LOCAL BRIEFS.

R. B. Whitmore has successfully recovered from his rheumatic attack to be out, after six weeks confinement, and is once more able to attend to business.

Frank C. Gattung, who fell from a ladder on East Temple street while arranging an exhibit, is slowly recovering, but with his mental powers still impaired.

Brig.-Gen. F. D. Baldwin, commanding the department of the Colorado, is in the Strawberry valley inspecting the work of the light batteries encamped there.

James Brown, the painter who fell from the D. F. Walker block, has recovered consciousness, but has lost his memory, and has no recollection whatever of his accident.

A successful operation has been performed on Joseph Jenkins, Jr., the 11-year-old son of Joseph Jenkins, of the Tribune, at the Holy Cross hospital. The young man fractured his hand badly with a cannon cracker last Fourth of July.

Secretary Beatty of the state board of health is receiving numerous reports from health officers about the state declaring with more or less vocal pyrotechnics, their hearty approval of the doctor's scheme of a health conference in October next, and their intention to attend the same en masse.

The home of Walter Blakemore, 419 West First north street, was entered Monday night by burglars, who carried away plunder valued at about \$5,000, including a safe, a piano, a typewriter, a car, and a large quantity of clothing. Entrance was made through a rear window, while Mr. Blakemore, a fireman on the Oregon Short Line, and the other members of the family were away.

Rev. Frank Barnett of the East Side Baptist church preaches his last sermon next Sunday, leaving the following day for Greeley, Colo., to enter on his new pastorate there. The church in this city has prospered remarkably during Mr. Barnett's pastorate, and is free from debt, and able to stand on its own feet.

The marksmen from Fort Douglas selected to represent Fort Douglas at the Fort Reno pistol shooting contest next month, are Lieutenants A. G. Clark and C. A. Green of the artillery corps, Lieutenant A. G. Goodwyn of the Twenty-ninth Infantry, First Sergeant H. L. Black of the Twenty-second battery and Private Wrightman of the Twelfth battery.

Mrs. J. B. McGee of this city will start for San Francisco, where she will place a will to New York to make inquiry about certain legal papers in regard to the Trinity church estate in New York City. She expects to get a settlement with the church. All heirs desiring her assistance can reach her by addressing communications to her at the Metropolitan hotel, New York.

The patrol wagon was called on a false alarm last evening to the home of Albert G. Matthews, a machinist, 435 West, Seventh south street. The police were telephoned that a man was killing his wife, but the facts in the case seemed to be that two of the sons were engaged in a fistic combat, when the stepfather got into it, making the affair worse than it was. No arrests.

Considerable speculation is being indulged in as to whether the Ringling Bros., who will show in the city limits or beyond them, Tuesday, Wednesday and Thursday the maximum license of circus \$700 a day, a sum which it is thought the Ringling Bros. will refuse to pay. The county license for two performances would be about \$1250, and as there is good car service to points outside the city limits, there is some

reason for believing that the show would rather pitch its tents outside the city than pay the tax.

The ladies' committee in charge of clothing the orphans who are to be given an outing, decided at yesterday afternoon's meeting, that each girl shall have a white dress with purple tie, each boy dark trousers, white waist and purple tie. Ample provision will be made for refreshments, and the youngsters are sure of a great time. The ladies in charge of the different refreshment committees are Mesdames Ogilby, S. Bambrager, A. J. Davis, Crabtree, Hines, McChrystal, A. W. Raybould, Lovelle and Shea. It is understood that the Elks have bought great quantities of claims for the fiesta.

A few more oldtime telegraphers have made application to Mr. E. B. Spencer for membership in the Old Time Telegraphers' and Historical association. The new members are: Mr. Marshall, Mr. H. B. Atkin, Dr. M. R. Stewart, O. P. Rums, Salt Lake; D. C. Johnson and Mrs. L. M. Johnson, Springville, Utah; D. W. Phelan, Murray, Utah; Evan Evans, Garfield, Utah; E. B. Booth, Denver, Colo. The program for the entertainment of the members of the association at the Atlanta, Ga., convention, Sept. 20, 21 and 22, is quite an elaborate one, and a large attendance is looked for.

Yesterday afternoon's Tabernacle organ recital was well attended and enjoyed. A number of people were there expecting to hear Mrs. Gillette sing; but that will not be until next Saturday. The program was an excellent one and included "Jerusalem the Golden" with variations by Sparks, "Idylle" in D flat, by Faulkner, "Cantilene" by Giesse, "Serenade" by Schubert, and "Prelude to Lohengrin" by Wagner. The organist was very happy in his registration of the Serenade, as well as his interpretation of the Idylle and fairly brilliant rendition of the Lohengrin. There will be a recital with classical program, tomorrow afternoon.

