WHOLESALE COUP BY HIGHWAYMEN

Three Men Held up on Washington Avenue Sunday Evening.

FRUITMEN AFTER SILVER CUP.

Arranging for Grand Display of Utah Fruit at Irrigation Congress, Boise, Sept. 3-8.

Ogden, July 30.—A hold hold-up took place shortly after 10 o'clock last evening when two men answering the description of the men who have been operating so successfully in Salt Lake City, held up I. Sanders, Ernest Lindquist and R. E. Parker on Washington avenue. Mr. Sanders and Mr. Lindquist were walking northward on Washington avenue, as they neared Twenty-second street two men stepped in front of them with the usual command to hold up their hands. They looked down the barrels of ugly looking guns, and decided it was best to comply. The holdups told them to walk northward in the darkness of the trees towards Twenty-first street. They had only gone a short distance when they came up to R. E. Parker whom they ordered to turn round and get in line with his hands up. When nearing Twenty-first street, the holdups who were close at their heels, observed a number of people coming towards them and told the three victims to put down their hands until they passed the people, which they did. Then they were told to put up their hands again and stop. One of the holdups went behind them and held a gun while the other one went through their pockets. All they received for their trouble was a \$35 watch from Lindquist. Satisfied they had gotten all the men had, the victims were told to walk the same way they were going and not to run or look back through the holdups then took a short cut through the tabernacle square and got away. The police were notified, but as the holdups had their faces covered with handkerchiefs only a meager descrip-

FRUITMEN AFTER PRIZE.

Utah Will Have Big Display at Irrigation Congress.

Ogden, July 30.—The horticulturists of Weber county are greatly enthused over the proposition of sending a magnificent display of Utah fruits to the national irrigation congress, in the hope of winning the elegant silver loving cup given by Senator Clark of Montana for the best display of fruits, which was won by the state of Idaho three years ago, but is to be again competed for. President John Pinckney of the Weber club called a meeting Saturday afternoon at 3 o'clock, which was well attended by those interested. Among those present from out of the city were President Judd, Secretary Taylor and J. D. Wadleigh of the state board of horticulture, and Prof. E. D. Ball of the Logan Agricultural college. These and others spoke enthusiastically of the prospects of Utah getting possession of the cup, and assured all present that the state horticultural board will use its power to get the proper kind of an exhibit prepared, and in order that greater interest may be awakened in other parts of the state in the matter, letters have been addressed to Governor Cutler, the Salt Lake Commercial club and others, asking for their co-operation in the matter. Idaho growers produce some very fine fruits, as was shown by their grand display exhibited here in Ogden during the irrigation congress, especially were their apples good, of delicious flavor, good shape and large, and free from insects. If Utah wins back the loving cup, great care will have to be exercised in preparing the exhibit, as Idaho will not want to lose the cup, if possible, especially in their home town of Boise, this year. If the horticulturists of the Utah will get busy and do their duty in this matter, they have a good chance to win the grand prize.

DAMAGE SUIT ENTERED. The Rio Grande Western has been

made defendant in a damage suit, brought by Joseph Williams to recover \$1,999, alleged to be due for personal injuries. The complaint sets forth that May 4, 1906, plaintiff was riding a bicycle in the city of Ogden, when a locomotive belonging to the defendant railroad company came along, but did not sound any signal of danger. The engine was not observed by plaintiff until it was almost upon him, and in his endeavor to get out of the way he was struck by the engine, breaking his collar bone, wrenching his arm and causing other serious injury to plaintiff's damage in the sum of \$1,999 and costs of suit.

FUNERAL SERVICES.

The last rites over the mortal remains of Polly A. Campbell, who died Friday evening, were performed yesterday afternoon and the body laid to rest in the North Ogden cemetery. Impressive funeral services were held at the North Ogden meetinghouse commencing at 2 o'clock. A trio composed of Arthur Barrett, William Ellis and Alfred Kofod sang of "Nearer My God to Thee" and "Some Sweet Day," and the ward choir sang "Slumber." The speakers were Bishop Ward, who presided over the services, Elders Reynolds, Brown and Gibson, who paid a glowing tribute to the memory and spoke impressively of the resurrection. The attendance at the services was good and a number of floral offerings were laid on the casket.

NEGRO HAD \$2,000 INSURANCE.

Lockhart, the negro who was shot and killed Friday night by Crawford, the police have found a \$2,000 life insurance policy made payable to a sister living in the south, and the funeral of the dead man which was to take place this afternoon has been postponed and effort made to locate the sister before the body is buried.

The speakers in the tabernacle yesterday were Elders A. L. Booth and Frank M. Mackley. EUREKA.

SAFE CRACKERS AT DEPOT.

Burglar Enters John Murphy's Home, Gags Boy and Ramsacks House.

Eureka, July 29.—A daring burglary was committed here Friday night and so far no trace of the miscreant has been found. The burglar entered the home of John Murphy in the southern part of the city and found Mr. Murphy's young son asleep in the house at the time, and the entrance of the burglar woke him up. Before the boy could get up from the couch upon which he was lying, the burglar seized him and in a few minutes bound him hand and foot and a gag was placed in his mouth.

After the child had been disposed of the burglar ransacked the house in an effort to locate money which he evidently believed to be hidden there. Mr. Murphy did have a large sum of money hidden in the house until a few days ago, when he removed it, and the officers here believe that in some manner someone learned that the money was there. Had the burglar entered the place a few days sooner he would have undoubtedly secured something for his trouble.

Mr. Murphy is working night shift at one of the mines, while his wife has been upon a visit to Butte, Mont. She returned upon the late train last night and upon going to her home found the boy bound and gagged and scarcely a piece of furniture in the entire house was in its accustomed place. After releasing the boy she notified Sheriff Whitcomb, who has been working the case ever since. The officer has a fairly good description of the burglar from the boy, and may succeed in locating him. From all indications the trick was turned by "home talent," or by someone who was familiar with the house, and Mr. Murphy's habits of keeping money there.

R. G. W. DEPOT LOOTED.

Safe crackers last night wrecked the safe in the Rio Grande depot here and secured \$20 in money, that amount having been taken in after banking hours Saturday.

Two explosions were required before the burglars accomplished their purpose. Not only was the safe completely wrecked, but the office portion of the building was demolished. The depot is some distance from the business part of the town, and the burglar had no one in or about the building at night, the burglar had a clear field in which to work.
