OGDEN, UTAH, . . . JAN. 8, 1903.

JUDGE HOWELL'S BUSY DAY

P. P. Means Held to District Court for Embarrassment of Employer's Funds.

Ed O'Connor Sent to Jail for 90 Days - Woman Charged with Polygamy.

P. P. Means was given a hearing before Judge Howell yesterday afternoon on the charge of embarrassment of employer's funds. Means pleaded not guilty to the charge.

The only witness who testified for the prosecution was Mr. Parnley who testified that Means had been employed by the Ogden Steam Laundry company during the month of December, 1902; that while so employed he collected money belonging to the company to the amount of \$8, which he failed to turn over to the company when he left their service, and has failed up to the present time to refund the money. The court after hearing the testimony bound the defendant over to answer to the charges to the district court under \$2,500 bond, which he has been unable to furnish and is now languishing in the county jail.

Frank Harrington was arraigned before Judge Howell on the charge of assaulting a fellow inmate of the city jail, committing a crime against nature to which he entered a plea of not guilty. The date of preliminary examination was set for Saturday morning, Jan. 10, at 10 a. m.

Ed O'Connor alias O'Donnell, was arraigned before Judge Howell charged with assault with a deadly weapon on R. Krumpert, bartender at the Grill saloon on Twenty-fifth street.

Krumpert testified that on the night of Dec. 27, O'Connor entered the saloon and ordered a drink, after drinking the liquor he turned and started for the door, when Krumpert called to him and asked for the pay. O'Connor pulled a revolver in a threatening manner, and ran out of the door. A man named Greig, who was in the saloon at the time, testified to the arrest of the defendant and to finding a pistol on him. County Atty. Hunsaker at this juncture the prosecution stated that he did not think the evidence was sufficient to hold the defendant on the charge and O'Connor was discharged. Krumpert's testimony, Officer Silvey testified to the arrest of the defendant and to finding a pistol on him. County Atty. Hunsaker at this juncture the prosecution stated that he did not think the evidence was sufficient to hold the defendant on the charge and O'Connor was discharged.

LOOK OUT FOR CATARRH

The cold-wave flag means zero weather, icy, moisture-laden winds, and the beginning of winter in earnest. To Catarrh sufferers there is nothing cheering in these climatic changes, for with the return of cold weather, all the disagreeable symptoms of Catarrh appear: blinding headaches, dizziness, a stuffy feeling about the nose that makes breathing difficult, chest pains, and as the disease progresses, a discharge of nauseating matter from the throat and nose keeps one continually hawking and spitting.

Catarrh is a most disgusting disease. The foul mucous secretions that are constantly dripping back into the stomach contaminate and poison the blood and is distributed throughout the body, and it then becomes a deep-seated, systemic, persistent disease that must be treated through the blood, for it is beyond the reach of sprays, washes, powders or external treatment of any kind.

S. S. soon clears the system of all Catarrhal matter and purges the blood of the irritating poisons, thus effectually checking the further progress of this serious and far reaching disease.

Look out for Catarrh in winter, for cold stirs the blood and causes excessive secretion of mucus and brings to life all the slumbering poisons that make Catarrh the most abominable of all diseases. S. S. keeps the blood in such perfect order that cold waves cause no alarm and the change from the heat of summer to the rigors of winter produce no harmful effects.

Write us if you have Catarrh, and our Physicians will advise you without charge. Book on Blood and Skin Diseases free.

CUT WITH AN AX.

Young Moses Gaff May Lose a Foot In Consequence.

Special Correspondence.

Draper, Salt Lake Co., Jan. 7.—Moses Gaff, a young man who was out with a bunch of sheep, met with a most painful accident last Sunday, which may cost him part of his foot. While chopping wood the ax slipped and entered the instep of his foot, cutting the tendons and lower part of the foot nearly

off. He rode 40 miles in a lumber wagon to a railroad point and then traveled 200 miles by rail before he reached home. By this time he was so weak from the loss of blood that he had to be carried into the house.

Drs. Robinson are tending the case and it is hoped that they will save his foot from amputation, although it looks very much as though he will lose his toes at least.

PAINFUL EXPERIMENT.

Farmers Frost a youngster of but a few summers, suddenly discovered the latent powers of a giant cap when he tried the experiment of putting a lighted match into the same. The cap exploded inflicting a few slight skin wounds and scaring the boy into a resolution never to try the same thing again. He is feeling just about all right save the tenderness of the scratches.

The last 10 years of his life he was Bishop of the Midway ward. He crossed the plains in the fall of 1856 in the famous handcart company, of which Edward Martin was captain. Brother Watkins was a bigger for that company and suffered many hardships on the journey and in the early days of Utah. He was 68 years of age and spent his life in working for the benefit of his fellow men. He was a true and faithful and died beloved and respected by all who knew him.

