

MINING, BUSINESS AND STOCKS

SLOW SESSION ON MINING EXCHANGE

Yankee Consolidated Falls Off From Former Standard As Seller.

IRON BLOSSOM BETTER

Holiday Season Takes Possession of Market—Little Done in Unlisted Shares.

Transactions on the stock exchange this morning took on the aspect of the holiday season and only a small number of dealings were recorded. Iron Blossom and Sluice Consolidated after which the market has been keen for some time, showed a slight improvement over the market of Saturday. Yankee Consolidated showed but a languid interest with the price shading off. Those on the inside are not showing the interest in the stock as formerly. It was stated by a member of the board this morning that the price is encountering difficulties with its ore and that the quality that is now being taken from the mine is not up to the old standard.

Throughout the morning and afternoon sessions of the board sales were extremely light with barely a change from the quotations of Saturday. All the old time traders seemed to have climbed out of the busy list until the holidays are over.

On the curb market the unlisted shares showed little interest. Utah Treasury bill was sold at 26 and 26 1/2 cents. Plutus sold at the asked price of 18 cents and East Tintic Consolidated sold for 4 cents. Early in the market Western Nevada Copper went for 32 cents but later sold for 33 cents. Miners' Plant was disposed of for 14 1/2 cents just at the close of the session. Ohio Copper sold for \$5.30.

FINISH BIG TUNNEL.

Special Correspondence.
Eureka, Dec. 21.—The big tunnel at the Black Jack, which is 1,200 feet in length, was completed Thursday, and now the mine will have an outlet to the surface. The company has been placing the ore upon the market without hauling it by team as has been the case. At the mouth of the tunnel a large ore house has been erected. This ore house has chutes connecting it with the Eureka Hill railway which will transport the ore to Silver City. It is stated by the superintendent of the mine that the company will in all probability commence the shipment of ore from the mine this week at the rate of about 25 tons per day. The company has, however, been sending down a few cars each week to the Tintic smelter. The shaft on the property, which is at present down to a depth of 1,400 feet, will be deepened to the 2,000 foot level, and this work will be commenced in January.

MINES STOCKS AND BONDS

Phones Ind. 901; Bell 4800.
17 W. SECOND SO. ST.
ORDERS PROMPTLY EXECUTED IN ALL MARKETS.

Tintic shipments of ore last week totaled 131 carloads, the contributing mines being as follows: Sluice Consolidated, 14; Iron Blossom, 4; Colorado, 16; Dragon Iron, 19; Black Jack, 1; Brooklyn, 3; Lower Mammoth, 3; Ajax, 3; Swansea, 2; Eureka Hill, 4; May Day, 2; Central, 1; Eureka, 4; Bullion Beck, 1; Yankee, 2; Uncle Sam, 6; East Tintic Development Co., 1; Utah Cons., 1; Grand Central, 3. The shipments from the Colorado, Dragon Iron, Brooklyn and Swansea, were small carloads of 20 tons capacity and were handled by the Tintic smelter, the rest being regular cars.

The Tintic smelter also received the Black Jack, Lower Mammoth, and Ajax ore, and three carloads from the Silver Shield, at Bingham. The other shipments were sent out of the district.

JANUARY DIVIDENDS.

Goldfield Con. Expects Much With New 600-Ton Mill

The 3,500,000 shares of stock of the Goldfield Consolidated company have appreciated \$10,000,000 in market valuation in the past month and a half, according to figures from Nevada Bureau. This is discounting the placing of the company's 600-ton stamp in commission within the next two weeks. With the treatment of 600 tons of ore a day will mean a monthly revenue of \$500,000 a month.

It is planned to begin dividend paying on the stock in January at the rate of 30 cents per share, payable in gold. The properties and the mill are all paid for and the company has \$800,000 in the bank.

PATENTS ELY LANDS.

Manager George R. Raymond of the Ely Resurrection Copper company has just received from the government, title to 300 acres of the company's claims at Ely, Nevada. This takes in some of the richest copper lands of the district. The company also has an application filed with the government for 350 acres more. The company is backed principally by local investors who are interested are C. M. Freed, Frank Knox, Tony Jacobson, and W. L. Mayer of New York.

PUT IN NEW HOIST.

The management of the Swansea Extension Mining company has just finished equipping the incline shaft that is being cut down from the tunnel level with a new gasoline hoist.

BUYING NORTH BUTTE.

The books will soon be closed by the North Butte Mining company and stock that has not been turned in under the 60 cent offer will be worthless. The new financing of the company has been completed and it now is in condition to continue developments. Orders have been issued for repairs to the plant preparatory to resuming shaft sinking. The old stock has been bought back by the company at 12 and 13 cents and pay 60 cents on each share, thus getting the new stock at a price several dollars under the original subscription.

NEW COBALT COMPANY.

The declaration of a regular quarterly dividend of 2 per cent on the capital stock of the Cobalt Central Mines company on Thursday places the company's shares on the list of investments that have been built up within the three years since the Cobalt camp became a regular center of silver. Big profits have been made on Cobalt Central bought at the original flotation 18 months ago, at 33 1/2 cents. There are now 14 Cobalt companies on the regular dividend paying list. The Cobalt flotation being brought out by Thomas Nevins & Sons, under the name of Argentum Mines, Limited.

WORK AT SPRING LAKE.

Special Correspondence.
Spring Lake, Dec. 21.—The people of Spring Lake are jubilant over the development work that is being done by the Spring Lake Mining company property. Work has been run in a distance of 100 feet. The prospects are excellent.

The company is under the direction of men of considerable experience in mining affairs. Those who have charge are John Roundy, Joseph Worthin and Broxton Hark. It is the intention of the company to have a boiler, compressor and other supplies on the grounds by the first week in January.
