## LOCAL AND OTHER MATTERS.

FROM TUESDAY'S DAILY AUGUST 3.

**The Beaver Election.**—A special dispatch received this afternoon per Deseret Telegraph Line gives the following returns of the election yesterday in Beaver.

	People's Ticket.	Liberal
Probate Judge,	611	505
County Clerk,	612	507
Selectmen (each),	610	510
County Attorney,	611	510
Coroner,	612	512
Assessor and Collector,	613	500
Sheriff,	480	619

The dispatch further says that one hundred and forty-five votes sworn in at Frisco and Milford, not registered, are included in the above, making the office of sheriff doubtful. Probably the 145 votes will be thrown out.

**"Contributor."**—The August number of the Contributor comes from the press filled with an interesting variety of reading matter. The contents are: "The Sun," by Quebec; "Lesser Lights of the Book of Mormon: V. Mulocki, Zarahemla," by R. M.; "Felicia Hemans: II," by Maria M. Miller; "Relation of Education to Crime," by O. H. Riggs; "Anecdote of Solon," by Horace Cummings; "Crush the Dead Leaves under thy Feet," Editorial; "The Pioneer," "The Marriage Covenant," by Richard S. Horne; "Bits of Travel: XI. Lugano and Como," by De Vallias; "The Twenty-fourth," "The Jubilee of Zion, A Poem," by C. F. Whitney.

**Funeral of John F. Turner.**—The funeral of John F. Turner, (says the Territorial Enquirer,) who was brutally murdered at Park City on the night of July 3d, and whose remains were brought to this city for interment on the 27th inst., were conducted in the Meeting-House on Wednesday afternoon last. With one or two exceptions this was one of the most numerous attended funerals known in the Territory. The meeting-house was densely packed, and hundreds of persons remained outside unable to obtain admittance. Nearly one hundred vehicles were in front of the meeting-house, ready to convey the sorrowing multitude to the cemetery. The funeral sermon was preached by Apostle Woodruff. Some remarks were made by Pres. A. O. Smoot, and altogether the services were of a very impressive nature.

**Missionary Work.**—Elder James Anderson, who is laboring in the State of Michigan, writes from Westville, Montcalm County, under date of July 26th, giving an account of the progress of the missionary work in his field of labor. He says:

"Brother Bunnel and myself have held forty-five meetings, and have had quite a varied experience incident to missionary life. I wish all my former comrades at home could have the same experience. It would make better men of them. They would then see where we differ with the rest of the world. We are called a peculiar people. I think we are, and thank the Lord for it. Infidelity, we find, is making rapid strides. Nearly one half of the people we meet say they don't take any stock in the Scriptures, especially the old Bible. There are six Elders in this State at present and all are enjoying good health, or were, the last I heard from them, although this climate does not agree with us so well as that of our mountain home. We find it difficult to get an opening in large cities, as we are barred out entirely from the churches, and country school houses. Outdoor meetings, therefore, are about all we are holding at present. Brother Palmer got permission of the mayor in the city of Grand Rapids to speak in the Park, but after he had been speaking a short time, an officer came up and stopped him. Palmer thereupon announced that he would speak in the afternoon at the Lake. He spoke there to a very boisterous audience. We do not fail to bear our testimony to the truth of the Gospel and the judgments that are shortly coming upon the nations of the earth, both in public and private, and we find a few who think we may be right. We met an old man named Rices, the other day, who told us he saw several persons healed under the administration of the Prophet Joseph Smith; he is not a member of the Church at present."

FROM WEDNESDAY'S DAILY, AUGUST 4.

**Tooele.**—Tooele is all right. The People's Party polled about 600 votes, while the "Liberals" polled about 75. Full returns have not yet come in.

**Serious Accident.**—Last evening Mr. Charlton Jacobs, a well known and respected employe of the Utah Western Railroad Company, met with a serious accident while on the bathing train leaving Salt Lake at 4.45 p.m. It appears that when the train was about a couple of miles out of town, and said to be going at the rate of 18 miles an hour, Mr. Jacobs had occasion to lean over the platform for the purpose of watching a box which he imagined was heating. While in this position, and doubtless never dreaming of any danger, his head, as the train passed a certain point, struck a post near the track, the blow knocking him off the train. As soon as the occurrence was noticed the train was stopped as quickly as possible and backed to the place of the accident, by which time Mr. Jacobs had regained his feet. He was immediately assisted on board the train, and Dr. Snedaker, who happened to be one of the passengers, at once attended to the dressing of the wounds. Upon examination it was found that the

post had struck him in the face, and that a most serious wound had been inflicted on the nose and forehead, besides some bruises on the right ear and left arm, the latter doubtless being the result of his falling off the train. He went on to the Lake thinking that the trip might do him some good. On the return of the train he was taken to his residence in the 13th Ward, and on enquiry there this morning we were informed that he had passed a good night, and was getting on as well as could be expected. It is fortunate that the accident, although serious, is not likely to prove fatal, as it would have been in nine cases out of ten of a similar character.

