IMPORTANT LETTER

From a Distinguished Physician.

NO single disease has entailed more suffering or hastened the breaking up of the constitution than Catarrh. The sense of smell, of taste, of sight, of hearing, the human voice, the mind, one or more and sometimes all yield to its destructive influence. The poison it distributes throughout the system attacks every vital force, and breaks up the most robust of constitutions. Ignored because but little understood by most physicians, impotent or unskilful by quacks, and certain those suffering from it have little hope to be relieved of it this side of the grave. It is time, then, that the proper treatment of this terrible disease by remedies within the reach of all passed into hands at once competent and trustworthy. The new and hitherto unfried method adopted by Dr. Sanford in the preparation of his RADICAL CURE has won my hearty approval. I believe it likely to succeed when all the usual remedies fail, because it strikes at the root of the disease, viz., the *acidified* blood, while it heals the diseased membrane by direct application to the nasal passages. Its action is based on certain fixed rules, and unless the vital forces are too far exhausted, must, in the great majority of cases, effect a cure.

GEO. BEARD, M. D.

MONCOTT BLOCK, So. FRAMINGHAM, Oct. 1, 1874.

SANFORD'S RADICAL CURE

MAY safely claim to be one of the few popular remedies receiving the approval of medical gentlemen, who, in private, not only freely recommend it to their friends in their families in preference to any of the preparations usually prescribed by physicians.

"You are aware," said a distinguished city physician, "that my obligations to the Mass. Medical Society are such that I cannot publicly recommend or prescribe the Radical Cure; but since I received so much relief from the use of it myself, after a thorough trial of the usual remedies, I have privately advised its use, and presume I have sent to your store no less than one hundred of my patients for it."

UNIVERSAL SATISFACTION.

GENTLEMEN,—We have sold SANFORD'S RADICAL CURE for nearly one year, and can say candidly that we never sold a similar preparation that gave such universal satisfaction. We have to learn the first complaint yet.

We are not in the habit of recommending patent medicines, but your preparation meets the wants of thousands, and we think those afflicted should be convinced of its great merit so that their suffering will be relieved. We have been in the drug business for the past twelve years constantly, and sold everything for Catarrh, but yours leads all the rest. If you see proper you can use this letter or any part of it that you wish.

Very truly yours, E. D. BALDWIN & CO. Wholesale and Retail Dealers in Drugs, Books and Stationery, Washington, Ind., Feb. 26, 1876.

Each package contains Dr. Sanford's Improved Inhaling Tube, and full directions for use in all cases. Price, $1.00. For sale by all wholesale and retail druggists and dealers throughout the United States and Canadas. WEEKS & POTTER, General Agents and Wholesale Druggists, Boston, Mass.

COLLINS' VOLTAIC PLASTER

An Electro-Galvanic Battery combined with a highly Medicated Strengthening Plaster, forming the best Plaster for pains and aches in the World of Medicine.

ELECTRICITY

As a grand curative and restorative agent is not equalled by any element or medicine in the history of the healing art. Unless the vital spark has fled the body, restoration by means of electricity is possible. It is the last resort of all physicians and surgeons, and has rescued thousands, apparently dead, from an untimely grave, when no other human agency could have succeeded. This is the leading curative element in this Plaster.

BALSAM AND PINE.

The healing properties of our own fragrant balsam and pine and the gums of the Eastern tree well known to require description. Their grateful, healing, soothing, and strengthening properties are known to thousands. When combined in accordance with late and important discoveries in pharmacy, their healing and strengthening properties are increased a hundred fold, in this respect our Plaster is the best in use without the aid of electricity.

TWO IN ONE.

Thus combined we have two grand medical agents in one, each of which performs its function and unitedly produce more cures than any liniment, lotion, wash, or plaster ever before compounded in the history of medicine. Try one. PRICE, 25 CENTS.

Sold by all Wholesale and Retail Druggists throughout the United States and Canadas, and by WEEKS & POTTER, Proprietors, Boston, Mass.

EVENING NEWS.

Wednesday, - - January 8, 1879.

PAROWAN STAKE CONFERENCE.

