

POLICY TOWARD ORGANIZED LABOR.

Walking Delegates, Agitators and Labor Unions Not Allowed to Say Who May Work

IN TELLER COUNTY, COLORADO.

Western Federation of Miners and the Trades Assembly Will Not Be Tolerated.

Cripple Creek, June 11.—A committee of leading business men today unanimously agreed upon the following statement of the policy of employers toward organized labor in this district:

"Attitude of employers and citizens of the Cripple Creek district toward unionism:

"While the wages paid for all labor in the Cripple Creek district have been the highest in Colorado and while the hours have been perfect, perfectly satisfactory, yet the walking delegates have been busy exciting strikes, strikes, boycotts and the crimes attendant upon such occurrences followed by assaults, arson, murder and dynamite outrages.

"In many instances, as, for example the strike of the last 10 months, where no local pretext could be found by the agitators, the quarrels between employer and employes in parts of Colorado remote from Teller county have been made the wanton cause of locking all the wheels of industry in Teller county.

"In the future neither walking delegates, agitators nor labor unions will be allowed to say who may or who may not labor in Teller county, who may not do business here. The source of all strife in the Cripple Creek district has been the Western Federation of Miners and the Trades Assembly, which they dominate and through which they carried out their boycotts, etc.

"There is no room in Teller county for two organizations, and their co-existence will no longer be tolerated. The citizens and taxpayers are determined to have peace and law and order in Teller county, and while they have no wish to work hardship on any person simply because of his membership in a labor union, nevertheless drastic measures must and will be adopted to preserve peace.

"Orders of the various crafts already organized will not be interfered with as to their local or international affiliations, provided the Trades Assembly is forthwith disbanded and its similar boycotting agency be organized provided further, that such unions of the local craft have not for their national or international affiliation the Western Federation of Miners, the American Labor Union or the State Federation of Labor, or any kindred criminal organization.

"We declare against all agitators and walking delegates. We declare against strikes, boycotts and walkouts.

"Soldiers and deputies continue to patrol the streets of Cripple Creek and Victor.

"Col. Verdesberg, in command of the military during the absence of Gen. Bell, who left for Denver today, gave the Associated Press an official order which reads:

"No organization will be allowed while this county is under military control to furnish aid in any form to the members of any organization or their families in this county, unless the aid is done through military channels. Maj. Thomas E. McClelland is provost marshal of this military district, and he is ready to receive from any person or organization any money or other supplies which are for distribution, to any person rendered needy by reason of the military occupation of this county for the suppression of insurrection, and all money and other supplies so furnished will be applied to the relief of the persons above referred to."

DEPORTATIONS.

Victor, Colo., June 14.—Thirty-six men were deported by the military. The men were residents of different sections of the district, but mainly from Cripple Creek and Victor.

There was a large crowd at the Florence and Cripple Creek depot when the men were loaded on the train, but little excitement of any kind was made. The destination of the exiles was given out unofficially as New Mexico. The report was current, however, that they would be taken through the territory by way of Mexico to the Gulf coast. A strong guard of military will accompany the men until they are finally released from any military custody.

The men sent out today are nearly all union men or union sympathizers. Quite a number of them are married. Food was taken on the train for the prisoners.

Preparations are under way here looking to the eventual abrogation of martial law, which, it is expected, will occur within one week. A large number of deputy sheriffs will be commissioned to take charge of the district under Sheriff Bell's direction when martial law is called off. A list of men to act in that capacity is being prepared. Other deputations will be made, but just when the next train load of men will be ready to be sent out is not stated at military headquarters. The only quiet here and has been all day. The only event of importance was the deportation act.

The deportation order, which was made public tonight, plainly reads that the deported men are to be taken to the southern boundary of Colorado, via Alamosa, on the Denver & Rio Grande railroad and deposited upon territory within the state of Colorado."

THE PORTLAND MINE. Denver, June 14.—"I have nothing to say about plans for reopening the Portland mine," said former Gov. Charles S. Thomas, counsel for the Portland Gold Mining company. "I do not realize that if we open our mouths about anything connected with Cripple Creek we lay ourselves liable to the bull pen or some other of the drastic measures that come under the head of 'military necessity.'"

"Miners remain absolutely in statu quo. We have not decided fully as to what course will be taken to reopen the mine. I suppose that if I had to say much I might get what Frank Haug received. His only offense was charged with crime several months ago. Perhaps if I should talk extensively in reference to my client, the Portland, I might be burned at the stake."

NAN PATTERSON. Arraigned in Court and Pleads Not Guilty.

