FRAGMENTS.

A splendid performance at the Abbott matinee this afternoon.

JOHN C. GRAHAM, Esq., editor of the *Enquirer* at Provo, called in today.

Mrs. CHARLES again attended the matinee at the City Hall this morning. The usual assessment of \$5 was paid by her.

"LUCIA BRIDE OF LAMMERMOOR" to-night at the Opera House. It will be given in English by the leading voices of the Abbott Company.

The amount of the Appropriation Bill as it passed the House today is \$141,008.80; the Council total is \$62,000, and current expenses about \$5,000, which will total a little over \$210,000.

Tickets for reserved seats for "Hoop of Gold" to-night at the Theatre are going off rapidly. Mr. Rosdoff informs us that a sufficient number of seats have been engaged to warrant a very good house.

An entertainment will be given in the Second Ward School house, by the young men of the Ward, on Thursday and Saturday evenings, March 13th, and 15th, at 7 p. m. Admission 25 cents and 15 cents. The proceeds will be devoted to the new Meeting house fund.

LOCAL NEWS.

Read It.—We publish to-day an article from the Boston *Independent*. Without alluding to the sentiments of the writer, we consider it a well written and candid statement of the Utah situation from the standpoint of the writer, and commend it to the attention of the thoughtful.

The Middlesex Murder Trial.—The trial of Joseph Middlecombe for murder in the first degree, which has occupied so much time and attention in the District Court of late, has at length reached a stage which might be denominated the "beginning of the end." The examination of witnesses and adducing of evidence has closed, and the arguments of counsel have commenced. E. T. Sprague argued the case for the prosecution this morning.

"Whims."—The audience at the Theatre last evening was no larger as the performance merited, the latter going off with much vim and animation. Our theatre-goers are familiar with the piece by the original name of "Hobbies," in which Nat Goodwin and Eliza Weathersby won such laurels several years ago. The Holmes Company, particularly Holmes, Haverly and Jennie Brady, gave a very good interpretation of it and kept the house in a year. The local hits were numerous and witty. All present went away satisfied. The company left for Ogden this morning.

Last Night's Lecture.—Elder Arthur Stayer being detained by pressing business engagements from appearing on the platform at the Thirteenth Ward Assembly Rooms last night and delivering his lecture as announced, Elder H. W. Natsbitt very kindly, on short notice, consented to deliver a very interesting address based upon his observations during a recent trip through the Territory, giving a glimpse at the various industries and exhibiting the necessity for an extension in order to provide employment for rapidly increasing population. The audience was large and appreciative.

The "Strategists."—On Saturday afternoon and evening Haverly's "Strategists" Company will give two performances at the Salt Lake Theatre, presenting that splendid, mirth-provoking comedy, which has been played here before with great success. An arrangement has been made by the local management, whereby a liberal percentage of the receipts will be devoted to the B. Y. Academy fund.

Tickets are already for sale at the book stores, and special agents will be out canvassing the town between this and the day of performance. Half rates will be given on the railroad south, to enable all who so desire to come up to attend the performance.

"Patti Crazy."—San Francisco has gone Patti crazy. The great diva, according to present arrangements, only sings once in that city-to-morrow evening. Every ticket is sold, and speculators are now at work disposing of their purchases at a premium. Previous to the opening of the sale a line was formed to the box office offered \$250, and as high as \$100 were offered for a place in the line. A great many were unable to procure seats, as they were all engaged before their turn came to buy.

There is every probability that Patti will have to sing in the City before her return East, and a lengthening of the engagement of Her Majesty's Opera Company in that place is also very likely. The Patti concert in the Tabernacle will be given early in April, immediately preceding Conference.

THE ALTA VICTIMS.

THE BODIES TO BE BROUGHT HERE FOR BURIAL.

A meeting was held last evening in the Federal Court House to devise means for the removal of the bodies of the Alta snow-slide victims from that place to this city for burial. Captain J. C. Morrill was chosen chairman, and J. T. Bateman secretary. Twenty-eight men volunteered their names as volunteers in the venture and a committee of five were appointed to receive donations of money for the same purpose.

It was stated that thirty men from the stone quarry in Little Cottonwood would be furnished by Superintendent J. C. Livingston, who had kindly offered their services. Weather and all things permitting, the party from the city will start from the D. & R. G. depot to-morrow morning at 7 o'clock, and it is not known as the scheme is thought practicable.

