Meeting of the Cabinet.

WASHINGTON, 1.—There was a full cabinet meeting to-day, lasting three hours, South Carolina being the principal topic of discussion. Gen. Ruger's telegram says he has carefully abstained from interference with the organizations, and had placed soldiers only in the State House, not in the hall of the House. He details the manner of the members gaining admission under the protection of the troops, and disavowed the intention of allowing guards to stand at the door; that was allowed for a brief time by the officer in charge, but Ruger countermanded the order. The cabinet officers refuse to say anything of the decision reached. It is known, however, that additional important instructions have been sent to Ruger.

The latest news from Columbia to-night says everything is quiet; both sides are in the house and expecting federal interference.

Reports of a Disagreement.

Reports prevail of a disagreement concerning South Carolina affairs, occasioning much earnestness of expression, particularly, it is said, by Secretary Fish opposing the administration policy in that State, and rumor goes so far as to say that the Secretary contemplates resigning, but this rumor is not generally believed and the reports cannot be authenticated.

PHILADELPHIA, 1.—At an auction sale, twenty-four buildings belonging to the board of finance and twenty belonging to individuals were bought on the Exposition grounds for $296,000. The cost was two millions and a half.

Must Obey Orders.

COLUMBIA, 1.—The Speakers of both houses signed a proposition to adjourn their respective houses immediately, and simultaneously to meet to-morrow at noon, with the status of each unchanged, provided General Ruger would agree. The latter, however, refused, saying that he must obey orders if received from Washington.

Debt Statement.

WASHINGTON, 1.—The debt statement shows an increase during the last month of $457,632; coin in treasury $79,881,471; currency $117,432,-152; special deposit for the redemption of certificates of deposit $40,-725,000; total coin bonds $1,697,320,-600; total without interest $472,-523,716; total debt $2,186,135,516; total in the Treasury $132,349,683; debt decreased since June 30th, $10,103,245; bonds issued to the Pacific Railroad Companies, interest payable in lawful money, principal outstanding $64,623,512; interest accrued and not yet paid $1,615,587; interest paid by the United States $32,080,718; interest repaid by transportation of mails, etc., $6,990,335; balance of interest paid by the United States $25,087,-882.

From Florida.

TALLAHASSE, 1.—The board of canvassers met this morning, and the republicans introduced witnesses in the Alachua cases.

Vance, colored, clerk at Archer precinct, swore that the election was fair and regular, and that 531 votes were polled; that certificates were made out to show this number of votes and were regularly signed by Moore and Dukes, inspectors. He described, with great particularity, the mode of conducting the election and count. Upon being cross examined he swore that he was employed as clerk of the county commissioners about one month before the election, in the office of Mr. Dennis, and that a tally sheet was kept. He did not know what became of the sheet; that the ballot box was taken to his (Vance's) house on election night and kept there till morning, when it was taken to the court house in a basket. Witness was born in Canada, and educated at a Buffalo, N. Y., common school.

P. P. Black, colored, was introduced. He testified that he was inspector of the election of Archer; that 535 votes were cast, counted, and put in the certificate regularly.

The democrats then filed objections to the vote of Duval County on the ground that 53 non-registered men voted; that 33 men voted twice; that 13 under penal conviction voted; that 13 inmates of the county jail voted; that the registration list was padded and packed, the only democratic members of the board of county commissioners being removed just before the election to make room for fraud there.

The republicans filed an objection to 29 votes in Nassen and 23 in Duval, on the ground that two paymasters of railroads gave democratic tickets, marked with certain numbers, to negro employees, and told them they would be discharged if these numbers were not found in the box; that three negroes, through fear, did vote the numbered tickets, and on various grounds of intimidation and violence. The republicans objected to Jackson County on the general charge of intimidation, violence and fraud.

From Louisiana.

NEW ORLEANS, 1.—The following correspondence explains itself:

New Orleans, 30.

Dear Sir: —It is our purpose to communicate to the President copies of the testimony of witnesses taken under order of the board of returning officers, before commissioners, but we have no means of getting copies of these depositions as they are taken in behalf of the democratic candidates for electors. If you will secure us copies of such depositions we will, with pleasure, transmit them with copies of depositions taken by the republican candidates, so that if printed hereafter the whole body of the testimony may be read and considered together. No doubt a request by you of the gentlemen taking depositions will enable you to comply with our wish for a copy of them.

