Sunday, and a better one than that from being present among the pall of Saturday. But the main differ- bearers, who were the representatives ence is that he had less annoyance from the accumulation of phiegm in the throat; this secretion inflamed the parotid gland very much less. Now there is no cause to appre-

constant clearing of the throat, which kept him awake on the two preceding nights. In all other re-spects he appears to be at a halt be-tween life and death. Yesterday's oulletins instituted no comparisons a thousand years old has been ana- outspoken defence in the face of vio-

with any previous condition. Such comparisons have been a marked peculiarity of the official utterances, and have been entirely misleading. Their presence shows that the true condition of the patient is apparent to at least a majority of those who sign the builetins. The slight There are many persons from various parts of the world who have seen the Latter-day Saints as they variations of pulse and temperature have been unimportant factors in the President's case. He has has been are, and who have been free to ex-President's case. He has has been sinking slowly; but surely slipping away from the tender and skillfu press their surprise and pleasure at the peace, good order, union, thrift, hands which have sought to hold

WM, JENNINGS & SUNS KAYSVILLE, Davis Co., August 9th, 1881. John W. Lowell,

Dear Sir.-In reply to your in quiry, we will state that we are running the Agitator Thresher, sold by you to Bishop Barton and others. It showed them much benevolence. The Carlists and Conservatives is doing most excellent work, very easy to feed, capacity very large, have tried it in very weedy and made their principal efforts in the rural districts. Yesterday, the Gov-

ernment discovered a gigantic at-tempt made by Conversatives, through their agents and committees to arrange by fraud to secure a ma-jority in the Capitol itself. and never saw a machine with easier iraft on the horses, or run so smoothly and do as good work. tony have been to see it mm and have expressed the same opinion. No chance for any grain to be carried off with the straw; the Elevaor works like a charm-never saw any to equal it. We are satisfied t excels any machine we ever saw. und we feel exceedingly well pleased

with it. Respectfully, LEVI W. PAYNE, LEVI WEBSTER.
