FIFTY-SIXTH YEAR.

NO DISSOLUTION OF PARLIAMENT

Ukase Prepared But Was Decided To Let Matters Drift Along.

CON. DEMOCRATS DEFEATED.

Peterhof Sentiment in Parliament as Revolutionary Sentiment Must be Suppressed.

Chief of Police to be Notified of Any Attempt to Print the Address To the Country.

St. Petersburg, July 21.—The acute crisis which faced the country yesterday has passed. On Thursday night a decision was reached to dissolve parliament today and a ukase to this effect was actually prepared but yesterday when it became apparent that the Constitutional Democrats, although they had obtained a nominal victory had virtually suffered a defeat and were anxious to retrieve their blunder, it was decided at Peterhof not to issue the ukase but to allow matters to drift along for the present. This morning Interior Minister Stolypin notified the chancery of parliament that he would appear in the house today and answer interpellations.

The Nasha Shliss says that the decision to postpone the dissolution of parliament was preceded by the receipt of what was practically an ultimatum from the Gorskym ministry which demanded to be allowed to resign or that it be given a free hand. The prevailing sentiment at Peterhof continues to be that a decisive step to suppress parliament as a revolutionary center will be necessary in the near future but there seems hope that the open breach between the Left and Constitutional Democrats, which has plain the Constitutional Democrats no longer control a parliamentary majority. The present situation cannot be prolonged and many cannot judge believe that matters are rapidly moving toward a dictatorship. The arrest of the guard regiments at the capital has been followed by the strengthening of the patrols throughout the industrial quarters where the women are greatly excited by the complete suppression of the socialist press. Orders have also been issued by all printing offices to notify the chief of police immediately of any attempt to set up the address of the lower house in the country. The temper of the masses can be judged by the fact that mobs resisted the closing of the offices of the socialist papers last night and that at meetings of the proletariat organizations of Moscow it was resolved to make the dissolution of parliament the signal for a general strike.

TALES TOLD BY REFUGEES FROM MEXICO.

New Orleans, July 21.—E. J. Mathes, chief of the party of 24 American men, women and children who left Mexico because of anti-foreign threats and passed through New Orleans last night en route to Cincinnati, said: "One of the most alarming features of the situation in Mexico is the fact that Mexican servants have joined in the anti-foreign movement and the wives of foreigners are in mortal terror of their families being poisoned. I was reluctant to leave the country, but I simply could not resist the pleadings of members of my family."

"The anti-foreign movement is strongest in the northern and central portions of Mexico, where the natives have been wrought up to a high pitch of excitement by agitators and agents of revolutionary societies. Along the Rio Grande border the movement is not so strong because the Mexicans fear the Texans who know how to shoot."

The educated class of Mexicans is not in sympathy with the anti-foreign movement but is in a hopeless minority. The army is recruited from the lower classes and cannot be relied upon. The uprising is scheduled to occur in September and it probably will be necessary for the United States to throw an army across the border in order to protect American citizens.

The lots will be sold to the highest bidder for cash by the register and receiver at the townships in which the lots are located.

MAG. DREYFUS IS DECORATED

In Uniform of His Rank. Receives Cross of Chevalier of the Legion of Honor.

SPOT WHERE WAS DEGRADED.

Ceremony Purely Official—Was Surrounded by Two Batteries of Thirtieth Artillery.

Paris, July 21.—In the presence of a distinguished military assemblage, Maj. Alfred Dreyfus, wearing the full uniform of his rank, today received the cross of chevalier of the Legion of Honor. The ceremony, which occurred in the courtyard of the military school, was rendered doubly impressive by being held on the very spot where the buttons and gold lace were stripped off his uniform and his sword broken 12 years ago. The courtyard from which the public was rigorously excluded, was the scene of the purely official, as evidenced by two batteries of the Thirtieth Artillery, commanded by Col. Farago, who made the recent discoveries at the war office leading to the re-hearing of the case against Dreyfus and his acquittal.

Gen. Gallain, accompanied by a number of army officials, entered the circle with trumpets and drums sounding. The ceremony was over in five minutes, the general, Maj. Dreyfus and the army officials retiring amid the dipping of flags and a roll of drums.

Augustino, Porto Rico provincial regiment.

