oyster Bay, Sept. 5.—There was a political conference at Sagamore Hill today. President Roosevelt had as his guests Representative Littauer, Postmaster-General Cortelyou, chairman of the Republican committee, and Lyman H. Bass of Buffalo. It is understood that both the congressional campaign and the situation in New York state were thoroughly discussed.

When Mr. Littauer returned from Sagamore Hill to take his train for New York after spending several hours with the president, he emphasized again the fact that the president has a most keen interest in the outcome of the congressional election, and also that while he has determined to take no active part in the state situation he is very desirous that the right thing be done by the party in straightening out its tangle.

"It is apparent to every observing man in the state," he said, "that the situation today is such as to demand the advent of a man big enough to entirely ignore bossism, a man who could administer the affairs of the state as a governor with a master hand, and who could command the vote of the Republican party independent of factional opposition. New York has had 19 years of Republican rule. The state has prospered under that rule, and there is no doubt that a large percentage of young voters of the state are Republican in their inclination. What the party needs at this moment is the nomination of a man for governor who can unite all the Republican votes of the state. Of course the work in hand is to find that man."

### TONOPAH POLICE.

Whole Force Removed for the Good Of the Service.

Tonopah, Nev., Sept. 5.—The county commissioners last night passed resolutions removing the whole police force from office. It was stated that this was for the interests of the town. The duties of the police were turned over to the sheriff. The action arose from many grave complaints regarding the conduct of the police.

### HERBERT D. STANLEY ARRESTED.

Seattle, Wash., Sept. 5.—Herbert D. Stanley, a discredited minister who has been arrested in many of the cities of the northwest for fraudulent practices, was jailed here today on a charge of having passed a worthless check on Jules Redelsheimer, a well known clothing merchant. Stanley at a time collected large sums to found a mission, but spent the money and skipped out.

### NEGRO CONFESSES MURDER.

Topeka, Kan., Sept. 5.—Robert McDaniels, a negro, who was brought here from Ottawa, Kas., Monday, by Santa Fe special agents, today confessed to the murder of E. C. Pugh, a Santa

Fe watchman at Ottawa, Kas., killed early last Wednesday morning, while McDaniels was robbing a freight car. In his confession McDaniels exonerated A. W. Pierce and Jesse Bruce, who were implicated in McDaniels' first confession, made at Ottawa.

### RUSSIAN GOVERNMENT PROGRAM MADE PUBLIC.

St. Petersburg, Sept. 5.—An official communication embodying the whole government program was published tonight. The program embraces courts martial for political crimes and an increase of the penalties for revolutionary propaganda and expresses a firm determination to preserve order. It also promises a liberal measure of reforms and that useless restrictions on Jews shall be abolished forthwith. Measures are promised in that direction of greater provincial autonomy. Zemstvos will be introduced in Poland and the Baltic provinces. An income tax will be instituted. Reforms in the police and other public services also are promised.

A general meeting of Octoberists and peaceful regenerationists will be held at the end of September. It is believed that at the time the Octoberists party will be dissolved or merged with the peaceful regenerationists.

The communication, which was issued after protracted discussion by Premier Stolypin and the council of ministers, leaves the situation but little altered. The one thing evident is that the premier intends to carry out broad reforms on one hand and to pursue a policy of repression on the other. The establishment of courts martial for political crimes signifying the suppression of the civil courts wherever extraordinary insecurity exists.

An imperial ukase instituting this law was issued after the publication of the communication. It empowers governor generals where martial law or extraordinary insecurity exists to place civilians or military charged with crime upon trial before a military court consisting of five officers, the trial to take not longer than 72 hours from the beginning of the process to the execution of the verdict. This is entirely a new law, as heretofore in practice only military or naval mutinies and uprisings, such as that in the Baltic provinces last fall, were occasions for court martial and St. Petersburg, Moscow, Warsaw and practically the whole of Russia are now under this category.

The program as announced in the official communication is not the full program of the government, which probably will be issued at the end of September or early in October.

### BALLOON EXPLODED.

It Was Being Filled, Jack Leroy Being Burned to Death.

Wichita, Kan., Sept. 5.—A special to the Eagle from McPherson says: While filling a balloon preparing to make an ascension, Jack Leroy was fatally burned as a result of the explosion of the balloon, when gasoline was thrown on the fire.

Burning from head to foot, he broke through the crowd of terror-stricken spectators. Several men caught him and tore his clothes from him, but he was so severely burned that no hopes for his recovery are entertained. Leroy was working for J. C. Lapri, who fell from a balloon in Wichita a short time ago. The man who was killed in Wichita in a similar manner last week.
