**LOCAL BRIEFS.**

Fourteen Entries—Fourteen entries for horsemen on the Fort Crittenden reservation, was the record for today, at the United States land office.

**Making Investigation**—Two government hydraulic engineers, Willis T. Lee and J. E. Hoyt, are investigating the water supply of Beaver valley for the geological survey.

**Vets to Give Social**—The Spanish veterans will give an elaborate social next Monday night, when committees appointed in connection with the coming outing at the Salt Palace, will hold a conference to further the proposition.

**Christy Fined \$25**—Sidney Christy, who was accused of interfering with and striking Officer Harris at the Salt Palace Saturday night, was found guilty as charged in the complaint, at a hearing yesterday afternoon, and was fined \$25 by Judge C. B. Diehl. The fine was paid.

**Fall Causes Fracture**—R. L. Webster, aged 27, a laborer, slipped and fell on the pavement in front of the Remon hotel, and fractured both bones of his right forearm. Webster was taken into the hotel where Dr. A. C. Ewing reduced the fracture, and the patient was sent home.

**To Inspect Stations**—The local weather section director has been instructed by the department at Washington to visit and inspect the 25 sub-stations in this state, and report on their condition. The trip may require several weeks, and in the meantime Mr. Alter will be acting section director at this point.

**Increased Insurance**—Fire insurance men say the premiums collected July amounted to more than the record of any previous July. Two firms who secured from the h board several months ago are still out, and are taking business at 10 to 15 per cent lower than the board firms.

**Want Convention Here**—Delegates C. M. Hendricks and D. E. Williams to the convention of the International Typographical union, left today, for Colorado Springs where the convention is to be held. William Russell, also a local printer, will accompany them. An attempt will be made to bring the next convention to this city.

**Favor the Union**—W. T. Hales and wife and O. Church of Oklahoma city are at the Cullen en route east. They say 95 per cent of the people of both territories favored the union as a new state, only a few politicians nesting separate statehood for the territories. The interests of the two are the same, and there is no racial difference as in Arizona and New Mexico.

**Fell From Car**—Mabel, the 11-year-old daughter of William Griffith of Third East street, fell from a street car on Second South street last evening, while alighting "Chinese fashion" before the car stopped, and struck on her head, receiving injuries which made her unconscious for two hours. John Huff, an elderly man, tried to catch the child, and he too fell into the street and was severely bruised. Dr. Gardner was on the car, and he at once attended to the sufferers who fortunately were close to their destination.

Gamble, wife of the city building inspector, was held yesterday afternoon at the residence, 235 South Third West street, under the auspices of the Christian Science church. Miss Jennie Sands sang "Abide With Me," and "In Thee O Spirit, True and Tender," and the floral offerings were profuse. The interment was at the city cemetery. The deceased had resided in this state for 16 years, coming from Nebraska. Of her seven children only one survives her, Mrs. G. C. Newton of Denver.

**HEARING OF FOREMAN.**

Considerable Testimony Against Man Accused of Serious Offense.

The hearing of L. A. Foreman, charged with indecent conduct, began yesterday afternoon before Judge C. B. Diehl, in the criminal division of the city court. Considerable testimony was introduced tending to prove that Foreman is guilty of the offense charged, and the case went over until Friday.

The principal witness for the prosecution is Irene Jones, 9 years of age, who is the alleged victim of the assault made by Foreman. In answer to a question by Asst. City Atty. P. J. Daly as to whether she understood the meaning of an oath, and what would be the consequence if she did not tell the truth, the child answered in simplicity that an oath required her to speak truthfully, and that if she did not she would be put in jail, and that God would be so displeased with her that He would not let her go to heaven. There was no hesitation on the part of the child to permit the child to subscribe to the oath when her statement had been made.

**GLAD HAND FOR NEWSPAPERMEN**

Writers of the Daily Press Have A Warm Time Waiting for Them at Denver.

**SOME SALT LAKERS WILL GO.**

Will Attend International League of Press Clubs at Which Mavericks Ass'n Will be Formed.

Newspaper men and women from all sections of the country, some from Salt Lake, are making plans to be in Denver the last week of this month to attend the conventions of the International League of Press Clubs and the meetings at which the Amalgamated Order of Mavericks will be formed. This is the information that comes from the committee on arrangements appointed by the Denver Press club to map out a program and conduct other preliminaries.

