LOCAL AND OTHER MATTERS.

RETURN OF PRESIDENT YOUNG.

After an absence of about ten weeks from this city, President Brigham Young returns home to-day; he is expected in the city about four o'clock this afternoon. This is his longest absence from Salt Lake City, since he returned to the frontiers, in 1848, for his family, after making the pioneer trip hither.

As was natural to expect, after so long an absence, pleasurable anticipation ran high among the citizens, and large numbers of them, also a numerous military escort, left this morning for a twenty mile ride out to welcome him on his return; while from all the principal buildings in the business portions of the city flags are waving in honor of the event.

The demonstrations of welcome and pleasure at the return of President Young will probably chargined the souls of a very few; but it is gratifying to see the people thus spontaneously manifest their pleasure at the return of their President. They know their friend, and delight to honor him who has piloted them safely through many a strait place in their past history, and whose counsels and labors are continually for their benefit and for the advancement of the cause of truth upon the earth.

THEATRE.—To-morrow there will be a Matinee for the children in the afternoon, for which the bills announce "The Frisky Cobbler" and "The Ice Witch," an entertainment that will please them all. Parents and guardians should see to the getting of their tickets for their darlings early.

In the evening "Sophia's Supper," another new farce here, with Mr. Margetts as "Mr. Wellington Riggs," supported by a good cast, will be played first, after which Mr. M. Williams will dance a Dutch dance.

"The Ice Witch" will conclude, when everybody and their relations will see the finest display once ever produced here.

THE LECTURE TO-NIGHT.—Remember Prof. Peath's Lecture on Astronomy, at the Tabernacle to-night. Saturn, his rings, moons etc., and Uranus and his peculiarities, are the subjects for discussion this evening.

NINTH WARD CONCERT.—We would like to have seen a larger audience present at this concert last evening, but the muddy state of the streets, we suppose, prevented people from turning out. Bro. Fowler deserves great praise for the proficiency to which he has brought the Sunday School children in singing—especially in keeping time. The programme was very lengthy, composed of songs, glees, duetts, quartettes and recitations, the majority of which were very creditably rendered. Mesdames C. E. White, H. Hooper and A. Fowler, were each encored, as were Messrs. H. E. Bowring and Logan Paul. We would suggest shorter programmes at these entertainments because, be they ever so good, people will get tired.

TYPOS, ATTENTION.—A meeting of L. T. U., No. 115, will be held on Sunday, February 12th, 1871, at three p.m., in Morgan's Commercial College, up stairs. Let there be a full attendance.

J. E. EVANS, Secretary.

SOCIAL RE-UNION.—One of the best terpsichorean festivals of the season was given last evening at the Social Hall, by the ladies of the Seventeenth Ward Female Relief Society. It was a capital affair, all present enjoying themselves hugely. The Committee of Arrangements was composed of Mesdames E. A. Feit, G. A. Alder, S. Reese, J. Pack and G. Dunford, and the Floor Managers were Messrs. David Candland, W. S. Dougall and F. Hyde. The guests were regaled with a sumptuous supper at recess.

DEED OF OLD AGE.—An esteemed correspondent at Paris, Rich Co., sends the following, with a request to publish it:

"Died, in Paris, Rich Co., Utah, Jan. 25, 1871, of old age, Elder Charles Insex, aged 91 years, 7 months and 3 days.

Deceased was born in Hartford, County of Durham, England; was baptized into the Church of Jesus Christ by Elder Bainbridge, in 1843, and emigrated to Utah in 1861. He was permitted, in his old age, to hear the glad tidings of great joy, gladly accepted them, lived the life of a Saint, was permitted to continue on the earth many years beyond the ordinary time allotted to mankind, and fell asleep with the firm assurance of a glorious resurrection with the Saints of latter days."

Mill. Star, please copy.

"GOOD WORDS FOR THE YOUNG."—The February number of the above named magazine, published by Lippincott & Co., Philadelphia, came to hand yesterday, and we consider it a gem. It is splendidly illustrated and is one of the best magazines of its kind that we have seen. It is not crammed with sensation novels, but with good, instructive and entertaining reading matter, and is a treasure for the boys and girls, young or old. Among its articles are the continuation of the "Princess and the Goblin," "Adventures," "At Home among the Pythons," etc., etc.

INFORMATION WANTED.—The Shasta Courier says:

Daniel Washington McGee, of Virginia, came to California direct from Steubenville, Ohio, in 1849. When last heard from, in 1858, he was in Sacramento, en route for the Frazier River mines. Any one knowing his present whereabouts, or anything concerning him since 1858, will confer a great favor on his aged mother by communicating either with Dr. J. M. Briceland, San Francisco, or with W. L. Carter, Shasta, California. The settlement of matters of great importance is pending on the discovery of the fate or whereabouts of the said McGee. The press of this coast will confer a favor by extending this inquiry for information in regard to the missing man."

GARDENERS' CLUB.—A meeting was held on the 30th ult., in the City Hall of Logan, Cache Co., Mayor W. B. Preston in the chair, to take into consideration the propriety of organizing a gardeners' club at that place. The following officers were appointed: George L. Farrel, President; Enoch Lewis, Secretary, and Thomas Jones, Treasurer. Seventy-two persons were enrolled as members of the club.