PAROWAN, Jan. 2, 1879.

The Quarterly Conference of the Parowan Stake of Zion was held in the Parowan meeting house Dec. 28 and 29, 1878.

Present, Erastus Snow, of the Twelve Apostles; Wm. H. Dame and Henry Lunt, of the Presidency of the Stake; most of the High Council; a majority of the Bishops, President John R. Murdock and Elder Wm. Fotheringham, of the Beaver Stake; Daniel D. McArthur, of St. George, and Patriarch McBride and Elder A. Hamilton of Sevier Stake.

FIRST DAY.

The first day was occupied by Brothers Hamilton, McBride, McArthur and President Murdock.

The topics dwelt upon were the necessity of our using our agency acceptably before God; the United Order; the necessity of our conforming our lives to the mind and will of our Heavenly Father, in order to gain his spirit; the importance of our becoming thoroughly acquainted with the principles of the gospel and of the history of nations.

The Priesthood meeting was held in the evening of the first day, at which very good reports were given by the bishops of their respective wards; reports were also made of the condition of the various quorums and societies in this Stake. Elder Snow gave some very good instruction to the presidents of quorums, urging them to be alive to their duties, and see that the members attend to the responsibilities that are resting upon them; after which meeting adjourned.

SECOND DAY.

The meeting, in the forenoon, was addressed by Elder Fotheringham and Counselor H. Lunt, upon the famine, pestilence and judgments that are being poured out upon the nations; Zion a growing power; the great necessity of our young men preparing themselves to bear this gospel off in honor, and to carry its message to the nations of the earth; and the necessity of faithfulness on the part of the Latter-day Saints.

While the sacrament was being administered the General Authorities of the Church were presented by the clerk, and unanimously sustained by the Conference; after which the local authorities were also presented and unanimously sustained by the Conference, with the following changes: Henry Lunt first counselor to President Dame, vice Jesse N. Smith, moved to Arizona; Samuel T. Orton second counselor to President Dame, vice Henry Lunt; John Eyre and Hans J. Mortensen members of the High Council, vice Jas. Fish and Smith D. Rogers moved to Arizona; Bro. S. S. Smith's resignation being accepted, as Bishop of the Paragoonah Ward, Wm. E. Jones was appointed Presiding Priest of that ward for the time being. There being more than one quorum of Elders, John Lowder was appointed president of the first, and Andrew Corry was appointed president of the second quorum.

After all the authorities had been presented, President Snow delivered a discourse replete with fatherly advice. The speaker dwelt more earnestly upon the necessity of our patronizing our co operative institutions; and exhorted the saints, in this stake, to continue their efforts in home industries, and to establish new industries as fast as wisdom and experience dictate, so that we may become self-sustaining. He advised the young, who have not good places here, to move to Arizona, or some other place as they may be directed.

The following names were then read by the clerk, and presented by President Snow, as missionaries to settle in Arizona and other places, as directed by the priesthood; all of whom were unanimously sustained by the conference:

S. S. Smith, S. H. Rogers, Davis S. Rogers, H. H. Herriman, George Hobbs, H. Harrap, Solomon Wardell, James Decker, Paul Smith, Daniel Allen, Orson Allen, Peter A. Mortensen, Hansen Bayles, Willard G. W. Butt, Hyrum Fielding, E. M. Dalton, John C. Dalton, Christopher Wilcock, Henry Wilcock, Adelbert McGregor, John Lister, Jacob Gould, Samuel Rowley, Jens Jensen, R. R. Burkbeck, John C. Duncan, John T. Gower, Christian Tufft, Kuman Janes, Hyrum Perkins, Joseph Nielson, Francis Webster, jr., John Mitchell, Wm. Robb, jr., Simon Topham, Henry Holyoak, J. S. Barton, John Williamson, Joseph F. Barton, Geo. Robb, John R. Robinson, jr., Peter B. Fife, Louis Fisher, James L. Davis, Thomas Bladen, George E. Perry, David Hunter, Geo. Urie, and John H. Adams.

President Dame thanked the brethren for their presence, the choir for the delightful music, and the people for their good attention; after which Conference adjourned, to meet at Cedar City, March 22nd and 23rd, 1879.

