

# NO DELAY IN FIGHTING.

Time Will Not Be Wasted in Attacking Admiral Cervera.

SCILEY MAY HAVE DONE IT HERE THIS.

Army is Being Crowded to Available Points in Cuba as Quickly as Possible.

New York, May 31.—A special to the Tribune from Washington says that President McKinley has ordered the army to be ready to move at once to Cuba as quickly as possible. The Spanish squadron at Santiago is being crowded to available points in Cuba as quickly as possible.

It is known, however, that ever since the first report of the Spanish fleet's arrival at Santiago, the army has been thoroughly alert in the practically prohibitive dangers which would be encountered by the American fleet in attempting to force the channel of the bay and up the narrow and tortuous channel of that harbor to force a battle with the Spanish fleet. The Spanish fleet is being crowded to available points in Cuba as quickly as possible.

His plans have been fully matured with that end in view. The only question as to the departure of the army from Tampa rested was that of Cervera's inevitable presence at Santiago, with an American fleet outside of sufficient power to prevent him from attempting to escape. The army is being crowded to available points in Cuba as quickly as possible.

MOVING TROOPS TO CUBA. Washington, May 31.—The military invasion of Cuba has begun. The orders of the war department have been issued at an early hour this morning. The troops that have been ordered to the Gulf ports have been ordered to the Gulf ports. The army is being crowded to available points in Cuba as quickly as possible.

There is a suspicion that the start will be made from Tampa and Mobile, and in such case the troops will converge at Key West to pass into the Gulf of Mexico. The army is being crowded to available points in Cuba as quickly as possible.

It is probable that there will be no less than four separate military expeditions, and that they will start at four different points. Whether the troops will be ordered to the Gulf ports or to the Gulf ports is not known. The army is being crowded to available points in Cuba as quickly as possible.

A conference was held at the White House at 3 o'clock this afternoon between the President and his two secretaries, Mr. McKim and Mr. Sherman. The army is being crowded to available points in Cuba as quickly as possible.

It is said that the war department has decided that the army should be divided into three main bodies. The army is being crowded to available points in Cuba as quickly as possible.

## TARIFF IN THE PHILIPPINES.

Changes that Will be Made by the American Administration.

Discrimination in Favor of Church Orders Will be Removed—General Spanish System to be Followed.

New York, May 31.—A special to the Tribune from Washington says that as a result of the investigation the treasury department has been making into the question of a tariff for the Philippines, the administration has decided to follow the Spanish system.

The experts of the customs service have made an extensive study of Spanish tariffs, with special reference to the duties on sugar, tobacco, and other products. The administration has decided to follow the Spanish system.

In that case, which was furnished the most complete information of the present emergency, a special tariff was proposed and adopted by the treasury department. The administration has decided to follow the Spanish system.

The enforcement of the tariff will be left to the local authorities. The treasury department will have an official connection with the local authorities. The administration has decided to follow the Spanish system.
