

SINKING FUNDS NOW PROVIDED

Union Depot and Railroad Company Files Supplemental Mortgage and Deed.

BONDS ISSUED ARE RECALLED

New Issue for Identical Amount is Ordered to Conform to Changes Made by Second Filing.

A supplemental mortgage and deed of trust has been filed with the county recorder in the matter of the \$1,000,000 sinking fund of the properties and franchises for the construction of the Denver & Rio Grande and Western Pacific passenger station now being erected in the city. The amended document is in all respects similar to the first filed mortgage, except that the second instrument provides for the establishment of a sinking fund by the depot company, commencing in the year 1913, when \$20,000 shall be set aside to create a sinking fund for the redemption of the bonds when due. The bonds are to run for 25 years, bearing 5 per cent interest, but it is provided that the depot company shall have the option of redeeming any or all of the bonds after the year 1923, or at the expiration of half the time for which the bonds are to run.

The mortgage was originally filed Nov. 1, 1908, and the depot company designated as the Salt Lake Union depot & Railroad company, was represented in the transaction by the signature of E. T. Jeffery, president of the Denver & Rio Grande Railroad company. The issue of bonds is taken by the Denver & Rio Grande Railroad company. Since the filing of the original document, \$500,000 in bonds already placed were called and a new issue of that amount under the supplemental agreement ordered made.

LUMBERMEN LEAVE SUNDAY.

A party of lumbermen from Utah, Idaho and Nevada will leave this city in a special car on the afternoon of Jan. 31 over the Oregon Short Line en route for Spokane, Wash., where they will attend the annual convention of the Retail Lumbermen's association of the west. The party consists of the following: Mr. and Mrs. George E. Merrill, James H. Ward, Mr. and Mrs. W. J. Burton, Theodore Nyström, A. W. Hart, Jung W. H. King, N. J. Hansen of Salt Lake; L. S. Heywood, Layton; J. F. Merrill, Henry Wright, Brigham City; Hyrum Jensen, Collinston; C. C. Wilson, Tremont; Bent Hansen, Mr. Pleasant; Mr. Pritchard; Mr. Alfred Robert Anderson, Logan; Mr. Beebe, Parley Smoot, Provo; Mr. and Mrs. J. C. Wester, Pocatello; Jay S. Smith, Elko, Nevada.

SPIKE AND RAIL.

George T. Hull, district passenger agent of the Pennsylvania at Denver, is in the city making calls on old friends.

T. J. Wyche, chief engineer of the Union Pacific, has returned from a trip of inspection over the line. Mr. Wyche says the rails have been laid eight miles west of Elko, and that trains will probably be running between Salt Lake and Elko within a few weeks. The running of trains is being held off until the Flower Lake tunnel is completed.

The Salt Lake Route will run a special train to Provo tomorrow for the convenience of those who wish to witness the basketball game between the teams of the Agricultural college of Logan and the B. Y. university of Provo.

FRIENDS OF MISSIONARIES.

Have you a friend or acquaintance in your former field of labor, to whom you would like to send a copy of the Saturday of the Semi-Weekly News? If so, take advantage of our special offer, made to aid the great missionary work. We send the paper one year to any point in the United States, Canada or Mexico at half price, \$1.00. This does not apply to points where there are regular wards or stakes.

FRENCH PEASANTS.

The French rural voter is intensely ministerial. He does not care much what the government is, but he wishes to be on the best of terms with it. The authorities can do much for him; let him have the help of his own kind, serving as a private soldier when the harvest is on; it can vote him an indemnity if his crops are destroyed; it can supply his relatives with the right of selling tobacco and stamps; it can also give him those decorations he so dearly prizes, the "palme académique," the "mérite agricole," and the Legion of Honor. The ballot is only nominally secret, and he will therefore vote against the government except under extreme provocation.—Saturday Review.

Don't Wear A Truss

After Thirty Years Experience I Have Made A New Discovery for Men, Women or Children That Cures Rupture.

Costs You Nothing To Try It.

If you have tried most everything else, and have not succeeded, send me a letter and I will send you a free book and let me know how my new discovery and giving prices and names of many people who have tried it and been cured. I am a truss maker and I have no other business. I send on trial to prove what I say is true. You are the judge and once you have tried it you will be as enthusiastic as my hundreds of patients whose letters you can also read. Fill out the coupon and mail today. It's well worth your time whether you try my discovery or not.

FREE INFORMATION COUPON

Dr. E. BROOKS, 801 Brooks Bldg., Marshall, Mich.

