MEETING OF CITY COUNCIL.

Transaction of Weber County Commissioners—Will Distribute Trout Fry.

District Court Notes—Friendly Suit to Quiet Title—John Marshall Centennial—Police Court Hearing.

The city council met in regular session last evening and transacted the following business:

Mayor Pro Tem J. W. Abbott recommended that no more bills for coal for the cemetery be allowed and also vetoed a number of appropriations made to pay for coal and groceries for small patients whom he held not to be indigent. The veto was sustained.

Mayor Browning asked that \$75 be appropriated to allow the fitting up of a place for the detention of clothing.

The request was granted. The committee on laws recommended the payment of \$17.50 to each of the men in the fire department who had asked for back salary as full payment of their claim, and \$25.00 to Captain Hewitt, on their signing complete releases from further liability. The request was adopted.

Miscellaneous claims and payrolls amounting to \$2,532.92 were ordered paid.

The committee on finance reported that N. W. Harris & Co. had been notified that the city would not retain the advantage of the sewer bonds of 1892, when they became due on Feb. 1st, 1901.

The committee on streets reported recommending:

1. Allowing W. L. Watts \$30 in full payment for damage done him by cutting down the grade on Twenty-eighth street.

2. The filing of the communication of the city engineer on the street west of the ditch on Twenty-eighth street west of Wall, as the ditch was gradually being filled up. The reports were adopted.

The committee on taxes recommended:

1. That the costs and interest on the sale of the property of Mrs. S. Kershaw be remitted to redeem by the payment of the back taxes, \$190.80.

2. That the city taxes of Mrs. Caroline Fry, \$106.66, be remitted and that a warrant be issued for the amount to pay on her taxes.

3. That S. P. Woodmansee be permitted to redeem his property sold for taxes by the payment of the taxes and costs, and interest on the improvements be remitted, as the improvements had been erroneously assessed to him. The reports were adopted.

A. S. Gordon resigned as quarantine officer. The communication was referred to the board of health. The doctor showed that the places quarantined had been reduced during the past two weeks from 25 to 16, and stated that with proper care it would not be long before the disease would be entirely stamped out. Great vigilance was needed, however, to guard the city from infection from other parts.

The city auditor called attention to the fact that \$42,990 of insurance on public buildings would expire during January and February. After considerable discussion it was referred to the committee on finance.

The city auditor asked for instructions relative to the collection of municipal licenses during the next six months, in view of the fact that there were some 60 delinquents on the last six months. Referred to the committee on finance.

Poundkeeper A. Peterson filed his monthly and yearly reports. The latter showed 137 head impounded during the year, and \$116.65 collected in fees. The supervisor J. Sanders suggested that the pound be moved to the corner of Twenty-fourth and Main streets.

G. H. Tribe and others asked that liberty avenue be improved. Referred to the committee on streets.

Occur Williams asked for a compromise in his case against the city, where he was sued for \$20,000 for the death of his two children in the gravel pit. The communication was ordered filed.

S. J. Ives asked the privilege of redeeming a property by the payment of \$217.13, the interest, \$22.65, being remitted. Referred to the committee on taxes.

Richards and Varian presented a claim of \$33.33, for legal services in the water cases up to Dec. 31, 1900, as per resolution of the council asking for the same. The bill was allowed on the certification of the city attorney as to its correctness.

PROVO.

CENTURY NIGHT WATCH.

An Interesting Event—Franklin School Opening—New Year Nuptials.

Special Correspondence.

Provo, Utah Co., Jan. 1, 1901.—The Century night watch at the Brigham Young Academy last night was well attended and passed off very successfully. In spite of some minor incidents, which were not on the program, such as the electric light in college hall going out several times, and a number of ladies and gentlemen, who were on the program, failing to come in; but the program as rendered was very interesting and sufficiently lengthy for the occasion. Dancing was enjoyed all the morning hours, and dainty refreshments were served.

Among the visitors from other towns who took part in the exercises were Apostle Lund, Dr. and Mrs. C. E. Boynton, Patriarch C. D. Evans and Mr. J. P. Thompson.

Genuine sociability prevailed and the Twentieth Century was received with a spirit of "peace on earth and good will to men."

The ladies who had charge of the event are to be congratulated on the success of their great labor of love and the satisfaction of sending a very respectable contribution to the Red Cross society—the object for which the entertainment was given.

IN THE AFTERNOON.

In the afternoon the children were entertained and enjoyed a dance and an appropriate program. Miss Theresa Taylor and Frank David Taylor, aged 14 and 12 years respectively, daughter and son of Mr. and Mrs. Frank D. Taylor, of Salt Lake, were present in costume. These young artists were also among the performers in the evening. All the children signed the following greeting, which will be sent to Miss Clara Barton:

"In loving remembrance of the children of this city, Utah, to Miss Clara Barton, and those who labor with her in the Red Cross work. God bless them."

FRANKLIN SCHOOL OPENING.

The Franklin school will be opened next Friday. An interesting program will be rendered, commencing at 2 o'clock p. m. A large attendance of pupils and parents are expected. Utah County Criminal Business for the Past Four Years.

Provo, Utah Co., Jan. 2.—County Attorney Evans has prepared the following report of the business in his office for the year 1900:

"To the Honorable County Commissioners of Utah County:

Gentlemen:—For your information I have the honor to submit the criminal cases transacted in my office for the year 1900. Also the total number of criminal cases handled by my office during the years 1899 and 1900 as compared with the criminal business transacted in the county attorney for the years 1897 and 1898:

Criminal cases filed for various offenses for the year 1900..... 168

Acquittals after trial for the year 1900..... 11

Convictions, in criminal cases, for 1900..... 125

Cases dismissed and withdrawn for 1900..... 21

Warrants of arrests issued but not served for 1900..... 10

Cases still pending and not disposed of at the close of the year 1900..... 14

Total fines collected by justices in criminal cases for 1900..... \$324.45

Total number of convictions in 1899 and 1900..... 240

Total number of acquittals in 1899 and 1900..... 14

Total number of criminal cases filed in 1897 and 1898..... 302

Total number of convictions in 1897 and 1898..... 225

Total number of acquittals in 1897 and 1898..... 59

You will see that by this comparative statement of the years 1897 and 1898, with the years 1899 and 1900, there has been twenty-eight more cases filed in the years 1899 and 1900 than there were in the years 1897 and 1898, thus showing a slight increase in the total number of criminal cases.
