

AGAINST THE SUNDAY SALOON.

City Council Asked to Abate the Nuisance Forthwith.

THE PETITION IS REFERRED

Question of Street Paying Reverts Further Attention—The Telephone Tangle—Miscellaneous.

The latter-day Saints Sunday schools sent in a vigorous protest to the council at last night's meeting, inveighing against the flagrant infractions of the ordinance compelling saloons to keep their doors closed on Sunday, and the practice of permitting minors to frequent saloons and billiard halls. A charge was also made that gambling was being extensively practiced, although a show had been made of closing the more notorious gambling houses, and little pretence was made at observing the ordinance prohibiting the sale of tobacco in any form to boys under 18 years of age. The council was requested to investigate the charges. The petition was signed by C. B. Felt, James W. Saville, H. J. Walk, Heber S. Cannon, Eugene M. Cannon, representing thirty superintendents, who in turn controlled \$800 Sunday scholars. It was turned over to the police committee.

PAYING PROPOSITIONS.

The paving ordinance for Third South street from State to West Temple, and Second South from First to Sixth West, were passed, and the board of public works was instructed to advertise for bids for the work. Property owners will be taxed \$14 a front foot for the paving.

DRIVING ON BOULEVARD.

Dr. C. W. Higgins reminded the council that the city was not keeping its agreement to keep bicycles and heavy traffic off the main street boulevard between Ninth and Tenth South. The committee on streets will look into the matter.

INTAKE PIPE ALLOWANCE.

The report of the waterworks committee recommending that Keller & Rush be allowed \$200 extra on their contract for the intake pipe in the high line system was ordered sent to the board of public works.

OBSERVATION CAR.

Manager Uzell of the Salt Lake Observation car company, which proposes to run a "seeing Salt Lake" car on all the street car lines of Salt Lake City, asked the members of the council to take a ride next Sunday morning on his observation car. A photograph of the party will be taken on the occasion.

QUESTION FOR CLAIMS.

Mrs. Jane Sinclair presented a claim for \$500 damages for herself and minor children for the death of her husband, Louis Sinclair, which it was claimed was due to careless filling in of a ditch. The committee on claims will pass on the matter.

ELKS BOND.

The Elks \$5,000 bond for their approaching street fair was referred to the Mayor for approval. The Utah Savings & Trust company is the surety.

ARBITRATION.

A committee of Thomas, Robertson and Tuddenham was instructed to arbitrate the city's claims against the county of \$292 for water used at the jail and county side of the joint building.

In order that city employees may have plenty of money to celebrate on the Fourth of July the June pay rolls were signed last night.

BOUGHT A CLEARANCE CARD.

K. of P. Supreme Lodge Will Report on a Shady Insurance Deal.

Indianapolis, Ind., July 2.—At the special meeting of the supreme lodge, Knights of Pythias, in Chicago, next week, it is understood a report will be made exporting persons alleged to have been implicated in a deal by which a former Illinois insurance commissioner received from a manager of the Knights of Pythias, endorsement rank, \$1,500 for a "clearance card" and a letter of recommendation for the rank. Union B. Hunt, secretary of state, who is a supreme representative of the order, will attend the meeting of the supreme lodge and will favor an investigation and indictment of the offenders if there is evidence to warrant such action.

The story is that the \$2,500 bought a report showing that an investigation had been made and that the endorsement rank affair had been found satisfactory. Later the Illinois insurance and fire insurance authorities began an investigation of the rank. This is not yet finished.

C. F. S. Neal of Lebanon, manager of the endorsement rank, sanctioned the present investigation and has been assisting in carrying it through. The endorsement rank is the one mentioned in the \$2,500 story. Mr. Hunt does not know who were implicated in the transaction, but says Mr. Neal is not mixed up in it in any way, except to give it a thorough investigation.

The latter is reported to have made an affidavit in Chicago last Saturday, touching the alleged payment and the affidavit is said to be in the hands of the Illinois insurance department.

Brussels, July 2.—There was a riotous scene between the socialist and ministerialists in the chamber of representatives today. Poillon, a socialist, promised in case of riot occurring to kill the general in question. "Liar" and "Assassin" were among the epithets hurled at the ministerialist. Women are Like Flowers.