Please send me by mail in plain wrapper full information of your new discovery for the cure of rupture.

A BLESSING TO MANY SUFFERERS

A Plain Home Prescription Highly Recommended for Elderly People.

RELIEVES KIDNEY TROUBLE

Simple Home Made Remedy and How To Prepare It If You Have Urinary or Bladder Trouble or Rheumatism.

This is a simple home recipe now being made known in all the large cities through the newspapers. It is intended to check the many cases of Rheumatism, kidney and bladder trouble which have made so many cripples and invalids and weakenings of some of our brightest and strongest people. The remedy here have been notified to supply themselves with the ingredients, and the sufferer will have no trouble to obtain them. The prescription is as follows: Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup of Sarsaparilla three ounces. Mix by shaking well in a bottle. The dose is one teaspoonful after each meal and at bedtime.

Recent experiments prove this simple mixture effective in Rheumatism, because of its positive action upon the eliminative tissues of the kidneys. It cleanses the blood and system the waste impurities and uric acid which are the cause of rheumatism. It cleanses the kidneys, strengthens them and removes all such symptoms as headache, blood disorders, bladder weakness, frequent urination, painful scalding and discolored urine. It acts as a powerful stimulant to the entire kidney and bladder structure.

Those who suffer and are accustomed to purchase a box of medicine should not let a little inconvenience interfere with making this up.

WEATHER REPORT

With the exception of a haze, the sky is clear today and the air is clear and cold. Stormy conditions east and north have so delayed communication that the weather map only in part is completed. The mercury fell last night to 12 degrees below zero, and started the day below zero. The entire western half of the country is under fair weather conditions, with prospects of a slightly rising temperature.

The high barometer pressure over this section has increased in energy, causing fair and colder weather (from limited forces received) over a large area, with lowest temperature at 10 degrees below zero at time of report.

The storm center is located over the prairie region and central valleys, producing thunderstorms and high winds with rain or snow, extending from the Missouri valley eastward to the upper prairie region to the Gulf states.

Record at the local office, United States weather bureau, for 24 hours ending at 6 a. m. today:

Temperature at 6 a. m., 12; maximum, 25; minimum, 12; wind, 15; clouds, 100; degrees below normal, 25 degrees; since the first of the month, 25 degrees; since the first of the year, 1 inch; total precipitation since the first of the year, 2.70 inches, which is 1.45 inch above normal. Relative humidity, 64 per cent.

BASKETBALL SPECIAL.

Logan vs. Provo. Special train via Salt Lake Route, Saturday, Jan. 31, leaving Salt Lake, 4 p. m. and returning leave Provo 10:30 p. m. Join the Logan crowd. \$1.25 round trip.

CONFERENCE PAMPHLET NOW READY.

Full proceedings of the seventy-ninth semi-annual conference of the Church of Jesus Christ of Latter-day Saints, held in the tabernacle and adjoining hall, Salt Lake City, Oct. 4, 5 and 6, are now ready.

This was one of the most spirited and interesting conferences held in many years. These sessions, which are not to be printed in any other form. Price 25c post paid.

MODERNIZATION OF MECCA

The Hedjaz railway is a remarkable undertaking. Not only does it link Damascus with Medina, the city that in the eyes of Mohammedans is second only in sanctity to Mecca itself, but it has been regarded from its inception as a sacred work.

It is perhaps the only Turkish enterprise in which bribery and corruption have not had place for these concerns. In it, from the highest to the lowest, dared give nothing but their best to an enterprise so closely associated with their religion. The line, moreover, was built with the money subscribed by Mohammedans the world over.

It is likely that the line will be continued to Mecca, and in his speech at the inauguration Mr. H. B. Smith promised that he would use every endeavor to secure this end. The actual opening ceremony was performed by the Grand Mufti of Damascus, and some interesting speeches followed.

In the course of his remarks Ali Kamil said: "We are today celebrating three great events—the pilgrimage to Mecca, the opening of the sacred railway and the first constitutional anniversary of the Khalif of Islam. The prophet did not permit the railway to reach the Holy City before the Khalif had granted a constitution to his people."

It was after the line had been inaugurated that the special mission visited the electric plant which has been installed to supply electric light to the mosque that contains the tomb of the prophet. Later in the day the events of the hour were celebrated still further in that most modern method, by the letting off of fireworks and by illumination.