Very respectfully, yours,
(Signed,) JOHN SHERMAN,
To Hon. JOHN L. PALMER,
Chairman.

New Orleans, 1.

Hon. John Sherman.

Dear Sir— Your note of yesterday's date was received this morning, and at once laid before the gentlemen with whom I am associated, and they instruct me to answer that they are extremely anxious that all the facts relating to the election of presidential electors in Louisiana shall be known to the people of the United States, but that your note contains no assurance that the evidence collected here will be laid before the country. They further instruct me to say that upon that and other grounds they decline to be the medium of communication between the representatives of the President and citizens who claim to have been chosen by the people of Louisiana at the late election as presidential electors. They would gladly unite and co-operate with you and your associates in collecting and collating for publication such returns, protests, petitions, exceptions and evidence taken by all parties, with any other parties that may be necessary, to a full understanding of all questions that relate to the election for presidential electors in this State. In view of your proposition, and the importance of a proper understanding of all the facts by the country, we must express our regrets that you decline the co-operative action proposed by us in the beginning.

Very respectfully, &c.,
JOHN M. PALMER.

The committee of visiting democrats issue the following address:

New Orleans, Dec. 1, 1876.

To the People of the United States:

On our arrival here, in casting about for approaches to the officers who control the elections in the State, we discovered that they were all of one political party; that the governor had appointed none but republican supervisors of election, and that the returning officers constituting the State board were of the same political school. Influenced by these inauspicious surroundings, our thoughts and hopes were turned towards the eminent gentlemen who had been selected by the President to be present and see that the board of canvassers made a fair count of the votes actually cast, and on the 14th of November we invited these gentlemen to meet and confer with us. This co-operation was declined; but, nevertheless, we have reason to believe that to this correspondence may be attributed the invitation to us on the 18th ult., by the returning board to attend and be present at its meetings as spectators and witnesses of its proceedings. Through this courtesy and the services of a competent stenographer, we became possessed of all the essential facts delivered on the face of the official papers. We have been furnished with a certified copy of the duplicate statement of the votes made by the commissioners of election at each place of voting in the State. From these statements it appears that the Tilden electors received the following votes, viz.: McEnery 83,712, Wickliffe 83,880, St. Martins 83,676, Poche 83,529, De Blane 83,667, Zay 83,842, Cobb 83,-579, Cross 83,652; the Hayes electors received the following votes, to wit: Kellogg 77,152, Burch 77,144, Joseph 74,889, Sheldon 74,844, Marks 75,221, Levissee 75,370, Brewster 75,457, Jefferson 75,956. The result of the vote for presidential electors, as disclosed on the face of the returns opened by the returning board in our presence, was for the Tilden electors—McEnery 82,223, St. Martin, 82,129, De Blane 82,065, Cobb 81,959, Wickliffe 82,346, Poche 82,036, Zay 82,242, Cross 82,109; for the Hayes electors—Kellogg 77,023, Joseph 74,642, Works 73,087, Brewster 72,270, Burch 76,983, Sheldon 74,678, Levisse 75,157, Jefferson 77,-530.

In most cases the returns opened by the returning board correspond precisely with the certified copies of the statements of the commissioners of election furnished us. The most material difference arose from the failure of the supervisors of East Baton Rouge, Tangipapahoe, and of Orleans, to forward the statements of votes from all the voting places in these respective parishes. In thirty-five out of the thirty-eight States in the Union these figures would be conclusive. No one would claim that Tilden and Hendricks were not entitled to the electoral vote of the State, but in Louisiana a tribunal has been set up which, on former occasions, has overthrown the will of the people as expressed at the polls, and for which the power is not claimed, in its discretion, to change the result of the popular vote at the recent election. In view, however, of the returns, and the law and the facts which should control the returning board, with which we have made ourselves familiar, we have no hesitation in saying that the result shown by the votes actually cast cannot be changed without the palpable abuse of the letter and spirit of the law governing the returning board, and a manifest perversion of the facts before it. Irregularities have been committed, in some instances by officers conducting the elections and in making returns, but they are about as much on the one side as the other, and as to intimidation, violence or other illegal acts preventing a free and fair election, there is evidence on both sides, but not of such a character as to effect the general result. In most instances the acts of violence proceeded from mere carelessness, as in the case of Henry and Eliza Pinkston; and had no connection with politics. It is a significant fact that in a parish where it is alleged that voters were kept from the polls by intimidation, the total vote of such parishes was as large as at any time heretofore, and in the whole State is 1,500 above any vote heretofore cast, and an honest and fair canvass of the returns, even under Louisiana law, cannot materially reduce Tilden's majority as shown on the face of the returns.