The party will go by rail to the end of the track, eight miles this side of Alta, and from there make a trail to Alta, and then decide on the best means to be taken in conveying the bodies to the railroad.

The party is under the direction of Mr. George Collins, Superintendent of the mine where the fatality occurred. The names of the city volunteers, whose expenses are to be paid by the finance committee, are as follows:

A. Rainey, George Wright, Joseph T. Bateman, Samuel Stewart, John T. Jones, Alfred Yates, Thomas Mitchell, Cornelius Johnson, R. Burrows, C. A. Carlgren, P. A. Olsen, J. Anderson, J. C. Peterson, H. C. Wallace, George Collins, Samuel McCall, J. H. Colthart, John H. Colthart.

The finance committee are as follows: Chas. Reed, Louis Martin, John S. Scott, Martin Harkness and Henry C. Wallace.

CITY COUNCIL.

Proceedings of the City Council, Tuesday evening, March 11th, 1884. Mayor Sharp presiding.

The Mayor announced the following as the standing committee on Jordan and Salt Lake City Canal: Aldermen Patrick, Councilors Davis and Pettit. A petition from Robert Aveson and 1,000 others was presented, calling attention to pressing necessity for the people residing on the north bench to be supplied with water for domestic and other purposes, and representing that they did not presume to suggest the source from which the supply should be obtained, but would leave that entirely to the discretion and better judgment of the Council.

Referred to the committee on streets and alleys.

The Second South Street Cable tramway, proposed by Frederick G. S. Erb, asked that the time for perfecting the agreement between the city and said company and accepting and confirming the franchise conferred by the Council be again extended for six months. The company had been unable to render the necessary plans and specifications for the construction of the cable tramway, and the failure of the contracting parties to place such data at his disposal. Also that Mr. McCormick, one of the principal stockholders had been absent for several months. The petition was granted and time extended six months.

Charles S. Burton and six others asked that the decision of the former Council to divert the banks of City Creek at its intersection with old Wall street and make a ford, be reconsidered and that a bridge be built at that point, if only a temporary one, referred to the committee on streets and alleys.

E. F. Sheets and thirty-one others petitioned that the street lamps, currently ordered to be placed upon First East Street, or in case that project was not feasible at present, that an electric light be placed on Washington Square at a point where the street is the widest and the traveling public and citizens in general, referred to the committee on improvements.

Dr. S. B. Young and seventy-one others asked that a good, substantial bridge be constructed over Emery Canyon gulch, about eighty rods west of the Insane Asylum and near the residence of Henry Harris, and represented that that road was traveled extensively by freighters from Salt Lake and other points, and was a very dangerous route to and from the Asylum and Pleasant View. Referred to the committee on streets and alleys.

Wm. Wood asked that a deed be given him for a parcel of land in plat 15, purchased from the estate of C. Kimball, which, through omission, was never filed upon; the petitioner requested that no title be given as to title and that he and his grantees had paid taxes on said lot for twenty years. Referred to the committee on public grounds.

Applications for liquor licenses were received from various dealers and granted.

Alex. Watson petitioned for the privilege of operating a saloon, located on the 14th Ward bench, near Elias Morris' saloon. Referred to the committee on streets and alleys.

The supervisor of streets reported his expenditures on street improvement accounts for the quarter ending Feb. 28, 1884, showing a total of \$4,324.86, less \$1,371.75 of days of prison labor. Referred to the committee on streets and alleys.

The superintendent of waterworks reported that an expenditure of \$1,700 had been made on waterworks account during the quarter ending Feb. 28, 1884. The superintendent directed attention to the need of new and larger reservoir at the head of the works in City Creek Canyon. Referred to the committee on streets and alleys.

The Chief Engineer of fire department, report for the quarter was also submitted showing an expenditure for hose and shirts of \$850, and for current expenses of the department of \$14,400. Also that there were 14 fire alarms during the quarter involving loss of \$1,000. Referred to the committee on streets and alleys.

The committee on streets and alleys, to whom were referred the petition of the D. & R. G. Railway Co., to operate a railway on Second South Street from the depot of said company to six rods eastward, and the remonstrance of Wm. L. Hinder and others against said petition, reported recommending that the petition of the railway company be not granted.

