EVENING NEWS.

Wednesday, - - March 2, 1881.

TALK OF THE TOWN.

Fast meetings to-morrow.

"Macbeth" on Friday evening, not Tuesday.

The Seventies meet this evening at 7 o'clock.

Non-suit in the case of S. Levy vs. Salt Lake City.

The first number of the Ogden *Pilot* has reached us.

The Bishops meet to-morrow night in the Council House.

Stock-taking is in progress at the Co-op. Yesterday the doors were clos d.

Bro. Richard B. Margetts, of the 19th Ward, died last evening, at 5.30 o'clock.

The Watermaster wishes applications for irrigating water to be sent in before the 15th.

On Tuesday evening next a Joint meeting of the Mutual Improvement Associations of the 16th and 17th Wards will be held in the 16th Ward Assembly Rooms.

William Clegg, the poet and reciter will give one of his original entertainments in the 15th Ward, to-morrow evening. He will recite in the 20th Ward on Friday night.

There is an uncovered cistern partly filled with water, on the sidewalk north of the Continental Hotel, which should be attended to. It's a very pretty trap in its present condition.

Mrs. Angie McAllister, wife of President J. D. T. McAllister, of St. George Stake, was summoned from this city last evening to her home on the farm a few miles south, by the intelligence that her 2-year-old child had taken concentrated lye. We have not learned anything further.

LOCAL AND OTHER MATTERS.

Information Wanted.—Of Robert Nichols, who left Canada for Utah about 19 years ago. Any person knowing of his whereabouts or history will oblige by addressing Wm. Cossey, Shakespeare P. O., Perth County, Ontario, Canada.

Stamp Them.—Correspondents to newspapers should take care that their mailed communications are properly stamped. We are continually receiving letters with 3c., 6c., and even 12c. due on postage, and though such amounts are merely nominal at one time, when repeated many times they develop into an item of expense which we have little or no desire to assume. Stamp your letters properly and we won't quarrel.

Married.—On Thursday last, Mr. Henry Jack and Miss Sarah M Woods were united in the holy ties of wedlock. In the evening the event was happily celebrated in the 10th Ward; an elegant supper being first partaken of at the residence of the bride's parents, and then a dance was given in the meeting-house. Among the guests were the Bishops of the First and Tenth Wards. The bridegroom is the son of Bro. Thomas Jack, of the former Ward; the bride the daughter of Counselor Jas. C. Woods, of the 10th Ward. May the happy couple "always live long and prosper."

"Macbeth."—The time is drawing nigh when this sublime tragedy is to be presented by a company almost exclusively of home talent. Mr. David McKenzie, the popular Salt Lake actor, will essay, for the second time in his life, the great role of "Macbeth," and will be supported by the best available dramatic talent of the city. A number of the actors who are to take part will make their *debut* in Shakespearean characters, and their appearance will therefore be anticipated with some interest. Another rehearsal of the play will take place this evening, and to-morrow night the last rehearsal, a general one, with scenes, props, choruses and the *tout ensemble*, will be given. The box office opens to-morrow morning, for the sale of reserved seats. Remember, Friday evening, the 4th inst., is the date of the play, so be sure and get your tickets in good season.

Sad Event.—We regret to learn of the death, at his residence in the 19th Ward, last evening, about half-past 5 o'clock, of Brother Richard B. Margetts, a gentleman well and widely known and highly esteemed in this city and the Territory at large. For about four or five months he has been suffering from a fibrous tumor in his stomach, which made its appearance a long time previous to his demise, but was not at all painful until within the period stated. Several weeks ago he underwent a surgical examination, to ascertain the cause of his distress. Although suffering considerably, he bore up bravely and retained his cheerful spirits until within a short time of his end. He leaves a wife, a large family of children, a wide circle of relatives and many friends to mourn his departure. He was born February 1st, 1823, at Woodstock, Oxfordshire, England; emigrated from that country in 1850, and arrived in Salt Lake City, September 28, 1851. This has been his home ever since, with the exception of the time he was absent as a pioneer to the Salmon River country, one of the founders of Fort Lemhi. He was a leading man in a variety of home enterprises, and being a first class blacksmith and an engineer, and a practical hard-working man, was well qualified to strike many useful blows in the subjugation of the wilderness and the establishment of colonies in this once desert land. He made mill irons sufficient to start 13 grist and saw mills in early days, using for the purpose, the iron off old wagons, and as early as 1855, made Utah's first cane mill, for the manufacture of molasses; this machine was formed from old wagon tires and took the prize at the Fair. In many such enterprises the deceased was an active, leading spirit. His death will be deplored by a host of personal friends and his memory enshrined in their hearts forever. The funeral will take place on Thursday, morning at

CITY COUNCIL.

Proceedings at the City Council on Tuesday evening, March 1st, 1881, Alderman Pyper presiding.

