TERMS—IN ADVANCE.

LOCAL AND OTHER MATTERS.

FROM TUESDAY'S DAILY, MARCH 28.

Postal Changes.—Appointments: Frank Delaney, Chino, Yavapai Co., Arizona; W. A. Langhorn, Dragon, Cochise Co., Arizona; Henry Huning, Show Low, Apache Co., Arizona.

Badly Hurt.—Yesterday, Samuel Rieben, eight years of age, was struck by the fly wheel of the engine at the Sierra Nevada Lumber yard. His thigh and some of his ribs were broken and his face badly injured. He was conveyed to his home in the 8th Ward, where his injuries were attended to by Dr. Benedict.

Deseret Dam.—Bishop A. Gardner returned a few days ago from a trip to Deseret, whither he had been called to confer with the people as to the best method of rebuilding their dam. When the Bishop left, the majority of the people of the settlement were at work with all their energy, and they entertain the hope that the job will soon be completed, in time at least to irrigate their crops the present season.

Killed by the Cars.—We received the following special this afternoon:

Ogden, March 28, 1882,
2.43 p.m.

Editor Deseret News:

A special to the Ogden Herald from Beaver Canyon says: The U. N. train, near China Point, during a blinding snow storm, killed Harry Lovejoy, from Leadville, while standing on the track to Butte. At the inquest the engineer and train hands were exonerated.

Obsequies.—The funeral services of Brother Robert Carter were conducted in the 9th Ward School-house, which was crowded on the occasion, beginning at 11 a. m. today. The opening prayer was offered by Elder B. Ashbey, of Bountiful, and remarks were made by Elders Samuel Friday, William Thurgood, George Teasdale, C. W. Penrose and Bishop S. A. Woolley. The benediction was pronounced by Counselor Brown. The singing exercises, which were very fine, were conducted by Brother J. Taylor.

John Oakes Suicides.—The following special was received this morning:

PROVO, March 28, 1882.

Editor Deseret News:

John Oakes, who killed the man Richards, in Tintic last September, died in the county jail, last night, at 11 p. m., from the effects of poison (morphine) administered by his own hand. Sheriff Turner, upon entering the jail yesterday morning, with the intent of taking Oakes to the penitentiary, found him in an unconscious condition. Dr. Pike's assistance was called, but to no effect.

A. JONES.

Seriously Ill.—We regret to learn that Mr. George C. Ferguson, watchmaker, of First South Street, lies in a very precarious condition at his residence, in the Third Ward. He suffers from a complication of complaints, and hopes of his recovery are not strong.

Brother Ferguson is known by a large circle of people in Utah. It would be difficult to find a more conscientious man. He is also possessed of considerable native intelligence, cultivated by extensive reading, and his attainments are tinted with a degree of modesty almost amounting to self-depreciation.

A Three Dollar Murder.—This afternoon Sheriff Allison, of Summit County, arrived in this city,

bringing with him W. J. Wilson, known as "Tex," who shot and killed Ezekiel Durnall, at Park City, yesterday morning. The homicide was the culmination of a dispute between the parties about the paltry sum of three dollars, which was owing by Durnall to Wilson. While the latter was on his way to the Ontario mill, where he was employed, Durnall accosted and abused him, when he retaliated by drawing his pistol and shooting the deceased in the abdomen. The wounded man died within ten minutes after being shot.

Wilson, who is under commitment to await the action of the grand jury, on a charge of murder, was handed over, by Sheriff Allison, to the custody of the U. S. Marshal.

BURGLARIOUS BUSINESS.

AN UNSUCCESSFUL ATTEMPT UPON THE TWENTIETH WARD CO-OP.

There was an attempt to burglarize the 20th Ward Co-op. Store, last night. About 11.30, Mr. Reeves, who sleeps on the premises, heard a noise at the windows on the west side of the building. Failing to gain ingress there, the would-be robbers next tried a window at the back or north end. It is heavily shuttered inside and out. With a wrench the parties had stolen from Bishop Sharp's place, they took off the outside shutter, but the inside one was too much for them, and they finally abandoned that point of attack and operated a while on the door on the east side. Failing there also they proceeded to the front and tried to wrench off one of the shutters. At this juncture Mr. Reeves considered that it was time for the burglarious proceedings to terminate, so he made a noise which caused the robbers to scamper in double-quick time.

BURGLARS CORRALLED.

HOW MR. ST. CLAIR ARRESTED A GANG OF THIEVING TRAMPS.

Yesterday morning, at Ogden, a gang of roughs broke into a Union Pacific freight car and stole a quantity of goods. Mr. W. P. F. St. Clair, the agent of the company, got an idea of the direction in which the thieves had gone. He got a couple of men to accompany him, all three being armed with shotguns. Mr. St. Clair took an engine and he and his companions ran it along the Central Pacific track half a mile, where they found the tramps, who were marched, at the muzzles of the three shot guns, after the manner of prisoners of war, to the city jail, where they were locked up.

