

## DESERET EVENING NEWS: MONDAY, OCTOBER 17, 1904.

The vice of these published charges lies not alone in the fast that they are lies, and the Hible says: "Thou shalt not bear false witness against thy neighbor." but as well in the further fact, and in this the people are interest. ed, they are written to arouse religious projudices in the hope that the "Mor-mon" people will divide along religious lines and defeat my candidacy. It be-comes important therefore to know whether this sort of campaigning meets with your approval. I ask you to stand up like a man and say whether you endorse these lying articles. For I shall then know how to handle you In the future, and you will, if you enirse the same, demonstrate that you are unfit to represent the people of Utah in Congress. No man who is os-tensibly a Republican or a Democrat is fitted to represent Utah in Congress who advances or is willing that others hall advance his cause by an appeal to the religious passions or prejudices of the people, and which appeal is based on falsehoods. The kind of work that your organs are doing in your be-half is well calculated to work barm to our state, in view of the present state of the public mind, as evidenced by the American party movement, it is a very unwise thing to rake the ashes of past conflicts to find coals with which to light your bonfires of victory. Instead if adding to the present excitement, and aiding the objiteration of party reganization in Utah, you and 1 ought insist that the campaign be waged other lines. I really hope that you have not been a willing party to, and that you do not endorse, the calumnies hat have been written and printed in our behalf.

If you do not approve of the kind of fight that is being waged, then you should say so, for I have a right to know. If you approve of the libelous publications to which I have called your attention, say so and put up your hands in defense, for I aim not afraid to meet you on that ground and I will not be the first to cry quit.

If you do not approve of such methfashion, and in a public manuer, and demand of your party organs and your party managers that no such cam-paign be waged in your behalf. O. W. POWERS.

Second-It is stated that "as a mat-ter of fact, and the story is becoming too well known to be able to question it, O. W. Powers had as much to do with the prosecution of the Reed Smoot investigation as did Critchlow, Charles Taylor, the attorney, or any of the rest of them."

Third-"Furthermore, it is a well authenticated fact that Powers was in communication with Atty. Taylor and Senator Burrows, chairman of that ommittee, for over a year before the tearing came up.

Fourth-"The testimony given by Powers in the Smoot investigation was as a matter of fact, nothing more or less than a studied argument, which he had been preparing for weeks." Fifth-"As a matter of fact, a combin-ation has long been in existence between Powers, Kearns, ex-Senator Frank J. Cannon and Senator Clark from Montana, the object of which wa to control the destinies of Idaho and of this state, nor was Fred Dubois of

Each of the foregoing statements is an unqualified falsehood and not one of them has even the shadow of truth as a basis. Each and all are untrue in substance and effect. # Diminished Vitality.

Some people talk very flippantly about diminished vitality. They don't stop to think that vitall ty is the principle of life-that it is that little understood something on which every function of their bodies depends. Diminished vitality is early indicated by loss of appetite, strength and en-durance, and Hood's Sarsaparilla is the greatest vitalizer.
