## PRICE OF GOLD.

Corrected daily by DESERET NATIONAL BANK.

SALT LAKE CITY, JUNE 11, 1878.

Buying at \$1.00. Selling at \$1.00 1/2.

## Local and Other Matters.

FROM TUESDAY'S DAILY, JUNE 4.

**Gone East.**—Chief Justice Schaeffer left for the east this morning, expecting to be absent something over a month.

**Home Industrial.**—Mr. Daniel Dunne has commenced the manufacture, on Second South Street, one block from East Temple Street, of iron goods, such as rail fencing, gates, tree guards, garden rollers, chairs, bedsteads, cots, etc. He assures us that he can successfully compete in excellence and price with importation. Mr. Dunne was trained to the wrought iron business in the vicinity of Birmingham, England.

**Goats.**—People in the lower part of the city complain that the owners of goats allow the animals to run loose upon the streets. They gnaw the bark from young shade trees, break into lots, play havoc with the vegetation and do other serious mischief. Their depredations are generally really more serious than those committed by stray cows, the goats being able to break through so much smaller apertures. The law in reference to stray animals, we believe, includes goats.

**Progressing Nicely.**—The affairs of the new tannery in the 19th Ward are progressing satisfactorily. A new piece of machinery is now being put up and will soon be in running order. It is a "splitter," for splitting the hides. A large amount of raw material is being placed in the vats, so that when the establishment begins to turn out the manufactured article it will be in a position to furnish a continuous supply. Mr. H. B. Clawson is the agent of the association for the purchasing of hides. Those who have those articles to dispose of should keep this fact in remembrance and encourage home manufacture.

**"Juvenile Instructor."**—The latest number of the *Juvenile Instructor* is very interesting. It has "The Water Spider and its Diving Bell," illustrated; "Secrets of Success," "The Echinus or Sea Urchin," illustrated; "Joseph Smith the Prophet," "Questions and Answers on the Book of Mormon and Bible," "Facts not Generally Known," "Editorial Thoughts," "A Japanese Archer," illustrated; "Improvements in agriculture," "Our Sulphates," "Incidents of a mission," "The Gospel Principles," "Learn a Trade," "Sunday Lessons," "The Children's Sunday School Song," with music.

**That Excursion.**—The committee of the Old Folk's Excursion desire us to say that the report of the names and ages of those over 70 years of age are still lacking from the following wards: The 12th, 17th, 18th, 19th, 20th, and 21st Wards. As soon as these reports are sent in to Bishop Hunter, the committee can then determine how many can be accommodated who are a little under seventy years of age.

We are also requested to state that the excursion will take place next Tuesday, providing the weather is favorable.

And that the committee are prepared to receive contributions toward defraying the expenses of the affair.

**Rescuing Party.**—The Ogden Junction states that it has information that last Saturday evening a party of Bannack Indians stopped the stage coach on the Kelton road, about fourteen miles north of Camas Prairie, for the purpose of rescuing the Indian Tambiogo, convicted of murder, while being conducted to Boise City. It happened, however, that the prisoner was taken to Boise by way of Silver City, instead of by the Kelton route. Failing in their object, the Indian party ran off eight head of stock belonging to the stage company, and caused the station master to put a goodly distance between himself and them with great activity.

**Illustrative Picture.**—Mr. Geo. M. Ottinger has painted to the order of Mr. James Dwyer, a picture of Joseph Smith, the Prophet, receiving from the Angel Moroni, the plates from which the Book of Mormon was translated.

The scene is the Hill Cumorah, and the figure of Joseph Smith is in bold relief in the foreground in a kneeling posture by the stone box, containing the plates, &c., while the angel, clothed in white raiment, stands a short distance from him. In order to give stronger effect and more distinctness to the figures, a cloudy atmosphere has been introduced.

The subject is a difficult one to depict by the painter's art, yet the artist has shown excellent ability in delineating this intensely interesting historical scene.

We have frequently thought that historical pictures of scenes described in the Book of Mormon would be exceedingly attractive to students of that authentic record.

**Supreme Court.**—Tuesday, June 4th.

In the absence of Chief Justice Schaeffer, Associate Justice Emerson presided.

John L. Pancoast was admitted to the bar as an attorney and counselor at law.

**Christian Rhemke et al respondents, vs. Jeter Clinton et al, appellants;** (from the Third District) on the motion in this cause, submitted yesterday, it is ordered that the remittitur heretofore issued herein be and is hereby recalled, and that the judgment entry herein made at the last term of this court, be and is amended, by striking therefrom the words, "with leave to amend the complaint and for new trial," and inserting, in lieu thereof, the words, "with leave to plaintiffs to amend their complaint."

In the Estate of D. Berassa, deceased, Albert Uebel appellant vs. Saluator Matrese, respondent; (from the Third District Court) judgment of the District Court affirmed, with costs.

Court adjourned till Monday, August 5th, at 10 a. m.

