# NEW CHEMICAL ENGINE.

### Interesting Test in Z. C. M. I's No Building Yesterday.

There was an interesting test yes. terday of the new stationary chemical engine and apparatus in the new north building of the Z. C. M. L. and the result showed that the institution is provided with a fire extinguishing equip ment which ought to be very effective

Dr. Quigley, father of Manager Quig-ley of the Studebaker company, is very low from weakness attendant on old the basement and consists of a 500 gal-But Saw "Fighting Bob" Evans, Which lon cylindrical tank mounted on trunions, and capabl of standing 110 to 170 Knutsford the other day en route east, pounds pressure to the square inch. It as E. White, Kiel. He was very re-

contains three upright leaden cases each bolding 45 pounds of suphurle acid, with mouths up and which are that he was a lieutenant in the emperautomatically closed when thus situated. The water charge contains 210 pounds of blearbonate of soda in solu. tion. There are eight stations in the

great building connected with this tank engine. Each station or box has a glass front which is broken on the oc casion of an alarm, and two handles are operated. One starts the engine by releasing a catch holding it in non action position, and allows it to turn over. This opens the mouths of the

eaden cases, and empties the acid into he carbonated solution. At once the chemical reaction occurs, the acid unit. Ing with the soda to form sulphate of soda, and freeing the carbonic acid gas which accumulates to the pressure mentioned above. The second handle or faucet in the first station in action ts the mixture into the immediate

iose ready for use. The tests this noon were conducted in the street and afterwards in the co-lar and on the top floor of the new building, and were to all appearances highly successful. Streams were with-out difficulty thrown 70 feet, and it was contend that the new build stated that the tank's entire contents would do the work of 20.000 gallons of

Will Owen, traveling salesman for the Z. C. M. I., who has been doing mis-sionary work in Germany for the past 28 months has returned home look-ing and feeling well. During the last 18 months of his mission. Elder Owen was

months of his mission. Elder Owen was president of the Hamburg conference. A large business concern has been delayed three weeks in making a ver-tain improvement in its plant because the skilled operative directing the con-struction has been on a drunk for that length of time. However, the mai is now sobering up on phosphate of soda. The family of Clerk Whittaker of the board of public works is sorely af-fileted with typhoid fever, three of his children being stricken with that dis-ease at the present time. His daugh-ter's Bessie and Marguerite, and son, Eugene, are very low with the fever,

ter's Bessie and Marguerite, and son, Eugene, are very low with the fever, and the former is not expected to live. Inquiries of the parents and at the hospital concerning the condition of lit-tle Franklin Morse Holding, whose legs is demonstrated from the to time. So the least of the troubles of the great institution
