

stated by Bancroft with the Bavarian Cabinet has been signed.

TINN TAIN DESIGNED.
New York, 27.—The Herald's special says that 40,000 insurgents have besieged Tinn Tain. They surrounded the city for five days and threatened to storm it. The garrison is two thousand strong. Three foreign gunboats were there to protect European residents. The surrounding villages had been plundered by the rebels.

POLISH INSURRECTION.
London.—Warsaw dispatches report that a band of Polish exiles, said to have been re-united in France, have appeared on the frontiers of Galicia, making riotous demonstrations. It is believed the Langiewicz, the leader of the last Polish insurrection, is at the head of these bands.

SOLDIERS UNDER ORDERS.
New York, 28.—The Herald's Montreal special says the troops in the garrison here are under orders. The soldiers' wives at St. John's have been ordered out of the barracks. Hospitals are being made ready. Government detectives are marching to the frontier.

GEN. COLE TO BE TRIED IN SEPT.
Albany.—The second trial of General Cole for the murder of Hancock, is fixed for September 14th.

CRETAN PARLIAMENT.
Washington.—Information has been received that the Provisional Government of Crete has decided to convene a regular parliament; elections are now being held in all parts of the island. Another battle occurred near Sphakia on the 3d of May, in which the Cretans drove the Turks from two blocks of houses they had recently built.

ENTHUSIASM IN GEORGIA.
Savannah, Ga.—Great enthusiasm is manifested over the final defeat of imperialism; many public buildings and private residences were illuminated in honor of the event.

MORE FROM HAYTI.
Havana, 18.—A proclamation has been issued calling upon all citizens to get under arms. Salnave made a general attack upon the rebel lines on the 16th, but was repulsed, the troops falling back into the city. The Federal steamer *Desoto* arrived on the 17th, being short of provisions. She sailed to Key West, despite the protests of the American Minister, who had promised to secure the lives of all Americans and those who had taken refuge in the legation. The general attack was renewed on the south side of the city on the 18th; the result was unknown when the mail left.

LONDON PRESS ON ACQUITTAL.
London.—The *Daily News* thinks that Johnson merely escaped, and was not acquitted, and considers that the strength of the Radicals is not materially impaired.

The *Post* thinks the Radicals ought to be pleased with their own defeat, and says they eventually will be.

The *Telegraph* argues that the court was above partisanship, hence the verdict was a true one.

POLISH INSURRECTION REPORTS CONTRADICTED.
London.—Dispatches from Berlin say that in well informed circles at Vienna and in Hanover the rumors of the Polish insurrection on the Galician frontier is discredited.

LATEST ACCOUNTS.
Paris.—Rio Janeiro dates to the 9th have been received. The latest accounts state that a decisive battle was about to take place before Humaita. Dispatches from the allied camp state that the bombardment of the Paraguayan stronghold by the land and naval batteries had ceased, orders having been given for a general assault on the works.

LATER FROM HAYTI.
New York, 29.—Haytian advices to the 29th, via Havana, say that Salnave's adherents had recaptured the fortress on the south side of Port au Prince, which was recently taken by the rebels. Delorme, Salnave's Prime Minister, becoming alarmed at his own unpopularity and the critical situation of the Government, had tendered his resignation, which Salnave refused to accept. Salnave had ordered a conscription of 500 men for a National Guard. Nysaygo aspires to the Presidency. His forces are expected at the capital. Salnave is preparing for a desperate resistance. The British war steamer *Phoebe* arrived on the 18th, and was hailed by foreigners with great rejoicing; but she sailed to Jamaica. The foreign consuls still refuse to surrender the refugees in their consulates.

BRAZILIAN NEWS.
London.—The Brazilian mail steamer brings the following news: General Lopes was at the junction of the Zinbarga and Paraguay Rivers, where he had succeeded in concentrating a large force in a strong position. He was well supplied with provisions and war materials. Communication with the interior is unimpaired.

LOCAL AND OTHER MATTERS.

CORRESPONDENTS writing for publication are requested to write on one side of the paper only. No notice can be taken of anonymous communications. Correspondents' names used in every instance accompany their communications, not necessarily for publication, but as a guarantee of reliability.

THEATRICAL.—"Enoch Arden" was repeated on Saturday with unequalled success; and the apothecary at the end gave a pleasing close to a previously gloomy termination. Mrs. Scheller's Anna is a touching portrait of womanly love, trusting faith, fervent piety and true devotion. All the characters were again well sustained. The Comedietta of "When Women Weep" by J. G. Moberg, Esq., was excellently played, and is one of the prettiest little pieces of its class that we have seen. It is cleverly constructed and well written, and its presentation reflected credit alike on its author and the actors engaged in it, who were Mrs. Scheller, Miss Colebrook, Mr. Margatta, Mr. Lindsay and Mr. Graham.

To-morrow night will be presented a legendary, romantic drama, of the sensational class, by Bouceni, entitled "The Phantom," to be followed by the pretty farce of the "Swiss Cottage." Madame Scheller appears in a double role, and will be supported by strong casts. The accomplished danseuse, Miss Olive, will appear between the pieces in a dance.

BIRTHDAY.—To-day, the 1st of June, is President Young's birthday, he being sixty-seven years of age, and in the enjoyment generally of excellent health. The prayer of all Israel will be, Long may he continue to enjoy it, and may he pass many, many happy returns of the season.

"DIXIE" ITEMS.—From the Rio Virgin Times of the 20th, we extract the following items:
The mercury was running up to 90 and 95 in the shade, and the weather was generally warm. Wheat was nearly ready for harvesting, at St. George. The wheat harvest had commenced at the muddy settlements.
Bees are very prolific in Southern Utah, often swarming two or three times in a summer. Mr. Jackson, of St. George, from three swarms has increased her stock this season to ten colonies. A small hive of the editor's had made twenty-five pounds of honey from last winter to the end of April.
The first cavalry of the Iron Co. District are to hold a two day's drill, commencing on the 10th June. General Snow with his staff are expected to be there.
The St. George Dramatic Association were giving performances, at date, to good houses. Professor C. J. Thomas took a Benefit on Wednesday, 20th May.
They were having gentle and refreshing rains on the other side of the "rim."
There is a natural curiosity about six miles from St. George. As arches, hundred feet long, fifty feet high, and about fifteen feet thick at the base. One can climb up and go over as on a bridge.

EMIGRATING TO JORDAN.—The singular manner in which the locusts move, is a subject of no little surprise at times. Last summer they would settle down, in a locality and remain there, rising on the wing for a few feet, through the day, but never ascending into mid-air, until the wind blew in the direction they were traveling. On Saturday last, the hosts in the big field began a westerly movement, going a little north of west. They "hopped," got entangled in small masses, tumbled over each other, made frantic attempts to fly, but still kept their onward way. Whether they will permanently desert themselves has yet to be seen, but they had entirely left Bro. Woodruff's farm on Saturday. They are also moving on the west side of the river towards the mountains. We wish them a speedy trip to the Jordan, where they can commit suicide quietly, comfortably, and in any desirable quantity.

POLICE.—Richard Colard was arrested on Saturday night, for being drunk and disturbing the peace; and this morning Alderman Clinton requested him to oblige the corporation with an X, for public purposes.