Medina, like Mecca, is forbidden to all but Mohammedans, but the barrier has been broken on two or three occasions. The railway is by no means the only modern thing that has reached the sacred city. Electricity too has come to it, as already noted. In the mosque in which the tomb of Mohammed has its place the lights are hidden in many strange shades, including some of ostrich eggs and others of Venetian and Bohemian glass.—London Illustrated News.

USEFUL PLACE.

Fredrick—May, wouldn't you like to have three eyes?

George—Yes.

Fredrick—Where'd you have the other eye?

George—'I'd have it in the back of my head.

Fredrick—You would? I wouldn't.

George—Where would you have your other eye?

Fredrick—Why, I'd have it in the end of my thumb, so I could poke it around a kitchen in the house and see the ball game for nothing."

LEGISLATIVE NEWS

PORTRAIT IS AUTHORIZED.

Senate Assents to Expenditure of \$1,000 for Governor's Portrait.

Pate and the absence of six members of the state senate almost resulted in the failure of a plan to appropriate \$1,000, for painting a portrait of former Gov. John C. Cutler yesterday afternoon.

There was no considerable opposition to the measure, but what little there was, added to the rules of the senate, became effective for a few minutes. Two members, each of the Weber delegation, felt that they did not favor the move. Kuenier first tried to cut the sum to \$500 on the grounds that this was the sum "heretofore appropriated in such cases." This failed. Then Stookey offered an amendment to the peace-making order placing the sum at \$750, exactly half of the amount in dispute. Williams, however, who as chairman of the committee on appropriations has had much to do with the practical problems of cost and value, stayed by his guns, declaring that \$1,000 was a small enough sum. "Artists," he said, "are not made people, that they may be cajoled and beaten down on their prices. Utah is a prosperous state, and its attitude to art should not be negatively. We can well afford to be liberal in this matter, or at least reasonable."

After the Stookey amendment had lost the roll was called. There were 10 votes for and 2 against, with John V. Smith absent and not voting. Those in the senate chamber. Carl Badger here took a hand. He announced that he would change his vote from "aye" to "nay" for the purpose of moving a reconsideration at a future time. Just at this point, however, John V. Smith returned to the chamber from the telephone booth, and announced that in favor of the bill. Senator Badger then withdrew his request to be allowed to change his vote, as the necessary 10 votes for the bill had been secured.

After the session an effort was made by the "News" reporter to find out why the sum had been placed at \$1,000 in the bill instead of at \$500, which was the sum appropriated for the portrait of Gov. Heber M. Wells at the last session. It developed from a conversation with Senator Williams and President Gardner that the sum of \$500 could not command the services of an established artist, and that additional money had to be raised for the portrait, even when painted at a special heavy discount from the usual amount received by the artist who undertook the commission. For that reason it was decided to raise the amount this year to a practicable sum.

SIX MILLION ACRES.

Legislature Will Ask Federal Aid for Roads and Capital.

The suggestion brought forward, first at the Utah Development league meeting, and then in the legislature, that the state ask Congress for 6,000,000 acres of land, half to go for a capital building, and half for good roads, has now resulted in still another idea. It is that the government be asked for 6,000,000 acres, 3,000,000 for roads and 3,000,000 for a building.

For that reason Wilson's senate memorial did not secure favorable consideration in the senate in the afternoon. Instead it was referred back to the senate committee on federal relations, with instructions to prepare it so that it shall ask for 6,000,000 acres instead of only half that amount.

The measure came before the senate upon report of Hulanicki's committee, which favored it with a few minor amendments. Senator Hulanicki stated, however, that he thought the amount of 3,000,000 acres very reasonable and moderate, and that he would have favored the memorial even if it had asked for twice that amount.

REMARKS BY MARKS.

Senator Marks, a graduate from the house as conducted by Speaker Harry Joseph, has again precipitated in the senate one of those "talk fests" which are making this session conspicuous in contrast to all its predecessors. Marks had discovered that the words "bill for preceding the words 'an act' in the senate journal, referring to new measures as introduced, were superfluous. After saying so at an extended length, Senator John V. Smith, who took upon himself the position of "holdover scold" in the absence of other veteran members, tried to make Marks sorry he had spoken by asking that "Mr. Marks repeat his remarks."

Senator Marks explained the nature of his objection again. "I fail to gather any point to this matter," put in Senator Smith, who in common with the other older members had read newspapers while the young senator talked. "If," he added, "that is all the senator wishes to say, I would like to bring to the attention of the senate."

HOMESTEAD LAWS.

Senator Carl Badger Introduces One More Bill of His Supply.