A petition was submitted from John R. Lorph and twenty-four others, residents and tax-payers of the city, calling attention to the condition of the sidewalk on Second South Street between Main and First East Streets. That the close proximity of said street to the post office, federal court rooms and the main busines centre of the city subjected it to constant use, and yet, owing to the irregular grade and total absence of any walk, that it was now and had been for the past winter, almost impassable, and people having occasion to visit that neighborhood were compelled either to go around the block or wade through mud at times almost shoe deep. The petitioners asked favorable notice by the Council of the grievance presented. Referred to the committee on streets and alleys.

A petition from Phillip Pugsley and eighteen others, property owners of the Nineteenth Ward, was submitted, setting forth that that portion of Fourth West Street, lying in said ward and paralleled by the U. C. R. R. track, was now and for some months past had been in such a condition as to render travel thereon for loaded teams extremely difficult and at times impossible, thereby causing loss and annoyance to many citizens whose business compelled them to travel over said thoroughfare. The petitioners therefore asked the Council to cause such early and needed improvements as would be deemed advisable. Referred to the committee on streets and alleys.

Hiram W. Mikesell petitioned for the title to a certain lot in the city cemetery which he represented he had paid for, but of which no record could be found upon the Sexton's books. Referred to the committee on cemetery.

Geo. W. Hill petitioned for the privilege of purchasing a certain three-cornered piece of land lying south of the Warm Springs Bath House Referred to the committee on public grounds.

Morton & Tufts made application for license to sell vinous, spirituous and fermented liquors at No. 10, First South street for a period of three months from the first day of March, 1881, under the provions of the ordinance recently passed regulating the sale of liquors. Granted.

Newman & Reid applied for license to carry on the business of liquor dealers, etc., at No. 76 First South street, for three months, from March 1st, 1881, under the provisions of the new liquor ordinance. Granted.

Jennings & Sons petitioned for the privilege of placing a cobble-rock crossing from the west end of the Jennings buildings on First South Street, across the street north to the opposite side thereof. Granted, under the direction of the supervisor of streets.

J. H. Van Natta and Louis Oviatt verbally petitioned for the lease for a term of years of a tract of land lying northeast of the Warm Springs Bath House enclosure, and near the road leading to the quarries on Conglomerate Mountain. Referred to the committee on public grounds.

The committee on license, to whom was referred the application of Russell & Burns for a license to sell vinous, spirituous and fermented liquors under the ordinance recently gone into effect, reported that after a careful examination of the records of the alderman's court and information received from other sources, they found that the applicants had repeatedly failed to comply with the requirements of the ordinances under which their former licenses were granted, and the committee therefore recommended that the license applied for be not granted. Adopted.

The committee on irrigation, to whom was referred the petition of John W. Pitts and fifty-nine other residents of the Fifth and Sixth Wards, asking that the canal on Fourth West and Sixth South streets be filled up, and assigning as reasons for the request that said canal was a continual source of danger to life, a breeder of disease, a cause of depreciation in the value of adjacent property, a general nuisance to the petitioners and the people living in its vicinity and really of no value to any one, reported that they had conferred with the County authorities in relation to the matter and had found upon investigation, that the canal was constructed by Salt Lake County to convey the surplus water of Canyon Creek to the Hot Springs Lake and to drain a large area of land in the southwestern portion of the city and beyond, which was previously inundated and on that account useless, but which land was now valuable and in good condition by reason of the canal referred to. That the County authorities, therefore, did not feel disposed to have it filled up. Finally, the committee considered it a matter which properly belongs to the county and not to the city, and the petitioners had therefore applied to the wrong source for relief. The committee recommended that the petition be laid upon the table. Adopted.

The committee on public grounds, to whom was referred the petition of J. J. Snell, asking the privilege of purchasing a piece of land containing one-quarter of an acre in Sec. 25, T. 1, N. R. 1 W., which he represented was necessary to him as a face to his limestone quarry, and a way to the public road adjacent, reported that the piece askeu for was a portion of the land used by Mr. J. H. VanNatta as a rock quarry for the last fifteen years and believing that to grant Mr. Snell's petition would work an injustice to Mr. VanNatta, the committee recommended the adoption of their former report, which authorized the Mayor to give a deed to Mr. VanNatta for the land asked for by him, upon payment of the sum required per acre for land in that locality. Adopted.

The following bills for the month of February, 1881, were allowed: Expense bills for the fire department, $139 15; gas for street lamps, $920.83; gas for city building, $90.80; boarding prisoners, $325.08; janitor of City Hall and assistant jailor, $60.00; medical attendance, etc., to city prisoners, $37.75; nightwatching on Market Lot, $8; weighmaster on Washington Square, $23.30; coal for City Hall, $55.

Adjourned to Tuesday, March 8th, 1881, at 7 o'clock p. m.

