

OUR OWN STATE.

OGDEN NEWS.

The branch office of the Deseret News in Ogden is at No. 406 Twenty-fourth street, where advertisements and subscriptions will be received. "News" is delivered by carrier in Ogden every evening on the same terms as in Salt Lake City.

MISS RAMSEY'S RECITAL.

Concert Last Night a Notable Artistic and Financial Success.

Weber Stake Tabernacle Filled in Every Part by Music-Lovers to Hear the New Singer.

One of the most successful concerts ever given in Ogden was that of Miss Ramsey's in the Weber Stake tabernacle last night. The building was thronged in every part and something like \$800 was taken in at the doors. Not since the concert of Miss Lucy Gates in the same auditorium a little over a year ago, has there been a musical audience so large or receipts so satisfactory as those of last evening.

Miss Ramsey was accorded a welcome that was most pronounced and young Arthur Pedersen, the boy violinist, was received by a veritable ovation, while Prof. McClellan and Pedersen, as accompanists, did superb work. The program was almost ideal and at 10 o'clock the last number was rendered in strong and stirring style. The opening number was by the Ogden Tabernacle choir under the direction of Mr. Joseph Ballantyne. "Hail Bright Abode" was the selection and right ably was it rendered. Then Miss Ramsey gave four numbers, "Ich hab' im Traume gewohnt," by Sparsky, "Slumber Boat," by Gounod, "The Rose Tree," by Schubert, and "The Rose Tree," by Schubert. It is difficult to say in which she excelled or in which she received the most applause as she had her audience in thorough sympathy from the beginning.

When Young Arthur Pedersen had finished playing "The Twelfth Air" by De Beriot he received an ovation. Much applause was given throughout the concert, but the finale was executed with a master's hand and he was rewarded with a demonstration that would have warmed the heart of a veteran. He responded with a soul-stirring encore that moved his auditors almost to tears.

Miss Ramsey's next number was the "The Rose Tree" by Gounod. This is probably the most pretentious selection on her extensive repertoire and right capably did she acquit herself of it. Then followed a most excellent piece of work by the choir, "Springtime," which was repeated as an encore.

"Fruhlingssnacht," by Schneider, and "Betrothal" by Browne, both on applause for Miss Ramsey and the ever-popular and popular Scotch ballad, "Bonnie Sweet Bessie," brought forth animated manifestations of approval. Arthur Pedersen made another hit in "The Russian Air" and Miss Ramsey made it clear in the last number on the program, "The Mighty God Hath Spoken," that she had sung herself into the hearts of the Ogden people. After the audience had dispersed she received the members of the choir and though much exhausted, and not at all well, sang three or four selections for them. For the next few days she will be the guest of her sister, Mrs. Carroll, wife of the city editor of the Standard. Then she will undertake a mission to Scotland, is stopping off in Provo to visit Elder W. D. Roberts.

DISASTROUS RUNAWAY.

A lively and disastrous runaway occurred yesterday afternoon, when the fine black team of Richard Smith, the wealthy sheepman, ran away with his single buggy. Mr. Smith had driven his team in from his home at North Ogden and had tied them up at the home of a friend on Madison avenue, near Twenty-sixth street, while he went inside to transact some business. A neighbor's dog came out and playing around the team frightened them, they being very nervous, jumped back breaking the tie-strap. Before Mr. Smith could get out to them they had dashed down the street and were in a block, running northward along Madison avenue. When in front of the Fourth ward meetinghouse the vehicle collided with a telegraph pole and was almost totally demolished. The horses continued on their wild chase for a considerable distance farther before they were stopped, and pieces of the harness were scattered for several blocks. The damage to the buggy and harness will amount to about \$100.

ON TRIAL FOR BURGLARY.

The trial of Fred Engleke, charged with burglary and housebreaking, was heard before Judge Holapp and a jury in the district court. A number of witnesses were examined for the defense whose testimony went to show that the laundry room of Fred J. Kiesel had been burglarized last January, and a quantity of clothing taken. Detective Pender, Capt. Brown and other officers testified to the arrest of Engleke and his confession of guilt to them. The principal testimony for the defense was to the effect that certain inducements had been offered defendant to make the confession which he did. Judge Mahoney, after the defense argued at length for the jury to bring in a verdict in favor of the defendant on the ground that alleged inducements had been offered and that the prosecution

had not made out their case. The court took the matter under advisement.

WINS A MOTOR CYCLE.

