

## UTAH'S NEXT LEGISLATURE

Utah's new legislature is to break all records in the point of being solidly of one single party. Instead of the eight Democrats of the last session, which was then thought to be phenomenally solid, there are not even the four Democrats for this session who at first seemed to have squeezed through the Taft landslide.

While Bryan's vote was a gain over Parker's, his party's legislators are to be almost totally conspicuous by their absence. The two elected Democrats come from Washington county, whose Dixie pride has allied it with the solid south beyond all hope of divorce and from Grand county, a southern neighbor. They are F. B. Hammond of Moab, representing Grand, and David H. Morris of St. George, representing Washington.

### THE HOUSE.

The full list of house members for the 1909 legislature is as follows:  
Beaver—John M. Murdock, Beaver.  
Boxelder—W. S. Hansen, Fielding.  
Cachoe—Norman G. Allen, Wellsville.  
E. W. Robinson, Logan, Clarence L. Funk, Richmond.  
Carbon—T. J. Parmley, Winter Quarters.

Davis—John W. Thornley, Kayville.  
Emery—Hyrum A. Nelson, Ferron.  
Garfield—John M. Henry, Panguitch.  
Grand—F. B. Hammond (D), Moab.  
Iron—John G. Webster, Cedar City.  
Juab—Braxton Barnette, Mammoth.  
Kane—C. John Smith, Glendale.  
Millard—Orville L. Thompson, Scipio.  
Morgan—Joseph R. Porter, Morgan.  
Piute—A. F. Haycock, Circleville.  
Rich—Joseph Hodges, Lake Town.  
Salt Lake—Joseph J. Cannon, Daniel Meltas, Brigham City.  
Sevier—Martin Jensen, Redmond.  
Summit—William Archibald, Park City.

Tooele—L. L. Baker, Tooele City.  
Utah—John N. Davis, Vernal.  
Utah—John H. Wooten, American Fork.  
William Hayes, Pleasant

Grove, B. H. Bower, Provo; Charles H. White, Payson.  
Wasatch—Rock M. Pope, Theodore.  
Wayne—Volney E. King, Tropic.  
Weber—James B. McCracken, Ogden.  
George A. Fuller, Eden; Harvey P. Randall, Ogden; Thomas England, Plain City.  
Washington—David H. Morris, St. George.

Seventh District—Henry Y. Smith, Lehi (holdover); Henry Gardner, American Fork (holdover).  
Eighth District—J. A. Hyde, Nephi.  
Ninth District—John H. Seely, Mt. Pleasant (holdover).  
Tenth District—R. W. Sevy, Panguitch.  
Eleventh District—Albert E. Miller, St. George (holdover).  
Twelfth District—Alonso Brinkerhoff, Emery (holdover).

### CHANGES IN NATIONAL CITY.

President James Stillman of Big Bank To Resign January 1.

It is now evident that the new year will herald important changes in the management of the National City bank. Reports have been current for the last year that Mr. James Stillman, president of that institution, would retire, to be succeeded by Mr. Frank A. Vanderlip, the senior vice president. According to the New York Herald the change among others will be effected on or about Jan. 1.

It is expected that the National City bank will move from its present location, at No. 52 Wall street, across the way to its new and imposing building on the site of the old customs house within a month.

Mr. Stillman, who has headed this

\$25,000,000 corporation for many years, has been retiring gradually from all his business activities. He practically relinquished the management of the bank last January, and it was then announced that his intention was to live abroad. Mr. Stillman now makes his residence in Paris, where his chief enjoyment is his devotion to matters of art. He has been assiduous of late years in collecting paintings, antiques and other objects of art appertaining to the Italian renaissance.

There is a possibility that Mr. Stillman may remain identified with the National City bank by assuming a post equivalent to that of chairman of the board of directors, if such a position is found consonant with the national banking law.

Mr. Stillman is the largest individual holder of stock in the National City bank, the four controlling stock interests being in their respective order, besides himself, Mr. William Rockefeller, the Moses Taylor estate and Mr. J. Pierpont Morgan.

Mr. Vanderlip is at present in charge of the bank's bond department, which is an extensive affair, having the largest number of clients of any bond or banking house in the country.

