Last Night's Dispatches.

CONGRESSIONAL.

SENATE.

Bills Introduced.

WASHINGTON, 8.—A large number of memorials were presented and laid upon the table, to be referred to the appropriate committees when appointed. Among them were the following: One by Wright, of Iowa, from the citizens of his congressional district in Iowa, for the repeal of the law requiring a two-cent stamp on bank checks; also a memorial of the Friends of Illinois, Iowa and Kansas, on the subject of a peace congress of the nation; one by Christiancy for the payment of money instead of awarding land to certain soldiers in the late war; one by Oglesby, a memorial of the U.S. Centennial Commission and the Centennial Board of Finance, asking for an appropriation of one and a half million dollars. Bills were introduced, and ordered to be printed and lie upon the table, to be referred hereafter, to remove the legal and political disabilities of all citizens of the U. S. subject thereto.

McMillan introduced a bill to extend the time for the construction and completion of the Northern Pacific Railway. It allows the company ten years additional time to complete the road.

Bayard introduced a bill regulating the salaries of judges of the court of claims. It provides that the salaries of those judges shall be six thousand dollars per annum from and after the passage of the act.

Ingalls introduced a bill for the sale of the Black Bob Indian lands, in Kansas, and conferring exclusive jurisdiction over the Indian reservations on the U. S. courts, and for the punishment of crimes committed by and against the Indians.

Ingalls submitted a resolution that the Secretary of the Interior be requested to transmit the report of the commission appointed to investigate the affairs of the Osage Indian agency, with the evidence taken by the board and the separate findings of the individual members; agreed to.

The bill introduced by Senator Morton, in regard to counting the votes for President and Vice-President, is a copy of the bill on the same subject prepared by the privileges and elections committee, and reported to the Senate last February.

The bill introduced by West, to aid the construction of the Texas Pacific Railway, is mainly a copy of the bill reported by the Senate committee in February last, and recommitted.

EASTERN.

Recommends an Extension.

BOSTON, 8.—The Boynton Packing company, at a meeting of the creditors to-day, exhibited assets of about $900,000 and liabilities $512,000; the committee will recommend an extension, as the condition of the company is by no means critical.

More Fraud,

NEW ORLEANS, 8.—Robert A. Watt, a well known citizen, has preferred a charge against Col. Fred. Meyer, supervisor of internal revenue in this district, alleging that that officer has, for some time, been cognizant of frauds upon the U. S. Government by the St. Louis Gas Co., and has failed to take proper action or to report the fact to his superior officer. The main feature is the allegation that the company have made and sold to consumers, during a number of years, a much greater quantity of gas than they reported to the revenue collector, thus defrauding the government of large sums in the way of taxes. The charges were presented to U. S. Commissioner Enos Clarke, and were by him referred to U. S. District Attorney Dyer.

Kelley's Bill.

WASHINGTON, 8.—Kelley's bill for the sale of timber lands is a copy of the bill passed by the House last Congress, authorizing any one person or association to purchase at $1.25 per acre, 160 acres of timber land in California and Oregon, or Washington Territory, or forty acres in any other territory.

Claim Rejected.

The Secretary of the Interior has rejected the claim of $180,000 of Van and Adair, on account of services as attorneys for the Osage Indians, on the ground that they have already received full compensation, and that the practice of attempting to protect the Indians through attorneys at the expense of the Indians is a vicious one.

Resignation.

Senator McMillan, of La., has written a letter to Governor McEnery, in which he says he deems it his duty to withdraw his credentials from the Senate, and he tenders, through the Governor, to the democratic, conservative and liberal people of Louisiana, the trust committed to his hands.

Republican Changes.

Among the changes of minor importance determined on by the republican caucus were the following—Sharon, of Nevada, is substituted for Ingalls, of Kansas, in the committee on education and labor, and the vacancy on this committee caused by the death of Senator Ferry, is filled by Morrill, of Vt.

The democratic senators held a full caucus meeting this afternoon.

Verdict of Murder.

NEW YORK, 8.—The coroner's jury in the case of Sarah Conklin, a school girl who was murdered at Rutland, brought in a verdict against Frank Bullin; a bloody coat, worn by him on the day of the murder, has been found, and it is said that he has made a partial confession, and there remains no doubt as to his guilt.