**Sunday School Union.**—By invitation of the authorities of the Seventeenth Ward the regular monthly meeting of the Sunday School Union was held in the meeting house of that ward, last evening. The assemblage was very large, the hall being densely packed and many having to turn away, being unable to gain admittance. Brother George Goddard presided, and the ward choir under the leadership of Brother J. S. Lewis, did some delightful singing.

Addresses were delivered by Brothers S. L. Evans, George H. Taylor, William McLaughlin and Bishop John Henry Smith. The main topic treated upon was a prevalent tendency, among portions of the community to break the Sabbath day. Some people who had arrived at the age of maturity appeared to consider it no harm, on Sundays, to play croquet and to go out pleasure driving. These were not only of themselves infringing upon the explicit command of God to keep the Sabbath day holy, but they were bad examples before the young, causing them to take license from such circumstances.

Superintendent Goddard made a

few remarks in endorsement of those of the speakers, and requested the teachers to exercise an influence favorable to the keeping of the Sabbath.

Meeting adjourned till July 1st at the 14th Ward Assembly Rooms.

## Frisco has the Telegraph.

Smelting and Leaching.

Special by Deseret Line.

FRISCO, June 3, 1878.

Editors Deseret News:

Just built a telegraph line from Shauntie to Frisco, a distance of 11 miles; opened an office this afternoon, Wm. S. Godbe being the principal mover in this grand enterprise, which brings Frisco in communication with the outer world. Pay day is approaching, and everything is lively in consequence.

Both smelters are running. The Frisco Reduction Works are nearly ready to resume leaching, with every prospect of success. The Frisco Smelting Works, W. S. Godbe manager, is undoubtedly making the best run ever made, having averaged over a car load of bullion per day from one stack, exclusive of stoppages, for over two months, and still running fluely under the very efficient supervision of Mr. J. W. Livingston, foreman.

W. FOTHERINGHAM.

FROM WEDNESDAY'S DAILY, JUNE 5.

**In St. George.**—Elder Erastus Snow arrived in St. George on Monday evening.

**Arrived.**—Mr. C. R. Savage has returned from his trip to Southern Utah. He brings with him several excellent views of the St. George Temple and some of Silver City and other prominent points.

**New Tabernacle.**—The walls of the New Tabernacle will be up to the square in two or three days.

We understand it is the intention to erect two galleries in the interior, in place of only one, as heretofore contemplated.

**Its Ninth Year.**—This morning's issue of our contemporary the *Herald*, is the first of its ninth volume. It is a lively paper, conducted and edited with ability. Upon the occasion of its entering upon another year of its career, we take pleasure in wishing it continued and increased prosperity.

**Splendid Scenery.**—The scenery in American Fork Cañon, for rugged grandeur, is surpassed by but few spots in this country. However, it is not likely to be visited in future, to any extent by tourists.

The railroad upon the defile is now being torn up. It was a losing concern financially. The citizens adjacent are, however, building a good wagon road.

**A Contemptible Act.**—This morning while members of the fire brigade were engaged in sprinkling the streets near the Kimball and Lawrence corner, a man drove up with a load of beef carcasses.

The firemen asked him to drive around the hose, which he could easily have done. Instead of doing so, however, the fellow whipped up his animals and drove over the hose, cutting it in two places and damaging a coupling. The police have been seeking an interview with that teamster to-day.

**Doubts Dispelled.**—Doubts have frequently been cast upon the statement that boots and shoes can be manufactured in this Territory at eastern prices, with a fair profit to the manufacturer. These are dispelled when the success of Mr. W. H. Rowe is understood. He employs a large number of hands, his work is substantial and neat, his figures are too reasonable for complaint, and he is prospering and increasing his customers all the time.

His new advertisement will be found in another column, and his manufactory on Main Street, opposite the First National Bank.

**A Complaint.**—A large number of the residents of North Temple

Street obtain their water supplies for culinary and other purposes from the stone culvert, in preference to procuring it from the side ditches. This is because the water in it is supposed to be more pure, coming directly from City Creek. A number of persons, however, have, for some time, been guilty of the filthy practice of throwing ashes and other refuse from their houses into the stream, thus defiling it, to the disgust of those who prefer to use it. Parties complaining of this reprehensible practice state that if it is not directly stopped they will complain to the City Marshal. Those who have been committing the nuisance should take due warning.

**City Council.**—The Council met last evening, Mayor Little presiding.

Petition of Thomas V. Williams, asking the Council to cause the filling up of a stagnant pool in front of his residence in the 12th Ward, corner Fifth East and Second South Streets, and that the street on the west front be graded. Referred to the committee on streets and alleys.

A petition was received from T. J. Brown and nine others, calling attention to the high water in the canal on Seventh West Street, and asking that a ditch be made on First South Street near Seventh West, to carry off and prevent the high water mentioned from further damaging crops in that vicinity. Referred to the committee on irrigation.