MANCHESTER'S SECOND SON

Christened in the Chapel Royal, St. James Palace. London, July 21.—King Edward was one of the godfathers of the Duke of Manchester's second son, who was christened today in the chapel royal, St. James palace. The king was represented over especially for the occasion by Lord Fitzmaurice, a lord in council. The other sponsors were Eugene Zimmerman of Cincinnati, father-in-law of the duke, and Cavovelo, Duchess of Manchester, widow of the eighth duke. Mississippi water brought over especially for the occasion was used at the christening. The mother was indisposed and unable to be present, but a fashionable gathering attended the ceremony.

AN OLD WOMAN'S SUICIDE.

Paragould, Ark., July 21.—Word has been received here of the death of Mrs. Azalia Thompkins, 76 years of age, near Lorado, 26 miles distant. It is stated the woman drove two ten penny nails into her head with suicidal intent. She was blind and partially deaf.

GRAVE ROBBERY.

Three Men of Crescent City, Cal., Arrested for It.

Crescent City, Cal., July 21.—C. R. Collins, a prominent merchant of this city, together with Ed Charters and Allen Selig, were arrested yesterday and held to answer on the statutory charge of violation of sepulchre. From an interview with the prosecuting attorney it appears that Collins, Charters and Selig are charged with robbing the graves of no less than 15 Indians, for the purpose of securing relics and valuables, supposed to have been buried with the bodies. It is charged that they not only dug up the bodies but afterwards there the remains of the Indians has reached such a pitch that today's preliminary hearing at Commissioner's court resulted in a plea that Collins, Charters and Selig, an Indian agent at the Hoza reservation, might have time to get away. It is generally understood that Selig will represent the government, and assist in the prosecution of the prisoners. F. W. Tate, the prosecuting attorney, stated last night that he not only had a clear case against Collins, Baird and Charters, but that it would involve prominent citizens of the Crescent City. A large number of Indians are in town but no trouble is expected by the authorities as they show a disposition to let the law take its course.

THE NEW FRENCH MILITARY MAGAZINE

It is Longer and Heavier and of Smaller Caliber Than American Small Arm.

BUT IN NO WAY IS SUPERIOR.

The Magazine is Under the Barrel And the Gun Uses no Clips.

Washington, July 21.—A sample of the new French small arm, the improved Lebel rifle, has been received at the war department, and is being carefully examined by the experts. The gun is about four inches longer than the new American rifle, slightly smaller in caliber and a pound or two heavier, but it does not appear that it surpasses the American arm in range, accuracy or other valuable qualities. The magazine extends in a line with the barrel like an American sporting rifle and the gun uses no clips; consequently it is slower to load than our own gun. The center of gravity is continually shifting with the movement of the ammunition in the magazine and there is danger that a shell in the magazine might be exploded by a sharp blow of the stock upon the ground, causing the pointed bullet of the round to strike the primer of the one above it. A queer ribbed bayonet over 10 inches in length, fitted with a sword handle of aluminum gives the French gun a formidable appearance, but our ordnance officers think better of our knife bayonet.

WIND RIVER LANDS.

Drawings and Filings Will be Held at Shoshone.

Washington, July 21.—In accordance with a supplemental proclamation issued by the president yesterday, the register and receiver of the land office for the Lander, Wyo., district shall receive entries for lands in the ceded portion of the Shoshone reservation at Shoshone, Wyo., from Aug. 15 to Oct. 3, 1906, instead of Oct. 1, 1906. This action was based upon the fact that the railroad now building into said reservation will not be constructed from Shoshone to Lander until after Aug. 15 and the change is made to accommodate prospective entrants.

A FINE ARRANGEMENT.

Minister and Wife Will Live Together As Brother and Sister.

Colorado Springs, Colo., July 21.—Believing they have been violating the teachings of the Holy Bible for the past five years, Rev. J. D. Christie, pastor of the New Mission church, and his wife, both of whom were divorced before being married, publicly announced at a revival service attended by several hundred people that henceforth they would live as brother and sister. However, they will continue to live under the same roof as brother and sister. The announcement was made after Rev. Charles W. Savage, pastor of the People's church of Omaha had delivered a sermon against the re-marrying of divorced people.

ARRESTED FOR LARCENY.