We pay 4 per cent interest per annum on \$1 to \$5,000. Zion's Savings Bank & Trust Co. Joseph F. Smith, President; George M. Cannon, Cashier.

LIKES OUR OWN UTAH.

Gen. A. W. Gilchrist Finds Salt Lake An Inviting Residence Spot.

General A. W. Gilchrist, formerly adjutant general of Florida and a member of the legislature of that state for a number of terms, is a guest at the Kenyon. Gen. Gilchrist is making the grand tour of the west and north-west, inclusive of the Yellowstone Park, Oregon and California, and has stopped over in Salt Lake to view our local attraction and to renew old associations with Major Richard W. Young, of whom he was a West Point classmate. The general reports Florida as prosperous in her early agricultural products, but not so promising in the culture of oranges now as before the "great frost" of several years ago. Florida's immense timber tract is receiving attention and the project of draining the Everglades is approaching successful accomplishment. Naturally, he is much pleased with our mountain home and admires the grit and brains of the pioneers, who had the hardihood to attempt and the genius to bring about the redemption of the wilderness. It required the combined and renewed assurance of a number of the workers at the bureau of information to convince him that the vox humana of the tabernacle organ and not the human voice itself, rendered the music for the singing effects at yesterday's recital.

NOVEL PRODUCTION.

Ringling Brothers' Jerusalem and the Crusades a Beautiful Spectacle.

In the matter of spectacular production the Ringling Brothers have gone many steps further than ever before attempted in circus enterprises, and their achievement has made previous efforts look colorless and small. The subject chosen for their display is creamy with possibility, and the most has been made of this fact by the program of the story of Jerusalem and the Crusades is known to every reader, and classical history furnishes no chapter of higher and more inspiring interest. Ringling Brothers have made upon the romantic features of this beautiful story, and brought them into stirring focus under canvas. Twelve hundred people are employed in the pantomimic display, and more than 40 horses are used in the exciting tournament and picturesque march of the Crusaders on their holy mission to Jerusalem. Oriental life is illumined by the brilliant advertisement before the South of Egypt, in which 200 young girls participate. The music was written for the production and is rendered by a band of 50 musicians, and the largest and most elaborate organ ever made. This splendid novelty occupies about thirty minutes at the opening of the big circus program. It requires a special train to convey the enormous scenery, gorgeous properties and 2,000 costumes used in the production of this thrilling spectacle, Jerusalem and the Crusades.

Ringling Brothers will exhibit at Salt Lake City, Wednesday, Aug. 10. The splendid stage program, for which this circus is celebrated, will leave the show grounds on the morning of circus day at 10 o'clock.

MANIAC STILL AT LARGE.

However, Wyoming Sheriff and Posse Are on His Trail—May Fight or Die.

(Special to the "News.")

Cheyenne, Wyo., July 27.—James Mallady, the maniac, who murdered T. C. Hayes at Grand Encampment last Friday night, and who escaped to the Sierra Madre mountains, is still at large. Sheriff Horton and posse are in pursuit but the cunning of the madman has thus far served him well. His knowledge of the mountains renders his capture extremely difficult. Mallady is well armed and will fight to the death. Yesterday the posse was close upon the murderer, but he got farther away during the night. The officers hope to starve him out, but he subsists by keeping close on his trail. Thus far the posse has found no evidence of Mallady having partaken food during the night, and it is possible that in his demented state he will not think of eating, and may starve to death.

OFFICES ARE TO BE CONSOLIDATED.

Last of Harriman General Agencies to be Brought Under One Roof.

AT SAN FRANCISCO QUARTERS.

Action Taken Following the Recent visit of Traffic Director J. C. Stubbs to Coast.

Following the visit of Traffic Director J. C. Stubbs of the Harriman lines to the coast last week comes the story to the effect that the Union Pacific will relinquish its handsome offices at the Golden Gate and consolidate them with the Southern Pacific along the lines instituted recently at Portland, Or.

It is stated in confirmation of this story that no effort has been made to secure a renewal of the lease of the present headquarters under the Masonic Temple, which is soon to expire, and that arrangements were under way to bring the agencies of the Southern Pacific, Oregon Short Line, O. R. & N. and the Union Pacific under one roof at 613 Market street.

H. H. YARD HERE.

Representative of the Western Pacific Arrives from San Francisco.

H. H. Yard, brother of the chief engineer of the Denver & Rio Grande, is at the Kenyon. Mr. Yard comes from San Francisco as the representative of the Western Pacific. However, he is not talking about the plans of the projected road for publication in any shape or form.

