

New Incorporation.

lay issued a certificate of incorporation

to the Junction City Mining & Milling

company, recently organized at Ogden for the purpose of developing the Iowa

group of thirteen mining claims situ-

ated in an unorganized mining district,

Morgan county. The capital stock is \$25,000, in 5-cent shares, and the officers

are Moritz Richter, president; Richard

B. Seaton, vice president; Charles H.

Hussey, secretary and treasurer; Geo. Branscom, N. James Nelson, John J. Olson and N. H. Ives being the other

United States Company.

It is understood that the actual cost

of the United States mining properties was \$1,500,000, says the Boston News

Bureau, but since purchase the prop-

erties have been improved to the ex-tent of \$1,000,000, making the present

actual value of the property \$2,500,000

or \$10 per share, although the prespec-

tive value is much greater than this. It will require the expenditure of at

least \$750,000 to build a smelter and place the property in position to pro-

duce ore, and it will require at least a year to bring the property to a produc-

The Bureau also quotes a member of

the pooling committee as follows: "This

property is today intrinsically worth

\$20 per share, and with the expenditure

of \$1,000,000, it can be made worth \$40. Ther would be no trouble, in my opin-

bonus perhaps in stock. The twenty-

three brokers interested in this matter

have an investment in this property which can be made of value, and I

trust they will not be willing to allow

this investment to be sacrificed for the want of \$1,000,000, which can be raised,

and which should demonstrate the

AT THE TESORA.

East Drift Off 250 Level Discloses Good

Values-Water is Now Pumped Out.

Assay returns from the ore in the

east drift of the 250 level of the

Tesora show as high as 141 ounces in

silver with a trace of gold. A great deal of iron also exists in the ore which

is of an altogether different composi-

tion from the copper ore in the west drift. A shipment is to be made in the

value. Meantime a car of west drift ore is being loaded and another one

is at the sampler. Word has been re-

ceived that the water is now pumped

out and work will be resumed at once

on the 300 level where it is anticipated

less than 30 feet of work will suffice to

VEIN ENCOUNTERED.

Horn Silver Tannel Company Finds New

Vein in Rattlesnake Property.

Work was resumed some time ago on

timony, will support a conclusion that there is an intention on the part of defendants to injure the property rights claims at Bull Run, Elko county, Nev., is in the city arranging for the erection of a mill next summer. of the plaintiff.

Some very nice looking chloride ore has been brought to town from the Cipsy Blair claims at Alta. The ore Secretary of State Hamomnd yesteris said to run high in silver.

> A six-inch streak of what appears good copper ore is reported to have been encountered off the 400 level of the Joe Bowers Extension.

The lower tunnel is still being run towards the ledge on the Annie Laurle in Gold Mountain district. It is expected to tap the vein 250 feet below the surface

James Long, Jr., in charge of the Mammoth Breckenridge property at Gold Mountain is in town, owing to the illness of his wife. Allan Gorr is in charge in his absence.

Superintendent J. W. Neill of the United States Mining company writes that there are no indications that the policy of Messrs, Clark and Coolidge will be changed in the development of that company's property.

At the special session of the shareholders of the Joe Bowers yesterday afternoon the compromise with the Burnham estate was ratified. The capital stock was ordered to be increased to 700,000 shares, and provision has been made for two representatives of the estate on the board.

The last issue of the Engineering and Mining Journal has the following to say of the Mercur mine: Dividends in 1898 aggregated \$355,000, of which total \$175,000 was not earned through operating mines and mill. This year a much larger ore tonnage has been treated, of reported better grade, yet the total earned dividends are less than the prior year. Mr. Dern understands why, but Eastern shareholders do not.

The Iron Market.

Cleveland, O. Jan. 4.-The Iron Trade Review says: With 50 per cent of the pig iron production of 1900 sold in advance, though not all of this for shipment in the first six months, it is not to be expected that any sensational market turns will be encountered for veeks, if at all. The significant fact oday is that the sensational crash in Wall Street and the duliness of holiday time, have left pig iron prices thus far No. 6-The "Fast Mail" for Chicago, St. Paul, St. Louis, Omaha, Kansas City, Denver and Park fitter untouched.

IN THE HEART PEOPLES OF CHICAGO. FAVORITE

The Union Passenger Station in Chicago, into which all Burlington trains run, is located in the very heart of the city.

The best hotels, the biggest business establishments, the largest theaters, are only a few blocks distant. To reach them it isn't even necessary to take a street-car.

To reach Chicago it IS necessary to take the Burlington Route-that is, it is if you want the best there is. Two trains a day-the Chicago Special, leaving Denver at 2:50 p. m., and the Vestibuled Flyer, leaving at 10:30 p. m.

Tickets at offices of connecting lines. Ticket Office, 214 S. W. Temple Street.

BOSTON WOOL MARKET.