Mr. Stillman last January resigned as director of many important corporations with which he had been identified for years. Something of a sensation was created when he left the directorship of the Union Pacific. Mr. Vanderlip took his place in the board. Then Mr. Stillman resigned from the Consolidated Gas company, being also succeeded there by Mr. Vanderlip. He also left the New York central board and the directorates of other corporations.

### WHAT WOMEN ARE DOING.

Mme. Michaels, an architect, is now constructing what will be when finished the largest building in Marseilles. Great Britain has at least one famous woman architect, Miss Elizabeth McClelland.

In Fort Wayne, Ind., there is an organization for the training of housewives. It pays attention to all sorts of domestic science work, and by it all the members of the family learn something. It is under the direction of the club women of that city.

An American woman who heard Miss Christobel Pankhurst at a recent suffragette meeting described her as a very young girl, very good to look at. Miss Pankhurst said that if all women wanted to marry they could not unless polygamy is authorized by the state, as they so largely outnumber the men.

The German Housewives' society of New York offered prizes to all servants who had been in their places for two years and more of continuous service. Thirty-nine received the prizes, the longest service being 12 years and the reward being a \$19 gold piece. Thirty-one had occupied the same place for two years.

The League for the Civic Education of Women, incorporated some time ago by Mrs. Richard Watson Gilder and others, has been incorporated as a national body, and will have branches in all parts of the country. The object is to study politics from an anti-suffrage point of view. The president is Mrs. Nicholas Murray Butler of Columbia university. Mrs. Andrew Carnegie and Mrs. Grover Cleveland are honorary vice presidents.

How the club women of Terra Haute enforce the pure food law was the subject of an interesting report at the Indiana federation recently. Officers of the club organization of the city visit all the places where food is sold and make out a white list. These cards are placed in the windows of places in the list, and only these places are patronized by club women. The consequence is that most of the houses in the town try to come up to the standards set by the club women.

In some of the eastern hospitals Indian girls are taking courses in nursing, and are said to make the best kind of nurses. Application was made to Commissioner F. E. Leupp and he was very much in favor of the graduates of Carlisle and other schools entering training schools for nurses, as many of them were better fitted for that work than for positions as stenographers, teachers and other employments open to them.

Miss Agnes Deans Cameron, a well known Chicago writer and club woman, who left in April for a tour of Alaska and the Arctic regions, has returned after a six-month trip through the basins of the Mackenzie and Peace rivers. She was accompanied north by her niece, Miss Jessie Cameron Brown, in the capacity of companion, secretary and stenographer. Miss Cameron has the distinction of being the first white woman to penetrate many of the places she visited.

Bamberger Express, between Salt Lake and Ogden. Two hour service, including delivery.

Here is a series of special values every one of which is the result of careful thought and planing many months ago. There is no timidity about the quantity purchases of the Hirschman Shoe Store. We are ever on the look out for superior values and having a large outlet can contract for goods in such quantities as to offer superior advantages.

The Hirschmau \$2.85 special for women has long since been recognized as a standard of all similar shoe values. Not only does it have all those deft touches of the shoe maker's art found only in the \$4.00, \$5.00 and \$6.00 sorts but the materials are of the most desirable nature and such as can only be found in \$3.50 and \$4.00 sorts, when purchased under normal conditions.

