DESERET EVENING NEWS WEDNESDAY OCTOBER 27 1909

Crystal Lake Gold Mining Company at Lundy Turns Down Fancy Price for Its Mine,

According to the Bodie Miner, \$1,250.-600 has been offered by eastern capitalints for the property of the Crystal Lake Gold Mining Co. at Lundy, aml R is understood that the offer has been turned down. The mine or mines of

turned dows. The mine or mines of this company is one of the groatest properties of the scale of Nevala, and has a great future. For years mithing but development work has been done and it is only the present seases that property in the preducing class. The ere taken out in development work has pain the operating coefficient of the mine and it certainly makes a great showing. A turnel hearsy is mile in hearth has been rule into the nil, gring a depth of over 5,000 feet, and from the tames is been rule to the top. The over time from bits to file a ton and me visit is from four to seven teel in width, giving in allowed everlasting or body on watch to work. The property is well and plant for concentrates, but an events hant tor concentrates, but an events paint for concentrates but an events paint for concentrates but an and only is increased and a communication of the increased without that now dedivers also horsepower, in operation, and its ca-pacity can be increased without troucle or expense. The completion of the tun-nel makes this an excellent mining proposition, and if it is energeticanly worked it will become a world-famous product. producer.

and Central Receives Part of the Amount Against the Mammoth Mining Company.

fter 10 years of fighting in the irts of Utah and twice before the supreme court of the United States, the Manmoth Mining company yesterday Mammoth Mining company yesterday partially paid the jurgment secured against it by the Grand Central Min-ing company. A payment of \$36,000 on the judgment of \$176,385.48 was made by the company and a promise of the remaining amount in 60 days was made. The payment was made in the offices of Dickson, Ellis & Schuider. The judgment of \$176,385.48 represents the accrued interest, costs of court and other amounts taxed up against the company in 10 years' litigation over about \$20,000 worth of ore, nileged to have been itlegally taken from the

been illegally taken from the rand Central ground. The suit was filed at Nephi in Sep-

tember, 1899, and from tid to Reput in Sep-tember, 1899, and from tid to it has been fought in various forms in other courts in the country. It has been twice before the United States supreme court on various pleadings, it has been tried three times at Nephi and has been in the surgeme court of United a numin the supreme court of Utah a num-ber of times. The fight has been as stubhorn as any ever fought in Utah and it was not until every resource was exhausted that Samuel McIntyre. president of the Mammoth company, admitted defeat. Grand Central has been represented throughout by Dickson, Eills, Eills & Schulder. Senator Arthur Brown and Judge H. P. Henderson, both of whom Judge H. P. Henderson, both of whom have died since the suit was started, were also associated with the plaintiff a attorneys. The defense has been rep-resented by John M. Zane of Chicago, Charles S. Zanc, Senator George Suth-erland, Senator Hughes of Colorado, Col. Pickett and J. F. Root of Mon-tana; H. C. Edwards, Attorney Dierer and others of Sait Lake, The settlement of the suit means much to the Grand Central, as it da-cides the ownership of certale rice

cides the ownership of certain rice ore bodies that have been found but could not be developed as long as itti-gation was pending. It is declared that conditions at the Grand Central that conditions at the Grand Central are now better than they have been for a long time. With the settlemont of the suit it is declared it means a new era for the property. Whether the money will be paid out in divi-dends or be used for the further devel-opment of the mine has not been med. opment of the mine has not been made public. Fred Davis has gone to the Little Smoky district in Idaho to take charge as superintendent of the Cannonball

Consolidated. Lew Humphries, engineer for Gunn-Thompson interests, has just re-turned from an inspection trip to the Mason Valley mine.

Notices have been sent out announc-ing the annual meeting of the Horn Silver Mining company at its local of-fices on Dec. 7. Since the Tintic smeller closed this company has not been in the shipping class.

Charles Getsch, one of the old Park City operators, but who is now on the staff of the J. D. Woods interests, has just returned from a trip through Ne-vada. He declares that the recent rich strike at Bannock, near Battle Moun-tain, is now heavily guarded and only the employes are allowed to look over the rich territory.

The mines at Seven Troughs The mines at Seven Troughs are scheduled to begin operations on Nov. I, according to L. A. Friedman, general manager of the Seven Troughs Mining company and the Soven Troughs Coali tion Mining company. The work will be started with Seven Troughs as an open camp. The Goldfield scale of warms will be advented open camp. The Gol wages will be adopted.

J. D. Massey and Ellas Winn will de velop the Elue Bell coal mine. They have made application to the surveyor general of Utan, Thomas Hull, to have the land surveyed at once. The mine is the one formerly known as the John Packer mine and lies just over the Blue hill on the old mail road between Ver-nal and Brush creek. It has a 9-foot bed of coal and of good quality.-Vernal Express.

Manager Grant Snyder of the Cliff mine at Ophir has returned from a trip to the mine. He was accompanied by A. L. Kern of Milwaukee, secretary and treasurer of the company. Mr. Kern declares that he was struck with the macked improvement at the mine which marked improvement at the mine, which he had not visited for a year. The ore body in the middle tunnel has been opened up a distance of 275 feet and at a depth of 1.000 feet. In places the velu is from 10 to 15 feet wide. The lower tupnel is now in 2.300 feet and the management expects to tap the ore shortly. This will give a depth of 1,500 feet.

Work at the Tintic Standard shaft is now being pushed below the 600-foot level. The leached condition found at the 600-foot level led the management to continue on to the 700-foot level.

At the freehman meeting yesterday afternoon while and purple were se-lected as the class colors. Plans were also further considered for the fresh-man Hailows'en party to be given at the university Friday evening.

For the first time in the history of the university the formation of a band ap-pears to promise success. A meeting is to be held Thursday for the election of officers.

Professors Moslah Hall and Howard B. Driggs are conducting a county teachers' institute at Vernai this week.

The Scribblers' club met today to consider the advasibility of affiliating with the national organization of the same name.

The freshmen's class is meeting this afternoon and making arrangements for a festive Hallowe'en party Friday night. Also the important problem of sweaters and numerals for the fresh-men football players is being debated with considerable warmth.

The proposition of organizing a Uni-versity band is being canvassed with some vigor and every man who can beat a drum or play a wind instrument is being seen and labored with. There will be a meeting at 4:15 Thursday when the proposition of organizing the proposed band will be taken up.
