4

There was recently pointed out to me a thrush's next, built in the fork of a mountain ash, so near to the bedroom window as to be under the close inspection of an invalid lady, who, with her husband and her nurse, was much interested in watching the daily progress of the family. The young birds were hatched on the 20th of June. For several weeks no rain had feller gravated, by the injudicious treat-ment of pretenders, or sol-disant physicians to call on him.