New York, July 21.—Edward Forest, aged 42, a clerk in the employ of the National Park bank, was arrested last night on a charge of larceny. The complaint is Maurice H. Egan, cashier of the National Park bank. The amount alleged to have been stolen by Forest is \$150. Officers of the bank refused to confirm or deny a report that the police were looking for another man in connection with a robbery involving a large amount.

CHURCHILL OPENS CAMPAIGN.

Concord, N. H., July 20.—Winston Churchill, novelist, is sponsoring his campaign for the Republican nomination for governor of New Hampshire in a rally in this city tonight. Mr. Churchill is running on a platform, the principal plank of which is non-interference in the corporation of the state. In his address tonight Mr. Churchill said tonight regarding the alleged interference of corporations in the government and politics of New Hampshire: "In my opinion this is not only the greatest issue in New Hampshire, but the most important issue in the United States. It is going to win eventually all over the United States, and largely because only one man had the magnificent courage and foresight to get up and lead Americans in this second war for independence, and that man is Theodore Roosevelt."

PORTRAIT OF HAY.

Washington, July 20.—A portrait of the late Secy. of State John Hay, personally selected by Mrs. Hay, was today placed in the diplomatic reception room in the state department. It is the work of a New England artist, Miss Ellen Emmett of Salisbury, Conn., three-quarters life reproduction in all colors of a photograph of Mr. Hay taken at his home, which represents a front view of him seated in a chair.

BLUE RIBBON OF THE YEAR'S YACHTING TROPHIES.

New York, July 21.—The King's cup, the blue ribbon of the world's yachting trophies, presented by King Edward VII to the New York Yacht club, to be raced for annually by American yachts, open to the sailing fleets of all American clubs, arrived at the New York Yacht club yesterday from England. The cup, which is of solid gold and valued at over a thousand dollars, is the handsomest trophy that has ever been offered for international competition. It is finely chased with symbolic figures, embossed with a shield bearing its inscription and purpose. It stands fully 49 inches high exclusive of its base and measures about 20 inches in diameter. The cup was received on behalf of the club by Secy. George M. Chambeck. It was presented by King Edward VII to the New York Yacht club in conjunction with the New York Yacht club regatta. There were present at the ceremony of July 22 in the race. The largest of these will be the "Mad cap" defender, Vigilant, now converted into a yawl and owned by William E. Irelie.

MAN AND MANAGER AT "OUTS"

All the Result of Mr. Mayall Forcing Mr. MacLean to a "Show Down."

POPULAR PLAYERS STRANDED.

Story of How Two Bingham "Angels" Were Drawn Into Backing From Which They Retreated.

MacLean and Mortimer Said to be Booked for "Ten Cent" Turn on The Bon Ton Circuit.

The stock company which played to such splendid business at the Orpheum and later at the Salt Lake theater is no more. The members of this aggregation of talented players, or perhaps to be more correct all save two, met yesterday and officially disbanded. The company can now be said to be stranded for the true being, although both as a company, and as units, offers are being received by wire for engagements a 30 dates.

In the meantime P. G. MacLean and Gus Mortimer are seriously considering an offer from a 15-cent saddlebill circuit which has a house in this city to "go on" with a turn by way of a pot boiler until the clouds roll by and the regular theatrical season opens up.

MANAGER AND MAN CROSS.

Behind this statement is a story of dissension, alleged misrepresentation and a general muddle. Some of the members of the company have not received their salaries in full, they claim. P. G. MacLean accuses Herschel Magale, the handsome and popular leading man, of undermining him in spite of contracts he holds. Mr. Mayall, on the other hand, avers that MacLean cannot produce the contracts, and to back his claim has documentary evidence in support from theatrical managers who aver that MacLean is overstraining the truth when he says that he holds contracts to appear in their theaters.

MEMBERS CUT MACLEAN OUT.

The members of the company prefer to believe Mr. Mayall and decline to have anything whatever to do in any shape or form with MacLean. He has not been for the action taken by Mr. Mayall, declares one member of the company with emphasis this morning, "we would all now probably have been stranded on the Nevada desert somewhere around Goldfield. We have that goldfield in Mr. Mayall that we will abide by anything he says. If he says he has an engagement we will follow him anywhere, but MacLean, no thanks."

THE NEVADA BOOKINGS.