Chris Flygare, holder of premium ticket No. 5555, given out by the San Francisco Examiner, was the lucky winner of an elegant motor cycle, which he received by express from San Francisco yesterday. The cycle is valued at \$200, and is a beauty. It is propelled by a gasoline tank attached to the machine, and will run at a rapid rate of speed. It is a well put up machine, and is a beauty. It is not yet able to run it. The lucky number, who did not want it and sold it to Mr. Flygare several months ago.

BRIEFS AND PERSONALS.

Miss Driscoll of Evanston is visiting in Ogden with friends this week. Sheriff Joseph Bailey returned from Wyoming last evening, where he has been on special business. John E. Hansen, wife of Salt Lake came to Ogden last evening to attend Miss Ramsey's concert. Mrs. Georgina Crocker has petitioned the district court for appointment as administratrix of the estate of J. Crocker's estate, valued at \$25.

George Estes, president of the Brotherhood of Railroad Employees, addressed a good sized audience last evening at the courthouse. President Heiner of Morgan City was in Ogden yesterday. The little son of H. H. Wardleigh, who had his leg broken Thursday, is getting along as well as can be expected.

KODOL GIVES STRENGTH.

By enabling the digestive organs to digest, assimilate and transform ALL of the food eaten, Kodol gives strength to the nerves, feeds the tissues, hardens the muscles and recuperates the organs of the entire body. Kodol Dyspepsia Cures Cures Indigestion, Dyspepsia, Catarrh of the Stomach and all stomach disorders. Sold by all druggists.

PROVO.

WATER CASE DECIDED.

Other Court Cases—Radmall-Hansen Wedding.

Special Correspondence. Provo, June 19.—Judge Booth has made the following orders on defendant's motion to dissolve the temporary restraining order in the case of Springville vs. Wm. Kolod and others. Defendants are entitled to three inches of water delivered to them at or near this lower spring. This includes the waters of the springs. If there is not enough water in the springs then the city is to give them enough to make the three inches' inches from their pipe in Spring creek. Or, at defendant's option, they may have the use of the entire waters of Spring creek for eight hours every 20 days. This order is temporary only. Evidence in the case of the application of Thomas E. Jones et al to restrict the corporate limits of the town of Mapleton was heard. Judge Booth will view the territory in question and hear arguments before giving his decision.

C. J. Christensen vs Rio Grande Western Railway Company; Defendants' Motion to Annul Order Made by Tax Court on April 18, argued and taken under advisement.

Pleasant Grove vs Artemus Holman (2 cases) have been set for just. Abstract of judgment from Justice Ross' court at Payson, in the case of John E. Hulsh vs Frederick Finlayson, giving judgment in favor of plaintiff for \$28.65 and \$1.85 costs, has been filed in the Fourth district court.

RADMALL-HANSEN WEDDING.

A marriage license has been issued to M. A. Hansen, 22, of American Fork, and Mary E. Radmall, 19, of Manila.

GARDEN CITY NOTES.

A son has been born to State Treasurer and Mrs. Dixon in this city; all well. Elder Robert Bullock, of Cedar City, who has returned from a mission to Scotland, is stopping off in Provo to visit Elder W. D. Roberts.

CITY COUNCIL SESSION.

County Commissioners Will Not Raise Land Values for Tax Assessment.

June Weddings Galore—List of Jurors—Small Blaze—Real Estate Transfers.

Special Correspondence. Logan, Cache Co., June 19.—At the regular meeting of Logan city council Wednesday evening an ordinance was passed allowing billiard halls in saloon buildings. The ordinance provided that they must be kept in separate rooms without a connecting door.

Mayor Hansen vetoed the ordinance Thursday. He stated in his message that he believed the present ordinance is amply lenient; that as Logan is a college town we should safeguard our student interests as far as possible; and that as one modification has already been taken place, there is now no burden on the saloon owners.

The council organized a new pavement district on Second West between First and Second North and will lay sidewalk pavement on the east side. Faving district No. 4 was stricken from the record. This was west on Center street, and was protested. The matter of allowing a city park to be used as a fair ground was discussed favorably, but no definite action taken at this meeting.

It was also decided to postpone the arranging of a bid on the Hercules

company street works, for two weeks.

M. Maustien was granted a franchise for 25 years for a railway-track to his coal shed near the depot.

P. M. Nielson and others asked that the people in an interesting strain.

The farmers were made glad by a three days' rain last week.