The San Francisco Bulletin of recent date has the following to say regarding Mr. Yard's connection with the big scheme: "The Western Pacific has merged its interests with those of the Butte & Plumas railroad. Attorney W. J. Barnett, who is now in New York, has sent the following dispatch to the directors of the Western Pacific: 'You are authorized to announce the merger of the interests of the Butte & Plumas railroad with the Western Pacific. Both interests will work in common in the future. Also, that construction work will begin from Stockton to Sacramento as soon as necessary details can be settled.'

"So, while it was rumored in railroad circles yesterday that the two roads would consolidate, the deal had already been effected, and Barnett has confirmed the news from New York. The Butte & Plumas road is represented by H. H. Yard, who also controls the Indian Valley railroad.

"Attorney Barnett of this city represents the Western Pacific, and it is supposed, the Goulds interest, alleged to be back of it. It is said that H. H. Yard will actively manage the three enterprises hereafter, but it is not believed that he will supercede Barnett in the Western Pacific. The attorney probably will continue to represent the road in this city.

"The Western Pacific is the new transcontinental road surveyed through Nevada, Idaho, Utah, Arizona, New Mexico, and California. It is the plan of the promoters of the new road to tunnel under the pass to a distance of about 2,000 feet, by which means they will effect a great saving in grade and distance.

"The road has been extensively fighting the yard syndicate in Butte county, but recently hostilities ceased, and the Western Pacific took over about 120 miles of the Butte & Plumas surveys from Oroville north along the Feather river to Big Meadows. Several days ago the deal merging the interests of both roads was effected.

"It is said H. H. Yard will now direct construction of the new transcontinental line.

SPIKE AND RAIL.

The 1904 wood clip in Montana is said to have furnished 20,000,000 pounds of freight for the railroads. The clip, it is claimed, brought to the woolmen the snug sum of \$5,140,000.

W. S. Anderson has returned from a trip to California.

The date for the opening of the Lucin cut-off to regular passenger traffic has not yet been definitely decided upon.

All railroads announce special excursion fares for the coming season on the occasion of Democratic day.

General Passenger Agent S. K. Hooper of the D. & R. G. is expected to again visit Salt Lake on Sunday.

The rail mill of the Minnesota plant at Pueblo commenced on Monday to turn out a rush order for 4,000 tons of 55-pound rails to be used in the construction of the White River bridge over the Missouri Pacific, extending between Carthage, Mo., and Memphis, Tenn.

The Denver & Rio Grande is reported to be in the market for 50 more big locomotives.

AT THE RESORTS.

There was a dance given last evening at Lagoon under the auspices of the Jewish Women's Relief society. The committee arrangements were Mrs. M. Woolf, Mrs. M. H. Deaky and Mrs. I. Watters. The function was much enjoyed and a neat sum was realized for the worthy purposes of the society.

ODDEN NEWS NOTES.

Joseph Battamer Held to the District Court in \$2,500.

(Special to the "News.") Ogden, Utah, July 27.—This morning in Justice Howell's court Joseph Battamer was given a preliminary examination on the charge of assault with intent to commit murder. T. T. Smyth, the man who was shot by Battamer, was so far recovered as to be brought in court to testify in the case. He stated on the stand that Battamer entered his saloon on Twenty-fifth street, pulled a revolver and deliberately shot him in the side without any provocation whatever. Smyth also testified that the prisoner had previously threatened to shoot him. Other witnesses testified to seeing the shooting, and that it was done without provocation on the part of the victim. No defense was put in, and the prisoner was held to the district court in the sum of \$2,500. He could not furnish bail and was sent back to jail.

Joseph Turner and Thomas H. Doyle were arraigned on the charge of robbery. It is alleged that they entered a second-hand store, held up the proprietor and relieved him of all the money on his person, and carried off a number of

watches and other jewelry. Their preliminary hearing has been set for next Tuesday morning. In default of \$500 bail, they were remanded to the city bastille.

The only baby elephant born in this country and successfully reared is now the prize of Ringling Brothers' rare wild animal collection. It has been stated by animal collectors that a baby elephant born in this country in this climate could not live. Ringling Brothers have shown this claim is not well founded. Baby Doo (the name of this strange little creature) is a sturdy mite, full of romping spirit and bids fair to grow into a huge adult of its kind. It is now 21 inches high and weighs 125 pounds. It is the privilege of a life time to see this rare animal baby. The attachment for the little one and its big mother is almost human, and the great company of 40 elephants threaten to spoil the "kid," says the keeper, by their jealous attentions.

The Hot Weather Test

Makes people better acquainted with their resources of strength and endurance. Many find that they are not so well off as they thought and that they are easily enervated and depressed by the heat. What they need is the tonic effect of Hood's Sarsaparilla which strengthens the blood, promotes refreshing sleep, overcomes that tired feeling, creates appetite.