FROM THURSDAY'S DAILY, AUGUST 5.

**The Heat.**—Yesterday was one of the hottest days this year, and today is not far behind its predecessor. Notwithstanding the breeze, the thermometer at our office managed to creep up to 94 deg. about noon.

**Ben. Tasker.**—This notorious character is still at large, and from his knowledge of the country and the many accessories at his command, he is likely to remain at large for an indefinite period.

**Recovering.**—We are glad to learn that Mr. Charlton Jacobs, who met with the serious accident on the Utah Western Railroad on Tuesday evening, particulars of which we have already published is progressing finely. When completely recovered, however, he will always bear the marks of this ugly accident.

**Floating Bath.**—A great attraction at Lake Shore is a floating bath. It is really a section of a bathing pier, containing about a dozen rooms, which is pushed out into the lake by an attendant with poles, so that a good bottom is reached and the bathers can have at once a boat ride and a dip in the briny. It is quite a novelty, and we think if it were brought to the attention of the public, it would draw a great many bathers to Lake Shore, which is reached in a forty minutes' pleasant run, starting at 5 p.m. on the Utah Central, giving ample time to bathe and lunch leisurely and then return to town by 7.50.

**Black Rock and Lake Point.**—The number of people who are daily visiting these places of resort is simply immense. The trains both morning and evening are laden to their utmost capacity. Yesterday, however, was one of the most uncomfortable days experienced at the Lake this year. The dust rose in clouds the whole day, yet bathing went on as usual. There's lots of fun in bathing. The other evening a young man went down to enjoy the fun. He brought his dog with him. The dog thought he would have a bath too, and took to the water just like a dog. Well, that's all right; but unsuspectingly while swimming about he took a drink. The way that dog walked out of the water, with his tail hanging plumb between his legs, was a sight never to be forgotten. Can't say what the dog thought, but it certainly looked as if it had swallowed something that did not agree with his ideas of a pleasant summer beverage.

## NEW LAND LAWS.

SALT LAKE CITY,  
Aug. 4, 1880.

The following law is published for the information of all parties concerned; any person interested can obtain the return of their fees, purchase money, etc. under this law, by writing to me and giving the number of their receipts, and the cause of the cancellation of their entries.

JOHN A. BAILEY,  
Land Agent.

AN ACT for the relief of certain settlers on the public lands, and to provide for the repayment of certain fees, purchase money, and commissions paid on void entries of public lands.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled: That in all cases

where it shall, upon due proof being made, appear to the satisfaction of the Secretary of the Interior that innocent parties have paid the fees and commissions and excess payments required upon the location of claims under the act entitled "An Act to amend an act entitled 'An act to enable honorably discharged soldiers and sailors, their widows and orphan children, to acquire homesteads upon the public lands of the United States,' and amendments thereto," approved March third, eighteen hundred and seventy-three, and now incorporated in section twenty-three hundred and six of the Revised Statutes of the United States, which said claims were, after such location, found to be fraudulent and void, and the entries or locations made thereon canceled, the Secretary of the Interior is authorized to repay to such innocent parties the fees and commissions and excess payments paid by them, upon the surrender of the receipts issued therefor by the receivers of public moneys, out of any money in the treasury not otherwise appropriated, and shall be payable out of the appropriation to refund purchase-money on lands erroneously sold by the United States.

SEC. 2. In all cases where homestead or timber-culture or desert-land entries or other entries of public lands have heretofore or shall hereafter be canceled for conflict, or where, from any cause, the entry has been erroneously allowed and cannot be confirmed, the Secretary of the Interior shall cause to be repaid to the person who made such entry, or to his heirs or assigns, the fees and commissions, amount of purchase-money and excesses paid upon the same upon the surrender of the duplicate receipt and the execution of a proper relinquishment of all claims to said land, whenever such entry shall have been duly canceled by the Commissioner of the General Land Office, and in all cases where parties have paid double-minimum price for land which has afterwards been found not to be within the limits of a railroad land grant, the excess of one dollar and twenty-five cents per acre shall in like manner be repaid to the purchaser thereof or to his heirs or assigns.

SEC. 3. The Secretary of the Interior is authorized to make the payments herein provided for, out of any money in the Treasury not otherwise appropriated.

SEC. 4. The Commissioner of the General Land Office shall make all necessary rules, and issue all necessary instructions, to carry the provisions of this act into effect; and for the repayment of the purchase-money and fees herein provided for the Secretary of the Interior shall draw his warrant on the Treasury, and the same shall be paid without regard to the date of the cancellation of the entries.

Approved, June 16, 1880.