OUR NEIGHBORS.

HIS NECK WOULDN'T BREAK.

George Stephens Has a Remarkable Experience Near Bennington.

Three Hundred Pounds of Wool Strikes Him on the Head Dislocating His Neck.

Special Correspondence. Bennington, Bear Lake Co., Idaho, June 15.—A very peculiar and distressing accident occurred yesterday to George Stephens of this place. He was working at James Hansen's shearing pen on the mountain east of Wardboro, Mr. Stephens and Crandall Dunn were sitting in the shade of a large pile of wool sacks. In some way one of the sacks, weighing more than 200 pounds, left its place and came rolling down on the two men. Mr. Dunn was sitting close to the pile and the sack just missed his head. Mr. Stephens was not so fortunate as it struck him fair on the top of the head, dislocating his neck. All supposed for a time that he had been killed.

He was at once taken to Montpelier where Dr. Hoover set his bones. His face was turned toward the right side, Mr. Stephens plainly felt the bones slip.

DRAWING OF JURORS.

The following jurors have been drawn for the coming term of the First district: Longan—Andrew Kling, Jr., Jacob West, Charles Kollstrom, P. M. Poulsen, James R. Thomas, Hyde Park—Henry E. Hancey, Henry Ashcroft.

Hyrum—R. F. Allen, A. A. Allen, Jr., W. W. Iversen, Martin J. Nielson, H. B. Nielsen, Wellsville—H. C. Parker and George Bankhead. Smithfield—Wm. J. Timmons and Thomas A. Hilbary. Paradise—Robert Pearce, Clarkston—A. S. Heggie.

SMALL BLAZE.

A fire was discovered at 1 1/2 m. Friday at the residence of Mr. Adams in Logan First ward by Officer Hamilton and Betson, and an alarm sounded. The fire department was quickly on the scene, and succeeded in saving everything except a portion of a barn.

REALTY TRANSFERS.

The Henry Ballard farm of 50 acres, west of Logan, was sold by J. Z. Stewart Thursday to Messrs. Hamilton and Turner of Montana. Mr. Stewart also sold a piece of land on First East street, just north of the La R. Harbison corner, to Christian Lee of Hydr Park. Mr. Lee will build a fine residence thereon. The frontage is three rods and the land was owned by Mr. Martineau.

Sued by His Doctor.

"A doctor here has sued me for \$12.50, which I claimed was excessive for a case of cholera morbus," says B. White of Coahuila, Cal. "At the trial he praised his medical skill and medicine. I asked him if it was not Chamberlain's Colic, Cholera and Diarrhoea Remedy he used as I had good reason to believe it was, and he would not say under oath that it was not." No doctor could use a better remedy than this in a case of cholera morbus, it never fails. Sold by all druggists.

EUREKA.

Marriage of Miss Julia Lowney and Mr. Phil Sullivan.

Special Correspondence.

Eureka, Juah Co., June 19.—At 5 o'clock Wednesday morning Mr. Phil Sullivan and Miss Julia Lowney were joined in holy matrimony at St. Mary's church, the Rev. Father O'Donohue performing the ceremony. The young people have a host of friends in Eureka, and wish them all kinds of success in their journey through life.

The Maccabees of Eureka will present the drama "Sons of Mattathias" at the opera house on the evening of June 25. The third anniversary ball of Tintic lodge No. 711, B. P. O. Elks, which takes place at the opera house on the evening of June 22, is all the talk in social circles. It promises to eclipse any previous affairs given by that order.

Miss Mabel Nugent, who after finishing a winter's course in the school at Mantu, has been visiting here with her father, left Sunday afternoon for California to spend the summer. Nearly 100 people in Tintic district attended the concert given at Payson Friday night given by Miss Emma Ramsey. After the concert they enjoyed a dance at the pavilion.

The Sir Knights of Silver City tent.

No. 11, K. O. T. M., gave a very enjoyable dance in the opera house at Silver City on Wednesday evening.

KANOSH.

PETERSON-RAPPELVE WEDDING.

Will Celebrate the Fourth—New Choir Leader.

Special Correspondence. Kanosh, Millard Co., June 18.—Elder Charles Whitaker has been elected as choir leader, superseding his father, O. A., who retires with honor. The members of the Relief society have very busily engaged calculating and palming their meeting hall and yesterday, the 17th, they gave a birthday surprise party to their president, Mrs. Eleanor Rappeley, who has been sick for several weeks.

