MISTY COURT PROCEEDINGS.

New Suit Filed Against the O. S. L.—A Correct Deed Wanted.

CUPID VERSUS DIVORCE MILL.

Officer Burdige After Lowell for Embezzlement—Phonics Knocked Out.

A new complaint has been filed in the case of Oliver S. Sarten against the Oregon Short Line Railroad company, in which the plaintiff now asks for damages in the sum of \$30,000. The case was heard over a year ago in the district court, and a verdict entered in favor of the plaintiff. The action was appealed to the supreme court, and the verdict set aside. The complaint sets forth that the plaintiff was employed by the defendant company Sept. 2, 1902, building fence along the track. That on the date mentioned the plaintiff, with others, was riding on a handcar, which was struck by another car, throwing plaintiff under the wheels, resulting in permanent injuries to him.

AN OLD SUIT REVIVED.

In 1894 the American Hand Sewed Shoe company was given a foreclosure deed to certain real estate, situated in Ogden City, for which they paid to Nat. M. Brigham, ex-United States marshal of the territory of Utah, the sum of \$667.35. In making out the deeds the property was deeded to the American Hand Sewed Shoe company of New York, whereas the said company is incorporated under the laws of Rhode Island. The company has therefore brought an action in the district court against Nat. M. Brigham, J. W. Bailey, his successor and the American Hand Sewed Shoe company at New York to require them to issue a corrected deed to the said property, that the plaintiff title to the same may be clear. George E. Maul has brought an action in the courts against the H. L. Griffin company, to recover possession of certain property on Twenty-fifth street, which he alleges the defendant company has illegally taken possession of and built on. He also asks for \$200 damages.

DIVORCE MILL GRINDING.

The divorce suit brought by Pearl Beckstead against Gordon E. Beckstead, was heard by Judge Rolapp in the Second District court. The testimony of the plaintiff and other witnesses was heard as to the defendant's seduction of his wife and the provision for her. They were married at Oxford, Idaho, April 17, 1903. The court granted the decree of divorce as prayed for, and plaintiff was restored to her maiden name, Pearl Lewis.

A divorce suit was filed in the district court by Judge Manning, as attorney for Florence Allen against James D. Allen. The complaint alleges that the plaintiff and defendant were married in Salt Lake City July 11, 1891, and that there is being an issue of said marriage one child, nine months old, that during this past year the defendant has treated his wife in an unbecoming manner. Plaintiff prays for a decree of divorce, custody of the minor child, \$75 attorney's fees, costs and such other relief as the court may deem just.

In the case of Jack Smith against the Oregon Short Line, wherein the plaintiff brought suit to secure possession of certain property which the defendant company has taken without right, Judge Rolapp rendered decision in favor of the plaintiff and for damages for the unlawful taking of the property.

The two boys, Warren Sage and William Mikkelsen, who were arrested on the charge of incorrigibility, were sent to the Reform school by Judge Rolapp until 21 years of age.

TELEPHONES KNOCKED OUT.

The Rocky Mountain Bell Co. had a high old time yesterday afternoon when about 75 telephones were thrown out of commission through the accidental dropping of a wire by employees of the company. The wire, which was part of a twenty-fourth street wire, fell across an uninsulated wire of the Utah Light and Rail-way company and the heavy voltage work of telephone wires. This caused a short circuit and the heavy voltage went through the telephone wires, burning about 75 instruments, mostly located at residences in the eastern part of the city. The wire which caused the commotion was also melted through the telephone wires, severing

Board of Education Meets—Is the School Election to be Partisan?

Special Correspondence.

Provo, Utah Co., Nov. 23.—Charles Robbins, who shot himself yesterday, on recovering consciousness, told his mother and the doctors at the hospital that he shot himself intentionally. He has been ill for some time, suffering from the effects of lead poisoning from working at the smelters, and also from a nervous affection. This caused him to become despondent, and he decided to end it all. He now expresses a desire to live, and it is probable he will recover. The bullet was deflected from the heart by striking a rib, and passed through the lung, lodging in the back. The greatest danger now is that blood poisoning may set in. If that does not take place his chances for recovery are considered good.