A New Elector.

PROVIDENCE, R. I., 1.—The general assembly convened in special session to-day. Governor Lippitt communicated the opinion of the supreme court that Corliss, the present elector elect, is ineligible by reason of being a member of the United States Centennial Commission. Hon. W. S. Slater was elected to fill the vacancy, receiving 81 votes to 19 for Chas. R. Cutler, the democratic candidate.

The Cuban Question.

LONDON, 1.—The *Standard's* Madrid dispatch says the Cuban question came up this week in the chamber of deputies. In the course of the debate Gen. Salamanca made an indirect attack on the two commanders in Cuba, which called forth severe retorts from the prime minister and minister of war. The former said the ministry asked the Cortes to give the guarantee of Spain to a loan to enable seventy thousand soldiers, under General Campos, to crush the rebellion. At this Gen. Requelme sprang up and insisted that after the deduction of the sick and the army of occupation, Gen. Campos would only have twenty thousand effective men. The debate was brought to an abrupt conclusion. Much anxiety prevails among those connected with maritime affairs over the rumors of the appearance on the high seas of Cuban privateers.

Fire at Santander.

A dispatch from Santander says a great fire is now raging in this city, near the railroad station. The Cathedral is threatened.

Specie Shipment.

The steamship *Parthia*, which arrived from Liverpool yesterday, brought $150,000 in specie.

The amount of bullion gone into the Bank of England on balance to-day is £137,000.

Russia Preparing for Contingencies —English Officer Accused.

A dispatch from Berlin says an order, which is in preparation for calling out all Russians under fifty years of age, is regarded as a proof that the Government is preparing for all contingencies, and has refused the St. Petersburg Bourse.

The Russian semi-official telegraphic agency accuses Col. Kimball, the English military attache who accompanied the Turkish army, of having acted as the military adviser of Abdul Kerim Pasha.

Rise in American Eagles.

The *Standard* says we understand the Bank has raised the selling price of American eagles a half penny per ounce. It is not expected that this will check the export to any appreciable extent. The vessel by which the gold for the United States was to be shipped, sailed yesterday, which accounts for the temporary cessation of the drain.

Specie Shipment.

Gold in bars to the amount of $135,000 was withdrawn from the bank yesterday, for shipment to the United States.

Agitation Among the Christians in Turkey.

The *Times* Vienna dispatch says the interest shown by the powers in the cause of Bulgaria, Bosnia and Herzegovina, produced agitation among the Christians. In the other provinces of Turkey the Greek subjects of the Sultan are particularly active in protesting against giving special privileges to Christians of Slavonic descent, demanding equal reforms for all Christians. A petition from Epirus and Thessaly sets up this claim in a threatening manner. The Jews and Armenians are also petitioning the Porte. These movements are very convenient to the Porte on the eve of the conference, strengthening its opposition to the concessions demanded for the various provinces. With a view to a possible insurrection, measures for the defense of Epirius and Thessaly against invasion from Greece have been taken. The passes between these provinces have been fortified, the garrison for Larissa strengthened, the frontier guards reinforced, and the Mahometan population of Thessaly organized as a national guard.

Debate in the Senate.

VERSAILLES, 1.—There was a long debate in the Senate, to-day, on the bill for the cessation of judicial proceedings against participators in the commune. Minister Dufaure said the government accepted the bill in a modified form, and advocated its passage. The bill was defeated 156 to 136.

The delegates from three groups of the Left, in the Senate and Chamber of Deputies, met, to-day, and resolved that, whereas the policy of Dufaure, president of the council, had ceased to conform with the wishes of the republican majority, therefore that he be requested to resign. The meeting was of the opinion that it was necessary to retain the ministry as it now is, with the exception of substituting Simon for Dufaure. It is not thought that this proposition will be accepted by President MacMahon.