The officers of our town corporation met tonight to start the official machinery, under the law. Amos Rappeley, son of the late Amos Rappeley, quietly left home ten days since, and is expected to arrive back today accompanied by Mrs. Lillian Peterson Rappeley, from Perrin, Emery Co., a granddaughter of Jos. S. Black. The good wishes of all go with the newly married pair. Preparations for a grand display of patriotism are well under way, and an excellent program will be carried out on the Fourth of July. Our fruit prospects are excellent.

THURBER.

Missionary Welcome—Will Honor Fourth—Three Days Rain.

Special Correspondence. Thurber, Platte Co., June 17.—The town was all astir June 5 to commemorate the return of Elder L. L. Stringham from the missionary field in Australia, where he has been laboring for the last three years. A grand dinner was given at the new hotel, and an excellent program will be carried out on the Fourth of July. The committee on the Fourth of

July celebration has prepared a fine program, which was read at Sunday evening meeting. At the same meeting Elder Richards, who has returned from the Pennsylvania mission, addressed the people in an interesting strain.

The farmers were made glad by a three days' rain last week.

The doctor says if it had been one joint higher or lower it would have proved fatal. There have been a few cases like this before, but they are very rare.

GRASSHOPPER PEST. Millions of grasshoppers are hitching out in the fields between Bennington and Montpelier and already much damage has been done to growing crops. The farmers are anxious to learn the best method of fighting the pests.

LEIGH, IDAHO.

Surveying Reserve and Park Lines—Death of Little Boy.

Special Correspondence. Leigh, Fremont Co., Idaho, June 17.—Little Rodney Barney, son of Walter and Mary Barney, died yesterday at 4 o'clock p. m., at the age of 3 years and 3 months, of throat trouble. He will be buried near Leigh near other relatives.

The government has a set of surveyors running the line between Idaho and Wyoming, so that the park and timber reserve laws can be enforced. Herefore there was nothing to show where the line was, consequently infringements were made.

About 3000 head of sheep were driven through here yesterday for the summer range. Some men take desperate chances in entering this valley. It is an easy route to go around the valley and stockmasters had better be more cautious.

POCATELLO, IDAHO.

FUNERAL SERVICES.

Injured in a Runaway—Race Track and City Boulevard.

Special Correspondence. Pocatello, Idaho, June 15.—Henry Bowers, the fireman that was killed last Sunday in the passenger wreck, was buried this afternoon, the

body was held awaiting the arrival of his mother from Hastings, Nebraska, who arrived at 4 o'clock. The services were conducted at the M. E. church.

On Sunday, June 7, Mr. Bowers participated in the unveiling of a monument to his wife, who died last Christmas and it is a strange coincidence that he was called home a week later.

Mrs. Nellie Davis Rountree, wife of Frank Rountree, formerly of Montpelier, died last Tuesday and was buried this morning. The services were held in the Latter-day Saints church under the auspices of the Palm Leaf circle. Her demise was due to Bright's disease, following confinement.

RACE TRACK AND BOULEVARD.

The city is employing a range of men and teams under John Priest in improving the race track and park site east of the city. A bridge is being built across the Portneuf river, a boulevard is also being surveyed, and electric measures are being entered to complete it. The Fair and Racing association is engaged in arranging for the fall races of southeastern Idaho to take place early in October.

Mrs. Ann's Bird has applied for a divorce from Ephraim W. Bird, who deserted her in 1898.

The annual conference of the Sunday schools of the Pocatello district will convene here Sunday, June 23.

INJURED IN RUNAWAY. Niels P. Nielsen, Jr., a driver for Gallagher Bros., was painfully injured in a runaway this afternoon, being thrown out and dragged for a considerable distance. About the same time Lyle Smith, another driver for the same firm, had a breakdown near the railroad crossing, caused by a wheel breaking near the hub.

RAYMOND, CANADA.

HEAVY STOCK LOSSES.

Progress of Sugar Factory—2,000 Acres of Beets.

Special Correspondence. Raymond, Alberta, Canada, June 15.—Official reports are now in from the different sheep and cattle districts and

from the owners of livestock it is ascertained the loss sustained by the

in the recent storm that visited this section last month. About 95 per cent of the lambs and 10 per cent of old sheep perished. Including those that drifted away and were drowned in rivers and died in snow banks. There were very few acclimated cattle died—only those recently shipped in from other climates that the blizzard caught, and among those, and especially the "buttermilks" from Utah, the loss was quite heavy; most of the stock killed were owned by small stockmen and farmers reeling around settlements.