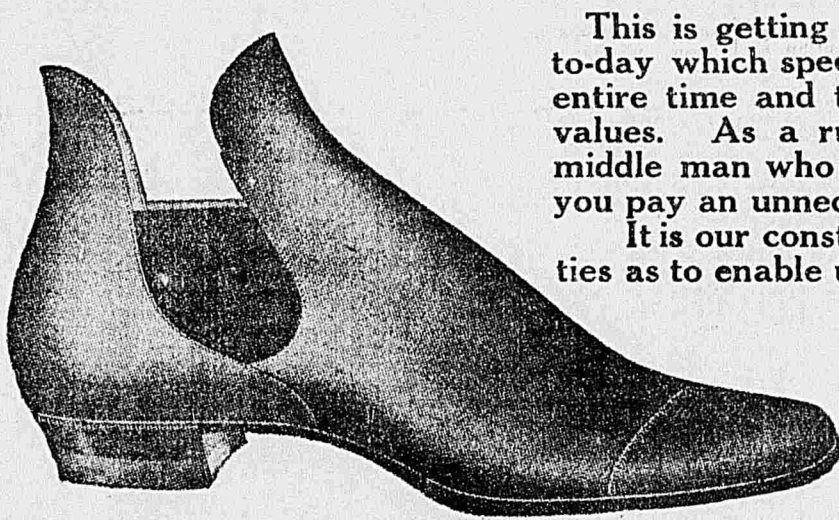

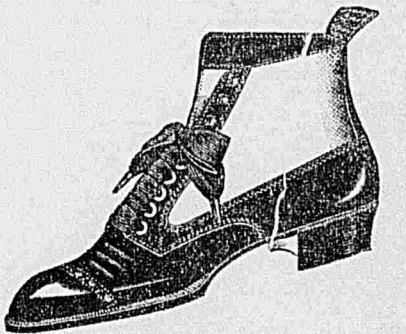

These shoes are are contracted for many months in advance from representative factories whose organization and capital is such as to permit of taking advantage of the leather market and every labor saving device is introduced for perfection and economical production. Thus every unnecessary profit is eliminated and the fact that we sell increased numbers of pairs enables us to sell them for a great deal less in price: so \$2.85 buys \$3.50 and \$4.00 values in the highest grade styles.

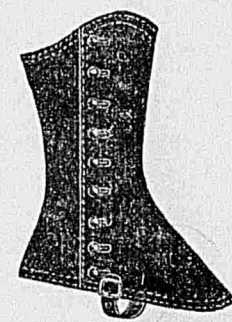

Not a whit less interesting is our special \$2.85 proposition for men these shoes are made and sold under an advertised name at \$3.50 and are a right good value at that.

We placed one order on these goods for 1500 pairs made to our special requirements which enables us to offer you the best \$3.50 value in the market, at \$2.85.

This is getting an age of specializing, there are factories to-day which specialize on one thing and concentrating their entire time and thought on it are enabled to offer superior values. As a rules these concern sell to the jobbers or middle man who in turn sell to the dealer which means that you pay an unnecessary middle man's profit.

It is our constant aim to buy goods direct in such quantities as to enable us to give the public all there is in it, and by selling goods in larger quantities to take a great deal less in profit. So when a proposition came to us to contract for 100 dozens, 1200 pairs of women's rubber heel Juliets with good year turn soles heavy square edges good quality uppers in fact the standard \$2.00 value any-where at a price that enabled us to sell them at \$1.49 we quickly took the advantage of it. A third of the shipment is now here and is now on sale.

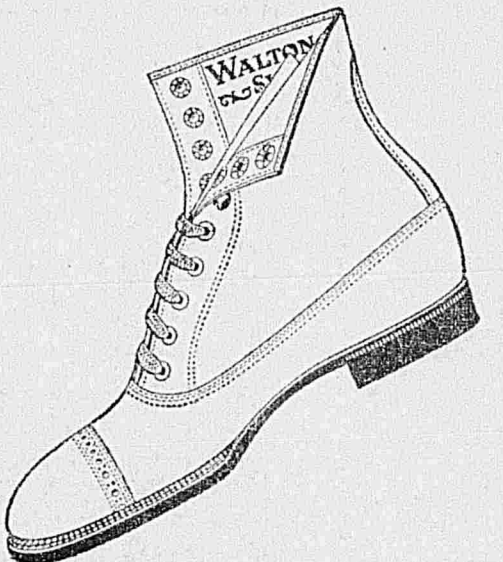

68c the pair for the regular height \$1.25 values.

98c the pair for Fluffy Ruffles or Napoleon's swell new things in \$1.50 values.

\$1.25 We offer a whizz of a value, a boys shoe made of good quality boarded calf with good wearing soles, the uppers are well stitched and a shoe we know from experience gives good service. All sizes for all ages of boys, sizes 9 to 6 inclusive. Special : : : \$1.25
