

1891 CONFERENCE and TERRITORIAL FAIR. 1891

Will Expect, as Usual, to Welcome their Wholesale Patrons and Friends from all parts of the Territory

✧ DURING ✧ CONFERENCE. ✧

But we also want to see the masses visiting this city at the same time--want them to see our MAGNIFICENT SALES ROOMS, our HAMMOTH STOCK and its Immense Variety in every department--the great depot, in fact, from whence comes the main supply of goods for this Territory. It will be an object lesson for the young folks of both sexes; the older ones will sense the growth and prosperity of a mighty people, in looking at the

FAMOUS DEPOT from which their local store gets its supplies; they may think of the

Three to Four Hundred Settlements in Utah.

Which sustain such an institution, one probably better understood abroad, than by many of our HOME PEOPLE.

Is one of the sights of Salt Lake City; thousands of Tourists visit it, and it is quite as desirable that our own population should know something about it.

NOTE ITS SEVERAL DEPARTMENTS:
