MRS. MARY A. TAYLOR DEAD. Veteran of 88 Answers Final Summons After Long Illness.

Torture of a Preacher.

EDEN.

FUNERAL OF JAMES RIRIE.

LUMBER MILL IN THE SKIES. Upon the top of the mountain Wm. Flanigan has established a saw mill, and he has a novel way of delivering his lumber into the valley below. With

canyons grow more narrow and preci-pitous the deeper they are penetrated, Above Springdale the region is called

his lumber into the valley below. With wires he lowers the lumber into the canyon 3,000 feet below on the princi-ple of an endless chain, and as the lumber goes down it pulls up the camp supplies and horse feed. The canyon of the Rio Virgin is not very wide at its widest place, but as it narrows the stupendous cliffs and towering peaks present a most inspir-ing and enduring picture.

NEGLECTED OPPORTUNITIES.

Payson, Utah Co., June 20.—The death of Mother Mary Ann Taylor occurred last evening, after a Hingering illness, following the breaking of her hip last February. Deceased was born in North Carolina in 1817, and was past her 58th year at the time of her death. Her husband preceded her to the other side about 11 years ago. The family caine to Payson from North Carolina in 1863, and have made this their home since. The valley and trees bordering the streams look more intensely green be-cause of the great contrast between them and the great hat cliffs which sur-round them. These reflect back the sun's heat with great intensity, making these fittle patches of irrigable soil so valuable for fruit growing, as it flavors the fruit and brings it to such perfec-tion that it cannot be excelled. The people, however, are unappreciative of Eight children survive her, all of whom are highly respected citizens of this and other towns, where they have located. Bishop D. R. Taylor of Salem ward and Jedediah Taylor, janitor of the Latter-day Saints' University, Salt tion that it cannot be excelled. The people, however, are unappreciative of the advantages the locality affords. It could be made famous for its fine grapes, peaches, apricots, cherries and other fruits, all of which flourish to perfection here. The drawback of long and bad roads to reach a market is of-fered as an excuse for not producing the fine fruit for which Dixie is spe-cially adapted for growing. Union and enterprise could surmount this and oth-er obstacles, if the people only thought 80. Lake, are both her sons. She was a faithful member of the Church of Jesus Christ of Latter-day Saints. Funeral services from the Second ward meetinghouse, Thursday, at 2 p.

Torture of a Preacher. The story of the torture of Rev. O. D. Moore, pastor of the Bapilst church, of Harpereville, N. Y., will interest you. He says: "I suffered agonies, because of a persistent cough, resulting from the grip. I had to sleep sitting up in bed. I tried many remedies, without relief, until I took Dr. King's New Discovery for Consumption Coughs and Colds, which entirely cured my cough, and suved me from consumption." A grand cure for diseased conditions of Throat and Lungs. At Z. C. M. I. Drug Dept. Price 50c and \$1.00, guaranteed. Trial bottle free.

Weekly Crop and Weather Bulletin. United States department of agricul-ture, Idaho section, climate and crop service, weather bureau. Weekly crop bulletin for the week ending Mon-day, June 19, 1805: Bolse, Ida.—The temperature remain-ed below the normal over most of the state during the entire week, and on the mornings of the 16th and 17th very light frost occurred in a few localities. There were numerous showers, copi-ous in some localities, though in many parts of southern counties the molsture was insufficient for the needs of yegs-tation, and wherever water was avail-able, irfgation was resorted to. The showers were mostly accompanied by able, irrigation was resorted to. The showers were mostly accompanied by thunder and lightning, the display in some instances having been unusually brilliant for the intermountain region. Water in many small streams is failing, though much less than the usual amount has been used for irrigation; larger streams still carry a sufficient amount of water for present needs, though the starce are invariably much lower than those erdinarily prevailing at this date. at this date.

CROPS.

Fruil-Fruit crops have made good advance during the week, though re-ports from some correspondents are more unfavorable than those received more unfavorable than those reteived during the previous week; while it some districts fruits still shows considerable damage from frost, most connectal orchards promise fair to good yields. Markets in western valleys are well supplied with strawberries and cher-ries; peaches are reported to be rips in the Snake River canyon in Elmore county. Grain-Some dry farm grain in south-eastern localities is suffering from

Gran-Some dry term grain in south-eastern localities is sufficients from drouth; and in a few other places there has even insufficient water for irriga-tion, but the condition of the crop is generally above average; heading is ex-tending into elevated southern districts, corn is growing well. Grace-Hervest of first crop alfalfa is