When Mr. St. Clair goes at anything, he does it in prompt, vigorous and business shape, and with pluck that sets impediments aside.

FROM WEDNESDAY'S DAILY, MARCH 29.

A Forthcoming Pamphlet.—We learn from A. M. Musser, Esq., that an ex-Federal official is about to issue a pamphlet on the "Mormon Question," in which he will make some refreshing statements backed up by clear proofs.

The Long Expected Consummated.—The new railroad between Nephi and the coal beds in the vicinity of Wales, Sanpete County, is completed, and the trains are now running regularly between the two points named, the fare for passage being \$1.20. The line passes in close proximity to Fountain Green.

Sheep and Wool.—Sheep husbandry has proved quite successful this winter. Many of the numerous flocks are coming in from their winter ranges. Wool growers are satisfied with the condition of their herds and the prospect of a good clip, and hope to get a fair price. There is a rumor of a wool union to offset any effort that may be made on buyers to reduce prices below an equitable standard.

Funeral Services.—The obsequies of Elder William Hopwood were conducted at the 17th Ward School-house, at 1 p. m. yesterday. Elder George Dunford offered the open-

ing prayer, and Elder C. W. Penrose delivered a discourse suited to the occasion. Remarks were also made by Elders Robert Dunn, David James, James Dwyer and Richard Beattie. The benediction was pronounced by Bishop Tingey. The deceased was identified with the 17th Ward Sunday school as assistant superintendent. A large number of the scholars and teachers were present. The assemblage completely filled the house.

FRONTIER TRAGEDIES.

BLOODY SCENES IN THE VICINITY OF THE ATLANTIC AND PACIFIC RAILROAD.

A few days ago Mr. B. Y. Hampton, Jr., returned from Arizona, having been in that part of the country nearly a year conducting a saddle and harness shop for John W. Young, Esq. He says that along the line of the Atlantic and Pacific Railroad in that part of the country, matters are as rough as need be, scarcely a day passing that does not witness some scene of blood and violence.

About the time of Mr. Hampton's leaving that part of the country three roughs entered Flagstaff, a small place which boasts 16 or 20 buildings, and commenced running the town. Deputy Sheriff E. Whipple, a young man about 25, raised a posse of seven and started after the trio. The latter ambushed, and opening a sudden fusillade on the pursuing party killed five of them—including Whipple—and wounded the remaining three. This is probably the affair that gave rise to the rumor that reached Kanab a short time since, to the effect that several of the brethren had been killed.

Another recent tragedy occurred at Hackberry Mining Camp, about four miles from the line of the railroad. A desperado known as "Buckskin Joe" was in a saloon when a young man who had been hauling hay from one of the settlements on Salt River, and was about to leave for home, entered. Without any provocation "Joe" shot and killed him on the spot. Parties on the outside in turn immediately shot "Joe," and while he was in a dying condition put a rope around his neck and strung him up. The person from Salt River who was murdered was a young man named Bullock.

FROM THURSDAY'S DAILY, MARCH 30.

A Healthy Town.—A gentleman just in from Kanab states that there has not been a death in that snug, prosperous settlement since last July. It must be a good place for invalids to rusticate in.

All Lovely.—W. H. Richards writes from the new settlement called Fern City, Emery County, that everything is lovely there, including the weather. There is plenty of water, good soil, lots of work, especially ditch-making, and all the people are united. Twenty houses are in course of erection.

Nuptial.—Two promising couples from South Jordan united their destinies to-day by entering into the holy bonds of wedlock. Mr. Samuel Beckstead and Miss Mary A. Howard; Mr. H. A. Beckstead and Miss M. A. Beckstead. We wish for them a happy and successful career.

The Tramp Nuisance.—Ogden is determined to abate the tramp nuisance. The Herald of that town says the police commissioners have decided to increase the force of officers. A chain gang is to be organized, and parties hereafter convicted of vagrancy will be put to work. Work is the great antidote of trampism. The ordinary tramp has a mortal terror of labor.

Coming In.—Brethren who have not been in the city for considerable periods are arriving from the South for conference. This morning we had the pleasure of meeting Elder Jacob Gates, of St. George, who has not been in Salt Lake for eight years. Brother Gates is one of the veterans, having nearly completed his forty-ninth year in the Church.

Bishop David H. Cannon, whose arrival we noticed the other day, had not been in the city for seven years previous to this present visit.

Clean Up.—We have before drawn attention to the importance of some public steps being taken to have a regular cleaning up bee throughout the whole City. Various kinds of perishable rubbish have accumulated during the cold weather. The action of the warm rays of the sun, if a sanitary crusade is not immediately inaugurated, will fill the air with pestilential odors and cause the air to carry disease in its breath.