Healthy and strong and bloom. Sickly, they wither and die. Every woman ought to look well and feel well. It's her right and duty, but she might as well try to put out a fire with oil as to be healthy and attractive with disease corroding the organs that give her woman. Upon their health depends her health. If there is inflammation or weakening drains or suffering at the monthly period, attend to it at once. Don't delay. You're one step nearer the grave every day you put it off. Women can stand a great deal, but they cannot live forever with disease dragging at the most delicate and vital organs in their body. MATCH RACE WAS DISAPPOINTING.

In the Fourth Mile Lawson's Machine Went Wrong.

TRACK RECORD WAS BROKEN

Leo Bowers Develops an Amazing Sprint and Surprises the Amateurs—Clem Turville Wins One.

A large crowd attended the bicycle races last evening, but it was doomed to disappointment in the fifteen mile match race between John Lawson and Charles Turville. During the fourth mile when everything seemed to be going "just lovely" the motor pacing Lawson quit the business, Vaughan and Julius ran the thing out the track and upon close inspection it was discovered that the gasoline tank had sprung a leak.

Lawson was game and gave the best there was in him. He pugged along and after losing three laps lacked only Turville's pace and followed it nervously. It was too much for him though and he was forced to pull away for a breathing spell. When the twelfth mile post was passed Turville had one mile the best of it. Lawson's pacing machine was repaired in the meantime and was put on the track again. John was pulled around until the end of the race.

Turville rode in the same form that delighted thousands here last season. From the very start his paces set a pace to kill but Charles remained within six inches of the motor's rear wheel and not once did he show the least sign of "baking."

Before their motor gave out, Vaughan and Julius rode like mad men in an effort to pass Turville but it was useless. Turville was not capable of going as fast as his opponent, but faster. But for the accident to the motor, the race would unquestionably have been the most exciting of the season to date. Turville broke the track record of 29.94 by making the distance in 27.55.

The other events were well worth beholding. Lawson took the first heat of the mile professional, then Turville got second and Vaughan third. The latter finished fourth but was given third on account of being fouled by Emery. The latter was very wrathful at the referees decision and he had considerable to say about "giving home boys the worst of it."

Clem Turville jumped out in the finish and took the race from Samuelson. Vaughan coming in, third and King fourth.

Among the amateurs Leo Bowers was the surprise of the evening. He made Eddie Smith dig hard to beat him in the half mile open. He took second both in the first heat and final.

SUMMARY.

Mile professional handicap: First heat—John Lawson (65 yards) first, Clem Turville (55) second, W. H. Vaughan (scratch) third, Time, 2:07.2. Emery finished third, but was disqualified for blocking Vaughan.

Second heat—W. E. Samuelson (80) first, Clem Turville (55) second, W. H. Vaughan (scratch) third, Time, 2:07.2. Emery finished third, but was disqualified for blocking Vaughan.

Final—Clem Turville first, Samuelson second, Vaughan third, King fourth, Time, 2:01.5. Half-mile amateur open: Bowers second, Charles Hermann third, Time, 1:06.2.5.

Second heat—J. B. Hume first, J. H. Leyland second, R. Grams third, Time, 1:06.

Third heat—Lawrence Beck first, E. H. Heagren second, A. G. Angel third, Time, 1:06.

Final—Smith first, Bowers second, Beck third, Leyland fourth, Time, 1:07. Fifteen-mile motor-paced professional: Charles Turville first, John Lawson second, Time, 27.55. Breaking track record of 29.94.

A Sweeping Challenge.

The Henley Regatta.

Henley, July 2.—Manager Hart of the Pennsylvania crew in an interview said: "A great many British oarsmen are expecting us to finish badly winded but I think there is a surprise in store for them. The mile and a quarter course is a tough proposition, but you will see Pennsylvania finish stronger than any other crew on the water."

"I like the Belgians. They are a splendid crew. But my guess is that the finish will rest between the Leanders and ourselves. There is no nervousness in the make up of the Pennsylvania crew; and as a matter of fact, our ideas of what we have to contend with have been lessened rather than increased."

Grand Forks, B. C., July 2.—The 20 round glove contest between Dal Hawkins of San Francisco and Martin Deny of Canada resulted in a draw. Neither man was much bruised up after the fight.