However, the actual loss of stock in southern Alberta is far from reaching the number that was at first reported, and the greatest loss was to men who have come into the country and had not made any effort to provide either food or shelter for their animals. To carelessness on the part of owners is due, to a great extent, the loss that they sustained. People coming to Canada and expect to turn their stock on the open prairie 12 months in the year without attention, are running a great risk. Many have already learned this fact in their recent experience.

PROGRESS OF SUGAR FACTORY.

Much of the steel work of the main building at the sugar factory is up, and in a short time brick work will be set. A large force is pushing different beams of the work, the management realizing that but a short time remains in which to complete the factory.

BETTER PLANTING COMPLETED.

Best planting season on June 8, a fairly good acreage for the first year having been planted, and while there is more land that could be planted, the company fears to run the risk of later planting, as the season is getting late. About 50 per cent of the crop was planted before the big storm on May 27, and the beets have been up for two weeks and looking fine. These beets will be ready for thinning in about 10 days. The small stockmen, since the date will now be up in a short time, as at the present we are experiencing a nice refreshing rainstorm. Field Supt. Tom O'Brien says the planters had not reported the acreage yet devoted

to the crop, but an estimate puts it at about 2000 acres.

A rough estimate would place the amount of grain now growing in the Raymond district to be about 15000 acres. Most of this grain is in the high and looking fine.

Two great problems confront the people of Raymond at the present time: a town pasture and means to fence crops from stray animals.

Raymond will have a great celebration on Dominion Day, July 1. The bulk of the people from surrounding towns are expected to participate with us.

A special conference was held in Raymond Sunday, June 7, at which a good spiritual feast was enjoyed. Elder John W. Taylor, President Allen and Wood of the stake presidency, and other officials were in attendance, and gave the Saints some good instruction.

Hot Weather Weakens.

If you feel fatigued, listless and lacking in energy, you are perhaps suffering from the debilitating effects of summer weather. These symptoms indicate that a tonic is needed that will create a healthy appetite, make digestion perfect, regulate the bowels and impart natural activity to the liver. This, Herbine will do; it is a tonic, laxative and restorative. Dr. F. Fromm, Propr., Grand View Hotel, Cheney, Kan., writes: "I have used Herbine for the last 12 years, and nothing on earth can beat it. It was recommended to me by Dr. Newton, Newton, Kan." See at Z. C. M. I. Drug Dept.

Dancing every evening at Salt Palace.

Base Ball at Calder's Park, 3:30 Sunday Calder's Park vs Provo Team.

OF INTEREST TO SETTLERS.

Sixty thousand acres of land will be thrown open for settlement July 15, below the Twin Falls, Idaho, on the Snake River, under the Carey Act. For the small settlers desiring to get land, the Oregon Short Line will sell tickets to Shoshone, Idaho, June 24th and 27th, at half rates; good returning for ten days. See Short Line agents for particulars.

We Make It Possible—

FOR THE JUNE BRIDE

To furnish her kitchen complete, from a range to the smallest utensil she uses, at a cost so small that the expense is not felt in that trying time of "fitting up" a home, when every DIME looks as big as a Dollar does any other time; and

THE BRIDE OF TWENTY YEARS

Is not averse to saving a few dollars on these little kitchen necessities that she needs every day. We have them all, from a spoon to a Kitchen Range.

ECZEMA SETS THE SKIN ON FIRE

No disease causes so much bodily discomfort, or itches, and burns like Eczema. Beginning often with a slight redness of the skin it gradually spreads, followed by pustules or blisters from which a gummy, sticky fluid oozes which dries and scales off or forms bad looking sores and scabs. It appears on different parts of the body but oftenest upon the back, arms, hands, legs and face, and is a terrible torment at times, especially at night or when overheated.

The cause of Eczema is a too acid and general unhealthy condition of the blood. The terrifying itching and burning is produced by the overflow through the glands and pores of the skin of the fiery poisons which the blood-current is overloaded. While external applications, such as washes, soaps, salves and powders are soothing and cooling they do not enter into the blood itself or touch the real cause of the disease, but S. S. S. does, and purifies, enriches, and strengthens the thin acid blood and cleanses and builds up the general system, when the skin clears off and Eczema with all its terrifying symptoms disappears.

Send for our free book on the Skin and its diseases. No charge for medical advice.
