THE LONGFELLOW STATUE.

A Fitting Monument of the Poet at Portland, Me.

One of the best specimens of what the statue of a great poet should be, is the statue of Longfellow at Portland, Me.

The statue was raised a few years ago by a fund collected through a wide field, and is a fitting monument of the poet.

My chicks began to lay the first week in February, and have laid to date May 1, without interruption, and I am now getting twelve or more eggs from them at the same number of hours and it is the testimony of those who have tried these ducks that with such large time eggs, and I have found that in most cases the eggs are laid up to the middle of the season. Horses Kick

It is a well known fact that a horse will kick if he is not properly shod. The reason for this is that the shoe is not properly fitted to the foot of the horse. The shoe should be fitted so that it will protect the foot of the horse from the ground, and it should be fitted so that it will not interfere with the movement of the foot.
