

carving knife. He was conveyed to his residence and Dr. Hamilton was sent for and rendered what aid could be given, but the injuries, we understand, are necessarily fatal, although the unfortunate man may possibly survive a couple or three days.

A visit to the premises showed that after stabbing himself, which was done near the rear of the premises, Mr. Geehr endeavored to go up stairs, the door leading to the upper room being covered with bloody finger marks. Near where the large knife lay was a pool of clotted blood, and there were marks of his hands on the floor where he struggled up a few steps to get to the sleeping room of George Osborne.

We understand Mr. Geehr is a German by birth, and speaks French fluently as well as his native language and English. He is between fifty and sixty years of age, and has a wife and several children.

Mr. Osborne states that Mr. Geehr had acted for several days past as if he was not exactly in his right mind, being downcast and melancholy. On being questioned, this morning, by his wife as to his reason for committing the act, he stated that it was because he had no friends.

It does not appear that he had long contemplated self-destruction, as he had only recently expressed a determination to put up a building in front of his residence, and move his restaurant there.

**Suicide.**—Coroner George J. Taylor, being notified by Mr. Anthony Godbe, that a young woman named Jenny Powell, who had been living at his house, had committed suicide yesterday afternoon, proceeded to that gentleman's residence last night and held an inquest over the remains.

The investigation lasted about two hours and a half, being completed about eleven o'clock. The following witnesses were examined: Mrs. Godbe, Miss Annie Jones, Mr. Frank Jones, Dr. Hamilton, Thos. Reamer and Sarah Haynes.

The testimony showed, in substance, that deceased was born in Pennsylvania, of Welsh parentage, was 17 years of age, had been in Utah two years, and had resided at the house of Mr. Godbe for the last ten months. She has a mother and other relatives living at Spanish Fork. She was taken with convulsions at three o'clock yesterday afternoon and died in two hours afterwards. Dr. Hamilton was sent for, but did not arrive till after she was dead. His impression from the symptoms described and the appearance of the body, was that the poison was not any form of opium, but was probably corrosive sublimate or some arsenical poison.

It appeared that she had, at various times during the past two years, signified her intention to commit self destruction.

A couple of young men had been paying their addresses to her, and yesterday each of them sent her a note, by the same messenger, stating that they did not want to have anything to say to her any more, as they believed she was deceiving both, on receiving which she turned pale and sent back by the messenger a lock of hair received from one of them. These letters probably led to the commission of the rash act.

She told a little boy yesterday that she would be taken sick in the afternoon, and that when she was so taken, she desired that Frank Jones and his sister should be sent for.

The following is the verdict of the jury:

"Territory of Utah,  
County of Salt Lake."

"An inquisition holden in the Third Precinct, Salt Lake City, at 9 o'clock p. m., April 19th, A. D. 1875, at the residence of Anthony Godbe, upon the body of Jenny Powell, there lying dead, before George J. Taylor, coroner of said county, by the jurors whose names are hereunto subscribed.

"The said jurors on their oaths, do say that she died from the effects of poison, self-administered.

"In witness whereof we have hereto set our hands the day and year aforesaid.

"HOWARD EGAN,  
"R. B. MARGETTS,  
"A. B. TAYLOR.

"GEORGE J. TAYLOR, Coroner.

### Lloyd Acquitted—Jury Empaneled.

BEAVER, April 19.—In the case of the United States vs. John E. Lloyd, for illegal voting, last August, for delegate to Congress, the trial came off to-day. It commenced last Tuesday and was given to the jury at 3 this afternoon, and after an absence of 40 minutes they returned a verdict of not guilty. The Court and the prosecution were disappointed at the verdict, and hesitate to take up any case for receiving illegal votes at said election; they also hesitate to take up the case of Fotheringham, for polygamy, committed in Salt Lake City 19 years ago. The result of the Lloyd case meets with general satisfaction among Gentiles and Mormons. There was some sharp shooting between Bishop and the prosecution this afternoon, in consequence of the repeated excuse of the poverty of the court to proceed further this term with criminal cases, the majority of which are against Mormons. A jury has been empaneled in the case of the people vs. Eugene Bacon, for stealing bullion from the Salt Lake stage. Bishop is engaged to assist the prosecution to-morrow on this case.