New York, June 14.—Mrs. Nan Patterson, the former actress, against whom an indictment for murder in the first degree in connection with the death of Bookmaker Casper Young was returned by the grand jury yesterday, today entered a plea of not guilty before Judge Newburger. The plea was made with leave to withdraw before next Friday and in the meantime her counsel will serve notice on the district attorney that he will move to inspect the minutes of the grand jury.

The Start

In married life is generally made on an equal footing of health in man and wife. But how soon, in many cases, the wife loses the start and fades in face and falls in flesh, while her husband grows even more rugged and robust.

There is one chief cause for this wifely failure and that is, the failure of the womanly health. When there is irregularity or an unhealthy condition, inflammation, ulceration or female weakness, the general health is soon impaired.

Dr. Pierce's Favorite Prescription cures womanly diseases. It establishes regularity, drives out the bile, heals inflammation and ulceration and cures female weakness. It makes weak women strong and sick women well.

"A little over a year ago I wrote to you for advice," says Mrs. Elizabeth J. Fisher of Diana, W. Va. "You advised me to use Dr. Pierce's Favorite Prescription and Golden Medical Discovery, which I did, and with the most happy result. I was troubled with a very bad headache, which I did not get rid of until I used Dr. Pierce's medicine and I began to use it before I had taken two bottles. I was able to do my housework and I was all right and cured me. Now I do my housework. It is the best medicine I ever used."

day entered a plea of not guilty before Judge Newburger. The plea was made with leave to withdraw before next Friday and in the meantime her counsel will serve notice on the district attorney that he will move to inspect the minutes of the grand jury.

Attired in deep mourning, with a heavy black veil which she was not compelled to raise, Mrs. Patterson entered the courtroom with her father, Mrs. Martha McLaughlin, a friend, and her cousin, just before the clerk called the case. With a jaunty air, she walked up the aisle to the bar, and when asked to plead to the indictment, she turned to Mr. Levy, her attorney, who said:

"The defendant pleads not guilty, with leave to withdraw by Friday."

"That is a practise I do not approve of," the court remarked. "You will give you until Friday in which to plead."

This ended the formal arraignment and the prisoner was at once taken to the jail. As she was led from the courtroom she bowed and smiled toward her father and friends seated at the rear of the courtroom.

DEPORTED MINERS.

Gov. Otero Says New Mexico Will Receive Them.

Santa Fe, N. M., June 15.—Gov. Otero, in answer to an eastern newspaper for his views on the proposed deportation of citizens of Colorado to New Mexico, and what measures the territorial government would take to prevent it, sent the following message:

"My views is that no difference should be shown between capital and labor in their respective positions so far as the law is concerned. New Mexico has no objections to any citizens who respect our laws and wish to work in New Mexico, and those wishing to work in New Mexico should hold them under any and all conditions. If the deported citizens from Colorado conduct themselves in a law-abiding manner they will be welcome; if not, they will be deported. I will not tolerate any person or organization which will be used to supply money or other supplies which are for distribution, to any person rendered needy by reason of the military occupation of this country for the suppression of insurrection, and all money and other supplies so furnished will be applied to the relief of the persons above referred to."

THE TYNER LETTER.

President Confers With District Attorney Beach on It.

Washington, June 14.—The president had a conference with Dist. Atty. Morgan H. Beach, who prosecuted the Tyner case, and Charles H. Robb, who was assistant attorney general for the postoffice department in succession to Mr. Tyner. The conference related to the Tyner letter.

WOMEN AS DETECTIVES.

New York Police Employ Them in the Tenderloin District.

New York, June 15.—Women employed by the police department are now doing detective work in the tenderloin. Exactly how many of police duty they have been doing is unknown except to the captain of the precinct and his superiors. Thus far their movements have been kept carefully screened and they do not report at the station. Employment of women in regular detective work about the precincts has not been before tried in this city.

MINERS' FEDERATION MAKES STATEMENT

Places Blame for Explosion and Subsequent Outrages Upon Citizens' Alliance.

ALL PLANNED IN ADVANCE.

State Steps in Where the Mob Left Off and Begins Deporting Union Men.

Denver, Colo., June 14.—Acting under instructions given by the twelfth annual convention of the Western Federation of Miners, recently held in this city, the executive board of that organization today issued a statement regarding the strikes in Colorado and the recent disturbances in the Cripple Creek district.

"The Western Federation of Miners," the statement begins, "has always courted and invited the utmost publicity in all its acts and the acts of its members in matters affecting all its dealings. It is declared that notwithstanding persistent reports to the contrary, every local union voted upon the proposition before any strike was called. The recent convention sent a committee to Cripple Creek to investigate the situation. This committee, it declared, found the representatives of the mine ready and willing to listen to a proposition of settlement."

