STRONGEST VAULTS IN THE WEST.

Our vaults were built after the San Francisco disaster at an expense of \$50,000. We therefore profited by the weakness of the San Francisco safety vaults as strong as re-enforced concrete, layers of Bessemer and Chrome Steel and modern science can build them. They were built with a view of strength and are the strongest vaults in the west. Their strength together with their burglar alarm equipment makes them both fire and burglar proof. A good money locker can be had in this vault for as little as \$2 per year. Hours: 9:30 a. m. to 6 p. m., Saturdays until 3:30 p. m.

THE NEBRASKA FURNITURE CO. IN ITS NEW HOME

This morning found the Nebraska Furniture Co. comfortably located in their new quarters at 224-226 South State Street. The building has been overhauled from basement to roof, and the outside given a liberal coat of paint.

Nearly three years have elapsed since the present owners of the company purchased the business and good-will. This inaugurated a period of strenuous activity, that made the old location on Second South entirely inadequate for the increased volume of business, which culminated in the removal that has now taken place.

Today the large, well-lighted sales were thronged with ladies taking advantage of the formal opening, each visitor was presented with a souvenir in the shape of a so-called hand-drawn card.
