Butte Races Are Dead. Says the Butte Intermountain: Bleycle racing in Butte is now a thing of the past until next season. Not for ten months will there be seen the tsirit-ed contest where brawn and muscle strive to drive silent steeds around the steep inclines of a saucer track, in the exciting battles for speed supre-macy. No more will the puffing of the motor cycles be heard, nor the popping of the starter's gun, nor the calling of the laps, nor the ringing of the gong. nor anything else that was a part of one of, if not the grandest sport Butte has known for many a day. And it is all because Butte would not support

the sport. After the races Tuesday night, Manager King, of the Butte Athletic asso-ciation decided that he had given the sport as thorough a test as could be desired, and as he was convinced that it was useless to continue further with losing game, he called the races off.
It was evident that Butte did not want bicycle racin gfor this season, at least. Mr. King says it is only a question of time, however, when the sport will rot only be appreciated, but thoroughly relished. He says he has been educating the public up to the sport this season, and netx season will reap his season, and netx season will reap his reward in catering to bicycling en-thusiasts of his own making. The educating process has been expensive but Mr. King does not complain of that. He says he had a big undertaking on hand ad though it falled, from a finan-cial point of view, it was a success from the view polt of a sport lover, Of the latter, ther can be no question, as the bleyeling races was in every way exciting, clean and thoroughly

Richard Wake is president; George A. Smith, vice president; Mrs. E. E. Shepard, secretary, and H. W. Lawrence, treasurer of the association and they have the outing in hand. The cause is a worthy one and will no doubt receive liberal support.