A petition asking the privilege of leasing a piece of ground near the Warm Spring bath house, to be used as a lime depot, was received from George R. Jones. The Mayor was authorized to lease the ground for one year.

Petition of Abram Taylor, a resident of the 12th Ward, asking the remittance of his city taxes. Laid on the table to come up when similar matters are brought before the Council.

Petition of Seymour B. Young, asking the privilege of using a portion of the street and sidewalk on Fourth East Street, on which to put building material. Granted.

The report of the Police Court for the month of May was presented, showing the trial of 60 cases, with fines amounting, in all, to \$405. The report was accepted and the Alderman's fees appropriated.

The Marshal reported expense bills for May, amounting to \$414.67, which sum was appropriated.

The chief engineer of the fire department rendered expense bills for May, amounting to \$118.60, which was allowed.

The following bills were received and the amounts thereof appropriated: To Wm. Hyde, for boarding prisoners—1,697 meals at 15c. per meal—\$254.55; Gas Company, for street lamps, etc., \$1,135.60; S. B. Young, for care of three insane patients, \$79.05; police salaries for May, \$992; J. A. Wright, for lighting lamps and guarding water tanks, \$45; W. E. Loig, janitor of City Hall, \$30; W. R. Atkin, for work on Union Square, \$44; for collecting dox tax, \$53; for material for repairing the fire steamer and freight on the same, \$45.20.

The sum of \$282.25 was appropriated for the redemption of city currency of 1866 and 1868.

Council adjourned till next Tuesday evening at 7 o'clock.

**DAVIS COUNTY STAKE CONFERENCE.**

The Quarterly Conference of Davis County Stake was held on Saturday and Sunday, June 1st and 2nd, at Kayville.

Elders F. D. Richards and Jos. F. Smith, of the Twelve, John Smith, patriarch, and G. B. Wallace from the city on Saturday, and on Sunday Elders L. W. Hardy, R. T. Burton, Elias Morris and R. V. Morris from the city, and F. S. Richards from Ogden, attended the meetings.

The usual conference exercises were attended to, the singing being discoursed by the Kayville and Farmington choirs in unison. The only changes from previous elections of officers were the addition of

Wm. Harris, Peter Christensen, and Joseph Barton as President and Counselors respectively of the 3d Quorum of Elders, and the ordination of John H. Tippetts, as Patriarch, and of Arthur Stayner as Bishop, who was set apart as General tithing agent for this Stake of Zion.

Farmington, June 4, 1878.

## BEAVER STAKE CONFERENCE.

The Beaver Stake Conference was held on Saturday and Sunday, June 1st and 2nd, 1878.

Present on the stand, the Presidency of the Stake, the Bishops of the various wards and Elder Henry Lunt, of Cedar City.

The spirit that prevailed throughout the entire conference was good, and all who participated in the conference seemed well pleased with the instructions given.

Among the subjects dwelt upon by the various speakers were, temple building, gathering the poor, the proper education of the young, home industries, self-sustenance, attention to the sick, Sabbath schools, etc.

The good order and attention of the people attested their interest in the teachings they received and in the great work of the last days.

The various reports from the Bishops and Presidents showed a good state of affairs, generally, throughout the Stake.

The general and local officers were sustained in their different positions.

Conference adjourned until the first Saturday in September.

RICHARD S. HORNE,  
Clerk.

## CONFERENCE AT WILLIAMSBURG.

The semi-annual conference was held Sunday, May 19, 1878.

There were present representatives from Salt Lake City, Newark, Yonkers, Hoboken, Jersey City, Brooklyn and Williamsburgh.

Prest. W. C. Staines occupied the chair.

Meeting called to order at two o'clock.

Choir sang the hymn on page 13.

Prayer by T. F. Pullan.

(Choir sang on page 398.)

Prest. W. C. Staines presented the Authorities of the Church in their respective orders. Unanimously accepted.

Prest. H. G. Bywater presented this mission with its officers, etc. Unanimously accepted.

The statistical and financial reports of the mission were then presented in due form.

The remainder of the afternoon (up to 6 o'clock) was occupied as follows: Elders W. C. Staines on "Emigration;" J. Loftus on "Duties and Obligations;" H. G. Bywater on "Unanimity of Spirit and Faith;" T. Butler on "Devotion to Religion;" T. Miller on "Saints at Home;" T. Pullan on "First Principles;" P. A. French on "Progressive Age;" J. Held on "Testimonies."

Choir closed the meeting with hymn on page 166.

Prayer by Elder J. Loftus.

## NEW YORK TRADE.

## IMPORTANT NOTICE!

## Readers and Heads of Families

CUT out this notice and send it to the Graefenberg Company, 56 Reade St., N. Y., together with TWENTY-FIVE cents, and you will receive by return mail, postage paid, a copy of their valuable family medical book, entitled

## The Graefenberg MANUAL OF HEALTH.

It contains 360 pages, handsomely printed on fine paper, and is written in language plainly understood by every one.