"Before any further conference could be held, it is asserted, the Citizens' Alliance interfered in such manner to frustrate the efforts of the union to effect a settlement, the intention of the alliance being no doubt prompted by the bitter hatred of the merchants against the four co-operative stores established and maintained in the district by the federation."

"The statement continues: 'We are fully convinced from information by trustworthy persons that the original explosion and subsequent outrages perpetrated are not only the work of the Citizens' Alliance, but are thoroughly of the opinion that the whole matter is planned and executed. Perhaps no single occurrence has so much bearing on this conclusion as the forcible resignation of various regular elected officials in the district.'

"What is public necessity justified the mob to compel the resignation of these officers we will leave the reader to judge for himself. To set aside the expressed will of the people, to depose officials named by the majority to conduct public affairs, is of itself a crime against citizenship that we cannot pass without severe criticism. Beside this all other crimes are puny—are parlor jobs or confessions of crime."

After referring to the imprisonment and deportation of union miners and the refusal of the Citizens' Alliance to permit any merchants to supply provisions for the families of such men, the statement continues:

"The very fact that union men are deported by the military is of itself sufficient to show that no evidence has been obtained against these men, for if evidence of crime was at hand does any reasonable man or woman suppose that the military commandant or the mob sheriff would be simple enough to deport to other parts the guilty persons? No, indeed. What evidence there is acquits the miners, but apparently fastens the crime upon the heads of hired assassins and thugs in the pay of the Citizens' Alliance."

"The apparent success of this line of action at Telluride has evidently prompted the recent acts of violence in the Cripple Creek district. The lawless mob at all times had access to the state guns and ammunition. When the mob had committed outrages without number the power of the great state of Colorado was taken up by affairs where the mob left off, depots union men, abuses others and brazenly heralds to the world the palpable lie that the miners' unions are the authors of the present outrages committed by them. At no time during all this struggle has the military power, or the civil power, ever been used to protect our members in their rights of citizenship."

"Even at present there is no determined effort is being made by the authorities to discover the real perpetrators of the Independence explosion. Nothing is attempted to be done except the one thing that is to fasten this unholy crime by imputation and innuendo upon the heads of our innocent membership."

"As was plainly shown some months ago in a trial where the Western Federation of Miners was accused of wrecking a train, the federation was innocent. So it is clear that none of the present outrages were committed by our members. As was plainly shown then that the crimes and outrages were committed by hired detectives and thugs for the purpose of bringing discredit upon unions and their members. The verdict of the coroner's jury which holds the federation responsible for the death of these men as unjust and ridiculous, and we assert that when the truth is known (if it ever divulged over the combined opposition of all county and state officials), it will be found to be as stated above, the work of detectives and thugs hired on purpose to commit crime and to be laid at our door and offer the excuse for the reign of terror that followed."

"The statement concludes with an appeal for funds to sustain the deported miners and their families. 'This is not our struggle alone,' says the executive board. 'We are merely bearing the brunt of battle now. Later it may come in the same way to all others, for the right to organize and maintain a union is now the only issue at stake. If the Western Federation of Miners can be ruthlessly destroyed, then other unions can be likewise destroyed. This is the concern of all. Let us make common cause against the common enemy. Let us pour out our treasure to be used in securing the rights for union men that are denied them without charge and without trial.'

Knox Will Leave Cabinet. Washington, June 14.—Although the attorney-general refuses either to deny or to affirm the statement, it is learned from a high source that it is his intention to retire from the cabinet within the next few days or as soon as his appointment as a United States senator from the state of Pennsylvania shall be received from Gov. Pennypacker. He will be succeeded by Mr. Moody, the present secretary of the navy. It is said that after a conference with the president, Atty.-Gen. Knox concludes that his action in retiring at once from the department of justice would be in accordance with the spirit of the Constitution, which provides that each state shall have two

Suite of Rooms for Parker.

New York, June 15.—It is reported in political circles here, says the Times, that a suite of rooms has been engaged at a leading St. Louis hotel for Chief Judge Alton B. Parker during the Democratic national convention. The report that he will go to St. Louis is not confirmed, but his friends discredited the story.

Safe Crackers in Montana.

Butte, Mont., June 14.—A special from Pinecone Springs, 50 miles east of Butte, says that the safe of the Burkhardt hotel was dynamited there early this morning and over \$25,000 belonging to the hotel management and guests, was secured by bandits.