The Maverick organization will be national in scope, and no doubt will have an auspicious launching in Denver. Its growth should be rapid, as all persons actively engaged at the work of writing for newspapers or magazines will be eligible to membership.

The League will go to Denver well represented by delegations from the various press clubs in the organization. In all it is expected that at least 500 active newspaper and magazine writers will be present in that city during convention week.

The program of entertainment provided by the Denver press club is most complete and certainly unique. One of the features will be a Bohemian night held in the Garden of the Gods, one of the famous beauty spots in the mountains adjacent to Colorado Springs.

The affair will be conducted by the Philadelphia Pen and Pencil club, whose entertainments at previous conventions of the league have made that body deservedly famous.

Another interesting event will be the visit to Cripple Creek. The entire party will be taken to that great gold camp and practical gold mining will be shown them by visits to one or more of the big mines. The Cripple Creek citizens have contributed liberally to a fund for entertaining the visiting writers, and beautiful souvenirs of one are now being prepared for distribution among the members of the party. In addition to these souvenirs, badges illustrative of the industry of the camp will be given to the visitors.

Still another item that will prove of interest to the Denver Press club's guests will be the one to the great irrigated section in the northern part of the state. It was there that the famous Horace Greeley colony first located in the early fifties and made the beginning of the rich and fertile soil and most prosperous agricultural communities on the face of the globe. The large canals constructed for the purpose of carrying water to irrigate that vast area of land, which was once a desert, will be an object lesson of enterprise and patience, and will also demonstrate to the easterner that Colorado has a greater industry than that of mining, for which that state has earned a reputation throughout the world. It is a fact capable of proof by statistics that the agricultural industry has outgrown that of mining in the Centennial state. The officials of the town of Fort Collins and Greeley will meet the visitors and have arranged to have them see the great fields of growing crops and the method of developing and maturing them.

Many other features are included in the week's program, such as trips to scenic spots near Denver and Colorado Springs, and there will be something going on in Denver continually while the visiting writers are in that city.

The Denver Press club has called to its assistance the Writers' club of that city, to assist in entertaining the visiting writers. The Writers' club's membership consists entirely of women employed on the daily newspapers of Denver.

The railroads of the state are co-operating with the Denver Press club and all those who are guests of the club will be treated most liberally.

**UNNECESSARY EXPENSE.**

Acute attacks of colic, diarrhoea and dysentery can be relieved with Chamberlain's Colic, Cholera and Diarrhoea Remedy in a few minutes. There is no necessity of incurring the expense of a physician's visit, which costs if Chamberlain's Colic, Cholera and Diarrhoea Remedy is at hand. A dose of this remedy will relieve the patient before a doctor could arrive. It has never been known to fail, even in the most severe and dangerous cases, and no family should be without it. For sale by all druggists.

The busy housekeeper whose day is occupied from early morning until late at night with household duties, welcomes with joy any new invention which will save her time and labor.

A very prominent chemist has been working for some time on some form of a dessert that would be quickly prepared. There is always the question, "What shall we have for dessert tonight," as the family is so sick and tired of pies and cake.

To the legion of housewives to whom this dessert is every day presented, it will be welcome news to learn of the discovery of this well-known chemist, which he has brought out in the form of a jelly powder known as Tip Top Jelly.

This article is absolutely pure and is deliciously flavored that it fairly melts in the mouth. It is certainly the acme of perfection in the dessert line, and we commend it to all our readers. It's made in a minute.

**DUTY DURING ENCAMPMENT.**

Arrangements Made for Travel Relations Along the Route—Tobias Is Camp Commissary.

Acting Brigadier H. M. H. Lund of the Utah National Guard issued general orders last evening, relative to appointments for special duty during the coming encampment. Capt. William H. Tobias, First Infantry, is made camp commissary, with First Lieut. C. D. Peck of the signal corps as camp quartermaster. Capt. Tobias went to Ogden in the afternoon to arrange with the Union Pacific road for the transfer of the troops on the train, but as it was found that this could not be done, it was decided to issue travel relations en route, with hot coffee at Ogden, Green River and Laramie. The following other appointments were announced:

Private S. E. Porter, chief musician, First Infantry band; Private M. Howard, color sergeant, succeeding John Montgomery, resigned, and Charles G. Fontana, battalion sergeant major. Upon the recommendation of battalion commanders, the following officers are detailed as battalion adjutants: First Lieut. John W. Cowan and Fred H. Barnes, First Infantry.