JOHN E. DALLEY, Clerk.

Correspondence.

SPANISH FORK, January 2d, 1879.

Editors Deseret News:

Sirs:—Christmas day passed off in a very quiet and pleasant manner; everbody seemed well supplied with the bounties of life, and Santa Claus was unusually generous in his distribution of his gifts to the "wee ones," judging by the bright happy faces, and the variety of musical performances that took place during the day.

Service was held in the meeting house in the forenoon, when appropriate discourses were delivered; in the afternoon a conjoint meeting of the Young Men's and Young Ladies' Mutual Improvement Societies was held, both societies being fairly represented, speeches, songs and recitations combined made a very interesting meeting. The day finished with a ball in Morrison's hall, which was conducted in an orderly manner, enabling all to enjoy themselves to the utmost.

On the evening of the 24th the members of the Primary Society, numbering 344, assembled in the meeting house, where a magnificent Christmas tree was prepared for their especial benefit, loaded with toys and dazzling with the lights from many colored candles. It was very pleasant to see so many happy little faces, as they came forward to receive their present from the president of the Society, Miss M. A. McLain, who may justly feel proud of her mission to cultivate Utah's best crop.

New Year's day seemed to be a time of renewing old friendships, and the interchange of kindly feelings, and was marked by the absence of rowdyism; the weather was delightful, almost spring-like, no snow.

In the afternoon the funeral of an interesting ten year old daughter of Bro. R. Kelund, a respected citizen, took place. A touchingly interesting feature of the ceremony was the four young brothers of the deceased acting as pall bearers.

The day finished as usual with a ball. Considerable sickness prevails here at this time in the shape of severe colds and lung fever.

GRANTSVILLE, January 4, 1879.

Editors Deseret News:

Grantsville does not often "rush into print," but it exists nevertheless, and prospers notwithstanding. Its self-sustaining institutions flourish equal to those of many other places, and they are expected to grow into notoriety through merit. As contracting winter gives place to expanding spring and summer, they will probably receive additional succor, and exhibit increased vitality and usefulness.

Our young people avail themselves of opportunities, respect good advice, and try to improve; and, though there is plenty of "sea room" in this regard, gratifying signs of improvement appear. The educational and saving institutions of Zion are gradually but surely doing their heaven-appointed work.

Apostle J. F. Smith was at our monthly priesthood meeting, today, and, in connection with Prest. Lyman, imparted excellent instructions, which, if practised, will save temporally, spiritually, and eternally. They are expected to again minister for our benefit on Monday evening next.

The general health of the people is comparatively good. The destroyer has made some breaches which nothing but the resurrection of the just can repair, but yet we feel that we are favored and blessed above many of our fellows. The peace of heaven dwells in the hearts of all who strive to keep the commandments of God; and "Zion prospers: all is well."

Sec. 2.—The amount of the cost of said improvement shall be estimated and fixed by the City Council, and be assessed upon the real estate benefitted by such improvement, by three commissioners, reputable citizens, who shall be appointed by the City Council to make said assessment in the manner provided in Section 2 of "An Act amending the Charter of Great Salt Lake City," approved Jan. 14, 1865.

Sec. 3.—Immediately upon the completion of said assessment, as provided in said act, the supervisor of streets shall cause a notice to be published for one week, in some newspaper having a general circulation in said city, to the effect that any owner of real estate assessed as aforesaid, who shall, within ten days after the publication of said notice, perform, under the direction of said supervisor, a proportion of labor in making said improvement equivalent to the amount of the assessment against his said real estate, such labor shall be accepted as payment of said assessment.

Sec. 4.—At the expiration of the said ten days, the tax list containing the names of persons assessed as aforesaid, exclusive of the names of persons who have performed labor as provided in the last section, shall be delivered to the city collector, who shall collect the taxes so assessed, and then owing, by distress, in the manner provided by an ordinance of said city, entitled, "An Ordinance to Provide for Assessing and Collecting City Taxes," passed March 12, 1878, and pay them over to the treasurer within 40 days after the receipt of said list.