Mutual Improvement Entertainment.—A very interesting entertainment will be given to-morrow evening in the 13th Ward Assembly Rooms, for the benefit and under the auspices of the M. I. A. of the Ward. The programme is an attractive variety, embracing songs, recitations, instrumental solos, etc., and is under the management of Miss Ruth Woolley and Mr. E. T. Woolley. To commence at 7.30 o'clock. Admission 25 cents; children 10 cents; reserved seats 50 cents.

Fast Meeting.—The Saints of this Stake of Zion are especially requested to attend the fast meetings held in their respective wards on Thursday, March 3d, 1881, as there will be business of much importance presented for their consideration.

HEALTH AND HAPPINESS.

It seems strange that anyone will suffer from the many derangements brought on by an impure condition of the blood, when SOVILL'S BLOOD AND LIVER SYRUP will restore perfect health to the physical organization. It is indeed a strengthening syrup, pleasant to take, and has proven itself to be the best blood purifier ever discovered, effectually curing Scrofula, Weakness of the Kidneys, all Nervous disorders and Debility. It corrects indigestion. It makes the old feel young, and the young feel gay; and will invariably drive out of the system the many ills that human flesh is heir to. A single bottle will prove to you its merits as a health renewer, for it acts like a charm, especially when the complaint is of an exhaustive nature, having a tendency to lessen the natural vigor of the brain and nervous system. "GROWING YOUNG AGAIN."

A gentleman, the cashier of a Western bank, who had used Compound Oxygen for a little over a month, say in a letter: "I gained eight pounds while I was taking it, and almost began to thing that I was growing young again. As I had no distinct ailment, *but only a general sense of good-for-nothingness, accompanied by extreme nervousness and an inability to sleep long at a time*, my case is not so striking as many others which I have read of in your pamphlet; but there must be multitudes in my condition who would use your preparation gladly if they knew of it." Our Treatise on Compound Oxygen, which is sent free, contains a large amount of information in regard to this new treatment. Address Drs. Starkey & Palen, 1109 and 1111 Girard St., Philadelphia. w5

IT IS TRULY WONDERFUL

TO SEE what improvements now exist as compared with railway travel only a few years ago. To become convinced of this, one has only to select for his route East, the popular and well-known

CHICAGO & NORTHWESTERN RAILWAY.

You are landed by the Union Pacific R. R. in the Union Depot at Council Bluffs, where stands the C. and N. W. Palace train, composed of Pullman Hotel Cars, Pullman Sleeping Cars, elegant Day Coaches, Smoking, Baggage, Postal Cars, etc., ready to convey its passengers through Iowa and Illinois, and into Chicago. Gliding smoothly along over the superb track of steel rail, through thriving cities and villages, comfortably seated in this train, one scarcely discovers the high rate of speed at which he is riding. Trains of this road are always on time, connections sure, and passengers seeking pleasure, comfort, safety and ease in traveling, will find the "North Western" in excess of their expectations, and the greatest of all routes to Chicago and the East. Trust upon Ticket Agents selling you Tickets via this road; all Agents sell them. Examine your Tickets, and refuse to buy if they do not read over this Road. If you wish the best Traveling Accommodations,

THE popular mercantile firm of Wm. Jennings and Sons, whose unique advertisement will be found elsewhere in this paper, are fully up to the times in the price and quality of all goods kept by them. Their reputation as first-class reliable dealers is unsurpassed. They call special attention to dry goods, groceries, clothing, stoves, ranges, etc. See the ad.

Remedy for Hard Times.

Stop spending so much on fine clothes, rich food and style. Buy good, healthy food, cheaper and better clothing; get more real and substantial things of life every way, and especially stop the foolish habit of running after expensive and quack doctors or using so much of the vile humbug medicine that does you only harm, and makes the proprietors rich, but put your trust in the greatest of all simple, pure remedies, Hop Bitters, that cures always at a trifling cost, and you will see better times and good health. Try it once. Read of it in another column. d&w

In the Whole History of Medicine

No preparation has ever performed such marvelous cures, or maintained so wide a reputation, as AYER'S CHERRY PECTORAL, which is recognized as the world's remedy for all diseases of the throat and lungs. Its long-continued series of wonderful cures in all climates has made it universally known as a safe and reliable agent to employ. Against ordinary colds, which are the forerunners of more serious disorders, it acts speedily and surely, always relieving suffering, and often saving life. The protection it affords, by its timely use in the throat and lung disorders of children, makes it an invaluabe remedy to be kept always on hand in every home. No person can afford to be without it, and those who have once used it never will. From their knowledge of its composition and effects, Physicians use the CHERRY PECTORAL extensively in their practice, and Clergymen recommend it. It is absolutely certain in its remedial effects, and will always cure where cures are possible. 1 dsw