It will be recalled that it was announced with a great flourish of trumpets at the close of the engagement of the company at the Salt Lake Theater that the entire company was going to Reno, Nevada, and would play there three nights, then go on to Tonopah and Goldfield and work their way to the coast by the time their engagement at the McDonough theater, Oakland, opened.

MAYTILL STEPS IN.

This was the announcement made by Manager MacLean and Mr. Dewey, a member of the company, was commissioned to go ahead as advance agent. His name, however, was struck off on the press in this city and everything else down to the securing of transportation (one way) was secured for Mr. Dewey. At this stage of the game Mr. Mayall stepped in and emphatically asserted that "that boy is not going to Goldfield, or any other place unless the money is put up so that he can get home again."

MACLEAN'S "ANGELS."

This was the first rift in the lute, and MacLean apparently thought out to rustle some backing. Finding no "angel" in Salt Lake he went to Bingham, where he encountered two gentlemen who were so entranced with the visions of wealth to be plucked as hatched by the theatrical company that they consented to put up the necessary money to see the players through until they arrived in Oakland, and entered upon their long engagement secured for them through the untiring efforts of P. G. MacLean.

TELL-TALE TELEGRAMS.

In the meantime Mr. Mayall started the wires working and telegraphed C. P. Hall, manager of the McDonough theater, Oakland, Cal. Here are the telegrams that passed between Messrs. Mayall and Hall: "Has MacLean booked me with you. If so wire full particulars."

ASKS FOR SHOW DOWN.

Then it was that Mr. Mayall approached MacLean and insisted that something definite about the future movements of the company be forthcoming. MacLean insisted that there had been a mistake, as he held a contract from Mr. Hall to put the company in his theater. In MacLean's presence Mr. Mayall there and then sat down and wrote the following telegram: "According to letter from you to MacLean, he considers you have booked Mayall company for August 1. Wire fully what you consider."

ANGELS BACK DOWN.

Armed with this, Mr. Mayall in duty bound showed the answer to the members of the company, and to the two backers from Bingham. And now the local Bingham is threatened with a double crossing. MacLean is sore and the company is full of gratitude to Mr. Mayall. All sorts of law suits are threatened over the middle. The members of the company deny their allegiance to their former manager, while he threatens to bring the law again singly and divers persons.

MAYALL MAKES ANSWER.

Mr. Mayall's story told this morning was that he had no intention of giving up. He would come of airing the trouble in the newspapers. Finally when it was seen that he was accused of the means of breaking up the company he was about 30 years of age.

A CATALEPTIC CASE.

Sea Sickness Produces Disease in a Young Italian Girl.

New York, July 21.—Domenico Bronzo, an Italian girl, 17 years old, arrived here yesterday from Havre, France, in a cataleptic state. She was removed to a sanitarium and despite the constant attention of physicians, there was no change in her condition today. The second day out from Havre the young woman suffered a violent attack of sea sickness, the next day she passed into a state of coma and was seemingly dead for the remainder of the voyage. The ship's doctor was powerless to restore her to consciousness. Pinpricks produced no impression on her nerves. The case is puzzling among the leading medical practitioners of New York.

SIX FEROCIOUS DOGS.

Win Battle From Members of Illinois National Guard.

Chicago, July 21.—Six ferocious bull dogs which guard the home of Benker John Farson at Oak Park last night won a bloodless battle from 19 members of company D, Sixth infantry, Illinois national guard, who were sent by Capt. Hayden to arrest Eugene Smith, a chauffeur employed by Farson, and who is a member of company D, which last night left for its annual encampment at Springfield. Early in the evening when Smith did not report at the company's quarters, Capt. Hayden detailed for members of the company to march to the Farson home and arrest Smith.

Accompanied by his wife, son and the chauffeur, John Farson entered the garage and attempted to drive the soldiers from the place. The latter, despite protests from the Farson family, attempted to seize Smith. Mr. Farson ran to a large kennel and loosened the six dogs. As the dogs approached them, the men lost their nerve and sprang over the high wall without taking time to unlock the gate.

Later Farson called at the Farson home and explanations followed which resulted in Smith being allowed to remain at the Farson home undisturbed.

ELK TRAINS RETAINED.