TWO THINGS AT ONCE.—The Vallejo Independent of April 13th relates this incident—

Among Rev. Mr. Hammond's San Francisco co-laborers was a young lady about seventeen years of age, and of quite prepossessing ways and striking beauty. She could sing like a Muse, and appeared to be one of Hammond's most devout assistants. One of our prominent citizens attended Hammond's meetings. He took a back seat, and noticed not far from him the young lady referred to above. He was attracted by her appearance, and was shocked to notice that during most of Hammond's sermon a young man was hugging her like a bear hugs the trunk of a tree which it wishes to climb. *O! felix qui potuit!* The gentleman did not know what to make of all this, but he noticed that the young lady was among those who sang the loudest when the next hymn was given out. Soon after the inquiry meeting commenced, the young lady approached the gentleman who had been watching her, and asked in a meek, plaintive voice, "Do you love Jesus?" "I fear I don't love Jesus half as much as you do the boys," responded the gentleman, without a moment's hesitation. The fair damsel was not disconcerted a bit, and she curled up her pretty mouth, and said, "Don't you wish you were one of boys?"

Spring brings joy to the heart of a Wyoming editor, who sings; "Soon the dusky squaw will be seen straining maple sugar through her Winter stockings."

John Hampden, the Englishman who bet a large sum of money that the world is flat, is making himself generally obnoxious by supporting his absurd theory in long newspaper articles.

Mr. Bristow wrote to General Spinner stating that General Grant was of opinion that as soon as a man comes to look upon himself as "necessary to the government" he ought to go out of office or be put out.

The Union Herald of Columbia, S. C., is tired of the gushing orators' expressions, "down-trodden South," "ruined South." It says: "The South is not ruined, but, on the contrary, is wealthier than before the war, with the certainty of an increasing prosperous future."

## DIED.

At Fillmore City, April 14th, of consumption, SARAH ANN, wife of William Stokes, aged 27 years, 9 months and 27 days.

Deceased was a beloved wife, a faithful Latter-day Saint, and died in full faith of a glorious resurrection. She leaves a husband and numerous relatives and friends.—Com.

At Kilmarnock, March 2nd, after sixteen weeks' illness, of consumption, ANDREW MACKIE, aged 25 years and 3 months. Deceased was born at Stewarton, in 1849, and baptized Nov. 22, 1867.—[Com.]—Millennial Star.

## GRAEFENBERG MARSHALL'S UTERIN

CATHOLICON.—This world-renowned medicine has performed some of the most startling cures on record of cases of Female complaints of long standing. It has the endorsement of leading members of the faculty, and should be in every household to relieve and permanently cure the diseases to which the female sex are peculiarly liable.

The above medicines are sold by Zion's Co-operative Mercantile Institution and by all druggists throughout the country. w37 ly

## CONTINUED TRIUMPH

OF THE

## "Chicago Pitts" THRESHERS & SEPARATORS

AND

## LIGHT DRAFT HORSE POWERS.

Threshing, Separating and Cleansing all kinds of Grain and Seeds, without waste or loss of time by Slow Work, and Heavy Draft on the Teams.

Threshermen buy them and Farmers employ them on account of their Reliability and Durability.

FARMERS AND THRESHERMEN LOOK TO YOUR INTERESTS.

BUY THE BEST; THE BEST IS THE CHEAPEST.

The intelligent, first-class, old experienced threshermen, and thrifty well-to-do farmers, buy and employ the "Chicago Pitts." Farmers employ them to thresh their harvest of grain and seeds, and often pay an extra price per bushel to the owners of Chicago Pitts Machines, because they thresh clean out of the heads, separate perfectly out of the straw, save the grain and seeds clean, fit for market, doing the work with the utmost speed, and do not keep a gang of men and teams on their place by reason of breakages, slow work and heavy draft on the horses.

Threshermen of long experience in the business buy them, because the Chicago Pitts is in perfect running order when it leaves the factory, and because of its superior durability and finish in all its parts, may be vigorously operated with the best results. It will thresh as much grain as any good set of hands care about handling, and it cannot be surpassed by any machine in the land, for Lightness of Draft and Good Work.

We have again secured the exclusive agency for the sale of these excellent machines and extras for repairs, for Utah Territory.

One of the Company visited us a few days ago, to ascertain precisely what was wanted in our dry climate, and we arranged with him for enlarged riddles and cleaning functions, also for two wheat riddles for each machine, one of them a fine mesh, to suit the wants of the farmer, for either foul or clean wheat; also for oats, riddles with a finer mesh, and enlarged elevators, on a different principle from the old. Warranted never to clog or choke under any circumstances.

The master wheel of the Horse Power of these machines is cast of a new pattern, much heavier than the old one, and is well banded with wrought iron.

We say, in confidence to our friends, that these light draught and durable Machines have no rival in this dry climate, and we offer them for sale at the very lowest possible living rates, and on easy terms; also all kinds of extras for repairs.
