NEWS FROM THE SOUTH .- Our correspon dent "J." writes from St. George, Feb. 15th, as follows:

"The season here has been remarkable for the last month or two for frequent fine showers of rain, which have kept the ground moist, fertilizing the crops, and bringing up the seeds of vegetation on the mountain sides and in the vaileys, which makes the rich feed, so much needed for stock. Spring is advancing, and to day we noticed that the weeping willows were quite verdant with springing foliage, and in our grounds peas and radishes are already appearing from planted seed.

"President Young has spoken often in public here this winter, and given much valuable counsel and instruction, chaining the hearts of the multitudes of listeners, and inciting to renewed efforts for the advance-

citing to renewed efforts for the advance-

ment of the Kingdom of God. "On the 14th instant the Relief Society gave a grand festival in the basement of the Tabernacle, in honor of President Young, Elder Snow, and General Kane Five tables were spread the length of the Hall and covered with the rarest delicacies that this region affords. About three hundred were seated at the first table. It was an agreeable and joyful occasion long to be remembered. Much credit is due Mrs. An na Ivins and Caroline Jackson and others, for the excellence of the repast and the order and harmony that resulted from their

programme. "There have been some sickness and several sudden deaths in our community of late. The first was the wife of Wm. Squires, after a few days illness, then Mrs. Martha Heywood, at Washington, after a few hours illness, and on Saturday night last, Asa Calkins, after a few days illness.

"The St. George Gardners' Club were recently organized under the laws of the Territory, preparatory to business. They intend to build a commodious wine cellar, with massive appurtenances, select grounds and plant out extensive vineyards, and finally to control the wine industries and elevate the character of the Dixie wines. The Club has fifty members. The officers are retary, B. F. Pendleton, Treasurer, and C. J. E. Johnson, President, W. E. Dodge, Vice President, M. P. Romney, Sec-A. Terry, Corresponding Secretary. These form a Board of Directors. The Club have a fine Hall of their own, where they meet once a week, the year round. The St. George Hall company have also organized, and are looking towards the erection of a theatre.

"The Temple here is to be pushed along to its completion upon the foundation dedi-

cated for its construction. "The outlook for produce crops here the present season is excellent. Snow is in sight upon the mountains all around us, while the cheerful song of the lark, blue-bird, robin and other wild songsters rings out on the balmy Spring morning.

THE "HOUSEKEEPER" OF OUR HEALTH.-The liver is the great depurating or blood cleansing organ of the system. Set the great housekeeper of our health at work, and the foul corruptions which gender in the blood and rot out, as it were, the machinery of life, are gradually expelled from the system. For this purpose Dr. Pierce's Golden Medical Discovery is preeminently the article needed. It cures every kind of humor, from the worst scrofula to the common pimple, blotch or eruption. Great ceting ulcers kindly heal under its mighty curative influence. Virulent blood poisons that lurk in the sytem, are by it robbed of their terrors, and by a persevering and somewhat protracted use of it, the most tainted systems may be completely renovated and built up anew.

Enlarged glands, tumors and swellings dwindle away and disappear under the influence of this great resolvent. It is sold by all druggists. 812 2 w6 1