Boston, Jan. 2.- The American Wool and Cotton Reporter will say tomorrow: "The New Year has opened with a gulet but hardening wool market. There is no pressure whatever to sell. On the other hand holders are firm in their ideas and will not budge an lota from what they consider to be a fair valuation on their stock. Manufac turers, however, are not buying. Several of them are really ready to take wool when offered to them slightly under the market, but concessions are not being made. The general belief is that the present luft in business is only temporary and preliminary to an-

strength.

other period of pronounced activity and "It is thought the next London sales, which begin January 6th, will open on at least a parity with the closing rates of the last series, if not higher. The situation abroad is strong. The sales of the week in Boston amounted to 2,-

tance it is expected that the vein un der the old workings will be encountered.

SAVANNIC ORE.

Carload Expected from the Property that will Assay Nearly 50 Per Cent Copper.

A car of copper ore is expected from the Savannic mine in Arizona in a day or two, which it is expected will eclipse anything ever shipped to this city before, excepting possibly the Grand Gulch copper ore, which has run as high as forty-eight per cent in average of a car of twenty tons. The Savannie property is located a few miles dis tant from the Grand Gulch mine and the ore is very similar in appearance. Some samples, it is said, run as high as seventy-five per cent in the red metal.

FROM GOLD MOUNTAIN.

Col. Metcer Reports a Great Deal of Activity in the Camps.

Col. John Meteer returned last night from a visit to Gold Mountain, Piute county, and reports a great deal of exploratory work going on in the camps of that district.

Tintic this afternoon after a brief stay Work has been resumed on the Buter-Beck property which has been tied up in litigation for some time past. Three shifts of men are being worked and an iron dyke has been encountered which gives promise of ore when it is worked through. Pat Ryan is in control of the property, and is also presi-dent of the Golden Star Mining comwhich owns the Grasshopper pany group, the principal claim in the group being the Blue Bird, which in 1897, paid its first dividend. A tunnel is being run on the property by Mike Fitzgerald. A oaded at the Eagle and Blue Bell, which contains, it is said, some values as high as sixty ounces in gold. It is stated great quantity of milling ore has been encountered which is being piled up that such values are not abundant. The general run of the ore is from one to be worked in the future. ounce to five and six ounces per ton. Work has been started on the Gen-

Only that which contains two ounces eral Connor. It has laid in idleness for a long time, but the parties who have recently bonded the property have started work representing themselves in gold per ton is going shipped. There day. A four-foot vein of ore assaying to be employed by Capt. De La Mar. This, by the way, is denied at the office of the company in this city.

MINING NOTES.

The Taylor-Brunton sampler reported eight cars of ore today.

York on December 27th. A car of ore from the Ajax, of Tintic, was on the market today.

The Four Aces assessment of 5 cents a share becomes delinquent tomorrow. The Mammoth Mining company distributed a dividend of \$40,000 yesterday. The Conklin sampler receipts were two from Arizona and one from Tintic. The 1 cent assessment on Martha Washington stock became delinquent today.

The Wandering Jew assessment of 1-10 of a cent becomes delinquent tomorrow.

Water has been encountered in the Gemini mine at Tintic at a depth of 1,600 feet.

Utah Consolidated is quoted at \$27 a share in the Boston market of Desember 27th.

A car of ore from the Carbonate Hill mine in Morgan county, was on the market today.

Seven cars of Dalton & Lark ore were marketed today, from that Bingham property.

A meeting of the Joé Bowers Extension Mining Company was scheduled for this afternoon.

The annual meeting of the Tesora Mining Company is booked for Tuesday, January 16th, at 2 p. m. The adjourned meeting of the New Mammoth Mining Company was to

convene this afternoon. Two cars of high grade copper ore were marketed today from the Grand Gulch copper mine in Arizona.

ONTARIO DIVIDEND. Mr. Chambers' Annoancement of the Ontario Dividend Proves a Mistake. Those who felt that the announcement that the Ontario had declared a 20 cent dividend of \$30,000 was too good

to be true, have now the privilege of using the hackneyed phrase "There, I told you so." "The dividend has not been declared yet,' was the statement made by an officer of the company to-day. Mr. Chambers, who stated yesterday to "News" reporter in most unequivocal language that a dividend of 20 cents a share had been declared, could not be seen today, but it is cor-sidered that the officer who volunteered

the information today knows whereof he speaks, and that instead of taking down 20 cents a share the stockholders will probably rake in 10 cents a share after the declaration of the dividend

later in the month. SENATOR CLARK WINS.

Plan of Reorganizing United Verde Com-New York, Jan. 4 .- United States

Company, obtained a decision in favor their plan of reorganization from Justice Gildersleeve in the Supreme court today. Justice Gildersleeve denied the motion to continue the temporary injunction asked for by George and vacated the preliminary injunction