W. U. Report.

The report submitted at a meeting of the Western Union Telegraph Company to-day, shows a net profit on the last six months of 1875 of $1,752,781. A quarterly dividend of two per cent. was declared ready, and the salaries of all officers and employees above six hundred dollars per annum were reduced on a scale of from twenty-five to five per cent.

More Fraud Discovered.

A London special says that Capt. Brickenstein of the *Deutschland*, who is at Harwich to-day, gave the following particulars of the loss of his vessel—

"We left Bremenhaven on Sunday morning, and early the following morning encountered a heavy north-east snow storm, and the weather was so thick that we found it necessary to throw the lead constantly and to slacken the speed of the vessel. At half past five o'clock the vessel struck, and shortly afterwards we commenced pumping very hard. Several vessels passed us quite close, but paid no attention to our signals of distress. I ordered the lifeboats to be got in readiness, and soon had them swung out, but did not not deem it safe to lower them in such a heavy sea. One boat was lowered against my positive order, and was almost instantly swamped, and six persons in her were drowned. A tremendous sea swept the deck a few minutes later and washed overboard many passengers, who had all been previously provided with life preservers. After this I ordered the passengers to take to the rigging, and some sought safety on the wheel house, from which position they were rescued by a tug boat about ten o'clock in the morning.

Saved from the "Deutschland."

The following are among those saved from the *Deutschland* now at Harwich—Doctor Blom, the first and second officers, three engineers, the cook, and about forty sailors. The whole number of survivors landed at Harwich are, it is thought, about 146.

CANADA.

Rose Fanaticism.

MONTREAL, 8.—A telegram to the *Witness*, from Oka, an Indian village on the Ottawa river, says that the Protestant Indian church was completely wrecked by a crowd of French Canadian Catholics yesterday.

WESTERN.

Dead.

SAN FRANCISCO, 8. — J. Ross Brown died at his residence in Oakland this morning.

Arrested for Forgery.

Lucius W. Pond, a former wealthy citizen of Worcester, Mass, was arrested here to-day, on a requisition from the governor of Mass., on a charge of forgery; he will probably start east to-morrow, in custody.

FOREIGN.

IRELAND.

Arrived.

MOVILLE, 8.—The *Anglica* has arrived with her propeller uninjured; the report that she had lost it was a mistake.

GREAT BRITAIN.

The "Deutschland"—Bodies Recovered.

LONDON, 8.—The *Deutschland* lies on the west edge of the Kentish Knock, in four fathoms of water. Her stern is about five feet out of the water at high tide. Her wood ends have started, but her spars, sails and everything are standing. Her hatches, over the cargo, are undisturbed, and her deck is dry at low water. The owners of the vessel, together with the agents in London and Captian Brickenstein, went to the wreck to-day.

Fifty-nine bodies have been recovered from the Swathe main colliery, at Barnsley. It is now considered certain that the dead will number between 130 and 140.

Twelve corpses, including those of four men, have been brought ashore at Harwich. It is thought that few if any bodies remain on the wreck.

The following additional details of the disaster are gleaned from the statement of a survivor—"The lead was cast every half hour. We found twenty-four fathoms of water, then seventeen, and immediately after struck. The engines were turned at full speed astern, when we instantly lost our propeller, and were then driven further up the bank. The pumps were worked all day, and rockets fired. The passengers remained in the deck houses until they were driven into the rigging by the sea.

Squadron Recalled.

The vessels ordered from the East Indies to the Mediterranean compose the detached squadron under the command of Rear Admiral Lambert, which, according to previous arrangements, was to have remained in East Indian waters till March; the combined crews number over 3,000 men. On receipt of the new order the squadron will sail for the Red Sea, and proceed through the Suez canal to the Mediterranean. This will be the first time a whole squadron belonging to a foreign power has passed at once through the canal.

AN ORDINANCE
ESTABLISHING FIRE LIMITS, AND FOR THE PREVENTION OF FIRES.