Denver, July 21.—Three elk excursion trains were detained all night in the mountains near Tolland as the Denver & Northwestern railroad by the breaking of a drive wheel on a locomotive. Great bonfires were built on the mountain sides and the jolly excursionists spent the night in singing and dancing. They were a tired but still good natured crowd when they finally reached Denver during the forenoon today.

WARNER MOODY SHOT AND KILLED

He Was Murdered in Cold Blood at Shoshoni, Wyo.

POSSE PURSUING MURDERERS.

Only Witness to Tragedy Started in Pursuit and Was Himself Shot Down.

Shoshoni, Wyo., July 21.—Warner Moody, town attorney, was shot and killed about midnight last night. He was a son of the late United States Senator Moody of South Dakota. A homeseeker named Frank Anderson was also killed while endeavoring to apprehend the slayers of Moody. Several gamblers recently deported from this place for operating suretying games are suspected, and an angry mob has started in pursuit. The posse is heavily armed and wild and rage, should the murderers be overtaken a lynching is likely to occur. Moody and his wife had attended a social dance at the home of a neighbor and in response to a call that there was someone at his house who wished to see him, Moody excused himself and started home. It was necessary that he cross a low which is covered with brush and shrubbery. When almost in front of his gate a shot rang out and he fell in his tracks, he arose again and staggered to the gate. Seeing that there was still life in their mark one of the party returned and shot a second bullet through his heart. Anderson, who has been camping in a tent nearby, was the only witness, and he immediately started in pursuit. It was so dark, however, that he could hardly see the fleeing man and he did not attempt to shoot, hoping to trail the assassin until he could summon aid. In crossing an open space, the heavily covered man and Anderson fell with a bullet wound in his head. Moody was shot twice, once before his wife screamed, and immediately after. Anderson is still alive, but no hopes are entertained for his recovery. He is shot in the left arm and side. Later dispatches indicate that only one man was engaged in the killing, and after shooting Moody, he ran in the direction of Anderson's tent and the latter, appearing as if he was shot to prevent possible recognition.

WILSON FOUND SOME NASTY SLAUGHTERHOUSES.

Washington, July 21.—Discussing the new meat inspection law today, Secy. Wilson said that there was considerable misapprehension regarding its scope. It does not, he said, apply to any but slaughtering and meat packing houses doing an interstate business.

"If the people of this country want to be assured that the meat that goes into their homes from those establishments doing a purely state and local business is clean and safe, they should enter upon a crusade for a general cleaning up. I am powerless myself to do it. Quite recently I went through some of these houses and city officials within the federal law and found them in a nasty, filthy condition and, in some cases, using diseased animals. It is my one regret that the federal law does not reach them, but I earnestly hope that state and city officials will look after them as rigorously as we propose to look after the others."

FIRE DIVES QUESTS OUT.

Chicago, July 21.—Thirty-two guests of the St. Elmo hotel, 921 Ewing avenue, were driven into the street early today by a fire that for a time threatened to destroy the building. Kansas City, July 21.—Bertha Bowlin and Frank Kern, the young couple assaulted with a gas pipe on a lonely road way here Thursday night, were both unconscious today and believed to be close to death. A SHAM BATTLE AT LIBERTY PARK

It Will Occur on Afternoon of July 24, and Will be a Lively Affair.

FIGHT LINES ALL DRAWN.

Pioneer Camp is to be Attacked By a Band of Make-Believe Indians From Ambush.

Mat Thomas Will be Orator of the Day And President Davis of the Council Will Speak.

According to present plans there will be a lively and altogether stirring, not to say exciting, sham battle at Liberty park on Tuesday next, Pioneer day. The time for attack is 2 o'clock in the afternoon. The onslaught is to be made by a band of make-believe Indians hidden in ambush just as the Redskins were wont to do in the old days when they sallied forth to slay the intrepid pioneer as he made his weary pilgrimage across the trackless plains. Fifty covered wagons are to go into camp early in the day and are to be manned by frontsmen who will defend them from the oncoming savages. Altogether the fight should furnish considerable excitement.

OTHER EXERCISES.

But there will be other exercises of interest, including speeches by Mat. Thomas and President A. J. Davis of the city council. The full program is as follows: 9 a. m.—Salute by Nauvoo Legion. 10 a. m.—Parade of pioneer wagons around park and camp.