The committee on sanitary regulations and quarantine, to whom was referred the petition of Geo. Shovel for an enclosure around a portion of the land owned by Jonathan used as a dumping ground, etc., reported that the City did not own the land in question, and recommended that the petition be not granted.

The committee on public grounds to whom were referred the petitions of Andrew J. Case and A. M. Musser, to lease the Tenth Ward Square, reported in favor of Andrew J. Case, and recommended that the lease be given him for one year at \$125.

A bill of J. C. Clinton for services for February, 1884, was allowed.

The official bond of Wm. W. Taylor, as Assessor and Collector of Salt Lake City, was presented for approval. The sureties were accepted and the bond approved.

The Treasurer asked instructions as to whether certain provisions made presented to him in payment of water pipe extensions should be accepted. The subject was referred to the committee on finance.

Appropriations were made as follows: To the Deseret National Bank for interest and exchange \$40; to Skeels & Hawley, for legal services, \$100.

SIGNON.

THE ABBOTT COMPANY SCORE ANOTHER SUCCESS.

The performance by the Emma Abbott troupe of the charming opera of "Mignon," at the Walker Opera House last evening, was nearly if not quite as well attended as that of the preceding night. In the eyes of many it was an improvement on the former opera, as giving better opportunities to the singers to show what they could do.

It was well cast, and notwithstanding the absence of Signor Tagliapietra, who is already so great a favorite that his failure to appear will be the cause of no little disappointment whenever it occurs, the presentation was fully up to the company's standard, and, as already stated, in the opinion of many an improvement on their opening performance.

Last night brought out Signor Campbell and Miss Rosewald, in parts well suited to their respective capabilities. Both became favorites from their first appearance, and shared the honors with the reigning star.

Miss Abbott, as "Mignon," showed to great advantage, as an actress of versatility, as well as a vocalist of acknowledged merit. The bouclier scene, in the second act, where she paints and powders her face before the mirror, was a rare piece of comic acting. One of her finest vocal efforts was the song: "Would that I Could Follow Her" in the first act.

Mr. Castle had a fine part in "Wilhelm Meister," and acted and sang with his usual grace. Miss Seguin as "Frederick" was very good indeed, and in her solo "Here am I in Beauty's bloom" won a well deserved encore. The other characters were well sustained, and the chorus and orchestra rendered excellent support to the dramatic personae. "Mignon" is a fine opera and though shown in some parts, seemed to give general satisfaction as it was performed last evening.

"Hoop of Gold."—To-night this popular sensational drama, which comes heralded as among the best of its kind, will be presented at the Salt Lake Theatre. A car-load of new and elegant costumes, a new and splendid troupe, and a wide range of stage settings are promised, boding a great cast in a splendid play. See "ad." for further details.

The Synagogue Standard says: "Of the many new plays offered to Synagogue Standard, the most successful is the 'Hoop of Gold.' presented at the Wellington last evening contains more real merit and dramatic success than any. It is essentially of the melodramatic order, of which 'Light of London' and 'The Jew' were forerunners, and contains a plot of thrilling interest which is worked out with consummate skill. The characters introduced represent a wide range of life and were interpreted by an evenly balanced company."

C. H. Lewis, druggist, of Cedar Vale, Kansas, writes: "I have sold 'Prickly Ash Balm' for the past seven or eight years, and consider them one of the most reliable preparations for the relief of rheumatism, as it is followed by the continual increase in sales and the almost universal satisfaction which attends their use."

A MAGIC POWER.
A Secret Agent at Work.

We were surprised the other day to learn that certain individuals in this city, who had for many years yielded to the power of the "Hoop of Gold," were startled from their torpid condition of semi-stupidity, into asserting their right to "life, liberty and the pursuit of happiness." These parties, "born bound by an influence as strong and as irresistible as the power of a magic wand," were emancipated, but they could not, by what means they had been manacled. They had long sought deliverance in vain. Their appeals to science and the knowledge contained in books were equally unavailing. Their friends came! It was not through any action of the President, or of Congress, for their trouble was not of a political character. Neither did the Governor's Message relieve them, nor any action of the State. What was their trouble? It was their condition of a political character. Neither did the Governor's Message relieve them, nor any action of the State. What was their trouble? It was their condition of a political character.