SEC. 1.—*Be it ordained by the City Council of Salt Lake City:* That the following be and are hereby established as the fire limits of said City, viz:—All of blocks 76, 69, 58, 57, 70 and 75, Plat A, Salt Lake City Survey; and within said limits it shall be unlawful to erect any building, the outer walls of which are in whole, or in part, constructed of wood, except so much as may be necessary for door and window frames, cornice, doors, sash and shutters; and the roofs of all buildings hereafter erected, or newly roofed, within said limits shall be covered with metal or other incombustible material; and each building shall be separated from all others by a party wall of brick, adobie, or rock, not less than nine inches thick from the foundation to the roof, from front to rear, and to extend through and above the roof not less than two feet, so as to entirely separate any communication of wood between such building and any other; and in all buildings where fire is kept there shall be flues or chimneys built of brick or adobie, and all stove pipes shall be conducted into flues or chimneys, and if they pass through wooden partitions they must be protected from the same by metal ventilated thimbles, and in no case shall a stove pipe be allowed to pass through the roof, or out of the side of any building.

SEC. 2.—The erection of such buildings as are mentioned in Section one upon any block not included within the aforesaid limits, may be prohibited upon application to the City Council in writing, signed by the owners of the greater part of the real property in said block. Such application shall be accompanied by a plot of the block, designating the property of each owner by his name, written on the plot representing his property; and the City Council being satisfied that the applicants are the owners of the greater part of said property, may extend the fire limits over said block.

SEC. 3.—No person shall, within said fire limits, keep hay or straw, in stack or pile, without having the same enclosed so as to protect it from flying sparks of fire; and no owner or occupant of a livery or other stable, or any other person, shall use therein, or in any other place containing hay, straw or other combustible matters, any lighted candle, or other light, except the same be kept safely enclosed in a lantern or other suitable covering to protect the same.

SEC. 4.—It shall be unlawful within said fire limits to smoke meat or boil pitch, tar, rosin, turpentine or varnish in any room or place, except the same be fire-proof.

SEC. 5.—Whoever shall, in person or by another, erect any building within said fire limits in violation of this ordinance, shall be liable to a fine not to exceed one hundred dollars, and the further sum of twenty-five dollars for every day after twenty days' notice that the building is permitted to stand; and any person who shall become the owner thereof after the same shall have been so built, and who shall omit, neglect or refuse to remove the same within twenty days after notice, shall be liable to pay the same penalties; and for the violation of any other provision of this Ordinance not herein provided for shall be liable to a fine in any sum not to exceed one hundred dollars.

SEC. 6.—Any person, within the limits of this city, laying timbers, wood, or lumber into any flue, or chimney where fire passes, or laying joist, timbers, or lumber into any fireplace or under the hearthstone, shall be liable to a fine not to exceed one hundred dollars, and a further sum of five dollars for every day that such joist, timbers, wood, or lumber are permitted to remain after having been notified to remove the same.

SEC. 7.—It shall not be lawful, within the limits of said city, for the owner, occupant or other person having the control of any steam saw, or planing mill, or factory of any kind, or foundry, machine shop, or other establishment, to erect any smoke-stack or chimney in connection therewith of less height then ten feet above the highest building on the block, and shall securely brace or stay the same, and shall have on said stack or chimney a bonnet or spark-arrester, all to be done to the acceptance of the inspector of buildings.

SEC. 8.—The owners of all buildings within the limits of this city wherein fire is kept are hereby required to build flues or chimneys of brick or adobie in said buildings; and from and after the passage of this Ordinance it shall be unlawful to project any stovepipe through the roof or out of the side of any building, and on or before the First day of March, A.D. 1876, all stovepipes now in use projecting through the roof or out of the side of any building shall be removed by the owner thereof.

SEC. 9.—It shall not be lawful for any person within the limits of this city to use coal oil or other combustible fluid for the purpose of kindling fires, or to handle the same by pouring from one vessel to another at any other time than by daylight.

SEC. 10.—Any person violating or failing to comply with any of the provisions of the last three sections of this Ordinance shall be liable to a fine not to exceed fifty dollars, and a further sum of five dollars for every day that any stovepipe is permitted to remain through the roof or out of the side of any building, after the first day of March, A. D. 1876.

Passed November 30th, 1875.
DANIEL H. WELLS,
Mayor.
ROBERT CAMPBELL,
City Recorder.

Territory of Utah, } ss.
Salt Lake City. }

This certifies that the foregoing is a true copy of the ordinance, entitled, "An Ordinance establishing fire limits and for the prevention of fires," passed by the City Council, November 30th, 1875.