Senator Badger seems to have all the rest of the senators distanced by a league in the matter of introducing new bills. Yesterday a trio of measures from the Salt Lake senator found their way on to the docket. They refer to the matter of homestead laws, making more restrictions upon the process of gaining a homestead. The first amends section 1146 of the compiled laws in such a way as to provide for the selection of appraisers and for instituting litigation where disputes arise.

The second bill amends sections 1148 and 1151, and at the same time repeals section 1152. The bill provides that the head of a family may make a declaration of homestead, and that when the head of a family is the wife she may make the declaration provided that she subscribed to an oath that her husband has not previously made such declaration.

The final bill is as follows: A homestead consisting of lands and appurtenances, which lands may be in one or more localities where such separate tracts are used in connection with and as a part of the homestead, not exceeding in value, with the appurtenances and improvements thereon, the sum of \$1,500 for the head of the family, and the further sum of \$500 for his wife, and \$250 for each other dependent member of his family, shall be exempt from judgment lien, and from execution, or forced sale, except as provided in this title; provided, however, that the total homestead exemptions allowed any judgment debtor shall not exceed in value \$3,000.

HOW I MADE MY HAIR GROW

Woman With Marvelously Beautiful Hair Gives Simple Home Prescription Which She Used With Most Remarkable Results.

I was greatly troubled with dandruff and falling hair. I tried many advertised hair preparations and various prescriptions, but they all miserably failed; many of them made my hair greasy so it was impossible to comb it or to let it up properly. I think that many of the things I tried were positively injurious, and from my own experience I cannot too strongly caution you against using preparations containing wood alcohol and other poisonous substances. I believe they injure the roots of the hair. After my long list of failures I finally found a simple prescription which I used with most remarkable results, and I can unhesitatingly state that it is beyond doubt the most wonderful thing for the hair I have ever seen. Many of my friends have also used it and obtained wonderful effects therefrom. It not only is a powerful stimulant to the growth of the hair, and for restoring gray hair to its natural color, but it is equally good for removing dandruff, giving the hair life and brilliancy, etc., and for the purpose of keeping the scalp in first-class condition. It also makes the hair much easier to comb and arrange in nice forms. I have a friend who used it two months and during that time not only stopped the falling of his hair, and wonderfully increased its growth, but it practically restored all of his gray hair to its natural color. You can obtain the ingredients for making this wonderful preparation from a most any druggist. The prescription is as follows:

Bay rum, 6 oz.; Menthol crystal, one-half dram; Lavone de Composee, 2 oz.; To-Kalon perfume, 1 to 2 teaspoonfuls.

Apply night and morning, rub thoroughly into the scalp.

Go to your druggist and ask for the eight ounce bottle containing six ounces of Bay rum, also one-half dram of Menthol crystal, and for a two-ounce bottle of Lavone de Composee. Mix the ingredients yourself at your own home. Add the Menthol crystal to the Bay rum and when mixed the Lavone de Composee, and all the To-Kalon perfume. Let it stand for one-half hour and it is ready to use.

and 1151, and at the same time repeals section 1152. The bill provides that the head of a family may make a declaration of homestead, and that when the head of a family is the wife she may make the declaration provided that she subscribed to an oath that her husband has not previously made such declaration.

LEGISLATIVE SIDELIGHTS.

Some of the effects of the work of the ration in the senate in the afternoon, when unanimous consent was obtained that the bill should be taken up by the B. No. 6, one of the early bills on prohibition introduced in the house. The provisions of the Porter bill are covered in H. B. 37, the Cannon prohibition bill.

H. B. 13, which extends the limit of bonded indebtedness for town in certain cases, was passed by the house yesterday after considerable discussion.

Representative Hugh A. McMillin's house bill No. 33, relating to the duties of the state bank examiner came up for consideration, but went over until today upon the question raised by Ashton as to whether the judicial committee had inquired into the constitutionality of the provisions of the bill authorizing the bank examiner to look into the affairs of private institutions.

H. B. No. 24, by Holman, making it a misdemeanor for any person to wilfully give any false information to the press came up for consideration in the house yesterday afternoon. Unexpected opposition to the provisions of the measure arose. Representative Ashton making an extended talk against it. On the final vote, after the bill had been passed by a vote of 22 to 6. The bill provides as follows: "Any person who wilfully gives any false, delivers or transmits by any means whatsoever to the manager, editor, publisher or reporter of any newspaper, magazine, periodical or serial, for publication therein, any false, injurious or libelous statement concerning any person, persons, companies or corporations, shall be deemed guilty of a misdemeanor."