BOARD OF EDUCATION.

The board of education met last evening and appointed the following judges of election for the coming school election:

First Ward—C. D. Glazier, Mrs. Wm. Strong, John H. Ferre.

Second Ward—W. D. Alexander, Esther O. Stewart, Oscar Wilkins.

Third Ward—Aaron Gay, J. W. Dan-gerfield, Sine Hendricksen.

Fourth Ward—May Ashworth Booth, Walter Dixon, Orson Berg.

Fifth Ward—E. T. Jones, Mrs. Grace Weaver, John Salt.

Priscilla Frisby and J. H. Hickman were employed to teach at the Timpanogos school, when the new rooms are com-pleted.

In submitting the above report it may seem large to persons not ac-

quainted with the conditions in Utah county, but after a careful consideration, and conservative estimate I do not think the figures exaggerated, but that they are rather low in several instances, but taking reports from all fishermen, I think it is as conservative as can be given, and will state that in my opinion the common fish and the game fish also are greatly in the increase owing to the water being somewhat higher this year than for the few previous years.

About 10 years ago what is known as the Bull Head or Mud Cat fish were placed in Utah lake, and they are greatly increasing and thrive well in the lake. And I make the suggestion or recommendation that some Channel Cat fish be procured, both of the yellow and the blue kind, as they grow very large, say from 150 to 250 pounds, and are very

KANAB.

Election Returns Counted—Heavy Loss From Fire—Daly Hailed Before Justice.

Special Correspondence.

Kanab, Utah, Nov. 18.—On Monday the 14th, the commissioners met to canvass the election returns for this county with the result that all the regular Republican candidates were declared elected by easy majorities notwithstanding the unprecedented scratching of some Republican voters. The fusion vote, has been set for hearing on November 19th, for the purpose of determining if the putting forth of a counter ticket, it was feared, would detract some from the regular Republican state and national tickets. This how-ever, was found not to be the case as the voters for state and national candidates seemed to be in the advantage of the regular Republican nominees even over a straight party division, except in the case of the district judgeship, Childister, Republican, being slightly behind his ticket. The election places in office all new officers with the exception of the sheriff, for the Legislature, Chas. W. Carroll; for commissioners, C. J. Smith and George F. Carroll; clerk and recorder, J. G. Spencer; treasurer, M. B. Cutler; sheriff, Jas. Swapp; attorney, H. S. Cutler; surveyor, F. L. Porter; superintendent of schools, Miss Middle Houndy; assessor, Edward W. Little.

Yesterday some excitement was caused by fire on the premises of E. M. Ford of this place. The origin of the fire is unknown. The loss resulting consisted in 100 or more bushels of grain in a barn and several rods of fencing. Being in proximity to the barn and stacks of a neighbor required considerable effort to prevent further damage, but the citizens of the town responded to the alarm and prevented its further spreading.

Today the sheriff and county attorney went to Johnson for the purpose of holding the trial for bringing the case of the state vs. James E. Daly recently extradited from Montana and wanted here for criminal assault. About the time the warrant was issued Daly left the state for Idaho and later went to Montana where he went under an assumed name, but was located by the officers here and his capture was effected. He waived preliminary hearing and was held to answer to the charge in the district court bond being fixed at \$10,000.

Funeral services were held over the remains of Charles R. Cram, Sr., an old time resident and pioneer of this place whose death occurred a few days before. Brother Cram was considered to be in good health up to a few hours before his death which was unexpected by the members of his family, his wife being in Cedar at the time he was stricken and not reaching his bedside until after his death. Deceased was a fervent Latter-day Saint, always bearing a faithful testimony to the divinity of the Gospel and the mission of the Prophet Joseph Smith. He leaves a wife and several sons and a number of grandchildren; a daughter, Mrs. David C. Bullock, having recently died at Cedar.