Jewelry and watches were not molested. There is no clew to the robbers. Advice from Laurel, Mont., 200 miles east of this city, tell of a safe robbery at that place, in which about \$2,500 was taken. Safe crackers are believed to be members of a gang which cracked the safes of the Billings Laundry and Lumber companies, a month ago, stealing over \$5,000 in cash and diamonds.

Killed in Railroad Wreck.

Shreveport, La., June 15.—In the wreck on the Kansas City Southern, Tuesday morning, two men were killed and several slightly injured.

The dead: Frank Patterson, engineer. Harry Gammie, fireman. The wreck occurred at Rosepine and was caused by overcharging the locomotive on a trestle. The engine and two cars fell into a ditch. The fireman was crushed to death and the engineer met death by being so badly scalded that he was scarcely recognizable. Both of the dead men resided in this city.

CRUISER TACOMA SAILS.

She Goes in Search of the Missing Steamer Conemaugh.

San Francisco, June 15.—The cruiser Tacoma has sailed on a long cruise. Retiring orders in Washington directed Capt. Nicholson to set in search of the missing steamer Conemaugh, and in order to ascertain definitely the fate of the vessel the Tacoma may go as far as the eastern coast of the United States. The Conemaugh, laden with a full cargo of sugar, sailed from Honolulu last January and after touching at Coronel, Chile, 20 days later, was never heard from. It is believed that she foundered off Cape Horn during a gale.

SAMUEL M. BURBANK,

Retired Arizona Merchant Attempts to Commit Suicide.

New York, June 14.—Samuel M. Burbank of Arizona, a retired merchant, attempted to kill himself today by cutting his throat, in a law office. He is now a prisoner in a hospital, charged with attempted suicide.

Mr. Burbank is 55 years of age and a brother of Caleb A. Burbank, the residuary legatee of the late Ambrose Brackett Burbank, a millionaire, who died on Jan. 17 last, and who for several months before the time of his death was nursed by Samuel M. Burbank. It is believed that Samuel M. Burbank's mind was affected by his close care of his uncle, and for some time his brother has feared such an outcome as that of today.

Save the Babies.

INFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twenty-two per cent, or nearly one quarter, die before they reach one year; thirty-seven per cent, or more than one-third, before they are five, and one half before they are fifteen!

We do not hesitate to say that a timely use of Castoria would save a majority of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drops, tinctures and soothing syrups sold for children's ailments contain more or less opium, or morphine. They are, in considerable quantities, deadly poisons. In any quantity, they stupefy, retard circulation and lead to congestions, sickness, death. Castoria operates exactly the reverse, but you must see that it bears the signature of Chas. H. Fletcher. Castoria causes the blood to circulate properly, opens the pores of the skin and allays fever.

Letters from Prominent Physicians addressed to Chas. H. Fletcher.

Dr. A. F. Peeler, of St. Louis, Mo., says: "I have prescribed your Castoria in many cases and have always found it an efficient and speedy remedy." Dr. E. Lowe, of Philadelphia, Pa., says: "I have prescribed your Castoria in my practice for many years with great satisfaction to myself and benefit to my patients." Dr. J. E. Waggoner, of Chicago, Ill., says: "I can most heartily recommend your Castoria to the public as a remedy for children's complaints. I have tried it and found it of great value." Dr. Edward Parsh, of Brooklyn, N. Y., says: "I have used your Castoria in my own household with good results, and have advised several patients to use it for its laxative effect and freedom from harm." Dr. J. B. Elliott, of New York City, says: "Having during the past six years prescribed your Castoria for infantile stomach disorders, I most heartily commend its use. The formula contains nothing deleterious to the most delicate of children." Dr. C. G. Sprague, of Omaha, Neb., says: "Your Castoria is a most valuable medicine for children, and I frequently prescribe it. While I do not advocate the indiscriminate use of proprietary medicines, yet Castoria is an exception for conditions which arise in the case of children." Dr. J. A. Parker, of Kansas City, Mo., says: "Your Castoria holds the esteem of the medical profession in a manner held by no other proprietary preparation. It is a sure and reliable medicine for infants and children. In fact, it is the universal household remedy for infantile ailments." Dr. H. F. Merrill, of Augusta, Me., says: "Castoria is one of the very finest and most remarkable remedies for infants and children. In my opinion your Castoria has saved thousands from an early grave. Can furnish hundreds of testimonials from this locality as to its efficiency and merit." Dr. Norman M. Gear, of Cleveland, Ohio, says: "During the last twelve years I have frequently recommended your Castoria as one of the best preparations of the kind, being safe in the hands of parents and very effective in relieving children's disorders, while the ease with which such a pleasant preparation can be administered is a great advantage."
