# WILL CHALLENGE AT POLLS. RELATES TO IDAHO POLITICS.

They Fully Understand Their Rights If Secy. Taft Speaks in Idaho Will And Will Insist on Their Recognition.

(Special to the "News.") Boise, Ida., Oct. 29 .- Referring to the Dubois statement of challenging Mormon voters at the polls, State Chairman James H. Brady says: "This is the last desperate resort of a baukrupt politician to intimidate 20,000 legal voters in Idaho; but his scheme will not work. The Mormon people are intelligent and know their rights the same as other American citizens. They do not believe in or practise polygamy, and there is no necessity for any test oath; and it is a well known fact that under the law there is only one oath that can be administered in this state to any voter, and the form of that oath is giv-en in the statute books. Dubols will, doubtless, have his bullies at the polls and attempt to delay voters by these challenges; but the Republican party will have plenty of respectable Gentile clizens at every polling precinct in the Mormon counties to see that every voter receives fair and courteous treat-ment, and you can put it down as coming from me that they will receive the same, and that a rebuke that will be administered to Dubols and his cohorts at the polls on Nov, 6, will be a lesson to all other political pirates that they had better sail their ships on some other sea.

You can call on the United States district judge, at-torney, marshal, or any other federal official to verify my statement that the only issue discussed is Mormon-ism. W. E. Borah; and he will be seated on March 4 next, and Mr. Dubois will sink into oblivion which he so justly de-serves for the unjust, unfair and inhu-man campaign which he is waging. "Mr. Dubois need not be particularly worried about the Mormon vote in the legislature. The Republicans will elect legislature. The Republicans will elect a sufficient number of the next legisla-ture to send W. E. Borah to the United States senate without a single vote fron, any Mormon county, and while I am speaking, I might as well let the people ocratic Congress should be chosen to support the president. Secy. Taft expressed the hope that the Philippine tariff bill would be passed. He said he had no criticism to make of those who had opposed it. # WOES OF A MANAGER.

A Wild Chase Around Town for Local Talent.

The big audience at the Orpheum last night was not aware of the circus "stunis" that were performed in order to make the show possible. With delayed trains carrying two-thirds of the acts on the bill to Sait Lake after 8 o'clock as the plot of the tragedy, there were numerous scenes acted until the final curtain fell at 1145.

All the audience saw was the show: All the audience saw was the show: what went on behind the scenes was de-clidedly funnier-now that it is all over. When the orchestra appeared there were but two acts on hand, and they were giv-en instructions to "kill time" until the rest of the show could be rushed to the stage. Then the manager, the treasurer, and the press agent took hacks and hied to the depot and around towa chasing up a program. The only question discussed by leaders of both was a caution. parties is the Mormon question. The attitude of Gov. Gooding in regard to what is called jaw and order is not an

The draw is all six hacks were chartered and the way they covered the town was a caution. One of the party went on the still hunt for Charles Kent, the local singer, who three years ago was on the Orpheum circuit with Dooley in a singing and talk-in act. The chase for Kent was a sample of the experiences of all who were out looking for talent. The three the singer was not present. Then the long drive out to the east bench commenced to his home.
