At the meeting of the city council held last evening a communication was received from the Women's Christian Temperance union, pledging the sup-port of the union in every effort for the improvement of the condition of the city in health and morals, and urging the investigation of the evil of selling cigarets to boys, and also calling at-tention to a rumor to the effect that liquor was sold in large quantities to minors, contrary to the ordinances. This the council was asked to prevent so far as possible, by the enactment of additional ordinances if necessary. The communication also referred to the advantage of a free reading room for the city, and asked the council to consider whether the city could render any aid in this matter. The communication was referred to the committee on judiciary.

Mrs. M. M. Boyden, president of the

union, who, with other ladies of the union, was present, made a few re-marks in support of the questions con-sidered in the communication, and urged greater vigilance against the evils complained of to the end that Provo might maintain its good reputation as a city of sobriety and morality.

was made for the purpose, it was stated, that the council could ascertain what the cost of furnishing and replac-ing lamps would be, as a basis for the new council in considering a new con-tract with the light company. Councilor McEwan was opposed to the

report. He was in favor of letting such lights as went out remain out, and this, in his opinion, would enable the council to learn what the cost of lamps would be. He moved an amend-ment to this effect. Considerable discussion was had on

Special Correspondence. Giles, Wayne Co., Nov. 27 .- Please correct some errors made in the state ment of the Loa correspondent of November 16, wherein Jonathan Hunt was accused of many things of which he was not guilty. court records will show. It is a mistake that his only defense was a denial of guilt.