SPIRITUALISM CULMINATING.—In an address on Spiritualism, delivered in San Francisco on the evening of the 6th instant, the orator on the occasion, Mr. Miles Grant, the Second Adventist, is credited with having made the following statement:

"I know a man in this city who has had spiritualistic circles in his house, the persons taking part in them being in a nude state. The man has already had two wives in this city, both of whom he has abused so badly that they can not live with him. I heard that man speak in Dashaway Hall not long since; he is in this hall now, and if he will step upon the platform I will repeat what I have said."

The bold statement was received with cheers by the audience, but the party challenged didn't put in an appearance on the platform.

"THE SUNDAY MAGAZINE."—We have received the February number of the *Sunday Magazine*, published by the Messrs. Lippincott of Philadelphia. From a survey of its contents we are satisfied that it fills the bill, and that for Sunday reading it is just what is required. Among its articles we notice the following: "How to study the Old Testament," of special interest to Bible students; "William Cowper and his poems;" "Hugh Miller's letters;" "America and the Americans;" and several others, all of which will be found very acceptable by the class of reader for which *The Sunday Magazine* is specially intended.

SINGER'S

New Improved Silent

FAMILY SEWING MACHINES

ARE

The Best in the World,

Because all of them are in constant use, while a very large proportion of other makes are not used, owing to their being partially or utterly impracticable:

THE SINGER

NEW FAMILY MACHINE

Has been brought to perfection, regardless of time, labor or expense, and is now incomparably the best Sewing Machine in existence.

It is *simple, compact, durable, beautiful, quiet, light-running*, and capable of performing a range and variety of work never before attempted upon a single machine; using either Silk, Twist, Linen or Cotton Thread, and sewing with equal facility the very finest and coarsest materials, or anything between the two extremes, in the most beautiful and substantial manner.

The New Improved Attachments for Hemming, (any width) Braiding, Embroidering, Magic Ruffling, Gathering and sewing on (at the same time) Self-Sewing, Cording, Tucking Quilting, Felling, Trimming, Binding, etc., are novel and practicable, and have been invented and adjusted especially for this Machine.

Folding Tops and Cabinet Cases.

New designs of the unique, useful and popular Folding Tops and Cabinet Cases, peculiar to the Singer Machine, are in every variety of Wood, such as Black Walnut, Mahogany, Rosewood, Satinwood, and from the plainest to the most elaborate pattern and finish. The Machines themselves are plain or highly ornamented with pearl and gold to correspond with their tables or cabinets.

In the Singer the work is fed or passed through the Machine in the natural direction, namely, *from the operator*, permitting her to sit in a natural and healthy position. In many other Machines the work passes from right to left, or the reverse, *compelling the operator to sit in a bent and unhealthy position, and thus causing weakness of the back, etc.*

The Singer uses a SHORT STRAIGHT NEEDLE, which is *not* liable to break or miss the stitch. Many other Machines use a long crooked needle, which *is* liable to break and to miss the stitch.

In the Singer Machine the Shuttle is carried, thus avoiding nearly all wear. It requires no oil, and does not soil the thread or goods. Other Machines *drive* their Shuttles, in a race, thus causing great wear, and *requiring oil*, soiling the thread and goods.

On the Singer, the Tension on both the upper and lower threads is absolutely under the ready control of the operator, thus rendering the Machine always available for good sewing, which is not the case with any other. Many so-called cheap Machines are really worthless, and so are many of their new peculiarities and supposed advantages.

The SINGER is the

Oldest Practical Sewing Machine,

Being about twenty years in the market. Having been constantly improved by the employment of the most skilled ingenuity of the age and unlimited capital, it is now divested of all unnecessary parts and possesses All the Very Latest Inventions and Improvements. It is the only Machine sold on Honest Claims, as all its parts are Practical and will do all that is claimed for them. Some other Machines are Greatly Complicated, to do Useless and Silly things, and thus are rendered Liable to Constant Derangement. The Singer Seldom or Never gives trouble, but is readily and easily managed by those *who utterly fail on other Machines.*

SINGER'S

New Manufacturing Machines

Claim the same advantages over others of their class as the new Family Machines. These old and well-tried Sewing Machines are *applicable to all kinds of heavy and light manufacturing in Cloths, Leather, etc.*, and run in the most perfect and reliable manner without trouble to the operator.

EASY MONTHLY INSTALMENTS

So that all may possess one of these *Blessings.*

For the convenience of our Patrons we have engaged the services of a gentleman who has had twenty years experience and is one of the most skillful experts in the world in repairing and adjusting Sewing Machines. He will put each Machine in complete and practical running order before it leaves the Institution and will also impart to purchasers all needful instruction, so that they can at once commence work.

We resort to no trickery whatever to sell Sewing Machines, but allow their Great Merits to recommend them. We can do this, as the demand for them is so great that although the Singer Company make more than all other first-class companies combined, they cannot nearly fill their orders, and are compelled to still extend their Gigantic Works.

We having been so fortunate as to secure the

General Central Agency,

For this Territory, we extend a cordial invitation to all to come and see the Machines, whether they wish to buy or not. See all others, but do not buy without you examine the Singer.