A company of Nephi will leave over the San Pedro at 2:30 p. m., tomorrow, and D and F companies will leave at 10:30 a. m. tomorrow morning, all for Salt Lake, to report at once at the state army on arrival. E company of Bountiful will join the column at 10:30 a. m., Saturday, and B company of Ogden at 11 o'clock.

A detail of three men and a non-commissioned officer will be taken from Companies H and D and the signal corps, five men and a non-commissioned officer from the troop, and 16 men and an officer from the battery, who will report to the camp quartermaster at 1 o'clock tomorrow afternoon to transport and load camp equipment and supplies. The uniform for the encampment will be the regular khaki suit, blue flannel shirt, leggings and campaign hat. Companies will be equipped with proper arms and uniform for service in the field; a complete mess kit, extra underwear, toilet articles, poncho, shelter poles and pins, shelter halves, bedsacks and blankets.

**HORSE BURNED TO DEATH.**

Mired Through Smoldering Pile of Refuse and Quickly Died.

While hauling a load of refuse in the city dumping ground yesterday afternoon a horse belonging to W. E. Farrar, a grocer at 144 West South Temple street, was burned to death by miring through a smoldering pile of refuse. The horse was driven by James Ryan, and when the city dumping ground was reached a large wagon was just ahead and entered the ground. The watchman at the dump directed the driver of the large wagon to dump his load at a certain point and young Ryan followed along. The team in front pulled through the pile of garbage all right, but Farrar's horse had too heavy a load and was unable to get through. It sank down in the fire and struggled desperately to get out. The boy cut the harness to free it but the animal was burned too severely to escape and was pulled out of the fire and died a few minutes afterwards in terrible agony. The animal was waiting for a few minutes before the city was reached. Mr. Farrar will ask the city to reimburse him for his loss.

If fortune disregard thy claim, Don't hang thy head in fear and shame But marry the girl you love best. Rocky Mountain Tea will do the rest. Z. C. M. L. Drug Dept., 112-114 Main St.

**MISTAKEN IDENTITY.**

Causes Considerable Trouble for Fumigator James E. Flynn.

It seems that there is more than one J. E. Flynn in this county. That fact caused James E. Flynn, fumigator in the city health department, some little trouble and annoyance yesterday and for a short time his monthly salary was tied up under garnishment proceedings to satisfy a judgment rendered against another J. E. Flynn. It seems that Luke's agency filed suit against J. E. Flynn in Durand's court at Murray to recover \$9.35 for board due Mrs. S. Whitaker of Murray. Judgment was rendered and garnishment proceedings were taken and the city fumigator's salary was garnished. When he called upon the auditor for his salary warrant he was informed that it had been garnished.

James E. Flynn, the fumigator, had never taken of a meal in Murray in his life, so he arrived at the conclusion that Luke had made a mistake in the man. He called up Luke, and after a strenuous effort convinced the collector of bad debts that he had garnished the wrong Flynn. The warrant was accordingly released from the garnishment and the fumigator received his salary.

**OUT OF DANGER NOW.**

Gambler's Wife Recovering at Hospital After an Attempt at Suicide.

The announcement comes from the hospital that Mrs. Ora Clark Miller's condition is favorable today and the attending physician believes that the woman will recover. She was taken to the institution yesterday more dead than alive, after she had drained the contents of a bottle of liquid strychnine solution. The attempt at self-destruction was made at 21 Victoria Alley, where the Miller woman is an inmate. Drink and despondency were responsible for the rash act. But for the prompt attention given by Dr. Gley the victim would doubtless have died soon after taking the deadly drug. As it was, however, she was able to get up, and it seemed almost impossible that a human being could endure the terrible ordeal.

The husband of Mrs. Miller is Clyde Miller, a Park City gambler. He was driven out of Salt Lake by the police, after a bitter assault made by him upon the person of his wife. However, she was anxious for his return, but the city authorities refused to allow her request for the man to come back.

Don't you think you'd better let it. When it's all over, you'll be glad you did. For the sun will be shining bright. If you take Rocky Mountain Tea to-night.

**CURED HAY FEVER AND SUMMER COLD.**

A. J. Nussbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar and it quickly cured me. My wife has since used Foley's Honey and Tar with the same success." For sale by F. J. Hill Drug Co.