Pending the appointment of a regular sanitary officer, Mr. W. G. Phillips has been assigned by the City Marshal, the duty of having every species of noisome nuisance abated. We hope that officer will do his work thoroughly and efficiently, the squirming of offenders to the contrary notwithstanding. He cannot be too particular to suit the majority of the citizens. Those who have sources of offensive effluvia around their premises had better look out now. If they don't clean up they will be likely to have an interview with the police justice.

Serious Accident.—We regret to have to state that our esteemed friend Mr. Joseph Horne of the Fourteenth Ward, met with a serious accident on the State Road to-day. At a point about three miles south of the city his horse became frightened at some object on the highway. The animal commenced kicking and plunging furiously upsetting the buggy and causing Mr. Horne, his wife and child to be thrown violently out. The two latter escaped without injury, but Mr. Horne had one of his ribs broken, besides being very badly bruised and shaken. The vehicle was considerably damaged.

Mr. Henry Burton and another gentleman, whose name we did not learn, being near at the time of the accident, very kindly rendered all the aid possible under the circumstances and brought Mr. Horne and his companions to their home in the Fourteenth Ward.

THE HARVESTER WAR.

Purchasers of Twine Binders Beware—Beginning of a Great Harvest for the Lawyers—Binding with Twine.

St. Paul, Minn., March 23.—The visit of Mr. William Lathrop, of Rockford, Ill., and Mr. Charles Calahan, of Chicago, to this city and Minneapolis to-day was, it is understood, for the purpose of demanding of the Minneapolis Harvester Works, in the name of C. H. McCormick, of Chicago, and Norman C. Thompson and Helen A. Gorham, of Rockford, Ill., a royalty of \$10 upon each twine binding harvester that said company has made or will make. This claim is based upon the patents which, after several years of controversy in the Patent Office, were, in 1880, granted to Marquis L. Gorham, of Rockford, and it is claimed by the parties who demand the royalty that they own and control all the patents relating to the automatic binding of the bundles of grain. The Minneapolis Harvester Works, the William Deering Company, of Chicago, the Champion Reaper Company, of Springfield, Ohio, the Esterly Harvester Company, of Whitewater, and all others that are using twine binders, made under the Appleby patents, are to be proceeded against by the parties controlling the Gorham patent. The attorneys who have been engaged by the latter or McCormick faction are George Harding, of Philadelphia; E. N. Dickerson, of New York; M. D. Leggett, of Cleveland, and Parkinson & Parkinson, of Cincinnati.—Chicago Tribune.

A GAIN OF EIGHT POUNDS IN FORTY-FIVE DAYS.

"About forty-five days ago," writes a gentleman from Mississippi, "I began the Oxygen Treatment, and as regards the effects of it, with a grateful heart, I can say that it has proved wonderfully efficacious, even surpassing my most sanguine expectations. My lungs have been much developed, breathing capacity in-

creased, and the cough, which was at times hard and laborious, has almost passed away. My general health has much improved—feel more life-like and energetic, having gained eight pounds in forty-five days." Our Treatise on Compound Oxygen, which tells all about this remarkable remedy, is sent free. Address Drs. STARKEY & PALEN, 1109 and 1111 Girard Street Philadelphia, Pa.

FLOW.

If you want a Plow that will give you satisfaction and make a good clean furrow, try a Gale Chilled Plow, to be found at the Mitchell Wagon Yard.

L. B. MATTISON.

BURNETT'S COCAINE

Promotes a Vigorous and Healthy Growth of the Hair. It has been used in thousands of cases where the hair was coming out, and has never failed to arrest its decay. Use BURNETT'S FLAVORING EXTRACTS—the best.

The blood at times becomes loaded with impurities and moves sluggishly in the veins. This condition of the vital fluid cannot last long without serious results. An alternative is needed to purify the blood and impart energy to the system, and there is none better than Ayer's Sarsaparilla.

LAND PAPERS.

S. W. Darke & Co., next to Jennings' store, Salt Lake City, freely give information and make out all papers for Homesteads, Pre-emption and Desert Land Entries and Final Proofs. No fancy charges. Look for the Big LAND SIGN.

COMBINATION.

The Gales Combination Broadcast Seeder and Harrow, Corn and Potato Cultivator and Potato Digger speaks for itself, the way the large numbers are going off at the Mitchell Wagon Yard.

L. B. MATTISON.

STOCK RAISERS, TAKE NOTICE

The Norman and French stallion, "Major," originally known as "Duke of Kendall," brought to Utah by McIntyre Brothers, will stand during the present season at my place, two and one-half miles south of the Sixth Ward bridge.

Terms, \$10 for the season. Upon the catalogue of blooded live stock, horses and cattle, exported from Chicago by Jerry Nottingham, dated May, 1875, is found the following: No. 2—"Duke of Kendall," bay stallion; no marks; by imported "Success," out of "Roland" mare; full bred Norman; five years old this spring; bred by James Haywood, Will County, Illinois.