BENSON-LYMAN WEDDING.

Bishop Adams' New Year Calls - New County Government.

Special Correspondence.

Parowan, Iron Co., Jan. 3.—Bishop Chas. Adams took his welcome with him, while making his New Year calls in the form of a roast of beef. The homes he visited would be the last thought of by some, but this is only in keeping with so many of his kind-hearted movements for many years past.

On the 2nd inst. Oscar Lyman and Dean Benson prang a surprise on our community by procuring a marriage license and being married in the clerk's office, Elder Lucius N. Marsden officiating.

NEW COUNTY GOVERNMENT.

The retiring county commissioners held their last term of court Saturday. While the county business was being disposed of, the clerk's office was transformed into a dining room, where luncheon was served to all present in honor of the retiring officials. The affair was the more enjoyable for the fellowship and brotherly love prevailing. The discharge of the term of two years a spirit of progression and unity has controlled the affairs of Iron county, and the passing of the term of office that the same influence might continue through the succeeding term.

The city council of Morgan City is taking steps to secure a spring in the hills of North Morgan with a view to putting in a water system for domestic purposes. Both sides of the river will be benefited. The water will be carried under the river to the south side. The improvement will be quite a boon to the inhabitants, as much of the sick and convalescent here is thought to be due to using the ditch water from the river. The Farmington Dramatic club will place on the boards here in the opera house, the play entitled, "A Woman's Honor," on Saturday, the 10th.

A grand ball will be given at the same place on Friday, the 9th, by the Morgan brass band, for their benefit, to procure instruments.

The farmers are organizing an association with the above title, for the purpose of securing the best quality and putting them on the market in shape to command the best prices and to protect themselves against unscrupulous middle men.

Asleep Amid Flames.

Breaking into a blazing home, some fireman lately dragged the sleeping inmates from death. Fancied security, they were lulled by the warm rays of the sun, and slept soundly while the flames crept up the chimney and into the room.

WANT STAKE DIVIDED.

The Latter-day Saints of this, the Moreland ward, and the residents of your Riverside correspondent in the hope of the Bingham stake being divided soon for the convenience of the people, who are very desirous of attending conference and priesthood meetings but are prevented on account of great distances.

PECULIAR CONDUCT OF MISSIONARY.

The friends of Elder H. P. Christensen have been under agonizing suspense for nearly a year, wondering and conjecturing where he was and what had become of him. He was peculiarly well known to the community, and this case with his devoted wife who has waited patiently, but filled with hope, that she would get some tidings of him. Her fears were dispelled and her hope revived by recently receiving a letter from him dated from Boston in which he writes he is healthy and well and has been all the time occupied in his missionary work.

The Garland townsite has been platted, the plat accepted by the county court and it is now recorded. Lots are three by ten rods and are selling for \$25 and up, according to location. There is every prospect of this place becoming a thriving town, and this is a good chance for poor people to get them a good home and where there will always be plenty of work for them.

We now have two mercantile establishments running. W. L. Grover and E. R. Sherman, a blacksmith shop has started up in the last week; a firm for handling building material and farm implements, Dallin & Jensen will soon start up. But we are very much in need of a lot of good sturdy settlers who are not afraid of hard work and will go to work with a vim to sustain the great industry that is now here and also others that are sure to come.

We are blessed with a very healthy climate here. The first of February, about four by six miles, and a report of 500 or 600, the writer does not know of a single case of sickness, so that is something to be taken into consideration.

The crowned heads of every nation, the rich men, poor men and misers all join in paying tribute to Little Early Riser Pills.

Many women and doctors do not recognize the real symptoms of derangement of the female organs until too late.

"I had terrible pains along my spinal cord for two years and suffered dreadfully. I was given different medicines, wore plasters; none of these things helped me. Reading of the cures that Lydia E. Pinkham's Vegetable Compound has brought about, I somehow felt that it was what I needed and bought a bottle to take. How glad I am that I did so; two bottles brought me immense relief, and after using these bottles more I felt new life and blood surging through my veins. It seemed as though there had been a regular house cleaning through my system, that all the sickness and poison had been taken out and new life given me instead. I have advised dozens of my friends to use Lydia E. Pinkham's Vegetable Compound and secured for me."

—Mrs. LAURA L. BREMER, Crown Point, Indiana, Secretary Ladies Relief Corps.—\$5000 forfeit if original of above letter proving genuine cannot be produced.

Every sick woman who does not understand her ailment should write Mrs. Pinkham, Lynn, Mass. Her advice is free and always helpful.
